352-554-5328

**Occupation :**

Attorney

**Why are you interested in serving on this board? (Please answer separately for each board you are applying to.) :**

I have been avid cyclist and pedestrian in Gainesville since I moved here in 1979 to attend UF. I've ridden all over our City in bike lanes, on sidewalks, and on trails like Rails to Trails. In addition, as a local Personal Injury lawyer since 1985, I have legal expertise on issues relating to the safety (and operation of) of cyclists, pedestrians and motor vehicles. I've represented numerous victims of negligence involving driving, cycling, walking and running, in Gainesville. So, I have both passion, and knowledge, about all the issues arising from cycling and walking in our City. I've also served on numerous Board of Directors and various law-related Committees and organizations, so I am a good collaborator who understands governance processes. I hope to serve on this Board with you all.

**How many terms have you served on this board previously? :**

None

**Disclaimer:**

**Under Florida law, all information, including e-mail, written letters, documents and phone messages, sent to the Gainesville City Commission are subject to Public Records law. Student

**Why are you interested in serving on this board? (Please answer separately for each board you are applying to.) :**

I am interested in being a member of the Bicycle Pedestrian Advisory Board because I believe walkability is crucial for a city's quality of life and equity. Going car-free in Gainesville has allowed me to understand the perspective of pedestrians and cyclists on a deeper level. I've experienced first hand how it is being a cyclist almost hitting pedestrians on a narrow sidewalk, almost being hit by cars because only paint divides us and not being able to find nearby bicycle parking. I believe Gainesville needs to be serious about tackling issues such as pedestrian and cyclist safety, inaccessibility, long commutes, public transportation and housing if Gainesville is to reach its goals of equitability and high quality of life. I also believe issues regarding Cyclists and Pedestrians are a key component to tackling the climate crisis and making sure Gainesville grows sustainably.
