BUDGET

Is this case being funded by another agency, grant, or other funding source?

- No
 Yes (please provide details below)

NFHIDTA funds are being used for overtime only.

GPD has a desperate need for multiple types of covert surveillance equipment. As stated, this subject is highly suspicious requiring the use of remote, and covert concealments to further this investigation along with other current and future investigations into the sale of Fentanyl. This will be assisted with the purchase of pole cameras and an undercover surveillance kit.

Another critical need to assist with the health and safety of all officers within the Gainesville Police Department is the purchase of the TacticID system. Officers are routinely exposed to Fentanyl which is a clear and present danger to our health and wellbeing. With the purchase of the TacticID system it will help with limiting unnecessary exposure to dangerous substances.

To support the activities defined in the referenced case, check any categories below that are anticipated costs:

- Overtime for personnel (including overtime fringe benefits)
 Travel Costs
 Supplies
 Contractual Service (transcription services, etc.)
 Equipment
 Training
 Other Costs (Title III Cost Details, Undercover Payments, etc. Explain below.):

Pre-approval for equipment and trainings is required. Please include as much information as possible in the description. Outside of investigative costs, priority will be given to send fiscally constrained counties to the appropriate drug investigation trainings.
