Thelma A. Boltin Center Discussion

The Gainesville Servicemen's Center was dedicated in 1943 and Servicemen from Camp Blanding, the Alachua Army Air Base, the Officer Candidate School and the 62nd College Training Detachment attended events organized by program director Thelma A. Boltin seven days a week from 10am to 11pm that included dances, plays, variety shows, sing-alongs, and much more.

Aug, 2022
City's Code Enforcement division declares the center a "Dangerous Building;" utilities disconnected from the building for safety reasons.

Sept, 2022

WJA and City staff deliver a presentation with options for reconstruction of a new facility to the HPB.

Event 15

Timeline

Oct/Nov, 2022

City staff provides an update to the HPB. REG Architects, Inc. delivers a presentation on the restoration option to the HPB.

Event 16

Event 17

Event 18

Event 19

Event 20

Spring, 2023

Staff works with the design team on detailed cost estimates for 4 possible paths forward

Nov/Dec, 2022

City staff applies for a COA for demolition of the center
The Historic Preservation Board approves a partial building demolition with 5 conditions

April, 2023

Staff makes a presentation to the GPC and receives guidance on how to proceed with the project.

Summer 2023 – 2025

Design, Permitting, Procurement and Construction

Design Options & Costs

Complete Replacement

Partial Restoration

Complete Restoration

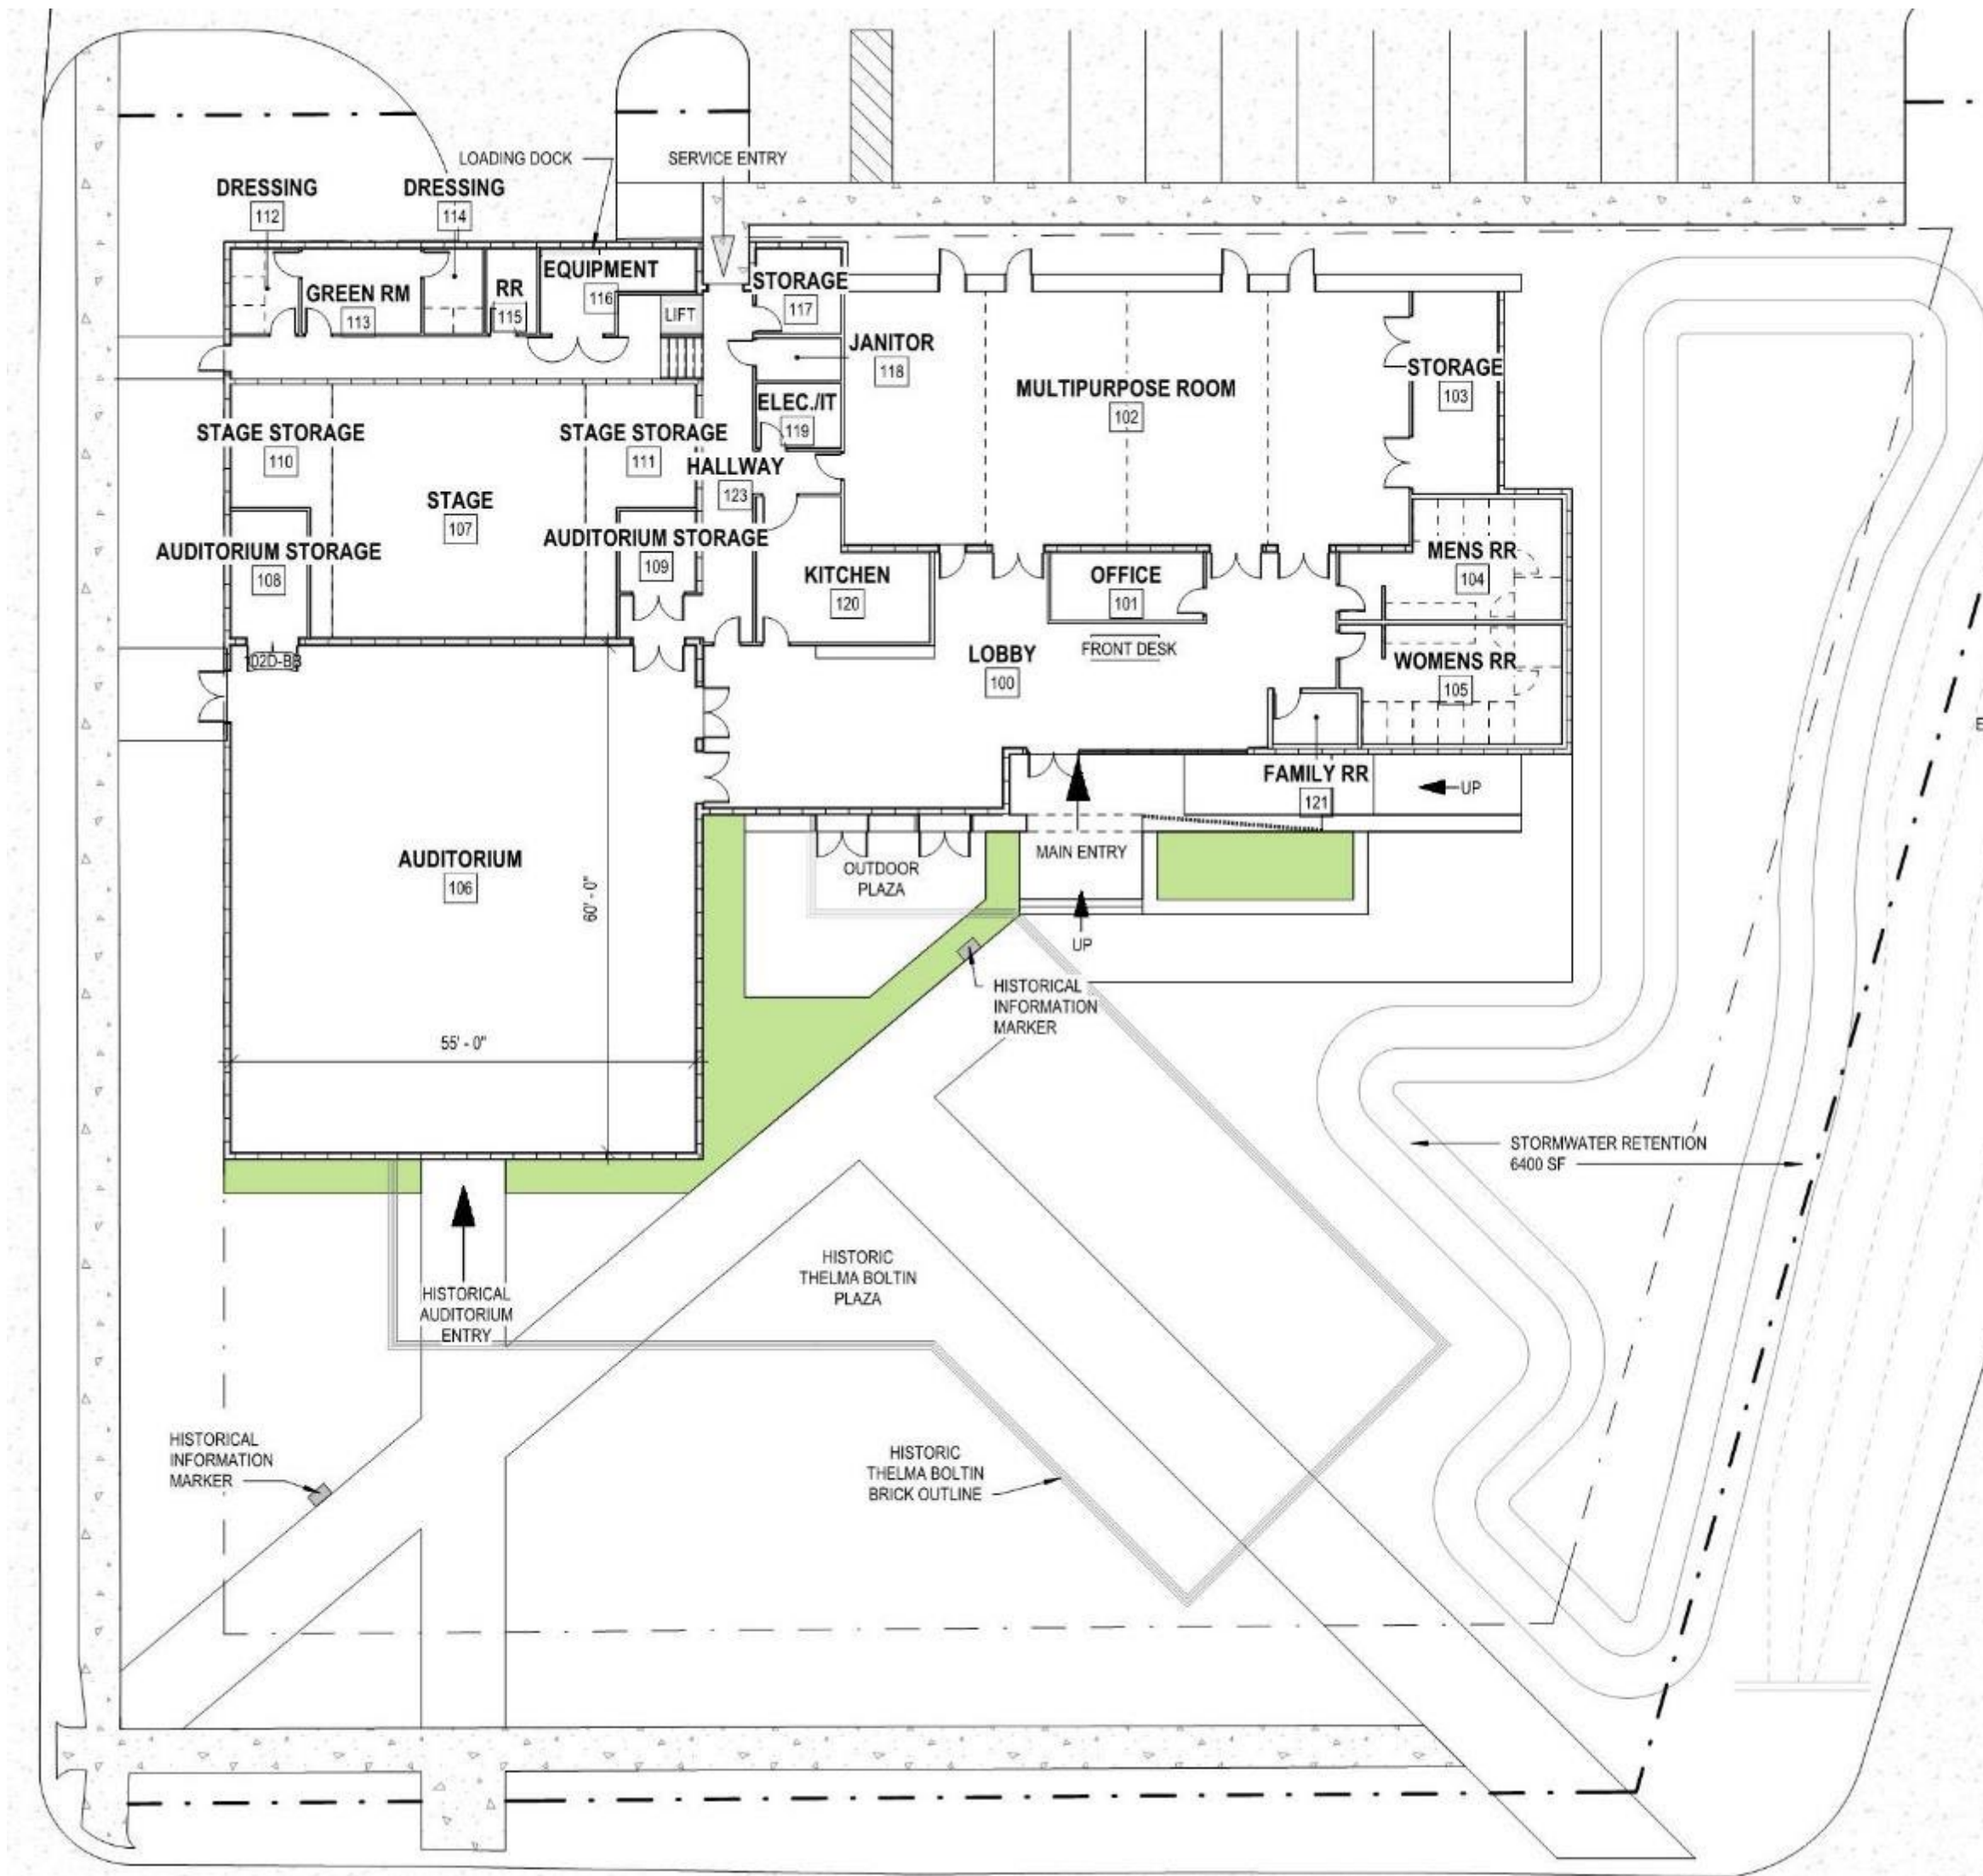

Repair Existing Facility

Complete Replacement - \$454 per sf - \$5.6M

Complete Replacement - \$454 per sf - \$5.6M

Entire building is moved north on the lot to correct systemic drainage problems.

Auditorium is rebuilt to match existing architecture as closely as possible.

Size increases by 3,100 SF to provide better programming space (34%).

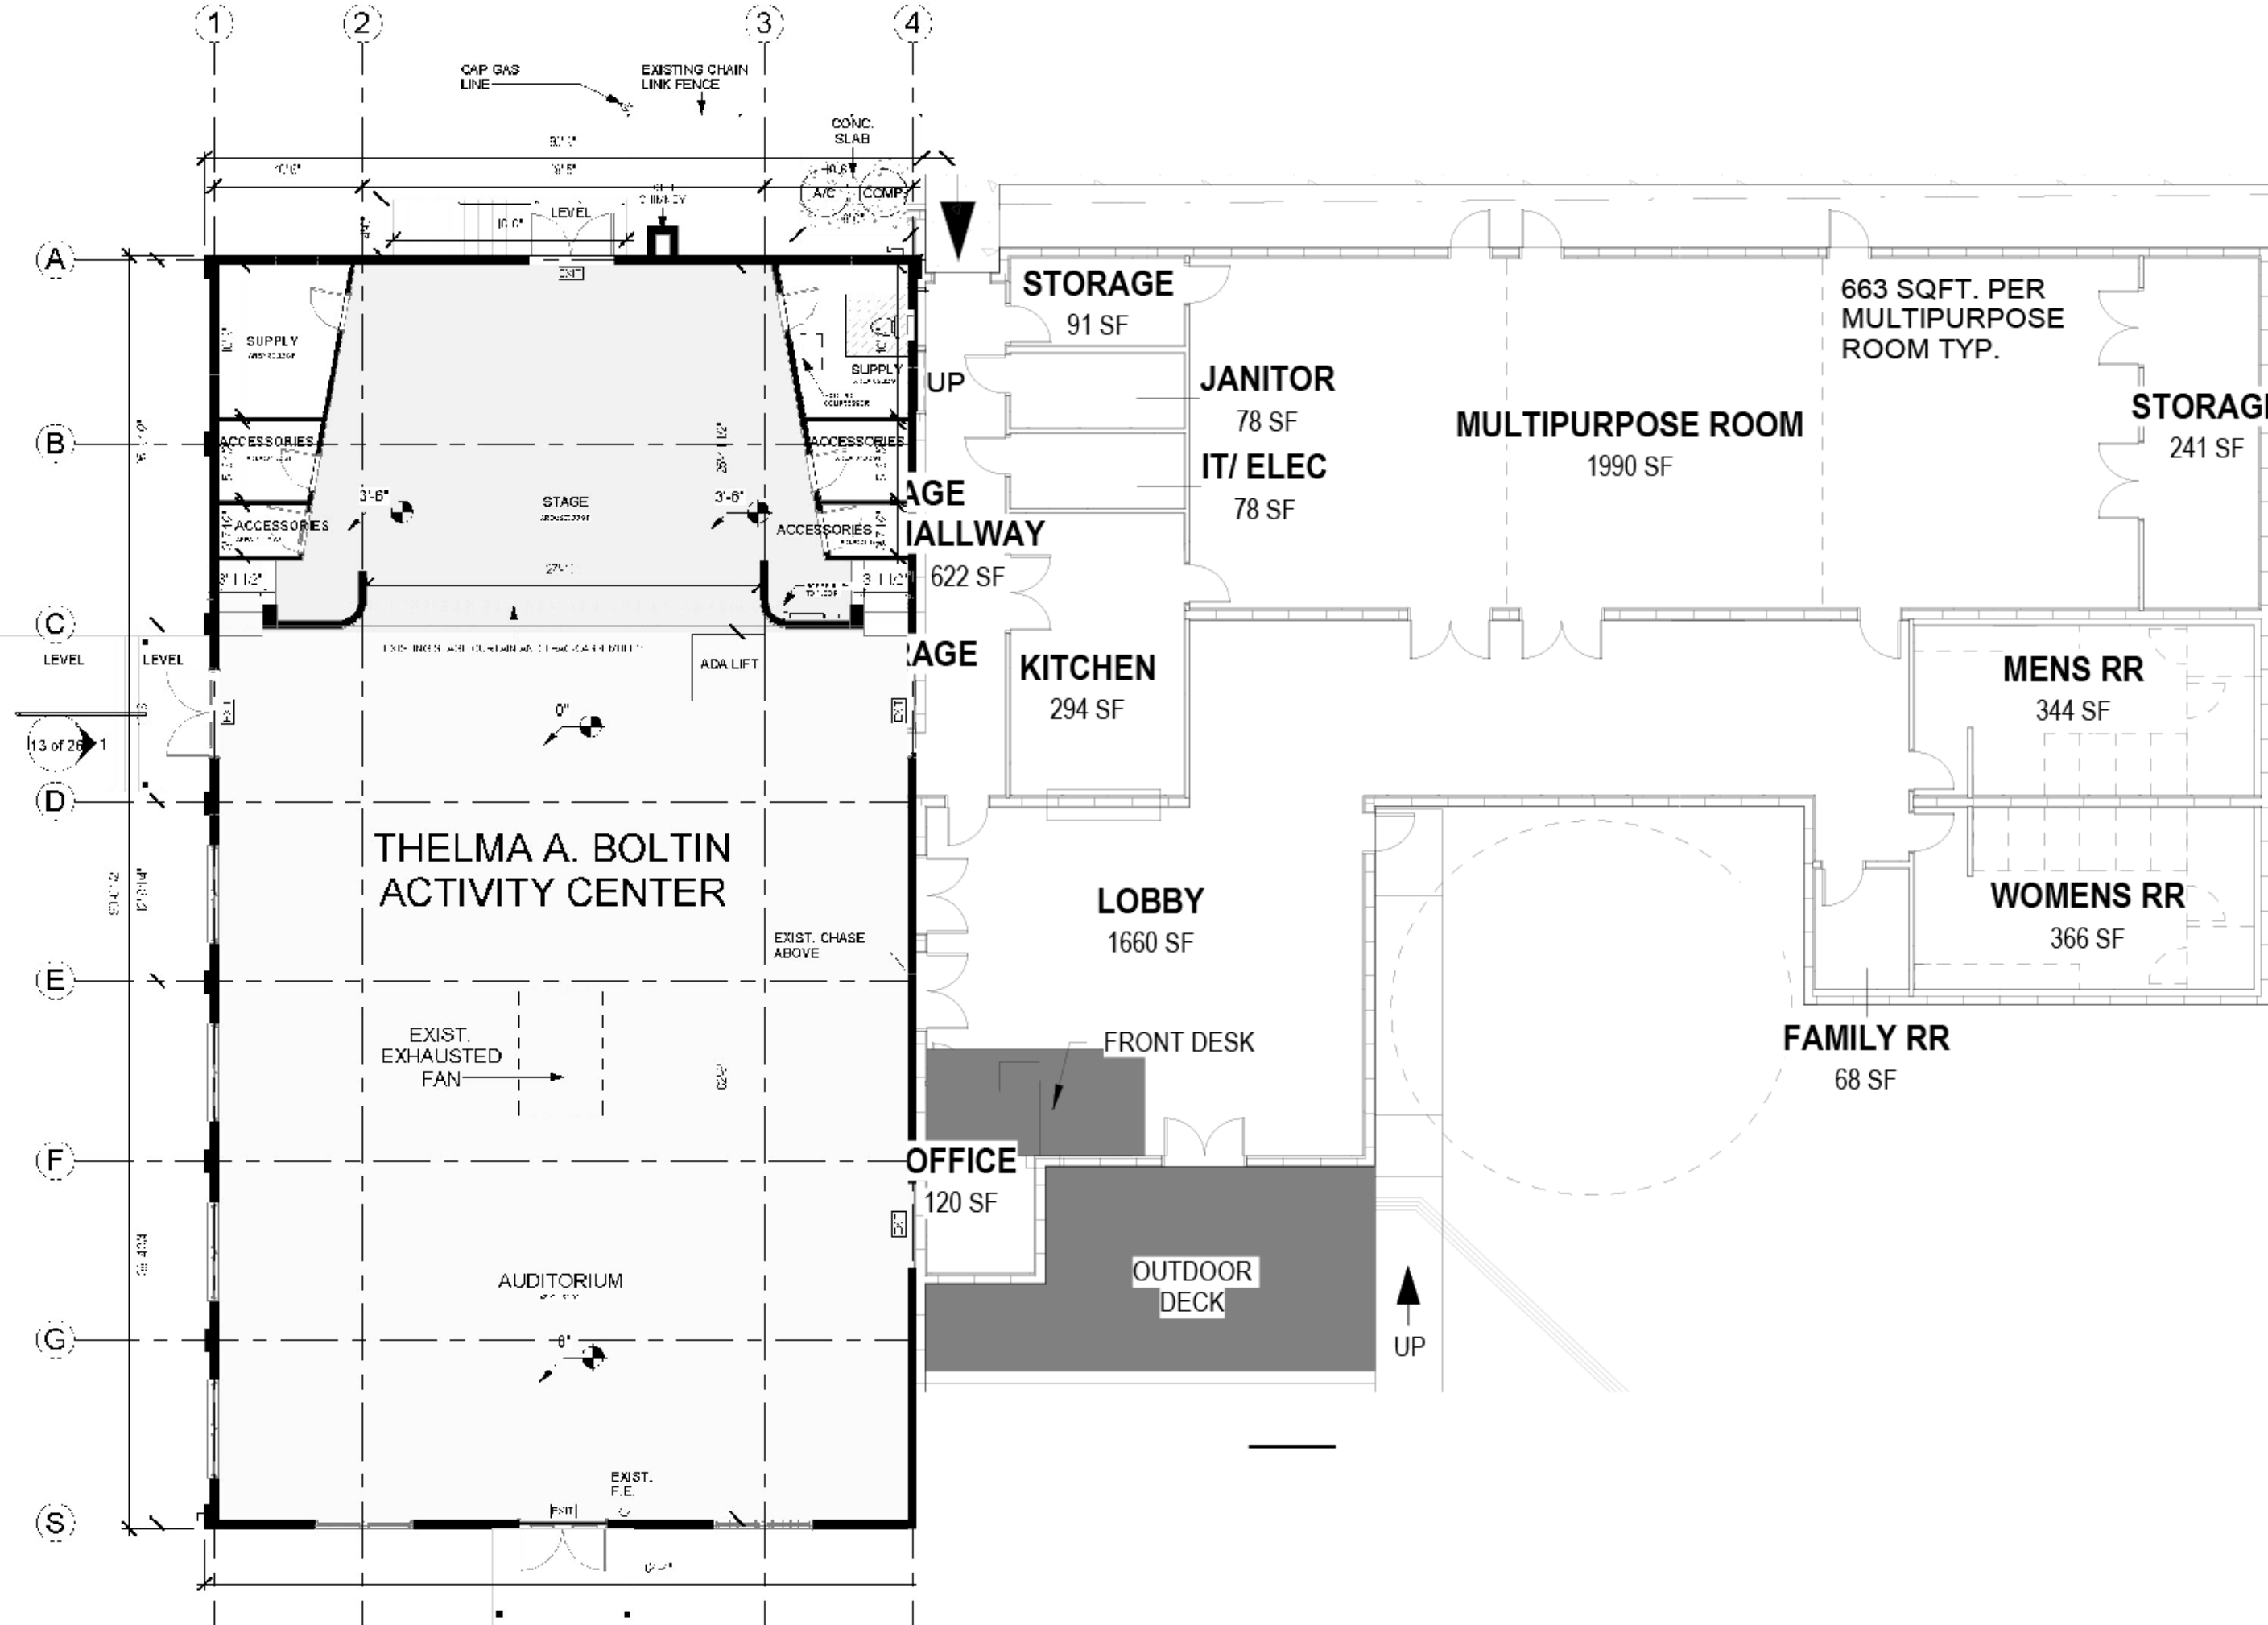

Creation of a front lawn that mimics the gardens at the Thomas Center.

Estimated cost per square foot is surprisingly high compared to Clarence R. Kelly Community Center (\$348) and the Aquatics Center (\$300)

Partial Restoration - \$472 per sf - \$5.6M

Partial Restoration - \$472 per sf - \$5.6M

South & West walls of auditorium are preserved. Remainder of facility is demolished.

Correct structural/design deficiencies in those two walls.

Rebuilt portions will match existing building architecturally and incorporate as much of the new construction layout as possible. 450-500 sf smaller than new construction.

This option was the preferred choice of the Historic Preservation Board.

Requires removal of Heritage Pecan Tree.

Complete Restoration - \$591 per sf - \$5.4M

Complete Restoration - \$591 per sf - \$5.4M

Maintains full historical integrity of the *exterior* of the existing building.

Interior improvements to bathrooms and placement of ADA lifts.

Limited interior changes to improve space layout and utilization.

REG Architects is a renowned expert in restoration projects.

Highest cost uncertainty because of unknown conditions. REG Architect's estimated costs could be as high as \$6.2 Million

Repair Existing Facility - \$49 per sf - \$450,000

Focus is on re-opening the facility at the lowest cost.

Remove and replace roof

Replace failing roof trusses

Reconnect utilities and make repairs to HVAC and lighting

Allowances for minor repairs to flooring, plumbing, electrical, and the ADA lifts

Summary of Design Options & Costs

Complete Replacement
\$454 per sf - \$5.6 M

Partial Restoration
\$472 per sf - \$5.6 M

Complete Restoration
\$591 per sf - \$5.4 M

Repair Existing Facility
\$49 per sf - \$450,000

Programming Opportunities and Constraints

Complete Replacement: increases square footage and usable space for the public. It provides for enhanced services including: theatrical lighting and sound, greenroom and dressing rooms, concessions, and additional rental space.

Partial Restoration: also increases square footage and usable space for the public. Loss of greenroom and dressing rooms.

Complete Restoration: no additional space added. Loss of new amenities like concessions, enhanced lobby, and adequate multipurpose rooms.

Repair Existing Facility: all activities remain as prior to closing. No enhanced services.
