In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the City hereby publishes the following information:

1. Summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals, and welfare):

The ordinance amends “Appendix A – Schedule of Fees, Rates and Charges” as it applies to residential curbside solid waste service fees. The ordinance increases residential solid waste collection fees, which include garbage, recycling, yard, and bulk waste collection, by 20% in order to meet the City’s expenses, which have increased due to inflation, and to continue to provide the same level of service to residential properties. This ordinance will serve public health and safety.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City, if any:

- (a) An estimate of direct compliance costs that businesses may reasonably incur;
- (b) Any new charge or fee imposed by the proposed ordinance or for which businesses will be financially responsible; and
- (c) An estimate of the City’s regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

The Ordinance change does not impact private for-profit businesses as the fees being increased are for curbside residential solid waste collection.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

No businesses are estimated to be impacted as the fees are for curbside residential solid waste collection.

4. Additional information the governing body deems useful (if any):

Fees proposed in the Ordinance were discussed by the Gainesville City Commission at its General Policy Meeting on December 12, 2024; the agenda, audio, video and meeting minutes can be found online at [gainesvillefl.gov](http://gainesvillefl.gov)
