PB-21-00219 LUC and PB-21-00220 ZON

1026 SW 2nd Avenue and SW 10th Street

- **Land Use Change from Urban Mixed Use High(UMUH) to Planned Use District (PUD)**
- **Zoning Change from Urban 9 (U9) to Planned Development (PD)**
- **PD/PUDs intended to facilitate “unique” and “innovative” proposals**
- **Current proposal requests relief from Land Development Code (LDC) requirements in order to facilitate providing workforce rate housing in perpetuity**
- **Requests:**
 - **An increase to the allowable height**
 - **An increase to allowable density**
 - **Modifications to compatibility requirements related to Historic Districts**

Innovation Square Master Plan and Development Framework

Comprehensive Plan and PD/PUD Intent:

- Intended to “allow the consideration of unique, innovative, or narrowly construed land use proposals that because of the specificity of the land use regulations can be found to be compatible with the character of the surrounding land uses.”
- PD District are intended to “provide a particularized zoning district that recognizes unique conditions, allows design flexibility, and promotes planned diversification and integration of uses and structures.”
- Proposal provides for 10% of proposed units to be reserved for households earning between 50% and 80% Area Median Income in perpetuity

Recommendation:

Staff recommends approval of PB-21-00219 LUC and PB-21-00220 ZON, with conditions:

1. The applicant must record a restrictive covenant memorializing the provision of 10% of on-site units towards workforce housing in perpetuity.
2. Building placement and frontage zones must conform to U9 standards.
3. The applicant must utilize the executed Memorandum of Understanding between the property owners and the Gainesville Housing Authority.
4. Landscape zone standards may be modified in order to protect existing trees but shall take precedence over the provision of public facilities or utilities in design decisions per existing Land Development Code regulations.

Associated Recommendations:

City Plan Board voted to recommend that the City Commission deny both PB-21-00219 LUC and PB-21-00220 ZON at its meeting on April, 28th, 2022.

The Historic Preservation Board passed a resolution (2022-03) opposing the requested land use and zoning changes on May 3rd, 2022.

The City Commission voted in support of a “third option” which included a southern building that extended the 12 story portion of the building across the entire building.

Thank You
