Interests & Experiences

Question applies to Regional Transit System Advisory Board

Why are you interested in serving on the Regional Transit System Advisory Board?

I love public transportation in any and all forms, from light rail to bus systems. I also believe that the freedom of mobility is an undeniable human right so intrinsic to the human experience, especially in 2021, that a robust, government-operated network provides the most benefit to the most residents in serving mobility wants and needs. I also believe that now is the best time to consider important and potential needs of this network's future, given the ever-increasing possibility of climate refugees from Florida's coastal communities resettling in more centralized areas of the state such as Gainesville. After serving a partial term, I'm even more invested in trying to make Gainesville's public transit the best it can be.

Question applies to Regional Transit System Advisory Board

How many terms have you served on this board or committee previously?

1

Members of the State Housing Initiatives Partnership must only serve three (3) terms per statute.
