File Number: 2024-284

Agenda Date: April 18, 2024

Department: Public Works Department

Title: 2024-284 Pavement Management Construction Services Work Order (B)

Department: Public Works

Description: Request for the City Commission to approve a Work Order for Pavement Management Construction Services.

Fiscal Note: The work order totals \$2,260,400. Funding for this project is available from the Roadway Resurfacing Program Fund. This fund is partially funded with Solid Waste revenues.

Explanation: The City entered into a Continuing Services Agreement for Pavement Management entered on May 8, 2023 with Watson Construction Company, LLC.

The work order and project will cover multiple locations within the City limits to maintain a healthy roadway infrastructure system. The scope of this work includes milling and resurfacing of roadways, pavement markings, and preliminary road work needed prior to asphalt surface treatments. It may include sidewalk replacement; curb ramp improvements to comply with the Americans with Disabilities Act; repair due to root damage; and work to restore roadway depressions.

Work to be performed will positively impact road conditions throughout the City, extending the lifespan of the serviced infrastructure. Work is scheduled to be completed by September 30, 2024.
