1. RFP Overview

Coverage Effect Date: January 1, 2025

The City of Gainesville, hereinafter referred to the Entity, is soliciting experience and qualified firms that demonstrate the highest level of ability to provide the following lines of coverage:

- Medical and Rx Insurance with the following funding arrangements:
 - Full-Insured
 - Self-Insured
 - Administration Services Only (ASO)
 - Stop Loss Reinsurance
 - Pharmacy Benefit Management

Due Date: Proposals shall be submitted electronically via RFP360 by 5:00 PM on July 12, 2024.

Firms interested in submitting a response to this RFP agree not to contact (lobby) any employee or agent of the Entity at any time during the solicitation period and the selection process. All oral or written inquiries are to be directed to the Gehring Group. Any other contact with the owner will be considered inappropriate and subject your response to rejection/disqualification.

The Entity reserves the following rights: to waive in-formalities in any proposal; to reject any or all proposals or portions of proposals; to accept any proposal or portions of proposals deemed to be in the best interest of the Entity; and to negotiate or refuse to negotiate with any offer.

It is the Entity's intention to deal directly with all carriers via its appointed Agent of Record. The Entity's appointed Agent of Record is the Gehring Group.

2. General Information

SCOPE AND PURPOSE

The specifications include the complete set of requirements and proposal forms. Proposers are strongly encouraged to complete all proposal forms as specified and include the forms with your proposal. Failure to include proposal forms may be grounds for disqualification from this RFP Process.

INTENT OF RFP

The Entity is soliciting Medical (Self-Funding and Fully Insured Arrangements), Pharmacy Benefit Management, and Stop Loss Reinsurance coverage for Entity employees, officials, retirees, COBRA participants and their families. The Entity's goal is directed toward the highest professional level of service while providing access to a quality network of providers at an affordable cost. Proposals for PBM carve out will be considered.

CALENDAR

The intended timeline is:

• Release of RFP	06/24/2024
• Deadline for receipt of questions	07/08/2024
• Deadline to receive proposals	07/12/2024
• Initial analysis presented to Entity.	07/24/2024
• Best and Final offers presented (if necessary).	08/14/2024
• Meeting to Approve Recommendations	09/05/2024
• Open Enrollment Period	TBD
• All Data to Carrier(s)	TBD
• Plan Effective Date	January 1, 2025

This timeline is subject to change.

CONTACT PERSON

The contact person for the content of this RFP is Samantha Ricchini at Samantha.Ricchini@gehringgroup.com.

Please reach out to support@rfp360.com or +1 (844) 737-0365 if you have any questions relating to the functionality of RFP360.

ADDITIONAL INFORMATION/AMENDMENT

Request(s) for additional information or clarifications must be made in writing no later than the date specified in the RFP timeline above.

Changes to this RFP, when deemed necessary, will be completed by written addendum issued prior to the proposal due date. Proposers should not rely on any representations, statements or explanation other than those made in the RFP or in any addendum to this RFP. Where there appears to be a conflict between the RFP and any addenda issued, the last addendum will prevail. It is the proposer's responsibility to assure receipt of all addenda.

INTERVIEWS

Proposers may be asked to attend an interview in support of their proposal or to explain or demonstrate the information contained therein.

PUBLIC RECORDS LAW

Upon award recommendation or ten (10) days after opening, whichever is earlier, any material submitted in response to this RFP will become a "public record" and shall be subject to public disclosure consistent with Chapter 119, Florida Statutes (Public Record Law). However, Chapter 337 and its provisions may also be imposed. Proposers must claim the applicable exemptions to disclosure provided by law in their response to the RFP by identifying materials to be protected, and must state the reasons why such exclusion from public disclosure is necessary and legal. The Entity reserves the right to make any final determinations of the applicability of the Public Record Law.

City's Public Records Language

Florida has a very broad public records law and certain records of a contractor may be considered public records. Accordingly, by entering into an agreement with the CITY, CONTRACTOR must:

1. Keep and maintain public records required by the CITY to perform the service.

1. Upon request from the CITY's custodian of public records, provide the CITY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.

1. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the CONTRACTOR does not transfer the records to the CITY.

d. Upon completion of the contract, transfer, at no cost, to the CITY all public records in possession of the CONTRACTOR or keep and maintain public records required by the CITY to perform the service. If the CONTRACTOR transfers all public records to the CITY upon completion of the contract, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the contract, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the CITY, upon request from the CITY's custodian of public records, in a format that is compatible with the information technology systems of the CITY.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (352) 393-8891, WATTSTL@CITYOFGAINESVILLE.ORG, TIFFANY WATTS-CHESTNUT, CITY OF GAINESVILLE Risk Management, P.O. BOX 490, STATION 60, GAINESVILLE, FL 32627-0490.

ACCEPTANCE / REJECTION OF PROPOSALS

The Entity reserves the right to reject any and all proposals submitted in response to this RFP, or to cancel, in part or its entirety, this request, if it is in the best interests of the Entity to do so.

The Entity reserves the right to accept or reject any or all proposals received as a result of this request, or to negotiate separately with competing proposers simultaneously, and to waive any in-formalities, defects, or irregularities in any proposal.

The Entity reserves the right to accept the proposal of a proponent other than that of the lowest proponent.

DISCLOSURE OF PROPOSAL CONTENTS

All material submitted becomes the property of the Entity. The Entity has the right to use any or all ideas presented in any reply to this RFP. Selection or rejection of the proposal does not affect this right.

RENEWAL

The awarded firm shall give a minimum of 180 days written notice prior to any renewal date to the Entity stating specifically what, if any, rate change is proposed.

CONTRACT TERMS

The Entity is requesting a three year contract with two, one year renewal options for the proposer(s) awarded the business. Proposers are welcome to provide longer rate guarantees.

RECOMMENDED RATE GUARANTEE TERMS

- Medical/Rx: 12 Months
 - ASO: 36 Months
 - Stop Loss: 12 Months
 - Fully Insured: 12 Months

3. Vendor Requirements

- **Proposal Effective Date:** January 1, 2025
- **Commissions:** Proposals should include rates that are net of commissions.
- **Retirees:** Florida Governmental Retirees must be allowed to continue coverage under the Entity's insurance program as required by Florida Statute 112.08.
- **Reference Requirement:** It is a requirement that all insurance carriers currently provide group insurance to at least two other Municipal entities with at least 2,500 employees. Proposers not able to list two current Municipal references may be disqualified from consideration.
- **Inquiries:** All questions regarding the document shall be submitted in writing via RFP360.
- **Benefit Plan Design:** Proposers are encouraged to match current plan designs as closely as possible for all lines of coverage.
- **Funding Type Proposals:** Medical/Rx proposers are expected to provide proposals on both a self-funded and fully insured basis.
- **Wellness Incentive Program:** Please outline, in detail, your proposed Wellness Program and any resources available to the Entity (including Mental Health wellness resources). Please also include \$150,000 in annual Wellness Funds.
- **Pharmacy Rebates:** Medical and Pharmacy ASO proposers must provide Pharmacy Rebates at a 100% pass through to the Entity. The Entity's pharmacy benefit manager is with current

medical carrier and Entity receives 100% of Rx rebates. Proposals carving out pharmacy administration will be considered.

- **Technology Funds:** Proposers are encouraged to include technology funds in their proposal, with a minimum of \$75,000 per year for three years.
- **Guarantees:** Proposers are encouraged to include performance guarantees, implementation guarantees, service guarantees, and network discount guarantees.
- **Rate Guarantees:** Medical proposers and Pharmacy Benefit Managers are encouraged to provide multiple year rate guarantees for self-funded administration fees.
- **Plan Implementation:** It is a requirement that the proposer awarded this contract provides representative(s) to assist with implementation, open enrollment, employee communications and ongoing assistance with routine plan administration.
- **Contract:** Please include your carrier standard contract in Word Document format with the RFP for the Entity's review.
- **Employee Communications:** It is the responsibility of all successful proposers to provide the necessary papers, forms, etc., for initial enrollment and also the administration of benefits including but not limited to: brochures outlining schedule of benefits, directories, certificates, claim forms, identification cards, benefit booklets, etc., where applicable.
- **Benefit Administration:** The Entity has retained Workday for on-line enrollment and electronic administration of the Entity's benefit programs, all proposers must have the technological capacity to transmit and accept a HIPAA 834 5010 eligibility file with proper confirmation of receipt and discrepancy reporting.
 - If the selected provider has an existing data exchange process with Workday, that process will continue including file layouts, timing and method of transmitting data. For those providers that do not have an existing data exchange process with Workday, Workday will require that utilization of the Workday standard file layout and FTP site as the method of data transmission. Eligibility files, including employee terminations, are provided on a per payroll basis.

4. Background & Underwriting Information

BACKGROUND SUMMARY

The Entity has a self-funded medical insurance plan with Florida Blue. Stop loss and pharmacy are also currently offered through Florida Blue. The Entity currently has one PPO medical plan.

The Entity has an Employee Health Center. Employees are not required to use the clinic and may still use the medical network at their choosing.

PLAN CHARACTERISTICS

Please take all of the following into consideration in your proposal:

- The Entity has 2,293 employees and 1,876 Retirees.
- The Entity's medical tier structure is 4 tiers.
- The medical and prescription drug plan consists of one PPO plan. The Entity is interested in keeping benefits as close to current as possible, so they would like to see a plan matching current benefits.
- Medical and pharmacy carriers are encouraged to include Rx Rebates in their proposal. These rebates should be made payable directly to the Entity. Please provide an estimate of expected annual Rx rebates with your proposal as well.
- Stop loss: Please quote a contract term of 12/36. Please match current policy as closely as possible. The specific deductible is \$375,000 and there is an aggregating specific deductible of \$100,000. There is no aggregate stop loss in place. Stop loss policy can be found in the attachments.

RETIREE INFORMATION

- Retirees and survivor spouses are eligible for Medical/Rx coverage.
- In addition to the Florida Blue medical plan, the Entity offers Medicare Supplement Part F/G and a Florida Blue Medicare PremierRx Part D Plan to eligible retirees.
- Out of the 1,876 retirees, 531 retirees are enrolled in the Medicare Supplement plan and 460 retirees are enrolled in the Florida Blue Retiree Health plan.

Medical Rate History (Funding Rates):

	2022	2023	2024
Florida Blue Medical Plan			
Employee Only	\$689.23	\$723.68	\$796.05
Employee + Spouse	\$1,365.41	\$1,433.68	\$1,577.04
Employee + Child(ren)	\$964.01	\$1,012.22	\$1,137.30
Employee + Family	\$1,755.04	\$1,842.81	\$2,027.07

ASO/Reinsurance Rate History:

	2022	2023	2024
ASO PEPM - Individual	\$28.23	\$28.23	\$28.23
ASO PEPM - Family	\$65.92	\$65.92	\$65.92
ISL PEPM - Composite	\$25.78	\$27.71	\$30.21

EMPLOYEE ELIGIBILITY:

Waiting Period for Benefits for all Employee Classes for Health Insurance

Commissioners and Charter Officers-No wait

Regular Full-time, $\frac{3}{4}$ Part-time, $\frac{1}{2}$ Part-time, Professional Time-Limited Temporary Employees- the earliest effective date of coverage is the first of the month after 30 days of employment

Professional Temporary Employees- the earliest effective date is the first of the month after the 90th day of employment.

Retirees-City Health Plan-Earliest effective date is the first day of retirement. City Medicare Supplement and Part D- The earliest effective date is the first of the month the Retiree turns 65.

The Entity's payroll cycle is biweekly, and they have 26 paychecks during the calendar year. Retiree payments are on a monthly basis.

CONTRIBUTION STRATEGY:

- Medical:
 - Active Employees - The contributions for active employees are listed in the chart below.
 - Retirees - Retiree contribution rates are formula-based. Each Retiree receives a City Contribution valued at \$10/year of service and \$5 is added/subtracted for each year the Employee retires before/after the age of 65, respectively. (Therefore, each Retiree's contribution is different).

Contribution - Current (2024):

Medical	Employee	Employer
Employee Only	\$646.07	\$149.98
Employee + Spouse	\$889.27	\$687.77
Employee + Child(ren)	\$671.97	\$465.33
Employee + Family	\$1,159.78	\$867.29

Guaranteed Mail Specialty Amount Per Brand Claim	N/A
Guaranteed Retail Specialty Amount Per Brand Claim	Greater of 100% or \$3,928.28

7. Questionnaire - Medical

1. Please provide your proposed Benefit Summaries as part of your response.

Please see our attached Plan Designs and Benefit Summary Document.

2. Detailed plan documents have been included in the attachments sections of this RFP. Please outline any differences between Cigna's documents and your proposed SBCs/SPDs (ie, is there something that is currently being administered that your company cannot administer in the same way?)

Please see our attached Benefit Plan Document for any deviations.

3. Please provide a Medical Geo Access report that illustrates the number of: a. 1 Hospital within 10 miles b. 2 PCPs & Pediatricians within 10 miles c. 2 OBs/Gyns, within 10 miles d. 2 Specialists within 10 miles (excluding OBs/Gyns) e. 2 Urgent Care Centers within 10 miles The report format should include a breakdown by employee city of residence with the number of employees in that location and the number of providers servicing that location. The report should also include reporting on the number and location of employees who do not meet the above criteria.

Please see our Network Accessibility and Access Summary Reports attached to our response.

4. Please identify proposed provider network.

We are also proposing our Choice POS II plan as a national solution for City of Gainesville. Our Choice POS II plan is a point-of-service (POS) plan which lets our members visit in-network and out-of-network doctors and hospitals. Members have the freedom to pick their doctors and they don't need referrals.

As of December 31, 2023, our national network has more than:

283,000 primary care doctors

- 1,530,000 specialists
- 6,300 hospitals
- 44,800 ancillary providers
- 382,422 behavioral health providers¹
- 111,307 EAP providers²

Choice POS II uses our national network plus rural providers contracted through third-party vendors. Based on our internal analysis of your geography, 99.9 percent of network access is provided by leased networks.

Although not required, we recommend that all of our members choose a primary care physician (PCP). Their PCP provides routine medical exams and gets to know each member and their medical history to direct their care. They also help members learn about and understand their health, and guide them on important health decisions. And, depending on their specific plan, seeing a PCP could cost less.

Our Choice POS II plan also gives members access to our tools, tips, programs and services that help them find network doctors, estimate costs and make informed decisions.

¹ Data represents behavioral health providers in our PPO-based plans.

² Data represents our EAP providers available nationally.

We are proposing our Open Access® Managed Choice® plan as a national solution for you. Our Open Access Managed Choice plan lets members visit any doctor, anytime they need care. Members can visit both in-network and out-of-network providers and they don't need referrals. Their out-of-pocket costs may be higher when they see a doctor not in our network.

As of December 31, 2023, our national network has more than:

- 276,000 primary care doctors
- 1,500,000 specialists
- 6,100 hospitals

- 43,700 ancillary providers
- 382,422 behavioral health providers¹
- 111,307 EAP providers²

Members may need to choose a primary care physician (PCP). Their PCP provides routine medical exams and gets to know each member and their medical history to direct their care. They also help members learn about and understand their health. Plus, members may even lower their costs by having a PCP.

Our Open Access Managed Choice plan also gives members access to our tools, tips, programs and services that help them find network doctors, estimate costs and make informed decisions.

¹ Data represents behavioral health providers in our PPO-based plans.

² Data represents our EAP providers available nationally.

5. For proposers not proposing national network coverage, please describe available access for out-of-state residents (retirees and/or dependents of covered participants).

Not applicable.

6. Please confirm requirements for coordination with Medicare for both active employees and their dependents, as well as retired employees and their dependents.

Confirmed

7. Each proposer must confirm that they will provide the following reports upon request (monthly) by the Entity or its Agent of Record: a. Large Claimants (over \$25,000) inclusive of gender, plan, diagnosis, last date of service, prognosis and if the claimant remains covered on the plan. b. Utilization reports by diagnosis, place of service, employee vs. dependent costs. c. Monthly paid claims

Confirmed.

8. Are you able to provide prognosis/medical case review on a quarterly basis?

Yes. Care advocates involve a medical director with case conferencing on a regular basis. Our medical directors help care management staff with their experience and medical expertise. Care advocates meet with our medical directors by telephone any time they have a difficult or complex situation.

Our nurses review with a medical director all cases that have been admitted to an acute inpatient facility on an unscheduled basis three (3) or more times within the prior six (6) months. Additionally, medical directors are involved in cases when any of the following occur:

- A member or provider requests it

- A mutually satisfactory care management plan cannot be established with the attending physician
- There are unanticipated barriers to implementing the care management plan
- There is a question regarding treatment plan adherence to guidelines or standards

The result of the consultation may be medical director or care advocate outreach to:

- The treating doctor or member
- Identification of an alternative to the initially developed care management plan
- Any additional internal referrals

Our program does not implement a claims threshold that would trigger an automatic review by a medical director.

9. Are you willing to conduct face-to-face meetings quarterly (including medical/pharmacy director and financial analyst support) with the client to discuss financial and program enhancement/cost containment ideas that will assist the client in benefit design strategy, and will not necessarily be focused on plan design coverage reductions?

Confirmed.

10. Please describe your prior authorization process, specifically as it relates to high-cost specialty medications (such as Ozempic, Mounjaro, etc). Please confirm if you are able to accept a file of current authorizations and if there is a cost associated with this.

By leveraging the scale of CVS Health and bundling proven coverage options, cost management solutions and clinical support, we offer a comprehensive and effective program to meet your unique needs and maximize value from one provider.

- Manage coverage
 - Elect to exclude obesity drugs from plan benefit coverage. Claims will reject as 'drug not covered' with no opportunity for medical exception. The coverage exclusion will apply to new obesity drugs.
- Managing access and drive to lowest net cost using our scale to negotiate drug prices
 - Formulary design drives coverage towards the preferred low net cost product in the category. We will continue to vigorously monitor the pipeline and evaluate new agents as they are approved to decrease your total net cost in the category.
- Ensure clinically appropriate utilization through intelligent UM controls

- Our UM Bundle includes PA criteria for select weight management agents and auto-updates to allow for day-one control of newly approved medications by applying new or updated UM criteria as soon as they become available.
- Our weight management PA criteria ensures appropriate coverage based on FDA-approved labeled indication and compendia supported uses and includes a comprehensive weight management program to ensure only qualified patients start on GLP-1s. In addition, after initiation of the product, documentation of weight loss is required to help ensure the patient only continues GLP-1s if they're seeing the benefits.
- Our Smart Logic PA for diabetes GLP-1, GIP-GLP-1 agonists helps prevent coverage off-label utilization of GLP-1 diabetes drugs for weight management while minimizing diabetes member disruption.
- Care: Optimizes clinical outcomes - coming 1/1/25
 - We will offer clinical support to protect a client's investment by achieving optimized clinical efficacy from GLP-1 utilization through sustainable lifestyle changes.
 - We have a pre-therapy and co-therapy mandatory clinical engagement model to ensure the right steps are taken to try less expensive therapy or lifestyle modifications before GLP-1s are prescribed. Additionally, there is a voluntary program available.
 - Provider networks: Advanced analytics and deep consumer behavior insights help specialized clinicians provide dedicated support including registered dietitians, Certified Diabetes Care and Education Specialists, endocrinologists and pharmacists.
 - Our digital app provides clinically precise, AI-driven coaching and support and is FDA-cleared as a medical device.
 - Our nutrition approach is sustainable and is tailored to individual needs using social determinants of health, culturally relevant diets, dietary restrictions and food preferences.
 - Our program optimizes clinical outcomes and prescription spend for existing GLP-1 utilizers, including supporting clinically appropriate medication adjustments and helping members titrate down or off medications if they want to stop taking them (member-initiated deprescribing).

We confirm to accept existing Prior Authorizations file for members transitioning from a previous vendor, at no additional cost. However, your previous vendor may charge a fee, which you will need to cover.

11. Please list and describe your Disease Management programs that are included in proposal.

Aetna One Flex is at the forefront of what's possible for health care delivery, leveraging deep analytics, integrated technology and advanced predictive modeling to find those who need help the most in a manner that's meaningful to them and to their health goals. Our Aetna One Flex care management program leverages the strengths of Aetna and CVS Health to redefine the way our members with acute and comorbid chronic conditions manage and navigate their health needs and is an alternative to having separate case management and disease management programs. As part of our Aetna One Flex program, our highest risk members with comorbid chronic conditions are provided disease agnostic support. Our

care advocates develop a customized approach to address their conditions. This personalized approach helps ensure we're meeting our members where they are in their health care journey.

Data-driven insights and an advanced algorithm

Aetna One Flex is grounded in member data that goes well beyond claims, taking into account a complete view of all the factors that influence a member's health such as their prescriptions, where they reside, their specific care plan, social determinants of health and their individual attitudes toward receiving care based on previous engagements. Our program also utilizes advanced machine learning and analytics to optimize care advocate outreach that's informed by what we know about our members and how others like them think and respond to their care needs and options.

The underlying algorithm our program uses provides predictive modeling and brings together a diverse set of information and data to best identify members for participation in the program and put them on a path toward behavior change and better health.

Personalized engagement

Our care advocates use an integrated dashboard that helps them focus on high risk members, highlight gaps in care and spotlight key clinical impact factors on a member-specific basis. Outreach is prioritized based on individual scoring and takes into account what an individual's particular health behaviors and actions tell us in terms of predicting future behavior. Members with lower scores receive targeted digital interventions and higher scoring members are targeted for one on one care advocate intervention.

Extended and embedded care support

In addition to the designated support members receive from their care management team, Aetna One Flex also integrates with other innovative programs to help our members make the right health choices and stay on a path to better health. This includes our Aetna Advice and Healing Better programs.

Our Aetna Advice program further helps address gaps in care and steer members toward the services, resources and tools that support their best health. With Aetna Advice, members receive targeted, personalized engagement to make better choices to improve their health and help save them money. We use predictive analytics and data science and then perform one-on-one engagement.

With Healing Better we help unify our members' surgical journey and address gaps in care or needs that arise during recovery. We analyze claims and precertification data as well as use predictive analytics to identify members in advance of a surgery and then proactively reach out to them before and after surgery, encouraging them to use all their available benefits for a complete and successful recovery.

12. Please list and describe Utilization Management programs included in proposal and other available options, if applicable.

We want your employees and their families to enjoy their best level of health. Our utilization management program ensures members get needed care from network providers, avoid unnecessary treatment and use benefit dollars wisely. Our nurses work together to get members the care they need.

Program components include coverage and eligibility reviews for precertification and utilization management (concurrent review, discharge planning, retrospective review).

Coverage and eligibility reviews

Our care management staff administer reviews of coverage. Reviews help:

- Determine whether care is covered under the plan, and if the treatment plan meets clinical guidelines
- Identify cost-effective network providers
- Allow for program referrals to our programs that may further help the member

Reviews include:

- Precertification - This program step confirms members are covered for certain tests and procedures before they have a test done or are admitted into a hospital.
- Concurrent review - Our clinical staff reviews inpatient admissions (except normal maternity care) while the member is in the hospital. We use proven standards of care as guidelines to help make sure care given is covered and necessary.
- Discharge planning - A member's need for care doesn't stop when they get out of the hospital. Our proactive discharge planning begins during the hospital stay. We work with doctors, members and their families to develop a transition plan from one level of care to the next that is both efficient and effective.
- Retrospective review - This process includes a review after a member completes a medical service or hospital stay. We want to make sure we made the correct coverage determination based on the member's benefit plan and the appropriate level of care that is consistent with the member's needs at the time of the member's service.

13. Please confirm dependent child(ren) eligibility.

Confirmed.

Our standard definition notes that an active employee must:

- Receive monetary compensation which is reported to the IRS
- Be eligible for workers' compensation
- Have records maintained for hours worked if they are non-exempt
- Have unemployment taxes paid by the employer

Most of our contracts state that an individual is eligible for coverage if they are a regular full-time employee, who normally works at least 25 hours a week and is actively at work on the effective date unless otherwise noted in your plan documents.

Our standard definition of an eligible dependent child (married or unmarried) from birth up to age 26 years of age includes:

- Biological children
- Stepchildren, including children of covered domestic partners when the plan provides domestic partner coverage for all employees
- Legally adopted children, and proposed adoptive children
- Foster children, including any children placed with the employee for adoption
- Children for whom the employee is responsible under court order
- Grandchildren who meet the applicable grandchildren eligibility requirements
- A handicapped dependent defined as a dependent above the limiting age that is incapable of self-support due to mental or physical handicap which began prior to the limiting age

14. Please confirm proposer has included telemedicine benefit in medical quote. Telemedicine should include Behavioral/Mental Health.

Confirmed. Our CVS Virtual Care program provides virtual care support for primary care and on-demand medical and mental health services.

CVS Health Virtual Primary Care™ provides nationwide support that expands access to primary care virtually for members who may not have a primary care physician (PCP) or prefer the convenience of a non-traditional care setting.

When members schedule a visit, they select a CVS Health Virtual Primary Care™ physician. The physician is supported by a care team which includes a nurse practitioner and registered nurse. The care team focuses on providing holistic care, closing gaps in care and keeping long-term costs under control with the added ability to consult with a pharmacist where available.

CVS Health Virtual Primary Care provides access to all services to focus on improving overall health versus a single, individual encounter focused on connected care. Key features of our solution include support from a chosen PCP and a care team as well as:

- Integration with our care management programs
- Easy scheduling
- A welcome kit
- Care coordination when in-person care is needed
- Integrated pharmacy support
- Flexible member cost-shares
- Digitally connected medical records

The CVS Health Virtual Primary Care™ provider can:

- Deliver both preventive care and annual wellness visits
- Create care plans designed to drive health improvements through lifestyle changes such as diet and exercise
- Manage chronic conditions such as diabetes and hypertension
- Diagnose and treat most acute illnesses
- Write prescriptions and help members navigate to in-network providers and facilities

CVS Health Virtual Care™ Plus incorporates the option for customers to co-brand select engagement materials and provide access through a co-branded landing page.

15. For plans that provide out-of-network coverage, if radiologists, anesthesiologists and pathologists are not part of the network, is the member responsible for cost at the in-network or out-of-network reimbursement levels?

We cover services from an out-of-network hospital-based physician in a network facility at the in-network benefit level, provided that:

- The hospital-based physician is one of the following types (commonly referred to as HAIRPNs):
 - Anesthesiologist
 - Emergency physician
 - Pathologist
 - Radiologist
 - Hospitalist
 - Intensivist
 - Neonatologist
- The service is a covered service
- The admission was precertified or an emergency

We also cover laboratory and hospital laboratory services in the inpatient setting in a network facility at the in-network benefit level when the service is covered and the admission was precertified or an emergency.

We reimburse out-of-network providers in accordance with the appropriate reasonable rate. Our reimbursement rates comply with applicable state regulations. For large dollar amounts, we try to negotiate a rate with the provider.

Balance billing protection for HAIRPNs provider types is offered when the claim is for emergency services.

We administer benefits in accordance with the benefit plan.

16. How do you handle transition of care for members currently undergoing treatment or have existing relationships with the incumbent carrier's network providers?

Our transition of care coverage allows a member in an active course of treatment to continue the treatment for a limited time at a higher benefit level. We define active course of treatment as a program of planned services that:

- Starts on the date a provider first renders a service to correct or treat the diagnosed condition
- Covers a defined number of services or period of treatment
- Includes a qualifying situation

During the transition, we provide Transition of Care Coverage Request forms and "Transition of Care Coverage Questions and Answers" fact sheets to you. The City of Gainesville gives forms to employees who wish to apply for our transition of care coverage. Members may also request forms by calling our toll-free member services number. Once we receive the completed forms, clinical staff that may include a medical director or a licensed behavioral health clinician, review the submitted information for continued treatment approval.

We do not automatically identify members for special handling. The doctor or member would be responsible for initiating this process by sending us a completed Transition Coverage Request Form.

Clinical staff, including a medical director or licensed behavioral health clinician perform the following as needed:

- Reviews the coverage request to verify that the correct department received it for processing
- Records receipt of the transition of care coverage request in our care management system when member eligibility becomes available
- Verifies member eligibility
- Verifies that the forms are complete and signed
- Verifies that the service is not a plan exclusion
- Determines whether we can approve the transition of care coverage request based upon the information submitted or whether we need additional information
- Documents the transition of care request decision
- Provides notification letter of the decision including:
 - The reason for the denial
 - The clinical rationale used to support the decision
 - The clinical criteria used to make the determination upon request

We make transition of care benefit determinations within the precertification timeframe.

Examples of medical conditions that are appropriate for transition of care consideration include, but are not limited to:

- Pregnancy in the second and third trimester
- Rehabilitation for an acute or short-term condition
- Surgery pre-approved before the new plan effective date but scheduled within three months of the new plan year
- Cancer treatment
- Inpatient or outpatient mental health or chemical dependency treatment
- Outpatient intravenous therapy for a resolving condition
- Advanced stages of terminal illness
- Chronic renal dialysis
- Solid organ or bone marrow transplant
- Infertility

17. Provide a medical disruption report for the provider lists attached to this RFP.

Records	In-Network	Out-of-Network
No. Total Records	CPII: 5379 OAMC: 5375	CPII: 130 OAMC: 134
% of Total Records	CPII: 97.64 OAMC:97.57	CPII: 2.36 OAMC: 2.43

18. Self-Insured: Provide recommended premium equivalents for the current and [optional: alternate] plan designs shown in the medical benefit response form section.

Confirmed.

19. Self-Insured: Please confirm if medical ASO quote is contingent upon bundled Stop Loss and/or PBM administration. If so, please confirm what is required to be attached and/or pricing differential without bundled administration.

Our proposed fee assumes that we, Aetna, have been awarded the pharmacy business. If a third-party is awarded the stop loss contract, there is no additional fee for reporting / integration. If a third-party PBM is awarded the pharmacy contract, a one-time charge of \$5,000 and an ongoing fee of \$0.60 per employee per month will be added to our ASC to support the pharmacy benefit accumulators as well as a \$6,000 charge to integrate the third-party pharmacy vendor with our care management program(s).

20. Self-Insured: Is your company willing to provide administrative fee guarantee? If so, please provide the details of your guarantee.

Our offer includes a flat 3-year administrative service fee guarantee for the guarantee period January 1, 2025 through December 31, 2028. Our financial proposal documents provide a detailed description of our guaranteed administrative service fees and outline our terms and conditions. These documents are included in the Financial Information section of our proposal response.

21. Capitation: What is your Capitated Fee (PEPM)? Is this Capitated Fee Guaranteed and for how long? Please confirm which types of claims are Capitated.

Not applicable, as we have not quoted a capitated product.

22. Describe your proposed transplant program and how transplant cases are handled.

Our National Medical Excellence Program® is a case management program that provides consistency in the coordination of care for transplants and CAR-T Cellular Therapy. We developed the program and manage it in house. It provides:

- Access to care through our nationwide network of participating health care providers and hospitals recognized for successful clinical outcomes.
- Specialized case management by nurses experienced with transplants, CAR-T Cellular Therapy and complex care.
 - Our case managers work with the patient, doctor, hospital and family members to help coordinate all phases of the procedure -- from initial assessment and treatment to follow-up patient services.
- Transportation and lodging allowances for the member and a companion for pre-approved care when using an Institutes of Excellence® (IOE) facility more than 100 miles from the member's home.
 - Our staff must pre-approve travel. To be eligible for travel and lodging reimbursement, the member (or provider) must preauthorize evaluation and treatment and use an IOE facility. Certain limitations apply.
- Coordination of follow-up care that helps patients to get after-care services close to home when possible.

Our transplant IOE network

We coordinate care and provide national access to covered treatment through our IOE transplant network hospitals for transplants, transplant-related services and CAR-T Cellular Therapy. The IOE transplant network is a national network that has met our credentialing standards for quality, outcomes, access standards and mutually acceptable rates. We have contracted with hospitals for this network on a transplant-specific basis. For transplant care, the member must use an IOE transplant hospital for transportation and lodging allowance eligibility.

23. Describe how complex cases are managed and coordinated.

Our Aetna One Flex program is not a traditional case management program. It is an alternative to having separate case management and disease management programs. It identifies members with both chronic and acute conditions with the greatest risk and opportunity for impact, and then engages them with the care and support they need. Our program reacts to daily event-based triggers including acute events that require an inpatient stay and a list of weighted clinical risk and impact factors. It also identifies emergency room risk, onset of chronic conditions, high-severity chronic conditions, serious mental

illness with chronic conditions, drug safety concerns, medication non-adherence, significant durable medical equipment needs and social determinants of health.

24. Describe your process for discharge planning and home health care.

Discharge planning is an integral part of utilization review and not viewed as a separate function. We don't have a list of procedures or diagnoses that trigger for discharge planning. We assess for potential discharge planning needs at the time of inpatient notification.

Proactive discharge planning begins with the first inpatient review and continues throughout the hospital stay. The discharge planning process may include:

- The hospital reviewer/case manager
- Other alternate care provider
- Other health care providers
- The treating doctor
- The member and the member's family

Our discharge planning program encourages providers to develop a plan that provides an appropriate transition from one level of care to the next appropriate level of care. It also helps in the delivery of cost-effective, quality care.

The clinical staff managing the inpatient stay also manages the discharge planning needs through the member's continuum of care. It includes:

- Inpatient assessment, evaluation and monitoring
- Consultation with the medical director on an as-needed basis in determining coverage decisions

The discharge plan considers the member's age, prior level of functioning, significant past medical history, anticipated discharge location, current medical condition including diagnosis, current level of functioning, family/community support, psychosocial factors and potential barriers to discharge planning.

The discharge plan may include identifying eligible members for referral to appropriate specialty programs and/or coordinating a variety of services or benefits upon discharge such as, transfer to inpatient skilled nursing, sub-acute care or rehabilitation facility, home health care, community services or durable medical equipment.

25. Is proposer willing to provide performance guarantees for your network discounting? If so, please include details.

We are offering our standard Performance Guarantees with up to 20% of fees at risk. Please see the financial package for further detail.

In addition, we are offering our Discount Guarantee and Claim Target Guarantee, of which one must be chosen. We are willing to put 30% of administrative service fees at risk for either of these guarantees, with an overall maximum of 40% at risk.

Our financial proposal documents provide a detailed description of our proposed guarantees and outline our terms and conditions. These documents are included in the Financial Information section of our proposal response.

Please note these guarantees only apply to our self-funded/ASC quote.

26. Are you willing to waive the actively at work, dependent non-confinement limitation provisions for all currently enrolled individuals on medical?

Confirmed.

27. Optional: Please confirm coverage for Domestic Partners and their eligible dependents.

Confirmed.

28. Self-Insured: Provide a medical repricing analysis if quoting medical using the attached repricing data. Please provide repricing for the same time period included in the attachment(s), May 2023-April 2024.

Please see our Repricing file attached to our response.

8. Questionnaire - Stop Loss

1. Please confirm proposed stop loss quote is firm. If not, please provide details as to why.

A firm quote can only be provided once we have claims up until 120 days prior to the effective date, so we would need claims data through 8/31/24. Our current proposal is illustrative.

2. Please confirm proposed quote contract terms.

12/18

3. Please confirm proposal does not include lasers.

Our illustrative proposal does not include any lasers, but please know Aetna reserves the right to laser in the firm quote once we have data through 8/31/24.

4. Please confirm proposer's process for inclusion of lasers, if applicable, at renewal.

Our approach for dealing with ongoing large claims at renewal depends on various factors: amount of the ongoing large claims, case size, expected Stop Loss renewal premium, and specific deductible level. Aetna typically offers more than one renewal option for dealing with this situation. These options would include; adding a premium rate load, coinsuring the ongoing large claim at other than 100 percent, incorporating a combination of risk share and premium load, an aggregating specific deductible option and/or a family individual deductible option.

We will not offer, as the sole renewal option, a quote which lasers a claimant that had not previously been lasered. Upon request, we will review any first year lasered claimants in advance of the renewal year and re-evaluate their risk and the need to continue to laser those individuals.

5. Please detail data requirements in order to process reimbursements.

When Aetna is the claims administrator, the underlying self-funded medical plans are fully integrated with Aetna's standard Stop Loss features at no additional cost to our customers. Funding is immediate and claim report submissions are not required.

Eligible claim expenses that exceed the individual Stop Loss amount are immediately funded by Aetna, on the same day the claim payment is issued. The group has no out-of-pocket expense for these specific claims. Aetna's monthly budget feature allows for a monthly cash flow limit, determined based on the number of enrolled employees per month times the Stop Loss factor. From that monthly limit, paid claims funded by the plan sponsor are subtracted. If any month's total eligible claim expenses exceed the unused cumulative monthly limit, the claim amount in excess of the limit is carried forward to be funded immediately from the next month's limit. If at the end of the policy year, eligible claim expenses exceed the calculated annual aggregate Stop Loss amount, Aetna will automatically fund any claims in excess in accordance with the terms of the Stop Loss policy.

Circumstances under which funding is not immediate include non-standard Stop Loss features, claim run-in, claim run-out and claims paid by third party administrators. Advance Funding/Special Cash Flow Assistance is not currently available in these situations.

In situations for the customer has selected a carve-out pharmacy benefits manager (PBM) to administer their prescription drug plan, for specific Stop Loss coverage, we require a system generated large claim report listing any claimants exceeding 50% of the specific deductible. Additionally, for any claimant that the customer believes has exceeded the specific deductible in total claims (between the PBM and

Aetna), we require a system generated claim detail report which includes employee name & SSN, claimant name & relation to employee, incurred date of claim, paid date, paid amount, and name of provider. This report should show each claim individually, as well as subtotals for each claimant.

6. What is the time frame for reimbursements once the claim information is submitted for payment? Do you offer Advanced Funding on claims reimbursements at no cost to the client?

When Aetna is the claims administrator, the underlying self-funded medical plans are fully integrated with Aetna's standard Stop Loss features at no additional cost to our customers. Funding is immediate and claim report submissions are not required.

Eligible claim expenses that exceed the individual Stop Loss amount are immediately funded by Aetna, on the same day the claim payment is issued. The group has no out-of-pocket expense for these specific claims. Aetna's monthly budget feature allows for a monthly cash flow limit, determined based on the number of enrolled employees per month times the Stop Loss factor. From that monthly limit, paid claims funded by the plan sponsor are subtracted. If any month's total eligible claim expenses exceed the unused cumulative monthly limit, the claim amount in excess of the limit is carried forward to be funded immediately from the next month's limit. If at the end of the policy year, eligible claim expenses exceed the calculated annual aggregate Stop Loss amount, Aetna will automatically fund any claims in excess in accordance with the terms of the Stop Loss policy.

Circumstances under which funding is not immediate include non-standard Stop Loss features, claim run-in, claim run-out and claims paid by third party administrators. Advance Funding/Special Cash Flow Assistance is not currently available in these situations.

In situations for the customer has selected a carve-out pharmacy benefits manager (PBM) to administer their prescription drug plan, for specific Stop Loss coverage, we require a system generated large claim report listing any claimants exceeding 50% of the specific deductible. Additionally, for any claimant that the customer believes has exceeded the specific deductible in total claims (between the PBM and Aetna), we require a system generated claim detail report which includes employee name & SSN, claimant name & relation to employee, incurred date of claim, paid date, paid amount, and name of provider. This report should show each claim individually, as well as subtotals for each claimant.

7. Please confirm that proposer will base stop loss coverage reimbursements on the 'Eligible Expenses' as defined by the medical ASO plan document.

Confirmed

8. Does proposal exclude any member population included in census.

No

9. If proposer is awarded the Stop Loss insurance contract, please confirm if policy is guaranteed renewable.

Yes, please see the below information for more details:

Aetna has the right to update coverage and recalculate premium rates and Stop Loss factors for each policy renewal date.

We also have the right to change the premium rate, any aggregate Stop Loss factor, or any coverage terms when any of the underlying assumptions or information that impacts our risk changes. We may make this update as of the date of the change. If the change affects our initial underlying assumptions, we may make the change back to the effective date of coverage. Changes include, but are not limited to:

- Any change of +/- 10 percent in employees or covered units for employers with up to 1,000 eligible employees and +/- 15 percent for employers with 1,001 or more eligible employees
- Any change to the plan document(s) that will change the risk we assumed under this policy
- Any change to this policy
- Any addition or termination of a unit, division, subsidiary, affiliated or associated company from this policy
- Any change in federal or state law or regulation that impacts this policy or the coverage provided
- Any change impacting the risk we have assumed, including but not limited to age, gender, geography, occupation, incorrect or incomplete information provided in Disclosure statements, etc., that we calculate impacts the risk by more than 10 percent for employers with up to 1,000 eligible employees and 15 percent for employers with 1,001 or more eligible employees
- Any change in claims administrator, provider network, or cost containment vendor, provided we have consented to the change in writing
- Any change in the claims administrator's claim payment system or payment practices that causes a variation of +/- 5 percent versus the most recent 12 month average of claims processing time

Our failure to adjust a premium rate, Stop Loss factor, or renewal guarantee during a policy period will not prevent us from making an adjustment during any future policy period.

Our approach for dealing with ongoing large claims at renewal depends on various factors: amount of the ongoing large claims, case size, expected Stop Loss renewal premium, and specific deductible level. Aetna typically offers more than one renewal option for dealing with this situation. These options would include; adding a premium rate load, coinsuring the ongoing large claim at other than 100 percent, incorporating a combination of risk share and premium load, an aggregating specific deductible option and/or a family individual deductible option.

We will not offer, as the sole renewal option, a quote which lasers a claimant that had not previously been lasered. Upon request, we will review any first year lasered claimants in advance of the renewal year and re-evaluate their risk and the need to continue to laser those individuals.

10. How many months of current year experience are required to offer a firm renewal?

8 months (given a 12 month policy)

11. Upon underwriting approval, does proposer offer a maximum renewal rate cap on specific rates?

Yes, Aetna offers a 50% renewal rate cap that also includes a 'no new laser' provision. This can be included upon request.

12. Does proposer have an aggregating specific deductible option available that represents a dollar for dollar premium off-set to share risk?

It will not be a dollar for dollar off-set but yes a \$100,000 specific deductible is included.

13. What aggregate corridors are available for consideration?

110%, 115%, 120%, 125%, 130%, 135%, 150%

9. Questionnaire - Wellness

1. Please confirm that your proposal includes annual Wellness Funds and the amount you will be providing annually. Please outline how the funds can be used and if any conditions apply.

Confirmed. We have included a \$150,000 wellness allowance as part of our financial proposal. Please refer to our financial proposal for detail on how we administer the allowance and our terms and conditions.

2. Are there any additional costs to the Entity or employees to participate in your wellness programs or services?

We included our Aetna Health Your Way™ - Engage in our proposal which is an omni-channel well-being program that provides members with access to a broad range of personalized tools, incentives and support connected seamlessly to the Aetna member website and mobile app. It is included in your costs.

Aetna Health Your Way includes the following services:

A well-being assessment

- Self-directed digital coaching
- Individual and peer activity challenges
- "Hearts" based incentives, redeemable for up to \$100 in e-gift cards per adult member
- Digital well-being content
- Digital engagement campaigns
- Activity and device tracking

With Aetna Health Your Way, members have access to the engaging tools, incentives, and support they need to achieve their best health and accomplish their well-being goals. Members can easily earn hearts online, in-app, on the phone or on the go, all on their path to better health.

Personalized well-being solutions

Aetna Health Your Way includes a suite of capabilities to help your employees manage and improve their well-being on their terms and according to their preferences. From a well-being assessment to a suite of self-guided digital coaching programs, fitness challenges and incentives, Aetna Health Your Way helps you improve the health and productivity of your employees. The program encourages participants to identify and reduce health risks and improve and maintain healthy lifestyles. This results in better health outcomes, which can lower costs for the City and its employees. Aetna Health Your Way focuses on prevention and health risk reduction to help you address health issues critical to the success of your business.

3. Will the account team assigned include a designated wellness coordinator? If so, which wellness services will be included?

A designated wellness coordinator is available to you at an additional cost. We are happy to discuss this with you.

4. Will you attend Wellness Events through the year? If so, how many? Are there any related costs for attendance?

Confirmed. Your account team will discuss the number of health fairs during implementation, and any related costs depending on details.

5. Does your company offer rate discounts on the proposed programs, in dollars or percent, to employer groups who implement an active, participatory Wellness Program? If so, please describe the discount model amount and requirements.

While employer rate discounts for wellness programs are not applicable, we do offer numerous member discounts on wellness products and services.

Aetna Discount Program

Our Aetna Discount Program offers members choice and flexibility by giving them access to a variety of discounts on products and services that keep them healthy and fit, and help them save money.

Members can easily access the Aetna Discount program through our member website. They can use the discounts as often as they want and there's no need for claim forms or referrals. There's also no extra charge for you to offer the program to members or for members to take advantage of the discounts.

Available to all Aetna medical plan members, our program offers discounts in the following categories:

Fitness

Our fitness discounts help members save on gym memberships, health coaching, fitness gear and nutrition products that support a healthy lifestyle.

Weight management

Members can meet their weight loss goals, get healthier and save money with discounts on weight loss meal plans, home meal delivery options, and coupons for local grocery stores, helpful online tools and coaching support.

Hearing

Members save on hearing exams, hearing aids, batteries, repairs and other hearing aid services from Hearing Care Solutions and Amplifon®.

Oral Health Care

To promote dental health, we offer discounts on certain dental products for our members that can help improve their oral health. Members can access these discounts directly through our secure member portal.

Vision

Aetna vision discounts help members save on many eye care services and products, including eye exams, eyeglasses, contact lenses, nonprescription sunglasses, contact lens solutions and other eye care accessories.

We contract with EyeMed Vision Care to offer a network of participating vision discount providers. Members choose from a large network of optical centers nationwide and independent optometrists and ophthalmologists. Members get these discounts even if they have other vision benefit coverage.

At home products

Through Omron Healthcare, members get discounts on blood pressure monitors, pedometers and activity trackers, electrotherapy TENS (transcutaneous electrical nerve stimulation) units and many other Omron products.

Natural products and services

In response to the growing interest in specialty health care products and services, we offer discounts delivered through the ChooseHealthy® program¹. With the ChooseHealthy program, members receive a discount off the normal fee for acupuncture, chiropractic, massage therapy and nutrition services.

¹ The ChooseHealthy program is provided by ChooseHealthy, Inc., a subsidiary of American Specialty Health Incorporated (ASH). ChooseHealthy is a federally registered trademark of ASH and used with permission herein.

6. Does your wellness program provide a proactive health education and improvement program for those with a chronic condition?

Yes. We place a major focus on providing personalized health and condition-specific resources through our self-directed digital coaching programs. Our programs are evidence-based, customizable and incorporate the industry's latest technologies, communication strategies and digital capabilities to achieve member engagement. The online programs include:

- Learning modules on hundreds of health topics and conditions
- An extensive library of chronic conditions and lifestyle management content
- An interactive platform with videos, benchmarking and quizzes
- Personalization of the relevant digital coaching modules through integration with CareEngine analytics

Our self-guided digital coaching modules are dynamic and interactive and the program incorporates logic based on the member's responses and clinical profile, presenting tailored and relevant information to the user.

Depending on their needs and preferences, members can use either the "Your Health Goals" or "Your Health Education" pages to receive the support they need to make and sustain meaningful lifestyle changes.

Your Health Goals

Your Health Goals focuses on supporting lifestyle changes, sustained engagement and improved outcomes with a proven behavior change model. Consistent with our telephonic coaching programs, we rely on an evidence-based approach incorporating motivational interviewing, cognitive behavioral therapy and behavioral economics techniques. The approach is simple: the member selects a goal, links their values, their confidence and any barriers to that goal and then makes a weekly commitment.

For seven days, they are presented with fun and engaging activities to help them develop the skills to overcome their barriers, enhance their confidence and develop new and healthier habits. The activities include tips, tricks and tracking supported by helpful and easy-to-use tools like recipes, articles, videos and challenges. The available goals focus on healthy eating, improved physical activity and weight management. Members earn "hearts" for each activity completed that accumulate toward achieving their desired goal.

Your Health Education

These self-guided digital coaching modules are dynamic and interactive with tailored and relevant member information. The learning modules are typically two to five minutes long, making them easily consumable in a single session. The platform is designed for long-term sustained engagement, and members are unable to unlock levels and redeem hearts in a single session. The program continually recommends additional topics to members so they remain engaged.

The digital coaching content includes 35 categories spanning both wellness and condition management with hundreds of topics such as:

- Diabetes
- Hypertension
- Chronic pain
- Weight loss

- Maternity
- Women's health
- CAD
- Cancer care
- Financial wellness
- Heart health

- Medication management
- Pediatrics

Online coaching programs provide comprehensive support, tailored to the member and their unique needs so they can achieve their best health.

7. Does your wellness program utilize behavioral coaching principles and evidence-based medicine guidelines to optimize self-management skills to foster sustained health improvement?

Yes.

Your Health Goals

Your Health Goals focuses on supporting lifestyle changes, sustained engagement and improved outcomes with a proven behavior change model. Consistent with our telephonic coaching programs, we rely on an evidence-based approach incorporating motivational interviewing, cognitive behavioral therapy and behavioral economics techniques. The approach is simple: the member selects a goal, links their values, their confidence and any barriers to that goal and then makes a weekly commitment.

For seven days, they are presented with fun and engaging activities to help them develop the skills to overcome their barriers, enhance their confidence and develop new and healthier habits. The activities include tips, tricks and tracking supported by helpful and easy-to-use tools like recipes, articles, videos and challenges. The available goals focus on healthy eating, improved physical activity and weight management. Members earn "hearts" for each activity completed that accumulate toward achieving their desired goal.

Your Health Education

These self-guided digital coaching modules are dynamic and interactive with tailored and relevant member information. The learning modules are typically two to five minutes long, making them easily consumable in a single session. The platform is designed for long-term sustained engagement, and members are unable to unlock levels and redeem hearts in a single session. The program continually recommends additional topics to members so they remain engaged.

The digital coaching content includes 35 categories spanning both wellness and condition management with hundreds of topics such as:

- Diabetes
- Hypertension
- Chronic pain
- Weight loss
- Exercise
- Depression

- Smoking cessation
- Stress management
- Cholesterol
- Back pain management
- Osteoarthritis
- Fitness
- COPD
- Maternity
- Women's health
- CAD
- Cancer care
- Financial wellness
- Heart health
- Medication management
- Pediatrics

Online coaching programs provide comprehensive support, tailored to the member and their unique needs so they can achieve their best health.

Behavior change through analytics

Our health assessment is part of a state-of-the-art software application that places a unique emphasis on health education, information sharing and behavior change. An important differentiator of our health assessment is our market-leading proprietary CareEngine that stores data. This system performs sophisticated analysis against our evidence-based algorithms and forms a complete picture of each member's health status.

We base Health Actions on the member's health data, medical conditions and demographics. Our CareEngine stores all the member's information including medical claims, pharmacy claims and lab data to each member's Aetna Health Your Way platform page. The system uses the data to populate the health assessment. This makes it easy for members since they don't need to enter as much information manually.

One of the values of having the health assessment available to members for frequent updates lies in the power of CareEngine constantly updating a member's Health Actions. We continually update and analyze data so we can send messages to members about how they can reduce risk and improve their overall health.

For members that complete a health assessment, we generally see a doubling in Health Actions and increased compliance with the evidence-based literature. This may include member's discussing Health Actions with their doctor, participating in health coaching or making lifestyle changes. We give

members feedback that explains our risk levels, but more importantly, they see personalized Health Actions that lower their risk level.

Gaming technology

We use gamification, such as the ability to earn "hearts" for engaging in Health Actions, that improves member engagement and makes the experience more personalized and relevant to each member.

Emotional well-being questionnaire

Emotional well-being is the ability to successfully handle life's stresses and adapt to change and difficult times. We offer an emotional well-being questionnaire to assess when a member may be experiencing emotional or behavioral challenges. Members are then directed to the appropriate support channels.

Holistic support

We offer holistic support for each member that adapts to their overall well-being needs such as physical, financial, emotional and social health. In this multidimensional model, the focus is no longer solely on offering traditional benefits, perks and wellness incentives, but on helping members feel valued and supported both personally and professionally.

8. Does your wellness program include: a. Chronic condition-specific coaching? b. Pre- and post-discharge calls? c. Lifestyle management coaching: stress, weight management, and tobacco cessation? d. Treatment decision support and coaching?

Yes.

Chronic condition-specific coaching

We define chronic condition as a health issue that is greater than three months that has a significant impact on one's life and requires ongoing medical services such as medications, treatments and doctor interventions.

Managing chronic conditions is a lifelong journey. For many people, chronic conditions are progressive in nature. However, through close monitoring and management of the condition by the member, the member's doctor and our nurses, we can address risk factors that impact complications and the progress of conditions. Our goal is to help members living with chronic conditions to avoid complications, have better clinical outcomes to achieve their health ambitions.

Our programs don't prescribe treatment but rather provide ongoing education and support that aligns to the doctor's treatment plan. We encourage members to discuss their condition and management with their doctor. We work with members to set short and long-term health goals, and to achieve changes in lifestyle behaviors.

In addition to direct 1:1 nurse support, we try to help educate members through digital support. Our digital resources include a suite of online programs. They address various health issues such as, lower back pain, diabetes, high blood pressure, smoking, stress, obesity, and poor eating habits.

We track and manage a member's involvement in our programs through the Aetna Total Clinical ViewSM (ATV) system, our single, integrated care management platform.

Pre- and post discharge calls

Preadmission calls

All members with a scheduled inpatient event receive a preadmission call when we're notified within five business days of the admission.

Post discharge calls

All members with a scheduled or emergent admission who are discharged from a hospital receive a post-discharge call or an unable-to-reach letter. This occurs within five business days of notification of their discharge.

The goal of our outreach is to prevent avoidable readmissions.

Digital coaching

We place a major focus on providing personalized health and condition-specific resources through our self-directed digital coaching programs. Our programs are evidence-based, customizable and incorporate the industry's latest technologies, communication strategies and digital capabilities to achieve member engagement. The online programs include:

- Learning modules on hundreds of health topics and conditions
- An extensive library of chronic conditions and lifestyle management content
- An interactive platform with videos, benchmarking and quizzes
- Personalization of the relevant digital coaching modules through integration with CareEngine analytics

Our self-guided digital coaching modules are dynamic and interactive and the program incorporates logic based on the member's responses and clinical profile, presenting tailored and relevant information to the user.

Stress

Our self-guided digital coaching modules include program about stress management. They are interactive with tailored and relevant member information. The program continually recommends additional topics to members so they remain engaged.

Weight management

Obesity management is an integral part of our overall health and well-being strategy, and we continue to expand our product offerings to meet individual member preferences, needs and lifestyles. We offer a variety of ways to help members combat obesity and reduce the health risks of being overweight in order to promote better health outcomes, including self-directed digital coaching programs and our Lifestyle and Condition Coaching program.

Aetna Health Your Way is an interactive health and well-being program that helps you improve the health and productivity of your employees. The program can serve as the foundation, or a complement, to your overall health and well-being strategy.

Aetna Health Your Way provides support to:

- Promote health risk reduction
- Keep healthy people healthy
- Provide you with valuable aggregate health and productivity data
- Create greater synergy between our products and services, supporting a more holistic approach to care

Member participation in the program begins upon completing a health assessment, which measures the participant's readiness to change certain health behaviors, evaluates the impact of health on their productivity and identifies more than 20 health risk factors across a variety of health areas.

Participants also receives a one-page health summary report that they can print and share with their doctor, dentist or other health care provider. Within the health summary report, participants can keep, record and compare their results over time. The health assessment provides a recommended action plan and suggests self-guided digital coaching programs based on the participant's particular health needs such as weight management and nutrition.

Weight management discounts

Our plans include weight management discounts aimed at encouraging members to lose weight, feel better and improve their health. Available discounts apply to vendors who offer services such as one-on-one help, online tools and personalized health and dietary menus. Members can access information about the weight management discounts through our member website.

Fitness support

Aetna Health Your Way provides a great way for customers to help employees of all health and fitness levels get and stay motivated in order to improve their fitness and well-being. Through our platform, we offer individual and peer challenges to keep people moving and motivated throughout the year.

Challenges are supported by the program's exceptional social networking component that drives engagement and creates lasting behavior change.

Teamwork is the foundation of the Aetna Health Your Way fitness strategy. The program features a team-based competition with activities that build off the camaraderie formed when members work toward a common goal with peers and friends at work. Through personal involvement and friendly competition, members motivate each other to begin or increase physical activity and adopt healthy habits.

As part of these fitness challenge activities, we offer:

- An online fitness tracker
- Team-based competition
- Social networking
- Emails and newsletters
- Activity tracking reports

Discounts

Our plans include weight management discounts aimed at encouraging members to lose weight, feel better and improve their health. Available discounts apply to vendors who offer services such as one-on-one help, online tools and personalized health and dietary menus. Members can access information about the weight management discounts through our member website.

Fitness discounts

Our plans include fitness discounts allowing members to save on gym memberships and name-brand home fitness and nutrition products that support a healthy lifestyle with services provided by HUSK Wellness. Members can join a gym in the HUSK Wellness network and get:

- Access to thousands of gyms in the United States, including national chains and independent local facilities
- Free guest passes¹ to try gyms before they join
- Guaranteed lowest rates² on gym memberships
- Flexible membership options
- Convenient billing options through their major credit card or bank account
- Use of gyms for their spouse or domestic partner and their dependent children
- Guest privileges³ at participating network gyms when they travel
- Transfer of their membership to another participating gym or another person³

They also receive discounts on the following through HUSK Wellness:

- At-home weight loss programs
- Home exercise products and equipment
- One-on-one health coaching services⁴

Members may learn more about the program, how to join a gym or take advantage of the other HUSK Wellness programs, products and services by visiting the Aetna-specific web page which is accessible from our member website.

Tobacco cessation

Our self-guided digital coaching program includes six different topics related to tobacco cessation. Within each topic, we have several programs that provide support data in varied formats to help coach members through behavior change. Formats include quizzes, articles, flip cards and videos. The topics include:

- Quitting
- Creating a quit plan
- Impacts of stress
- Temptations
- Deciding to quit
- Quitting aids

HealthWise® KnowledgeBase - additional resources

Through our relationship with Healthwise, Inc., we offer a variety of tobacco cessation educational resources that include articles, audio files and interactive tools. A sample of topics include, but are not limited to:

- Smoker's cough: What do you tell yourself?
- Smoking and CAD (Cardio-Vascular Disease)
- Smoking and heart attack risk calculator
- Smoking and stroke risk
- Smoking cessation readiness calculator
- Smoking cessation - Zyban for medication
- Smoking cessation - Deciding about medications
- Smoking cessation - Nicotine Replacement Therapy (NRT)
- Smoking cessation - Chantix for medication
- Smoking cost calculator
- Smoking fewer cigarettes
- Smoking triggers
- Quitting smoking - Dealing with weight gain
- Quitting smoking - Helping someone quit

Treatment decision support and coaching

Employees and their families may be faced with a new diagnosis or health care decision at any time. Health Decision Support, our library of online learning programs, gives members the information they need to make better decisions about their health when they need it. It educates members on a variety of common conditions, treatments, procedures and surgeries and helps them pick the best course of action for their health.

The programs are engaging and interactive, encouraging thought, preparation and discussion. They provide information in a clear, concise manner and help members weigh the benefits and risks of their different health care options as well as discuss those options with their doctors. With Health Decision Support members can select from 30 program options.

¹ Not available at all gyms.

² Participation in HUSK Wellness is for new gym members only; if members belong to a gym now or belonged recently, they should call HUSK Wellness to see if a discount applies.

³ Call HUSK Wellness for more information.

⁴ Provided by HealthAdvocate through HUSK Wellness.

10. Questionnaire - Mental/Behavioral Health

1. Describe how your integrated offerings engage those with unaddressed behavioral health concerns or needs. Do you have any outcome metrics that show the success of these measures and the impact to overall medical cost?

We are proud of our medical and behavioral health (BH) integration. Our entire care management staff is trained to assess, identify, triage and support routine BH issues. Using motivational interviewing skills and BH screening tools, care advocates go beyond depression screening. We identify other routine BH conditions such as anxiety, stress, grief and loss, substance use or alcohol use that may slow the progress of a member's medical management.

We include a BH specialist on our care management team. The specialist provides support and guidance to the nurse when the member has common BH needs. In some cases, care advocates may determine the member's BH needs are complex and require more intensive BH services. With the member's permission, we refer or warm transfer them to their BH program for ongoing care. Clinicians work with members to leverage all areas of their benefits, including any EAP services or community resources that may be available and appropriate.

Aetna and AbleTo

We partner with AbleTo who provides behavioral health support to members identified with certain health care conditions and life changes.

Health care conditions include:

- Breast and prostate cancer recovery
- Heart problems
- Diabetes
- Depression
- Digestive health
- Pain management
- Respiratory problems
- Alcohol and substance use
- Boosters: 3- to 4-week program for graduates of cardiac, diabetes, pain, depression and postpartum

Life changes include:

- Depression and anxiety
- Postpartum depression
- Caregiver status (child, elder, autism)
- Grief and loss
- Facing return to work issues after the birth of a baby
- Military transitions: helping veterans address emotional challenges that accompany return from service

AbleTo also provides support for bereavement and to caregivers of adults. The program offers structured, fixed-duration "forums" to support members. Each forum is an 8-week program that addresses the member's unique emotional and behavioral needs. For example, Cardiac Health Forum is an evidence-based approach used to help many individuals recover more quickly and successfully from their cardiac events. According to published studies, between 15 and 20 percent of people who have had bypass surgery experience depression. The same figures apply to patients suffering a heart attack. Not only can the depression itself be a problem for patients, but it can interfere with their overall recovery and prevent them from adopting recommended behavioral changes, including healthier diet, treatment adherence and more exercise.

AbleTo is a leading provider group that specializes in offering structured, fixed-duration (8-week) behavioral health programs that help members manage addressable life transition issues. It is available to members in 40 states. We give eligible members the opportunity to join an 8-week program designed to address the unique emotional and behavioral requirements of individuals learning to live with certain medical conditions or life transition issues.

The program uses web-based videoconferencing to meet face-to-face with a dedicated team. Or members can also meet via telephone. The support team consists of a transition specialist who helps the

member adjust to the emotional challenges encountered with certain medical conditions or in a post-partum situation. It also includes a behavior coach, who helps to implement a healthy new life regimen.

BH condition management

Our BH condition management programs are available to members with an Aetna medical plan that includes Aetna Behavioral Health. We refer members to this program who:

- Have a chronic or acute medical condition with a positive behavioral health screening
- Present with behavioral health related concerns that go beyond routine issues
- Have difficulty coping with stress

Our medical care advocates evaluate members' behavioral health needs, and we make referrals as appropriate. If we determine to refer the member, and the member verbally agrees to the referral and contact, the medical care advocate sends the member's case to the behavioral health unit. The medical care advocate may also give members the telephone number of the behavioral health unit so they can call at a time that is better for them.

The case manager in the behavioral health unit then evaluates the case to see if the program can help. Once enrolled, the BH condition management program works with members to:

- Promote active guided condition self-management
- Help with adherence to evidenced-based treatment
- Achieve improved over-all functioning and well-being through behavior change

Once we enroll the member into the program, the BH case manager and the medical care advocate work together to address the member's needs. Since one condition may affect the successful treatment of the other, this program promotes active collaboration and coordination between all who are involved in both the member's medical and behavioral health care and treatment, including our other clinical programs, treating providers and family support.

If the member is not eligible for this program, but has Aetna Behavioral Health, the medical care advocate gives the member the telephone number to our behavioral health service center. The care advocate can also offer to transfer the member to the service center. If the member has coverage with a third-party behavioral health vendor, the medical case manager gives the member the vendor's name and number.

Results

Integrated medical and behavioral health programs allow a member's total health to be addressed. Earlier identification of behavioral health issues can promote intervention and improve medical outcomes.

Results include:

- 44 percent increase in depression screenings

- 50 percent increase in identifying members with both a behavioral health and medical condition
- When members access their EAP benefit first, In-network utilization is 10-15 percent higher
- Positive impact on cost savings

Our medical and behavioral health integration leads to better member involvement with physical, mental and emotional well-being, and increases participation in our behavioral health programs.

2. Describe how you assist members in navigating and identifying available behavioral health appointments.

We do not schedule appointments for members. Behavioral Health member services, however, is always available to assist in finding providers and offering information. Our customer service team can help with appointment finding and can provide members with a curated list of providers with confirmed availability (within a reasonable time frame) within 3 days of request.

Also, within our utilization management and care management programs, we have a robust provider linkage process for members struggling with provider access and availability. Our behavioral health teams do the research for members by outreaching in-network and if needed, out-of-network providers to confirm availability and clinical fit. We then provide our members confirmed availability options. This capability is standard within our behavioral health precertification, concurrent review, Behavioral Health 360 and condition management teams.

3. Please list any lawsuits or settlements against your company in the past three years regarding mental health parity or denial of behavioral claims.

Aetna Life Insurance Company (ALIC) may be involved in regulatory actions and litigation regarding the administration of our businesses. Due to the size of our business, non-material government, regulatory or administrative investigations, proceedings, complaints, lawsuits or other legal proceedings naturally flow from disputes that arise out of the sensitive nature of services provided by a managed care organization.

ALIC is an indirect wholly owned subsidiary of CVS Health Corporation. We disclose significant regulatory actions and litigations in our parent company's SEC filings. Information on Litigation and Regulatory Proceedings is available in CVS Health's annual and quarterly filings with the SEC, which are published at <https://investors.cvshealth.com>.

We haven't been debarred or precluded in any way from doing business in any state. We work diligently and expeditiously to resolve issues that arise as a result of administering or insuring benefit plans for our customers.

4. Describe your efforts to improve access to behavioral care and your efforts to identify and engage people reluctant to seek behavioral care.

We identify members appropriate for case management or behavioral health intervention through a variety of ways:

- Our medical and pharmacy areas screen for behavioral health co-morbid conditions including:
 - Anxiety
 - Depression
 - Alcohol/substance use
 - Psychotic disorders
 - Bipolar
 - Eating disorders
- Utilization management: We screen members who meet criteria and are eligible. Clinical referral sources include:
 - Precertification
 - Concurrent review
- Aetna Resources For Living: We screen members who meet criteria and are eligible.
- Providers: Partnerships with our Joint Ventures, ACOs, and AbleTo refer complex and high risk members to behavioral health condition management
- Integrated external health plan partners - We have several external integrated partnerships with EAPs, disability, and wellness organizations that identify members appropriate for behavioral health condition management.
- Data identification: the use of claims, authorization, and pharmacy data to identify BH high cost members (>\$100K behavioral health claims within a rolling month period), members with 2 behavioral health related emergency room visits within 180 days, behavioral health inpatient admissions, and complex behavioral health/medical co-occurring conditions.

Behavioral Health Condition Management program

The base program is available to all ages to support the highest cost/highest risk members. Triggers include:

Behavioral health high cost claimant > \$100,000 within a rolling 12 months

- Behavioral health re-admit within 30 days
- 5 co-morbidities which include a combination of physical illness and behavioral health conditions

Buy-up level:

The buy-up option expands the eligible population to manage populations that require support, but may not be triggered within the base embedded level.

Buy-up triggers include the base triggers plus:

- Two behavioral health co-morbidities (less than the base level) which include a combination of physical illness and behavioral health conditions
- Behavioral health inpatient admission
- Emergency room visits for behavioral health - 2 within 6 months

Upon referral, the case management department reviews the member's history and determines the appropriateness for case management services. If appropriate, the designated behavioral health clinician will contact the member, obtain information regarding the member's perceived needs and begin developing a collaborative and mutually respectful relationship.

5. Please describe any specific programs you have targeting first responders and/or the law enforcement population.

First responders are often exposed to extreme environments, negative dynamics and stressful situations. To make matters worse, many public safety professionals are not comfortable with seeking help or discussing their behavioral health needs. The results can be deadly. Police officers, firefighters, paramedics and emergency medical technicians face high levels of stress, anxiety, depression and post-traumatic stress. Police and firefighters are more likely to die by suicide than in the line of duty¹. Additionally, 30 percent of first responders develop behavioral health conditions, which is five times higher than the civilian population rate².

Unfortunately, the stigma associated with support programs can often impede first responders from accessing crucial emotional support. Therefore, we've created our First Responder Peer Support program to help bridge this gap. Our First Responder Peer Support program is a well-being program designed specifically for first responders who typically do not engage with traditional wellness offerings.

Comprehensive emotional well-being support

We've partnered with Responder Health to develop our First Responder Peer Support program. Together with Responder Health, we understand the unique needs of first responders and speak their language. The goal is to provide the first responder and their family with the resources and treatment they need to return to the job and their families happier and healthier. To help support police, fire professionals and their families, the foundation of our First Responder Peer Support program is a 24/7 helpline and is built on the State of Washington's confidentiality laws, RCW 43.101.425, which are the strongest in the nation for first responders.

When a first responder calls the helpline, they speak with another first responder who is highly trained and has "lived experience". This is much different than calling a traditional Employee Assistance Program (EAP). We know through direct feedback from first responders that having someone answer their call that has walked in their shoes is absolutely essential. First responders need to talk to someone who understands what they are going through, especially in times of crisis such as anxiety, post-traumatic stress and depression. The helpline is staffed by retired first responders who have gone through program training specifically to help. The 24/7 helpline also gives first responders a path toward therapy for those who need it and who may not otherwise seek it on their own.

To encourage referrals to therapy, first responders in our program are directed to clinicians who have experience working with police, firefighters and emergency medical technicians. This specialized support increases the likelihood that they continue therapy after the first session. To help maintain trust, therapy referrals are always confidential. All referrals are for vetted in-network therapists and treatment

centers that have been personally trained and physically vetted to ensure the best treatment outcomes for first responders and their families.

Our program focuses on the whole person and their needs. Individuals are not simply given a website with providers and facilities and left to find their way. Instead, we provide a guided approach and throughout each step in the treatment process, the first responder and their family are the primary focus.

Supporting engagement

Often times, handing a first responder a flyer is not enough to get them to engage with emotional support programs. Therefore, to engage members in our First Responder Peer Support and to support their continued success, we provide access to:

- Face-to-face engagement with a retired first responder
- Connections between the program and local resources
- An app with content designed for first responders and their families

Through Responder Health we offer a dedicated app for first responders and their families. The app includes self-evaluation assessments and tools, self-help videos and content specific to first responders and their job. The app allows first responders to explore our program on their own time in a safe place. All digital content is designed for the needs of first responders and their families, covering such topics as:

- First responder stress
- Common responses to critical incidents
- Hope and help for family members
- How stress impacts your family
- How to support peers

The app also gives the first responder or their family member an option to call the 24/7 helpline with a button conveniently on the home page.

With our First Responder Peer Support program, we're providing your population with peer support developed by first responders for first responders. By helping to remove the stigma of behavioral health for first responders, we're supporting the physical and mental well-being of our police, firefighters and emergency medical technicians on their path to better health.

11. Questionnaire - Pharmacy

1. Please confirm which database proposer uses to analyze claims utilization data.

We use Medi-Span.

2. Provide a copy of the proposed formulary. Is proposer's formulary based on lowest cost and evidence-based guidelines?

Please refer to our attachment labeled *Aetna Advanced Control Drug Guide*.

3. Provide a list of standard drug exclusions.

Please refer to our attachment labeled *Advanced Control Exclusions Drug List*.

4. Does prescription drug proposal(s) include Step Therapy, Prior Authorization and Quantity Limits?

Confirmed. Our proposal assumes utilization of these edits.

5. Does prescription drug proposal(s) include an open or closed formulary?

We consider ACF to be an open formulary.

6. Will proposer cover the cost of transferring existing mail order prescriptions from the incumbent carrier? If so, please provide file specifications for transfer of data. If not, please outline the Mail Order process.

The City may use their implementation credit for any fees for transferring files.

To allow for a seamless transition of your employees' mail service prescriptions, we transfer prescription information electronically from your incumbent mail service provider. This allows members to complete the remaining refills on their current mail prescriptions without disruption or the need to call or visit their physician to obtain new prescriptions. To successfully execute these transfers, we need at least 60 days' advanced notice. If you have custom files with your current provider, additional time may be needed.

How it works

The success of electronic transfers depends on the data provided by your current mail service provider. If the provider utilizes the industry standard layout for electronically transferring open refills, we can load 100 percent (100%) of all refills received into our system within one or two business days after receipt. We have extensive experience in mail service transitions and analyze all transferred data closely to pinpoint potential problems or data issues. In rare situations, members may need to obtain new

prescriptions for remaining refills due to differences in the data obtained. There are certain prescriptions exempt from electronic transfer because of legal regulations and restrictions, such as:

- Controlled substances
- Compounded prescriptions
- Expired prescriptions
- Prescriptions with zero refills remaining. We will work with you to help ensure that your employees are aware of these regulations.

This includes advising employees of a change in mail service providers 30 to 60 days prior to the transition date. This gives them ample time to understand the transfer process or obtain new prescriptions if they choose.

7. Will proposer cover the cost of transferring existing Prior Authorizations and other satisfied Drug Edits from the incumbent carrier? If so, please provide file specifications for transfer of data.

The City may use their implementation credit to cover the cost of file fees. Your Implementation Manager will work directly with your incumbent carrier to receive the files.

8. Please outline proposer's Specialty Drug process, including clinical support available to members, and if a third party vendor is involved in these transactions.

Our specialty dispensing process reflects our commitment to personalized care and helping lower costs while promoting optimal outcomes.

Referrals, Prior Authorization and Ordering

Initial and refill orders are received in multiple ways, such as: fax, mail, telephone, and digital options (CVS Specialty website, text, email).

CVS Specialty Customer Care handles the intake of referrals from physicians, nurses, case managers and self-enrolling members. Once we receive a referral, we enroll the member into our system and verify eligibility and prescription plan coverage.

During the verification process, a Customer Care Representative determines whether the product is covered, whether a prior authorization is needed, how to obtain the prior authorization, and what financial obligation the member may have. Once the benefit verification is complete and any necessary authorization is in place, our pharmacy staff contacts the physician and the member to review benefits and arrange a shipment.

Special Handling and Delivery

The majority of specialty medications dispensed by our specialty pharmacies require special handling. Utilizing advanced algorithms, we determine the optimal packaging recipe for each order. The results are based on a variety of inputs which may include National Weather Service data, pharmacy location, day of week, time of day, along with many other data points.

The process also provides the optimal shipping supplier and mode for each order at the time of packaging. We use highly reliable shipping suppliers, such as UPS and FedEx, to deliver the majority of our orders, ensuring the medication is properly protected throughout the transportation and delivery process.

We utilize multiple layers of surveillance to provide additional protection, including a third-party vendor to support our efforts. The advanced surveillance ensures timely delivery, and allows for seamless intervention and interception of packages, ensuring the member a positive delivery experience. In addition we receive daily exception reports from our shipping suppliers that identify if potential delays are expected so we can engage and react accordingly.

Proactive Planning

We contact members proactively regarding the expected shipment date to confirm the amount of medication on-hand and set an appropriate delivery date for the arrival of the next refill. Members are assigned an acuity level based on their individual clinical status.

In the event of a natural disaster, members with the highest acuity are contacted on a priority basis to help ensure product levels. Each specialty pharmacy also has the ability to access another pharmacy's database to allow for dispensing to a member in an emergency. In the unlikely event that a member has an immediate need for product that cannot be met by available delivery schedules, or by a combination of national and local courier, we advise the member to obtain treatment at the nearest emergency room or hospital.

Specialty Counseling and Support

At the initiation of therapy, we counsel members and caregivers about their medical condition and therapy. This education includes one-on-one interaction with various members of the clinician-led CareTeam and New Patient Guide for the member and caregiver. Specialty pharmacy staff follow up on all subsequent contacts to offer an opportunity to speak with a pharmacist regarding any questions about their medications or therapy, including issues of product storage, expected side effects, etc.

In addition, we have established a network of home health agencies and registered nurses who are available to provide self-injection training in the member's home, in keeping with treatment guidelines.

Our AccordantCare specialty program provides an enhanced care management solution, which is offered on an opt-in basis to all members. Those members who choose to participate and fill a specialty drug at a CVS Specialty Pharmacy receive 24/7 access to our specialty pharmacists and nurses. They receive support and follow-up from our experienced clinical team who are trained in the treatment of the member's condition, which includes one of the following:

- Crohn's Disease
- Cystic Fibrosis
- Gaucher Disease
- Hemophilia
- Hereditary Angioedema
- Multiple Sclerosis
- Rheumatoid Arthritis
- Systemic Lupus Erythematosus
- Ulcerative Colitis.

How it Works

Once a member submits a specialty medication prescription to a CVS Specialty Pharmacy and is identified as eligible for the program, a Care Team member schedules a call with the highly trained nurse. The member remains in the program through the course of their treatment. The role of the nurse is to:

- Complete assessment, address care goals, monitor treatment and provide care coordination and other support
- Engage with the member regularly based on their individual needs.

Through this closely monitored care management program, members receive the following:

- Proactive outreach by phone and mail, along with web-based education
- Written information about the program and steps to enroll with each prescription order
- Motivation and behavioral skill reinforcement
- Risk assessment and regular follow-ups
- Physician notification and collaboration.

Members benefit from an integrated specialty pharmacist and nurse, which results in timely and coordinated clinical interventions. It leads to improved medication and care plan adherence. This not only improves the member's health but provides a significant savings to you through fewer hospitalizations and physician visits.

Potential savings from the AccordantCare program

We have seen an improved three-percentage points medication possession ration (MPR) and two fewer gap days between fills, as compared to other specialty only models. Additionally, we have seen the following savings and success:

- \$2,747 gross savings per engaged member
- 40% member engagement
- 24% decrease in hospitalizations
- 8% decrease in ER visits.

9. Is insulin or other diabetic supplies such as glucometers, test strips, lancets, etc. considered under the pharmacy benefit proposed or subject to medical plan benefits? If subject to medical plan benefits, please confirm service category.

Yes. This is covered under the prescription benefit.

To ensure that members with diabetes have the tools to control their blood sugar, we include the following diabetes supplies in all of our plan designs:

Alcohol swabs

- Blood glucose calibration liquid
- Injection devices including insulin syringes, needles and pens
- Lancet devices and kits
- Test Strips- blood glucose, ketone and urine

We can also offer you a \$0 Preferred Diabetic Benefit. This option entirely removes the member's cost share for certain preferred brands and generics. You may choose whether to offer a \$0 cost share with the following:

Preferred diabetic supplies

- Preferred insulin
- Preferred diabetic Supplies and insulin

10. Is proposed pricing offer based on implementation of any new mandatory mail programs, clinical programs or plan design changes?

Our proposed pricing assumes no Pharmacy plan design changes. The Pharmacy benefit would be subject to our Advanced Control formulary guidelines.

11. Does prescription drug proposal(s) allow the client the right to accept or reject formulary content decisions that impact plan design? Please provide data analytics specific to the client's drug mix and the associated economic impact.

We can support custom changes to the formulary at your request. Before choosing to implement a custom formulary, there are a number of factors that should be considered. These include the following:

- The offer in this proposal is based upon your alignment to our standard formulary. For a custom formulary, additional administrative costs may apply, ranging from \$50,000-\$100,000 depending upon the level of customization.

12. Is proposer willing to grandfather existing users of a non-covered drug? If so, please confirm if indefinite or subject to a defined time period (i.e. 12 months).

We do not allow grandfathering under the Advanced Control Formulary.

We proactively communicate with members regarding any drugs that still require prior authorization. We identify all members who require outreach for specialty drug transition.

Once we complete our claim analysis, we notify any members who are affected by:

- Formulary exclusions
- Step therapy
- Prior authorization edits.

We also notify physicians about any drug exclusions. We notify all affected members about these changes before their coverage effective date. In addition to needing the prior authorization file from your current pharmacy provider, we need a minimum of 60 days to reach out to affected members.

13. Is proposer willing to grandfather existing users of medications that require prior authorization (including specialty medications) without having to meet proposer's requirements?

No.

We proactively communicate with members regarding any drugs that still require prior authorization. We identify all members who require outreach for specialty drug transition.

Once we complete our claim analysis, we notify any members who are affected by:

- Formulary exclusions
- Step therapy
- Prior authorization edits.

We also notify physicians about any drug exclusions. We notify all affected members about these changes before their coverage effective date. In addition to needing the prior authorization file from your current pharmacy provider, we need a minimum of 60 days to reach out to affected members.

14. What is the generic substitution policy and process for both mail order and retail?

Generic substitution at retail

Our online claims adjudication system is fully integrated among all retail, mail and specialty claims, which helps enable us to maximize your generic substitution rate. All claims adjudicated by our system are verified against your plan design. When prescriptions written for brand drugs are adjudicated under a plan requiring generic substitution, a message is sent back to the retail pharmacist designating that a generic equivalent is available.

We also audit retail network pharmacies for accurate generic substitution dispensing. During these audits, we confirm that the physician has ordered "Dispense as Written" (DAW), on the brand prescription. We also verify that DAW was not arbitrarily added to the claim or rejection form to obtain payment for the brand prescription when a generic substitution should have been made.

Generic substitution at mail service and specialty

With so much of the rising medication costs being directly relatable to increases in brand drugs, we have developed a number of policies to increase the use of generic drugs. Promoting the use of generics when available and clinically appropriate is a cornerstone of our suite of clinical solutions as well as our industry-leading service model of improving health and reducing total costs.

We perform generic substitutions only with FDA-approved A-rated generic medications. When a prescription enters either our mail service or specialty pharmacies, it may occasionally have an identifier for the pharmacist. This indicates that although the medication is available generically, either the member or the physician has requested a DAW, so only the brand medication will be dispensed. In this situation, before dispensing the prescription, we call either the physician's office for a DAW1 or the member for a DAW2, to ask if they will approve a generic substitution.

If requested, we can select an automatic indicator in our claims adjudication system to appear when a generic equivalent is available. This option can increase your generic substitution rate.

15. Does proposer own the mail order program? If not, please confirm the Mail Order process.

Yes. We own and operate our own mail order facility.

16. Is proposer willing to conduct face-to-face meetings annually (including pharmacy director and financial analyst support) with the client to discuss financial and program enhancement/cost containment ideas that will assist the client in benefit design strategy, and will not necessarily be focused on plan design coverage reductions?

Yes.

On an annual basis, your Clinical Advisor also provides RxInsights, our in-depth annual executive summary that outlines your cost and utilization metrics, key performance metrics and financial results. RxInsights includes the following:

- Key metrics benchmarked against our book of business and like industries
- A year-to-year comparison and trends for your plans utilization and drug spend
- Top drugs and diseases states by cost and days' supply
- Specialty pharmacy trend, cost and utilization metrics
- High Cost Claimant Analysis - Identifies members with greater than \$12,000 in spend during a one year period
- Member impact and estimated savings based on your utilization for recommended programs
- Forecasting Trends - Therapeutic categories to watch based on your population

- Benchmark comparisons of your data against key metrics of our best-in-class customers

The Clinical Advisor is available for regular meetings, by phone or in person to meet with your team to provide additional guidance and show the results of your pharmacy plan.

17. Self-Insured PBM: Does prescription drug proposal(s) ensure that no discount guarantee value will be derived from (1) the additional co-pay value in member pay the difference claims, (2) the AWP value from any compound claims or bulk chemical claims that are labeled and adjudicated under U&C, and (3) the AWP value from pharmacy input errors? All discount guarantees will be trued up on an annual basis 90 days after the end of each contract year?

Confirmed with the exception of all discount guarantees being trued up in 90 days after the end of each contract year. Discount and Dispensing Fee guarantees shall be reconciled and reported to Customer within one hundred eighty (180) days following the guarantee period.

18. Self-Insured PBM: Does prescription drug proposal(s) ensure that Average Wholesale Price (AWP) for individual claims will not be an annual average, is from one consistent source and will not, in any way be calculated or adjusted or assigned an alternate NDC number?

Confirmed.

19. Self-Insured PBM: Each proposer must confirm that proposed generic guarantee is based on all generic drugs adjudicated and classified by MONY codes, including single source, and not only MAC'd generic drugs.

Confirmed

20. Self-Insured PBM: Does prescription drug proposal(s) provide an auditable contract with guaranteed price points at the specific client level?

Confirmed

21. Self-Insured PBM: Does proposer retain any portion of the Rx rebates (retail or mail)? If so, what percentage? If not, are you willing to provide a quote in which all rebates are passed through to the employer?

All rebates are passed through to the customer.

22. Self-Insured PBM: Please confirm that proposal includes Rx rebates payable directly to the Entity.

Confirmed.

23. Self-Insured PBM: Each proposer must confirm that the client will receive all quarterly formulary rebate and reconciliation payments within 90 days of quarter's close. If "Not Confirmed," indicate the number of days that you will pay quarterly rebates within?

Not confirmed. Rebate collections are paid quarterly one hundred and eighty (180) days after the quarter ends.

24. Self-Insured PBM: Do single-source generics fall within the proposer's generic or brand-name tiers? How are single-source generics classified when projecting discounts by tier?

Yes. Single source generics are classified as generics.

We always promote generics as a first line of prescribing by placing generics in the first tier. Most generics are included on our formularies.

We also want you and your employees to benefit from low cost brands. When brands offer a lower net cost, we make changes to our standard formularies by placing select brands on the first tier. This tier provides members with the lowest cost share. This allows for generic pricing when determining member cost for deductible or coinsurance or a flat tier one copay amount. We recommend placing these lower net cost brands in the first tier to benefit both you and your employees.

25. As a condition of responding to this Request for Proposal, the proposer understands and acknowledges that as a public sector governmental entity, the Entity is not subject to ERISA and, as such, is subject to state insurance laws including, but not limited to, the requirements of section 626.8825. Proposer further represents that it is in compliance with the terms and conditions of the Florida Prescription Drug Act and that nothing regarding the proposer's network, compensation, pricing, or administrative structure would prohibit the Entity from submitting the attestation of compliance thereunder, as required by law. Where requested by the Entity, proposer will submit such attestation on Client's behalf. Proposer agrees to indemnify the Entity from any and all losses arising from Carrier's failure to structure its administrative processes in a manner that complies with the Florida Prescription Drug Act.

Confirmed.

12. Questionnaire - General Information

1. Are you willing to provide performance guarantees for implementation and servicing of your products? If so, please describe the performance guarantees you are proposing.

Confirmed, we are offering our standard Performance Guarantees with up to 20% of fees at risk. Please see the financial package for further detail. For our fully-insured medical, we are providing our standard service guarantees with 1% of premium at risk.

2. Please indicate the group name, address, contact person, and telephone number of up to three firms in Florida to whom your company has forfeited money because of service problems in the last three years.

We have not forfeited money in the last three years due to service issues with any of our Florida clients.

3. Do you agree to allow retirees over and under 65 to continue coverage under the same plan at the same rate as active employees as required by Section 112.08, Florida Statutes, for public entities?

True

Confirmed.

4. Provide the name, title, and contact information of the individual who would have direct daily account responsibility for the employee benefits program(s) you are proposing. If more than one person will be filling this role, please respond with complete information for all. The Entity is requiring a dedicated representative on all lines, no 800 numbers or generic emails.

Your account team works with you to achieve the best possible success. Your Account Team includes:

Scott Weber is your Account Executive. He has overall responsibility for our relationship with you. He works with you to create your benefit program strategy and gather the right resources within our company to support it. Scott has overall responsibility for the strategic direction of your benefit program and our partnership with you.

His contact information is:

Scott Weber

727-212-1404

WeberS@[aetna.com](mailto:WeberS@aetna.com)

4630 Woodlands Corporate Blvd., Tampa, FL 33614

Jami Barnett is your day-to-day contact. She is your Senior Account Manager, and works in tandem with the rest of your team to ensure smooth operation of your benefit program. Jami is responsible for building and maintaining a strong relationship with you. This includes communicating with you on a regular basis, overseeing operational services for you, connecting all areas of our company to ensure commitments are kept and managing day-to-day services to make sure we provide you with quality service.

Her contact information is:

Jami Barnett

850-445-9778

BarnettJ@aetna.com

4630 Woodlands Corporate Blvd., Tampa, FL 33614

5. What is your account service team's average response time to client requests or questions?

Your account team will try their best to respond to your questions within 24 hours.

6. Describe the services provided by your account service team to the employees.

Our consultative account team works with you to ensure success and supports you by bringing new solutions to round out your overall benefit experience. Together, we customize your plan to meet your exact needs in the most cost-effective and efficient way possible. Your account team:

- Understands your objectives and is a true strategic partner and trusted advisor, creating integrated strategies to achieve the best results for your employees and their families
- Monitors data for trends, alerts you to any problems and proposes strategic solutions to address any barriers to success
- Builds trend reduction initiatives to ensure your plan remains cost-effective and provides the maximum financial benefit
- Provides you with the right data and information to help you best understand and manage your benefits plan along with customized analytics to support your specific plan and productivity strategy
- Solves any challenges to plan administration and works closely with you to demonstrate the full value of the programs and services included in your benefit plan

Your account team works closely with you to coordinate and execute an effective enrollment member education plan that is customized to meet your needs. This may include but is not limited to, employee communication strategies, wellness programs and member tools.

In addition, our concierges learn the benefit plan and culture of your organization and become familiar with the plan to answer questions immediately. Concierges use this information whenever they interact with members so that they can help them understand and use the benefits that are available to them.

7. Describe the services provided by your account service team to the Human Resources department.

We provide training to your HR and benefit team on what you need to know to manage your benefits plan. This includes how to access and analyze all program reports, as well as how to use our customer systems and web tools. We also train you on our digital tools that are available to members.

Your account team facilitates securing additional training on topics as needed, such as new programs or systems. We customize our training to your specific needs. Additionally, your account manager is available daily to answer any questions.

8. Please confirm your customer service hours. Please also confirm the location (city and state) of your call center's headquarters.

The hours of operation for Aetna Concierge are Monday through Friday, 8 AM to 6 PM, local time. After hours, members reach a call recording asking them to call back when the office is open.

Upon request, we can offer expanded service hours which can include 24-hours, Monday through Friday, or 7 days a week. A team of offshore representatives handle after-hours calls.

Your customer service center is located in Jacksonville, FL.

9. Does your company help facilitate annual open enrollments?

Open Enrollment Support	Response
a. Onsite meetings?	Confirmed.
b. Educational materials?	Confirmed.
c. Printed Materials at no cost?	Confirmed.

10. What is your company's current A. M. Best, Moody's and/or Standard and Poor's ratings?

A.M. Best: A

Moody's: A2

Standard and Poor's: A-

11. Do you utilize any "wrap" or leased networks not negotiated or owned by your company? a. If yes, what is the name of the network?

We have a strong national presence and have developed networks to service members throughout the country. We directly contract with more than 90 percent of our provider network. If we do not have a directly contracted network in an area, we may use rental network vendors that administer provider networks on our behalf, based on our contract standards and principles. Rental networks are for PPO-based products only, and network vendors vary by region. There are no rental network arrangements in Florida.

Rental networks are seamless from the member's perspective. We educate providers in these networks to accept Aetna members, and the network vendor logo appears on the member ID cards of members living within the vendor's service area. Members may determine if a physician or hospital participates in the network by calling Member Services or through our provider search.

National Advantage Program

We offer a program that helps reduce out-of-network claims costs. Our National Advantage™ Program (NAP) allows our customers and members to obtain claims savings on covered medical claims for services not provided within the network or for non-network plans. NAP is included in fully insured plans for no additional cost.

NAP consists of facilities, ancillary providers and physicians contracted under Aetna's direct networks as well as through vendor arrangements. With this program, members can access negotiated rates for many of Aetna's directly contracted providers. Members may also visit providers in one of our third-party vendor networks and get negotiated rates for certain out-of-network services.

If a contracted rate is not available, we attempt to negotiate an ad hoc rate for non-participating providers or providers without a contracted rate.

We include two additional components of NAP for added savings:

- Facility Charge Review applies a recognized charge allowance on out-of-network inpatient and outpatient facility claims, where a NAP contracted rate is not applicable
- Itemized Bill Review provides for a line-by-line review of high dollar facility claims for billing errors prior to claim adjudication

Claims must meet criteria to be eligible. Some claims excluded from the program include Medicare and COB claims where we are the secondary payer and claims the member paid directly to the provider. Certain NAP components may not apply for claims that fall under surprise bill legislation.

Vendors

NAP vendors maintain contracted rates in their national provider networks, which feature physicians, hospitals, and ancillary providers and facilities.

NAP vendor networks:

- Multiplan, Inc., based in New York, NY
- Beech Street Corporation, a Multiplan company, based in New York, NY
- First Health, an Aetna affiliate under common ownership with NAP, based in San Diego, CA

We also contract with Optum to offer Itemized Bill Review, an additional feature of NAP, for certain large inpatient claims from in- and out-of-network facilities.

12. Describe capabilities available through member website and mobile app. Please describe further any additional functionality available to employer as plan administrator.

Our member website, mobile app and Employer Secure Website capabilities are described below.

Member website

Our member website makes it easy and convenient for members to manage their health and benefits. Through our member website, we bring together the things that matter most to our members' health with personalized experiences, clear benefits, comprehensive care options and guidance tailored to the full spectrum of health needs and goals.

Our member website helps members:

- Connect to the right care at the right time
- Manage plan benefits and costs
- Improve health and well-being with valuable programs and tools

Connecting to care

We guide members to convenient, high-quality care with their preferences in mind, providing in-network options that are the right fit for them. Members can:

- Customize searches for in-network providers (virtual and in-person), behavioral health support, facilities and pharmacies
- Find providers who can offer them the most empathic care with cultural competency certifications earned through training on disparities, bias, cultural humility and patient experience
- Compare providers side by side to help when making provider choices and then be intelligently matched with high-performing providers uniquely suited to address their care needs
- Read provider reviews from other patients
- Estimate costs before a visit or procedure
- Schedule appointments with a care manager
- Review frequently asked questions

Managing plan benefits and costs

We make sure members have access to clear and simple explanations and actions before, during and after care. Members can:

- Review their plan summary for coverage and cost details, including common benefits such as office visits, tests, overnight hospital stays, same-day surgeries, urgent care and maternity needs
- Add or update primary care providers (PCP) for themselves and dependents
- Share or print their member ID card
- Ask registered nurses health questions through secure member messaging
- Track how they've used their plan each year, including deductible and out-of-pocket max spending, fund accounts, annual health care visits and over-the-counter benefits
- Review prior authorization statuses to see if a service or medication is covered
- Submit claims
- Check claim statuses, take follow-up actions when needed, and easily understand their share of costs with messaging that's continuously refined by testing and analytics
- Manage prescriptions, order and track refills and print prescription details
- Download claims, EOB statements and other important forms safely and securely
- Contact member services with a call, secure member message or chat

Improving health and well-being

We get members involved in their own health care with interactive programs and tools that help coach and motivate them through every day health concerns, decisions and conditions. Members can:

- Complete a comprehensive well-being assessment
- Receive personalized health actions
- Enroll in digital self-directed coaching programs
- Connect with behavioral health resources
- Get support with health decisions
- Access digital support centers such as maternity, cancer and transgender care with resources for members and caregivers
- Use health trackers and device integration
- Watch engaging videos
- Earn incentives for completing health-related activities
- Participate in individual, peer and team challenges

We never stop looking for innovative and meaningful ways to give our members access to engaging, convenient, cost-effective health and well-being resources. Our member website supports members' and their unique lifestyles, making it easier for them to achieve their best health.

Aetna Health mobile app

In addition to the online portal, members can also use our Aetna Health app to find care, manage benefits, and access tools for health and wellbeing.

Our Aetna Health app brings convenient, easy-to-use features and tools to members' everyday devices with proactive and personal touchpoints that encourage them to engage with their health care.

Using our app, members can:

- Connect to care by finding high-quality in-network providers (in-person and virtual), facilities and pharmacies
- Manage plan benefits and costs while accessing clear, simple explanations and actions before, during and after care
- Improve their health and well-being by using interactive programs and tools that coach and motivate them through everyday health concerns, decisions and conditions

Our dedication to centralized health data and records, caregiver access and cost transparency further helps members achieve better health outcomes without stress or needing to guess along the way. With the Aetna Health app by their side, members can reach their health goals knowing we're there for them anytime they need us.

Employer Secure Website

Our Employer Secure Website makes it easy for you to get the information you need when you need it. The site features one-stop benefits administration functions available through single sign-on and an easy to navigate home page with links to commonly used resources.

The Employer Secure Website allows you to quickly perform common administrative functions such as checking eligibility status.

The home page of the Employer Secure Website provides quick links to the most used customer resources, including:

- Access to reports - You can view our full suite of reports with a single sign on. From utilization reports to claim, banking, medical management and well-being reports, the site provides a convenient way to access data in one place. You can also view ad hoc reports from the site.

- Access to other resources - You can link directly to our provider search and our **Aetna.com** home page.

13. Describe any available benchmarking tools proposer can provide.

We provide benchmark and normative data for cost and utilization statistics through our Analyze-Rethink-Transform (ART) reporting system, which provides comparative data so you can better gauge your plan's performance. We update standard report norms monthly and adjust them by product, region and age and gender.

Industry data is available using data for companies within a like industry. We produce and provide data for our internal book-of-business.

14. Please specify if proposer is SSAE 18 / SOC / SAS certified.

We engage our external auditor, Ernst & Young, to perform Type II SSAE 18 SOC 1 reports. The most recent reports cover our medical/dental and pharmacy applications as well as IT General Controls. The medical/dental and pharmacy Type II SSAE 18 SOC 1 reports are issued twice a year with a rolling twelve-month scope coverage ending March 31 and September 30.

All reports are available in electronic (PDF) format. Current self-funded customers may request the most recent copy of our Type II report applicable to the service we provide the plan from their assigned account manager.

The most recent medical, dental and pharmacy SSAE 18 SOC 1 Type II reports were released in December 2023. They cover the time period, October 1, 2022 through September 30, 2023.

The next SSAE 18 SOC 1 reports for medical/dental and pharmacy are expected to be released in early June 2024. They will cover the time period, April 1, 2023 through March 31, 2024.

SOC 2

We can provide a SOC 2 report. Our current report covers July 1, 2022 through June 30, 2023.

15. Describe any fee/payment arrangements you have in place that promote affordability, quality and access to care.

We deliver greater affordability and medical cost savings to our customers by:

- Driving savings through integration - Through our combined capabilities, CVS Health and Aetna are delivering improved outcomes and savings as more members connect to more of our touchpoints. According to our most recent data, our seamlessly integrated approach leads to accelerated and increased savings year over year, for a total cost-of-care savings up to \$67 per member per month. We observed a sustained 3-6 percent per member per month lower overall medical spend, on average, over a three-year period.¹

- Increasing member engagement - Armed with the right information from Aetna Advice at the right time, members can make healthier cost-saving choices. We're already seeing the impact of targeted outreaches from Aetna Advice. Results from our program demonstrated a 23 percent behavior change in ER to urgent care visits, a 16 percent increase in use of a preferred lab, and a 15 percent increase in engaged members scheduling a comprehensive well-being exam.² Aetna Advice can drive savings of up to \$6 per employee per month for customers with our Aetna One Flex clinical programs.³
- Simplifying primary care - With Aetna Virtual Primary Care, members get the convenience and flexibility of virtual visits with their dedicated virtual care provider with phone or in-app messaging access to their Care Team with little cost or wait times. Members pay either a \$0 or low copay for virtual care provider visits and covered in-person services at MinuteClinic® and CVS HealthHUB™ locations.
- Reducing unnecessary ER admissions - Our more than 1,100 MinuteClinic locations offer a variety of clinical services that can deliver care faster and at a lower cost than other settings. The appropriate use of MinuteClinic services can save the member 90 percent compared to similar services delivered in a traditional emergency room setting. Our no-cost / low-cost MinuteClinic benefit has already driven more than 4 million members to this affordable alternative.⁴
- Improving affordability - We offer an array of innovative plan design options to provide our members the freedom to choose the affordable health care services they need.
- Understanding social determinants of health - We've created a data-driven framework to enable customers to identify and address inequities in their employee health plans.

¹ CVS Health/Aetna Clinical Analytics Integrated Value 2021. Actual savings may vary by and depend on products purchased by plan sponsor.

² Results are based on Aetna® study data of insured businesses. Actual results may vary, based on characteristics of population.

³ CVS Health® Analytics and Behavior Change. Aetna Advice program level results, 2021.

⁴ CVS Health and Aetna Enterprise Analytics 2020. Aetna MinuteClinic - Utilization Analysis, July 2020. Represents 4 million members enrolled to date in the no-cost MinuteClinic offering.

16. Provide the name, title, and contact information for three (3) references for Florida Municipalities with at least 2,500 covered employees. Additionally, please ensure that your proposed references are not part of a Trust or other type of consortium. Your references should be entities that have been insured by your company for at least three (3) years immediately preceding the response due date. Please include:

13. Questionnaire - Data and Reports

1. Describe the monthly reports you will provide regarding the utilization and claims associated with the employee benefits program(s) you are proposing. Please indicate in your description if any of the reports would be provided at an additional cost over the fees associated with the programs.

Self-Funded

We provide you with comprehensive reporting. This includes utilization reporting so you can understand and analyze key aspects of your plan performance as well as trends within your employee population. We've included information on our comprehensive standard reporting, included report formatting and frequency below.

Utilization reports

We offer a state-of-the-art data and analytics experience to encourage data-driven decision making for optimal plan performance and health improvement strategies. We grant secure access to Analyze-Rethink-Transform (ART), our powerful analytic platform to customers, trusted account teams and supporting resources and customer-approved advisors, brokers and consultants. ART provides key metrics and trends affecting costs, behaviors and plan performance.

ART is designed for you to derive meaningful insights into opportunities for plan improvements and cost savings, using a self-service business intelligence approach. This means users may explore data within an intuitive, point and click environment.

Uniquely, we offer users analytics to understand how social determinants may be affecting utilization and costs. As part of your plan design evolution this lets you assess what is and is not working with an increased understanding of the possible barriers members may be experiencing.

We also provide access to many standard, preformatted reports which can be run on demand with choices of filters such as account structure, age band and relationship. Equipped with strategic

information, you can save time as well as make effective, data-driven improvements to your benefit plan to address the constantly evolving needs of your employees and their families. You'll also be better able to manage costs and improve your bottom line through data-informed cost management and health engagement strategies.

Preformatted reports

Preformatted reports are also available at the customer level by funding arrangement and product type on an incurred claim basis, rolling 12 months with a 2-month claim lag time. The reports offer a view of the current year's and the prior year's data, illustrating utilization and financial trends in a concise, graphical format.

Our analytic platform is a standard component of our administrative services through which reports can be downloaded into Microsoft Excel for review, analysis and electronic communication.

The standard preformatted report package provides data on the following:

- Plan performance (including CVS Caremark when our medical product is linked to a pharmacy plan) on key financial and utilization metrics, prior and current with some current Aetna book-of-business comparisons, such as paid per member and per employee, admissions per 1,000 members, bed days per 1,000 members, average length of stay and office visits per 1,000 members.
- An Executive Summary providing quick analysis on plan performance by summarizing the key information from the report package.
- Medical membership demographics by age bands and gender, prior and current with Aetna book-of-business comparison and current membership age band buckets by gender with plan paid comparison.
- Paid claims for medical catastrophic claimants with user specified dollar threshold, prior and current reporting periods and current trend with and without these catastrophic claimants. There is an additional detail report showing medical catastrophic claimants with a user specified dollar threshold that includes inpatient and ambulatory paid amounts and diagnosis code. We mask these reports to protect against individual identification.
- Detail by Major Diagnostic Category (MDC) including three reports: one total report showing facility and professional claims, one inpatient report and one outpatient report. Each report shows the prior and the current period.
- Select reports that provide a comparison to our product specific book-of-business benchmarks, which are also adjusted for the age and gender of your population.
- Provider network experience, including discount savings by inpatient, ambulatory, physician and other for prior and current reporting period.
- Medical cost sharing showing COB, deductible, copays, coinsurance, employee-paid portion and employer-plan paid portion.
- Trend analysis, utilization and unit cost by medical cost category.
- A Hospital Profile showing the top 25 hospitals ranked by total medical claims paid amounts.

- A Health Profile showing top 25 diseases ranked by paid amounts and listing those diseases under the plan that are part of our disease management programs.
- Key statistics for pharmacy by generic, brand single source and brand multi-source for medical plans with our integrated pharmacy plan.

The Standard Report package can also be run with variations on time periods, account structure, product combinations, network service area, large claimant threshold and claim basis (incurred versus processed). We update our data monthly.

In addition to the product-specific standard reports, we offer a Summary by Product package that provides key information for all medical product lines, pharmacy and dental in one package.

Accounting reports

At the end of each contract period, we determine the service fee for the period, including any direct expenses for late service fee payments or claim wires and charges for special services, such as customized reports, new business or printing.

If the service fee calculated at period end is different from the service fee collected throughout the period, reconciliation is included in the accounting package. If the fee is greater, you remit the difference. If the fee is less, then we return the difference to you.

We provide the accounting 120 days after the end of the contract period. Reports are available electronically, usually in Microsoft Word format.

The annual accounting includes the following exhibits:

- Master Services Agreement (MSA) Reconciliation - This shows recorded claims, pending adjustments and the resulting wire transfers. It also compares paid fees to actual fees to develop the MSA balance.
- Current and Prior Period Reserve Analysis - This shows recommended reserve levels, for customers who hold reserves, by comparing prior recommended reserves to actual contract period run-off claims and new reserves to current run-off to date.

Banking reports

We provide the following monthly banking reports in a Microsoft Excel format. We make the reports available to you through our secure email no later than the 25th of the following month for the prior month's activity.

- Funds Summary Report - This report provides a current month and a year-to-date control-suffix breakdown of claims and the funding applied.
- Funds Request and Receipt Report - This report shows the daily wire transfer requests and receipts for a given month.

Claim reports

We provide you with monthly Claim Detail reports in a Microsoft Excel format 10 business days following the end of the reporting period. The electronic reports summarize claim activity by line of coverage, along with providing detailed claim information for each employee as well as claim totals for employees and dependents by Medicare status. Claim reports are delivered to you through secure email.

Analytic consulting

Our Plan Sponsor Insights (PSI) consulting group provides analytic support to customers with 100 or more enrolled subscribers. The PSI approach brings regionally aligned teams with specialized skills and expertise to analyze data from many angles. PSI uses curated benchmark information and local market intelligence to showcase financial and utilization trends and population health characteristics. Armed with these insights, your account team identifies opportunities and proposes actionable strategies that have the highest impact on plan performance. Analytic consulting services include ad hoc reporting.

There is no additional cost for utilization reports.

Fully Insured

Our standard reporting package for fully insured medical plans is included at no additional cost.

Utilization reports

Analyze-Rethink-Transform (ART), our business intelligence tool, is an advanced data analytics and reporting solution that delivers a flexible, integrated analysis and reporting across multiple products and services. ART offers self-service analytics for customers, brokers, and trusted consultants. Everyone can access the data directly through a secure, personal login.

ART places valuable information at the fingertips of benefit managers. The City can perform interactive data analysis on key cost and use measures, medical trend and membership. All reports are customer specific and can be filtered by account structure, product type, incurred (with lag) or processed. Users can drill further into the data and examine the information by:

- Time period
- Relationship
- Age
- Local Plan Market
- Provider specific detail

ART is part of our standard administrative services offering. Reports can be downloaded for review, analysis and electronic communication.

Platform capabilities

Through a single, integrated platform, ART provides direct access to high-value information with self-service capabilities and standard reporting. ART includes access to a wide variety of standard drill downs, analytic pathways and data visualizations to help address typical and high-value trends for your population.

Self-service analytics

ART's self-service capabilities include:

- Secure access to integrated financial and clinical information
- An intuitive user interface that allows you, your Aetna account team and your brokers, consultants, and trusted advisors to perform analysis and answer the right questions with the right information
- A comprehensive view of your plan performance and key metrics with intuitive dashboards and reports
- Integrated data and value-added analytics access with information from diverse data inputs from multiple product lines, including:
 - Medical claims, including behavioral health
 - Pharmacy claims, both traditional and specialty
 - Enrollment and member demographic data
 - Provider data
 - Data on products and benefit plans
 - Aetna book of business benchmarks
 - Dynamic, on-demand access to your information with reports and exhibits that meet your needs

Standard reporting

Preformatted standard reports are produced at the customer level based on Underwritings' release policy for fully insured, experienced-rated customers. The information is available on an incurred basis, rolling 12 months with a 2-month claims lag. The reports offer a view of the current years and the prior year's data illustrating utilization and financial trends in a concise, graphical format.

Standard reports provide data on the following:

- Plan performance (including CVS Caremark when medical product is linked to a pharmacy plan) on key financial and utilization metrics such as paid per member and per employee, admissions per 1,000 members, bed days per 1,000 members, average length of stay and office visits per 1,000 members.
- Executive Summary providing quick analysis on plan performance by summarizing the key information from the report package.
- Medical membership demographics by age bands, gender, and plan paid comparison by prior and current time periods.
- Paid claims for medical catastrophic claimants with a dollar threshold of \$50,000, prior and current reporting periods and current trend with and without these catastrophic claimants. There is an additional detail report showing medical catastrophic claimants with a threshold of \$50,000, which includes inpatient and ambulatory paid amounts and diagnosis code. These reports are masked for protection against individual identification.

- Detail by Major Diagnostic Category (MDC) - including three reports: one total report showing facility and professional claims, one inpatient report and one outpatient report. Each report shows the prior and the current period.
- Provider network experience including discount savings by inpatient, ambulatory, physician, and other for prior and current reporting period.
- Medical cost sharing showing COB, deductible, copays, coinsurance and employee paid portion.
- Aetna product-specific book-of-business benchmarks for select utilization data.
- Percentage of medical paid amount and per member paid amount by medical cost category. Additional report shows utilization and unit cost by medical cost category.
- Hospital profile showing the top 25 hospitals ranked by total medical claims paid.
- Health profile showing the top 25 diseases ranked by paid amounts and listing those diseases under the plan that are part of our disease management programs.
- Key statistics for pharmacy including generic, brand and formulary utilization if medical plan linked to an Aetna pharmacy plan.

There is also a Fully-Insured Drill Down package which can be run for various time periods, account structure, product combinations, network service area, large claimant threshold and claim basis (incurred versus processed).

2. What is your proposed frequency of reporting on utilization experience? Is there a charge for utilization data analysis?

We offer a state-of-the-art data and analytics experience so you can make data-driven decision making and optimal plan performance and health improvement strategies. We grant secure access to Analyze-Rethink-Transform (ART), our powerful analytic platform to customers, trusted account teams and supporting resources, and customer-approved advisors, brokers and consultants. ART provides key metrics and trends affecting costs, behaviors and plan performance.

ART is designed so you can derive meaningful insights and opportunities for plan improvements and cost savings with a self-service business intelligence approach. This means users explore data within an intuitive, point-and-click environment. We offer many standard, preformatted reports - which can be run on demand - by filtering for choices such as account structure, age band and relationship. Equipped with strategic information, you can save time and make effective, data-driven improvements for your benefit plan and address the constantly evolving needs of your employees and their families. You'll also be better able to manage costs and improve your bottom line through data-informed cost management and health engagement strategies.

Utilization reports are provided monthly and there is no charge for utilization data analysis.

3. The Entity utilizes NavMD as their third-party data analytics system. Please confirm that you will be providing file feeds to NavMD on a monthly basis. Please include any costs for file feeds in your ASO fee.

Confirmed. We have included monthly universal claim files for medical and pharmacy.

4. Are there any additional fees for reporting? Please provide all reporting options/packages and their associated costs. It is the request of the Entity that proposers absorb the costs of monthly reporting packages.

There are no additional costs for the standard reporting package. Any custom reporting requests may be subject to additional expenses.

We provide a variety of comprehensive reporting packages that allow you to evaluate plan and program performance, monitor cash flows, and identify cost and utilization trends. Availability of certain reports is dependent upon your plan of benefits. We have outlined the type of reports that will be available to you including the frequency.

5. How often are internal claim audits conducted and what percentage of claims are audited? If you use a third-party to audit claims, please disclose the name of auditor.

We use stratified audits. We don't audit claims using a fixed percentage. In keeping with the industry best practices, a sampling of claims is randomly selected from within each stratum. On a quarterly basis, we typically audit over 300 claims per stratified audit.

Self-funded Audits

We welcome independent audits of relevant records and documentation by you and your representatives, provided it doesn't interfere with our business operations or the confidential interests of our company or another party. For contractual purposes, an audit of our claim's administration process is defined as performing a review of claim transactions for the purpose of assessing the accuracy of benefit determinations and shall be subject to a mutual agreement as to nature, scope, format, structure, and cost. We work from established audit guidelines that are accepted in this industry and we are confident we can meet your needs in this important area as well.

Fully-Insured Audits

We do not allow third-party audits for prospectively rated fully insured plans. For these fully insured plans, we assume claims responsibility; therefore, all claim data and information associated with fully insured plans becomes our property.

Should you require your employees' claim data or related information for business purposes, we are willing to share information, provided the nature of the information requested is not considered proprietary and confidential, or upon receipt of an appropriate release signature by the member.

6. How do you identify fraudulent claims and how will you notify the Entity?

We subscribe to a zero-tolerance policy on health care fraud. Our Special Investigations Unit (SIU), comprised of more than 160 employees, is responsible for our health care fraud, waste and abuse program.

Provider

Our Special Investigations Unit (SIU) uses multiple IT software anti-fraud solutions to proactively data mine for fraudulent or abusive billing patterns and to assist us with our investigations. The suite of software products we use enables link analysis, predictive analytics, top down analysis and automated lead generation capabilities.

To complement our detection solutions the SIU employs multiple SAS programmers who provide ad hoc analysis and data mining reports to our investigative staff.

We use automated claim review software to identify and adjust for unbundling of services and duplicate claim billings. We also use this software to identify diagnoses and procedures designated as inappropriate according to our clinical policies.

Our SIU is also made aware of cases of potential fraud through:

- Industry and law enforcement contacts
- State departments of insurance
- Medical review boards
- Calls to our toll-free fraud hotline
- Referrals from claim processors
- Emails to our public mailbox

When we suspect fraud, we create a case and assign it to a SIU investigator. When the investigator substantiates an allegation of fraud, or when fraud, waste, or abuse is highly suspected, we often place a flag on the provider's file. The flag triggers an edit that either auto denies certain claims or drops claims from auto adjudication for manual prepayment review. In 2022, fraud flags helped to save more than \$369 million in pre-payment claim denials (red flag savings).

We currently have more than 20,000 providers flagged for potential fraud, waste and abuse.

Customer/employee/member

We have a strong rapport with various law enforcement groups and receive frequent referrals from them. We also have a toll-free fraud hotline that anyone can use. We provide the telephone number on claim forms, health care spending account updates and EOBs.

Internally, we have focused on the identification of potential member fraud by providing fraud training for all employees. The training is available online. We update training material as necessary and track attendance.

We also have claim review policies that require audits of claims to help identify potential member fraud. We can place a member notice in the system (much like we do a provider flag) when there is evidence that a member is attempting to deceive or abuse the system.

Claims personnel

We inform processors and other claim personnel about our fraud program. Continued fraud education is a critical deterrent. Our employees are aware of the sophistication of our program and the extreme penalties for such activity.

Our internal controls include the following:

- Password and procedural limitations within the claims system
- Security edits built into the claims system
- A series of miscellaneous audits designed to target areas with the potential for abuse (for example, unassigned payments or overrides)
- A 24-hour toll-free ethics line for employees to report known or suspected acts of employee misconduct

Internal investigations involving employees, agents or vendors are the responsibility of the Corporate Compliance Department.

Notification

You will receive notification through your account representative upon completion of the investigation.

7. Describe the process for identifying and paying claims which may be subject to subrogation.

We use The Rawlings Company, an experienced, national vendor of third-party recovery services, headquartered in Louisville, KY, as our subrogation vendor.

Self-Funded

Subrogation is a standard component of the fully insured contract, and no additional fees apply.

We send paid claims data to Rawlings for investigation. Using predictive analytics, Rawlings mines paid claims data and member eligibility data using a proprietary set of diagnostic codes to identify trauma-related treatments. Rawlings proprietary analytics, along with the use of multiple data sources has reduced our need to involve the member in the investigation process.

As a last resort, where information is not available from other data sources, members are mailed up to five inquiry letters that include a brief questionnaire asking about their treatment. Rawlings opens a file and pursues all avenues of recovery upon confirmation that a recovery situation exists. Subrogation opportunities may also be brought to our attention when we are asked to respond to a subpoena in a member's tort lawsuit requesting records of payment.

Rawlings remits funds and reports to us on a twice a monthly basis. We retain all net recovery dollars for fully insured plans.

Fully Insured

Subrogation is a standard component of the fully insured contract, and no additional fees apply. Our subrogation program is only administered on a "pay and pursue" basis, since to subrogate, we must first incur a medical expense.

We send paid claims data to Rawlings for investigation. Using predictive analytics, Rawlings mines paid claims data and member eligibility data using a proprietary set of diagnostic codes to identify trauma-related treatments. Rawlings proprietary analytics, along with the use of multiple data sources has reduced our need to involve the member in the investigation process. As a last resort, where information is not available from other data sources, members are mailed up to five inquiry letters that include a brief questionnaire asking about their treatment. Rawlings opens a file and pursues all avenues of recovery upon confirmation that a recovery situation exists. Subrogation opportunities may also be brought to our attention when we are asked to respond to a subpoena in a member's tort lawsuit requesting records of payment.

Rawlings remits funds and reports to us on a twice a monthly basis. We don't provide subrogation recovery reports to fully insured customers. We retain all net recovery dollars for fully insured plans.

8. Please confirm that there will be online access for claim reports by the Entity and Gehring Group.

Yes. The Entity has on-demand access to utilization reports through ART, our online business intelligence platform. Reports include incurred claims and premium data. At your request, and with the appropriate agreements in place, we can authorize Gehring Group as designated users of ART. ART allows brokers or consultants to see utilization reports, interact with the data directly and understand the context and drivers influencing reported results.

14. Questionnaire - Enrollment & Implementation Technology

1. Does your company (or third-party) process electronic eligibility files via automation or are manual steps necessary? If manual steps are required to process files, please explain this process and impact on processing time.

SecureTransport™ is our preferred method of receiving eligibility information through the Internet. It is a high-performance file transfer method which uses client-based software to transmit data through the Internet. The customer or their vendor can upload eligibility information directly into our system.

SecureTransport eliminates the need to submit paper forms or produce and send tapes, cartridges, or diskettes. It accepts compressed files such as WinZip, which allows faster and more successful transmission of data. SecureTransport is a trademark of Axway used under license.

We can also accept eligibility data electronically through e.Listing, EDI and electronic file transfers using a PC-to-mainframe, or mainframe-to-mainframe connection.

We prefer to receive eligibility data in the industry standard ANSI 834 format, our proprietary 2000-byte record layout, or our Consolidated Eligibility Format (CEF) file. We review non-standard formats to determine if they are acceptable and quantify any additional costs.

The designated eligibility consultant can assist the customer with manually enrolling a member on an emergency basis. Manual updates appear immediately in the eligibility system.

Our system overwrites any ad hoc changes made to our system if the new information is not included in the next regular transmission.

2. Does your company outsource the processing of electronic eligibility to a third-party? If so, please provide company name.

No. We process eligibility in-house.

3. Please specify if your company (or third-party) accepts the HIPAA 834 5010 file layout as well as all other file layouts accepted for automated enrollment. Please provide applicable coding supplements and other applicable file specification documents.

Confirmed. We recommend that our customers, or their eligibility vendors, provide electronic eligibility in our preferred industry ANSI 834 file format. This format allows the most flexibility in meeting the customer's eligibility reporting needs.

We can also accept an electronic eligibility file in our proprietary 2000-byte format or in our Consolidated Eligibility Format (CEF) file format.

Any customization to our standard format is evaluated on a customer-by-customer basis. If approved, charges to establish and support the customization generally do apply.

Please refer to the attachments *Consolidated Eligibility File Layout.xlsx* and *Enrollment File Layout_ANSI 834 Format.pdf*.

4. What is your company's (or third-party's) standard processing time for electronic eligibility to be updated in all applicable internal systems (eligibility/claims/billing/etc.)? If time varies, please specify for each system.

We upload electronic eligibility files received in the proper format automatically to our mainframe system. Our standard is to load eligibility received on paper within four calendar days of receipt.

Our system automatically compares information in the file to information in our eligibility system. It then applies any terminations, changes and additions. We run a batch process each night to update the system.

Once we upload the eligibility information to our mainframe system, we notify the customer's designated eligibility consultant to review an edit of the file online. Within 48 hours the eligibility

consultant reviews the file, and if there are no other data quality concerns, we update the eligibility system. Updated information appears in our eligibility and claims system immediately. Eligibility files submitted in an incorrect format do not automatically proceed to the edit stage and the eligibility consultant is notified of the problem. The eligibility consultant is responsible for working with the customer to resolve any errors, data quality or formatting issues that may arise.

5. Will your company (or third-party) provide confirmation notification to the group when files are processed? Please provide details related to this notification process (email, requirement of group to log into company website, etc.)

Confirmed. Your designated eligibility consultant notifies you when we receive and upload eligibility files. Once we load the file and create reports, the receipt of the reports is your additional confirmation of successful processing.

6. Please provide implementation time (in days) for initial set-up of automated enrollment (electronic eligibility) of an established group with your company.

90

We recommend sending test eligibility files at least 90 days prior to the effective date and sending full eligibility files 30 days before the effective date.

7. Please provide implementation time (in days) for initial set-up of automated enrollment (electronic eligibility) of a new group with your company.

90

We recommend sending test eligibility files at least 90 days prior to the effective date. This allows time for any adjustments to the file and subsequent testing prior to sending a full eligibility file. We recommend having a full eligibility file 30 days before the effective date.

8. Please provide set-up time needed for changes to file structure, plans, funding strategy, platform changes for an established group with your company. What alternative options does your company provide to receive enrollment should these changes cause delay in set-up of the EDI process?

We work with the customer during implementation to determine the methods available to obtain initial and ongoing eligibility. These discussions include:

- Medium
- Frequency
- Transaction types

We can accept transaction-only electronic files or full in-force files twice a week, weekly, twice a month or monthly. We prefer full in-force and weekly files. We accept transaction-only files if we receive at least one full file submission each quarter.

We upload electronic eligibility files received in the proper format automatically to our mainframe system. Our standard is to load eligibility received on paper within four calendar days of receipt.

Our system automatically compares information in the file to information in our eligibility system. It then applies any terminations, changes and additions. We run a batch process each night to update the system.

SecureTransport™ is our preferred method of receiving eligibility information through the Internet. It is a high-performance file transfer method which uses client-based software to transmit data through the Internet. The customer or their vendor can upload eligibility information directly into our system.

SecureTransport eliminates the need to submit paper forms or produce and send tapes, cartridges or diskettes. It accepts compressed files such as WinZip, which allows faster and more successful transmission of data. SecureTransport is a trademark of Axway(used under license.

We can also accept eligibility data electronically through e.Listing, EDI and electronic file transfers using a PC-to-mainframe, or mainframe-to-mainframe connection.

We prefer to receive eligibility data in the industry standard ANSI 834 format, our proprietary 2000-byte record layout, or our Consolidated Eligibility Format (CEF) file. We review non-standard formats to determine if they are acceptable and quantify any additional costs.

9. Please provide file testing time frame (in days) for initial set-up and structure changes.

90

We recommend sending test eligibility files at least 90 days prior to the effective date. This allows time for any adjustments to the file and subsequent testing prior to sending a full eligibility file. We recommend having a full eligibility file 30 days before the effective date.

10. Please provide the standard time frame required to process files, generate, and mail member ID cards. What options does the group have if ID card delivery is delayed beyond the plan effective date?

To make ID cards available on or before the plan effective date, we need the clean eligibility file at least 15 business days before the plan effective date if you use electronic submission. If you use paper enrollment forms, we need the clean enrollment forms 30 business days before the plan effective date.

Generally, the digital image is available the day after the vendor receives the output file. There is no charge for our digital ID card. Members can print their card by going to **Aetna.com**. They can print a card for themselves and their dependents.

Members requesting that we mail a replacement ID card receive it within 7 to 10 business days from when we receive a request.

11. Please confirm your company will provide ongoing file feeds to multiple third-party vendors (i.e., PBM, Stop Loss, and Data Analytics) at no cost to the group?

We can transfer data to any vendor that you designate, with the appropriate confidentiality agreements in place. Our Informatics Group has more than 30 years of experience in vendor interface. Recipients of our information use it for analytical reporting, auditing, condition management, flexible spending account administration and many other health plan functions and services.

We typically disclose processed claim transaction data in our standard universal file formats. There is one file format for medical and dental combined, and a separate format for CVS Caremark. Standard universal files are available electronically on a fee-for-service basis and include an initial set-up fee and annual charge. The charge varies based on frequency. Frequencies include monthly, quarterly, semi-annually, annually or irregular.

Pricing for our standard claims data extracts is:

- Standard universal Medical/Dental File - Our fee is \$1,000 for the initial set up and first file and \$500 for ongoing frequencies after the first run.
- Standard universal Pharmacy File - Our fee is \$1,000 for the initial set up and first file and \$500 for ongoing frequencies after first run.

For example, if both data extracts are provided monthly, charges for production of the universal Medical/Dental and Pharmacy files are \$2,000 for initial set up and \$1,000 per month after the first run. Yearly total fees for the two files would be \$13,000 for monthly, \$5,000 for quarterly, \$3,000 for semi-annual and \$2,000 for annual frequencies.

If the standard format does not meet your needs, customized reporting is available. If the scope and complexity of a customized reporting request requires a programmer to develop and produce the file, the charge is \$250 per programmer hour. We evaluate your request, quote a fee and obtain your approval before initiating development.

Please note that certain fields may show as blank on records that contain sensitive information.

The most current version of our universal Medical/Dental and Pharmacy file data dictionary and record layouts can be found at this link: <http://www.aetna.com/info/aetinfo/>

Our quoted fees/rates include the cost for Medical and Pharmacy universal files on a monthly basis.

12. The group utilizes a third-party vendor for data analytics. Will you cover the \$2,500 set up fee and the \$0.65 PEPM for the monthly data analytics interface?

We have included a technology allowance of \$100,000 annually which can be used to offset these costs.

13. The Entity currently uses Workday as its HRIS and Benefits Administration system. Please indicate if you have experience with Workday and indicate if you have experience with any other HRIS and Benefits Administration systems.

We have an established relationship with Workday and use Workday for our employee population.

We work with many customers who use Workday and other third-party eligibility vendors. In general, vendors extract data and send the industry standard ANSI 834 format, our proprietary 2000-byte record layout or our Consolidated Eligibility Format (CEF) file for electronic processing. There's no additional cost when our standard layout and an electronic submission method is used.

15. Questionnaire - Implementation and Billing

1. Please provide a brief description of the implementation process, including requirements and timeline.

We use custom tools, a team approach and survey feedback to keep improving the quality of our implementation process. In this way, we continue to build, improve, support and maintain high performing implementation teams that truly differentiate us in the marketplace.

We use a phased approach to your implementation so that all aspects of the project are thoroughly accounted for, including:

Phase 1 - Discovery

In the discovery phase of your implementation, we:

- Review plan proposal commitments
- Obtain preliminary information
- Form our internal implementation team

Phase 2 - Define

In the defining phase of your implementation, we:

- Conduct a strategy meeting
- Assign technical resources
- Define roles and responsibilities
- Conduct an internal kick-off meeting

Phase 3 - Implementation

In this phase of your implementation, we:

- Conduct an implementation meeting with you
- Confirm your vendor partners
- Review your implementation project plan and milestones
- Schedule status meeting calls

Phase 4 - Plan setup

In the fourth phase of your implementation, we:

- Finalize plan design, account structure, eligibility and coding
- Confirm any vendor coordination requirements
- Set up systems according to the benefits and programs you select
- Train member service center staff
- Support open enrollment activity

Phase 5 - Go live

To successfully go live, in this phase of your implementation, we:

- Complete plan testing
- Load eligibility and enroll members
- Mail ID cards
- Release claim hold for processing

Phase 6 - Post implementation

In the final phase of your implementation, we:

- Monitor remaining tasks
- Complete a signoff call with your team and our team
- Transition responsibilities and any open activities to the account team

We also send out surveys to you and the account team that ask for comments on the process, as well as feedback on the implementation manager.

Please refer to the *Implementation Timeline* attachment.

2. Please confirm proposer is flexible to modify standard contract language.

We are willing to discuss your needs in modifying our contract. However, it is important to note we file our standard insurance policy with the state insurance department in compliance with state insurance regulations. We need to file and receive approval for any changes to the insurance policy from the insurance department.

While we are willing to work with you to meet your needs, there is the matter of the timing involved in the filing of any changes, the insurance department's timing for approvals (and whether the insurance department approves all changes the first time through) and whether that timing meets your needs. We are willing to discuss your concerns about this approach.

3. Please confirm proposer is willing to waive binder payment requirements.

Confirmed. We do not require a binder payment for self-funded contracts.

4. Please confirm proposer is willing to accept a self-bill for proposed line(s) of coverage.

Self-funded

Confirmed, we are able to accept a self-bill for our self-insured proposal and will work with the Entity to ensure a clean transition during implementation.

Fully Insured

For list and summary billed, we accept a customer's version of our billing statement if it contains the following required information and the billing consultant approves it prior to use.

We accept premium rosters submitted electronically (Excel file). See example below for the acceptable format. We don't accept paper files.

5. What is proposer's standard billing snap shot date and grace period for payment?

Bill run date

We produce billing statements in the month prior to the due date, on or around the 15th - 23rd of the month.

Self-Funded

Due date

We generate billing statements a month in advance. For example, we generate and mail January bills in mid-December with a due date of January 1. There is a 45-day grace period ending on February 15th.

Early payment credits/late fees

There are no early payment credits. We reserve the right to assess a late fee on payments paid beyond our 45-day grace period.

Fully Insured

We generate our billing statements based on cycles:

- Cycle 1 EBS invoices typically generate between 14th - 18th of the month
- Cycle 2 EBS invoices typically generate between 30th - 3rd of the month
- Cycle 3 (online billing through Aetna Benefit Center only EBS invoices) typically generate between 23rd - 26th of the month.

We adjust this schedule for weekends and holidays.

Due date

We generate premium bills a month in advance. For example, we generate and mail January bills in mid-December with a due date of January 1. There is a 31-day grace period ending on January 31st.

Early payment credits and late fees

There are no early payment credits or delinquency fees associated with late payments, unless a customer shows a pattern for paying late. We reserve the right to assess a late fee on payments paid beyond our 31-day grace period. Monthly statements don't include late fees and underwriting determines the late fees.

6. Would you allow a grace period after the due date of 45 days for payment of an invoice?

While we expect the monthly premium payment by the due date, we allow a 31-day grace period following the due date.

16. Questionnaire - Renewal Planning and Additional Fees

1. Is proposer willing to provide renewal offer at least 180 days prior to renewal effective date?

Confirmed.

2. Are any of the rates proposed contingent on any additional information? If so, please disclose.

A full list of caveats can be found in our financial package.

3. What additional services are available and at what cost?

Our CVS Virtual Care program provides virtual care support for primary care and on-demand medical and mental health services. As part of our virtual care offerings, we provide support to members through two programs: CVS Health Virtual Primary Care™ and CVS Health Virtual Care™.

CVS Health Virtual Primary Care™

CVS Health Virtual Primary Care™ provides nationwide support that expands access to primary care virtually for members who may not have a primary care physician (PCP) or prefer the convenience of a non-traditional care setting.

When members schedule a visit, they select a CVS Health Virtual Primary Care™ physician. The physician is supported by a care team which includes a nurse practitioner and registered nurse. The care team focuses on providing holistic care, closing gaps in care and keeping long-term costs under control with the added ability to consult with a pharmacist where available.

CVS Health Virtual Primary Care provides access to all services to focus on improving overall health versus a single, individual encounter focused on connected care. Key features of our solution include support from a chosen PCP and a care team as well as:

- Integration with our care management programs
- Easy scheduling
- A welcome kit
- Care coordination when in-person care is needed
- Integrated pharmacy support
- Flexible member cost-shares
- Digitally connected medical records

The CVS Health Virtual Primary Care™ provider can:

- Deliver both preventive care and annual wellness visits
- Create care plans designed to drive health improvements through lifestyle changes such as diet and exercise
- Manage chronic conditions such as diabetes and hypertension
- Diagnose and treat most acute illnesses
- Write prescriptions and help members navigate to in-network providers and facilities

CVS Health Virtual Care™

For lower-acuity or more immediate needs, members can access CVS Health Virtual Care™ for an on-demand visit. CVS Health Virtual Care™ provides access to services and mental health counseling services for:

- Minor illnesses
- Minor injuries
- Select women's services, including but not limited to UTI treatment and contraception
- Minor skin conditions
- Certain chronic care services,* including asthma, allergies, high blood pressure and more
- On-demand care, depression screening and medication management
- Scheduled mental health counseling sessions
- Scheduled evaluation and follow up sessions with a licensed psychiatrist

Virtual on-demand care is available 24/7 to members 18 months or older for most services. There are limited hours for some services, including allergy symptoms and testing.

If a member needs in-person care their physician can connect them to appropriate options within their network, including CVS Health MinuteClinic locations. Please note that limitations may apply based on service, location or health plan.

CVS Virtual Care transitions members to the right care setting when they need it. Care team members are equipped to help members navigate these care transitions either through warm hand-offs, proactively scheduling appointments or connecting members with quality specialists in their area.

Additionally, our electronic health record system seamlessly connects data from different providers and health systems to create a single member profile to enhance convenience, transparency and efficiency. Following the visit, members have access to their visit details on their Health Dashboard and a full after-visit summary on MyChart.

Aetna Enhanced Maternity Program

Our Aetna Enhanced Maternity Program provides best-in-class member support strategically tailored to "moments that matter" along the maternity journey. Our approach starts with family-planning and fertility support (fertility support is self-funded only) and uses data analytics to close gaps in care during pregnancies and through postpartum care so that you can keep your employees and their families healthy throughout the entire maternity experience. Our comprehensive solution helps identify opportunities for you to manage costs for one of the largest claim-spend categories while improving clinical outcomes.

The program features:

- Fertility advocates to support and answer questions one-on-one with members throughout the infertility journey and provide case management and care coordination (Self-funded only)
- Enhanced clinical algorithms for earlier identification and analytics-driven targeted outreach campaigns for personalized engagement and behavior change
- Guided genetic counseling and screening
- Preeclampsia prevention by identifying high-risk pregnant members and sending them a complimentary care kit, including a bottle of CVS Health® low-dose aspirin and educational materials about risk factors, symptoms and the benefits of low-dose aspirin therapy

- Education and resources to address racial disparities in maternal health outcomes
- Nurse-led case management from preconception to postpartum
- Toll-free number for all members to call for questions

The program also offers educational information on pregnancy and postpartum health issues, such as labor and delivery, dental health, tobacco cessation, depression and our 39-week gestation and preeclampsia initiatives.

Genetic counseling and screening, backed by medical grade quality and expertise, is available to members thinking about starting a family. After completing a short family history questionnaire on our member website, members have a pre-test consultation with a genetic counselor from our trusted vendor partner, Informed DNA. After that, members can choose to proceed with genetic testing, if appropriate for one or both parents. Following the genetic test, members receive a summary report and post-test counseling with a board-certified genetic counselor.

Members who are high risk for preterm labor and delivery and who qualify for case management early in pregnancy are provided special preterm labor education. Our staff trained in childbirth provides education, focused case management and coordination of services.

Our preterm labor education also provides information regarding the signs and symptoms of preterm labor, as well as preventive strategies. Our maternity program high-risk obstetrically-trained nurses share videos and written instructions about self-palpation to detect early contractions of preterm labor. When speaking to a member for the first time, the case manager lets the member know that we'll provide this information when they're ready to use it - usually at 20-22 weeks gestation.

Our case managers:

- Support and supplement the provider's plan of care with individualized education
- Use a system-generated preterm labor assessment to determine clinical components and guide consistent delivery of all proactive education
- Discuss member-specific risks of preterm delivery and appropriate level of NICU hospital support
- Educate members regarding reportable signs and symptoms
- Promote healthy practices including nutrition and hydration, dental care and keeping OB visits to optimize their pregnancy health and prevent preterm labor
- Send appointment reminders to members for their next scheduled case manager appointment, for members who agree to text messages

(Self-funded only) For members who work with an Aetna fertility advocate during preconception, if pregnancy is achieved and there are any risks, the fertility advocate also continues the journey with the member as their care manager throughout the pregnancy.

Members receive the following via email as part of our preterm labor education support which is scheduled at 20 to 22 weeks gestation:

- A follow up checklist and links to several instructive and informational videos. Topics include:
 - What is preterm labor
 - What are and how to recognize signs of preterm labor
 - Next steps if you do have these signs
 - What is preeclampsia and the risks
 - Waiting the full 39 weeks for elective delivery
 - Emergency room and urgent care planning (we encourage members to talk with their doctor about what to do when they have concerns outside of office hours)
- An easy to follow set of written instructions on how to palpate their uterus to reinforce the teaching done by phone
- Their nurse case manager's contact name and phone number so the member can email or call back at any time
- Other member-specific educational content based on the nurse and member discussion

The same nurse continues to reach out and support the member until after delivery. This allows us to personalize the member's education and support to their specific needs along their maternity journey. We typically reach out to members with identified risk factors every four to six weeks.

We also offer preterm labor education for Black or African American people with enhanced nurse outreach to members. It includes culturally appropriate member education materials and outreach calls.

Healthier happens together[®]

City of Gainesville

Simplicity, value and engagement

Achieving your goals relies on a healthy team. When we work together, your employees have unrivaled access to holistic care. And you have peace of mind knowing we help protect the health of your employees *and* your bottom line. We develop tailored support based on **who you are**:

- Connected, one-stop medical and pharmacy
- Health equity and advocacy for every member
- Hyperlocal care and 24/7 digital and virtual support

You can empower your employees to take charge of their health with a strategic, forward-thinking partner by your side. With the combined strength of CVS Health[®] and Aetna[®], we are uniquely positioned to support you.

Highlights of our Proposal

Both Self & Fully Insured Proposals

- Aetna One Flex (Medical Management)
- CVS Virtual Primary Care Plus
- Health Your Way- Engaged Wellness Program
- \$150k wellness Allowance
- \$80k Technology Allowance

Self- Insured only Proposal

- \$300k Fee Holiday (Self Insured Proposal)
- \$11.4 M (Estimated Rebates over 3 Years)
- \$23,545 Pharmacy Allowance (Year 2025)
- \$10,091 Pharmacy Allowance (Years 2026 & 2027)

You're dedicated to your mission. We are, too. In 170 years, our products and plans have changed. Our values haven't. With a strong commitment to Public Sector and Labor, we engage and invest in your community. And we offer care for every aspect of the health journey including dental, vision, pharmacy and more.

1,100

Aetna[®] employees dedicated to Public Sector and Labor³

15.7K+

CVS Health[®] employees represented by labor unions⁴

3.7M+

Aetna Public Sector and Labor members⁵

1 National numbers represents CVS Health and Aetna employees by work location as of August 2023. Employee counts by state as of August 2023.

2 Commercial HMO and ACAS medical membership as of June 2023.

3 As of October 2023.

4 As of October 2023.

5 As of August 2023. There are 1,963,178 public sector and labor medical members; 1,782,776 public sector and labor dental members.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of companies, including Aetna Life Insurance Company and its affiliates. Aetna is part of the CVS Health[®] family of companies. Aetna[®], CVS Pharmacy[®] and MinuteClinic, LLC (which either operates or provides certain management support services to MinuteClinic-branded walk-in clinics) are part of the CVS Health[®] family of companies.

Personalized care

Care that's unique — like your employees

Each **City of Gainesville** employee is unique. So are their health needs. That's why we offer meaningful connections and integrated care for each aspect of their health journey. Along with a strong clinical foundation, the Aetna One® Flex care model offers expanded staffing and end-to-end features like:

- Proactive outreach and 24-Hour Nurse Line
- Hyperlocal care through CVS Pharmacy, MinuteClinic and CVS HealthHUB locations
- Cutting-edge chronic condition support and more

Fitness that fits

Your employees will also benefit from Engage, our top-tier wellness package. This includes health solutions that fit different schedules, different challenges and different goals. Such as:

- Aetna member website and mobile app
- Digital well-being assessment
- Digital health coaching programs/ self-directed digital content
- 24-Hour Nurse Line
- Member discounts
- Neighborhood well-being services
- Digital Health Actions

The Aetna One® Flex care model

2.5:1

projected return on investment, an average savings of **\$21.02 per member, per month⁹**

⁹ Savings can vary. Most clients see at least a 2:1 ROI with the average customer experiencing \$21.02, which can vary based on the customer. Based on internal analysis using Aetna Book of Business results.

An integrated, innovative and fully connected health experience

You and your employees can count on us to create innovative, seamless solutions that meet your unique needs. With our combined CVS Health and Aetna medical and pharmacy assets, we will help you drive engagement and improve healthy outcomes.

Our integrated approach gives you cost savings plus:

- Reduced emergency room visits and inpatient days
- Early, targeted engagement for at-risk members
- Integrated digital experience with one reporting platform
- Simpler member experience with one care team, one ID card and one app

Plus, we can find gaps in care, recommend alternatives for high-cost medication and identify drugs that may clash with a condition or other medication.

Committed to improved health outcomes and bigger savings

Strategic insights for City of Gainesville:

We collect integrated data from medical, pharmacy and third parties and turn it into clear insights. These insights refine your plan strategy and help you evaluate our performance. For example, you can set a trigger alerting you to emergency room usage that could have been handled in a nonurgent setting.

Using this data, you can:

- Educate your employees about appropriate site-of-care options
- Help them find an in-network primary care physician
- Encourage them to use local, quality care resources like MinuteClinic locations

By evaluating data like your workforce's social determinants, we can work together to achieve health equity, reduce barriers to care and save costs.

Stewardship you can trust

Every step of the way, we align with you to make sure you and your employees have an exceptional experience. From minimizing disruption to tailored account support, we're all about simplicity. Plus, we have a proven record of successfully transitioning plan sponsors from another carrier to Aetna. We use custom tools, a team approach and ongoing survey feedback. In this way, we maintain high-performing implementation teams that differentiate us in the marketplace.

97%

overall customer satisfaction with Aetna¹⁸

Health is a journey

Every employee takes a different path

Whether they need support for physical or mental health, a chronic condition, dental issues, or quality of life, we offer seamless access to holistic care.

Focused on mental well-being

We make mental health services more accessible by using a simple and connected system that supports not only the member, but their family, caregiver and community. The member has a single point of contact and the backing of an integrated, multifunctional team.

With this approach, we provide guided support while reducing gaps in care and decreasing your administrative burden. This can lead to an estimated **\$1.8K savings** in behavioral health costs per member, with an **18 percent reduction** in readmission.⁸

An enhanced maternity experience

To ensure every parent is happy and healthy, we assess risks, help them understand what to expect during and after pregnancy, make postpartum outreach calls and encourage open communication with doctors. We also offer infertility support and pre-pregnancy planning education. This helps identify potential issues sooner and provides a more engaged maternity experience from pre-pregnancy to post-delivery.

Personalized engagement drives improved outcomes

Motivate your employees to lead healthier lives with Aetna Advice[®], our leading-edge data science and artificial intelligence tool. Together, we can inspire members to make smarter choices *on their terms*. This leads to better outcomes for them and bigger savings for you. Results tell us our approach works:⁹

Confidential

Proprietary, Confidential and/or Trade Secret Information Disclosure for Florida

Aetna has designated certain information Proprietary and Confidential (collectively, “trade secrets”) in our proposal to City of Gainesville. This information qualifies as a trade secret as defined under section Florida Statute § 812.081(1)(c) and is exempt from disclosure under the public records law. Aetna has been successful in actions to protect this information in jurisdictions with substantially similar statutes. Under the Florida statute, a trade secret is defined as:

“...the whole or any portion or phase of any formula, pattern, device, combination of devices, or compilation of information which is for use, or is used, in the operation of a business and which provides the business an advantage, or an opportunity to obtain an advantage, over those who do not know or use it. The term includes any scientific, technical, or commercial information, including financial information, and includes any design, process, procedure, list of suppliers, list of customers, business code, or improvement thereof. Irrespective of novelty, invention, patentability, the state of the prior art, and the level of skill in the business, art, or field to which the subject matter pertains, a trade secret is considered to be:

1. Secret;
2. Of value;
3. For use or in use by the business; and
4. Of advantage to the business, or providing an opportunity to obtain an advantage, over those who do not know or use it when the owner thereof takes measures to prevent it from becoming available to persons other than those selected by the owner to have access thereto for limited purposes.”

“The original placement [of 812.081] in Chapter 119 evinces a contemporaneous view that the exemption from the public records disclosure requirements that section two of chapter 94-100, Laws of Florida (1994), enacted applies to more than computer data, programs or supporting documentation. Just as the trial court ruled, **the language of this provision should be read to exempt from disclosure as public records all trade secrets as defined in section 812.081(1)(c), Florida Statutes (2001), whether or not they are stored on or transmitted by computers.**” *Sepro Corp. v. Florida Dept. of Environmental Protection*, 839 So. 2d 781, 28 Fla. L. Weekly 492 (Dist. App. 2003)(emphasis added).

Proprietary, Confidential and/or Trade Secret Information Disclosure for Florida

Further, commentary documented in *44 Fla. Jur 2d Records and Recording Acts § 129* illustrates that trade secrets are exempt from public disclosure. (“It is a public necessity that trade secret information be expressly made confidential and exempt from the public records law because it is a felony to disclose such records.”)(“All...trade secrets as defined by statute is confidential and exempt from disclosure...”)

In summary, if released, the information Aetna has designated in its proposal as a trade secret would undoubtedly undercut our competitive advantage in the marketplace. Armed with this information, Aetna’s competitors could formulate business strategies and take other actions that would undermine our ability to compete against them. This information is held in systems guarded by complex encryption technology, and accessible only to authorized individuals within our company. Years of time and money have been spent developing this information, and once created, Aetna works diligently to ensure that it does not fall into the hands of our competitors. Aetna has engaged in administrative processes and litigation in order to protect this information from being released to the public, which serves as evidence of its sensitive nature and the potential consequences of its release.

In addition, Aetna’s contracts with hospitals and providers contain language prohibiting the disclosure of contract terms and rates.

Should you receive a request for this information, Aetna requests prompt notification and objects to the release of any of the designated trade secret information unless expressly authorized, in writing, by Aetna.

Proprietary, Confidential and/or Trade Secret Information Disclosure for Florida

Consistent with above and with the following sections of this proposal, Aetna is claiming the following information as confidential, proprietary and trade secret:

An Aetna Proposal
Presented to

City of Gainesville, FL

January 1, 2025

We're more than products and programs. **We offer a health care experience that's more caring, more** connected and closer to home. With a holistic approach we join members on their personal health journey, removing barriers along the way. And we work proactively to help every member achieve their goals and stay on a path to better health.

Because you have unique needs we offer customized, tailored solutions. And we have a plan to take care of each of your employees, helping to increase engagement, improve outcomes and boost productivity.

We know health care can be overwhelming. So we work together with you to help make each member of your team a stronger individual. Stronger individuals lead to a stronger workforce. And when you have a stronger workforce, you can achieve stronger results.

You can learn more about Aetna here:

<https://www.aetna.com/about-us.html>

"Aetna" is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies.

The Aetna companies include:

Aetna Health Inc., Aetna Health of California Inc., Aetna Health of the Carolinas Inc., Aetna Health of Washington Inc., Aetna Health Insurance Company of Connecticut, Aetna Health Insurance Company of New York, Corporate Health Insurance Company; Aetna Life Insurance Company; Aetna Dental Inc.; and/or Aetna Dental of California Inc.; Aetna Health of Utah Inc. Certain dental plans are available only for groups of a certain size in accordance with underwriting guidelines. Managed care plans may not cover all health care expenses. Contracts should be read carefully to determine which health care services are covered. While this material is believed to be accurate as of the print date, it is subject to change. For more specific information about the coverage details, including limitations, exclusions, and other plan requirements, please contact an Aetna representative.

Aetna has various programs for compensating producers (agents, brokers and consultants). If you would like information regarding compensation programs for which your producer is eligible, payments (if any) which Aetna has made to your producer, or other material relationships your producer may have with Aetna, you may contact your producer or your Aetna account representative. Information regarding Aetna's program compensating producers is also available at:

www.aetna.com

The information contained in this proposal is confidential and should not be shared with anyone other than your broker or benefit plan consultant.

Total Fees (incl Discounts, Credits, Broker Comp, Other Chrgs)	\$620,073	\$920,073	\$920,073	

*Clarifications

- PEPM is defined as Per Employee Per Month
- Please see Programs and Services for additional information. Some services may come at additional cost to the fees shown above.
- Broker Compensation, if applicable, is subject to customer approval.
- Any Plan Year costs are based on the Estimated Enrollment and subject to change based on actual enrollment.

Prescription Drug Benefits

Our quotation assumes that prescription drug benefits are included and will be provided by Aetna.

If you terminate your prescription drug benefits with us, we will increase the ASC Service Fees and the medical trend assumption used for any applicable claim projections or guarantees. You may also be subject to additional charges to integrate data with external Pharmacy vendors. Refer to the reporting charges outlined in the Programs and Services exhibit for more information.

In addition to an increase in your ASC medical fees, the Fee Credit will not apply.

Service Fee Guarantee

Our offer includes a service fee guarantee for the guarantee period January 01, 2025 to December 31, 2027

The guaranteed service fees excluding broker compensation are listed above. The service fee guarantee is subject to the terms and conditions as stated in the caveats and is contingent upon the customer maintaining all lines of business with Aetna.

Fee Credit

We have included an administrative service fee credit. You agree to pay us the total amount of the fee credit issued if you terminate your medical plan(s) or any of the additional product(s) quoted (if applicable) prior to the end of the multi-year Guarantee Period.

Refer to your fee credit letter for specific details.

We are offering you a fee credit which will save you \$300,000.

We are offering you an administrative fee credit as shown in the chart below.

Administrative Fee Credit	Year 1
Plan Year Effective Date	01/01/2025
Fee Credit	\$300,000

The fee credit will be subject to the following provisions:

- Our self-funded medical Agreement will remain in effect for the duration of the Guarantee Period.
- You are required to make the medical fee payments in accordance with your Agreement.
- Standard termination provisions apply.
- All of the plan caveats as stated on the Caveats page in the final proposal are met.
- Any producer compensations will be excluded from the medical fee credit.
- Future renewals will be calculated based on the annualized medical fees before giving any effect to the medical fee credit.
- Contingent upon Aetna being the sole provider for all quoted lines of coverage.

You agree to pay us the total amount of the fee credit issued for the multi-year Guarantee Period within 31 days of notice of non-compliance if any of the following occur:

- Any of the above provisions are not met
- You terminate the Agreement prior to the end of the multi-year Guarantee Period

The fees shown on the accompanying Fee Schedule will be billed every month of the Guarantee Period. The fee credit will be shown as a separate line item. When you accept our quote, the Fee Schedule will become part of your Agreement with us.

You may wish to consult with your legal advisors about any changes that you may need to make in the administration of your plan as a result of this credit consistent with your fiduciary obligations such as making adjustments to participant contributions.

Please sign and return to us by December 1, 2024 to indicate your acceptance of this offer.

***Additional Program Details**

Claim Wire Billing, ID Cards, Subrogation, Contracted Services, Claim and Code Review

Details can be found in our UW Disclosure document located at the following URL:

<https://www.aetna.com/content/dam/aetna/pdfs/aetna.com/legal-notices/documents/large-group-and-public-labor-self-funded-medical-underwriting-disclosures-as-of-05-01-2024.pdf>

Claim and Code Review Program

This financial proposal includes enhancements that have been made to our claim and code review programs. Some of these capabilities were previously a component of our base fees, but this proposal assumes they will now instead be part of our standard shared savings arrangement.

No Surprises Act - Fees

Refer to the NSA Payment Practices in our Caveats for information on our payment practices for NSA eligible claims.

No Surprises Act - IDR Fees

IDR fees are required by the NSA rules and are payable to the IDR entity. There is an initial fee to begin an arbitration, which applies to each case. There is also an additional fee for the arbitration expenses; the losing party within the dispute is liable for this fee. For batch cases, the NSA permits IDR entities to charge a different arbitration fee based on a set fee range and/or percentage of the batch fee. The fees are passed through (with no mark up by Aetna) to a customer based on the number of line items for their plan that were included in the batch case. The current NSA fees are set by federal agencies. Both the initial fee and the arbitration expense fee are subject to future adjustments by the agencies (and any such adjustments shall be applied to your plan).

Aetna One® Flex

Engagement begins upon a two-way interaction (i.e. telephonic, email, secured messaging, etc.) with a member of the multi-disciplinary care team (i.e. nurse, registered social worker, pharmacist, health coach, or behavioral health specialist). After one month without a two-way interaction a member is no longer considered engaged.

CVS Health Virtual Care™

In addition to the administrative fees as outlined above, there is a per consultation charge which will be shared by the member and plan sponsor based on type of service provided and member’s benefit plan. Specific charges are available upon request.

CVS Health Virtual Primary Care™ (CVSH VPC)

CVSH VPC requires CVS Health Virtual Care™. CVSH VPC is not available on gated plans (plans requiring a primary care physician referral.) CVSH VPC cannot be offered with some narrow network arrangements. Specific exclusions are available upon request.

Enhanced Clinical Review

This fee will only be charged based upon those members who fall into service areas where the program is available.

Full National Reciprocity

Excludes some standalone Aetna Whole Health networks. Details are available upon request.

Institutes of Excellence™ (IOE)

This program includes a steerage component by educating members on the benefits of using an IOE designated facility. However, benefit differential steerage is not supported for IOE Infertility network.

National Advantage™ Program (including the Contracted Rates, Facility Charge Review and Itemized Bill Review Components)

NAP includes a Contracted Rates component and two optional components: Facility Charge Review (FCR) and Itemized Bill Review (IBR). In addition, some plans also elect Data iSight (DiS) as their out-of-network plan rate for professional services. NAP’s Contracted Rates component offers access to contracted rates for many medical claims from non-network providers (including claims for emergency services and claims by hospital-based specialists such as anesthesiologists and radiologists who do not contract with insurers) and ad hoc negotiations (when a contracted rate is not available). We retain a percentage of savings achieved through NAP, including savings achieved through FCR, IBR, and DiS, if elected. This NAP Fee is in addition to the per employee, per month administrative service fees.

City of Gainesville, FL

Allowances - Self-Funded

Effective Date: January 01, 2025

We are including allowance(s) for your Aetna plans applicable to each year of the Guarantee Period as outlined in the chart below. Allowance dollars are intended to be used for your Aetna medical plans and Aetna medical members.

Annual Allowance Type	Year 1	Year 2	Year 3
Plan Year Effective Date	01/01/2025	01/01/2026	01/01/2027
Wellness	\$150,000	\$150,000	\$150,000
Technology	\$80,000	\$80,000	\$80,000
Total	\$230,000	\$230,000	\$230,000

Annual allowance amounts may be adjusted if actual enrollment changes by 15 percent or more from our enrollment assumptions.

Wellness and Technology Allowances

- You can use the **wellness** allowance to pay for reasonable wellness-related programs or activities you received from third-party vendors incurred during the Guarantee Period(s) for which it is offered. Wellness allowance expenses must be for wellness-related programs or activities that are designed to promote the health and well-being of members, or to educate participants about healthy lifestyles and choices. Any wellness-related allowance amounts we pay you directly to offset or reimburse you for any expense or costs you reimbursed a vendor for directly, must comply with these conditions. Examples of reimbursable wellness related activities include programs or activities such as onsite biometric screening and flu vaccination clinics or wellness fairs.
- You can use the **technology** allowance to pay for reasonable technology-related programs or activities you received from third-party vendors incurred during the Guarantee Period(s) for which it is offered. Your allowance must be used for system enhancements to facilitate your Aetna medical plan benefit administration or Aetna member eligibility.
- Allowance dollars are for the exclusive benefit of your Aetna medical plan(s) and Aetna medical members.

The above referenced fund(s) will be available after the effective date of each plan year. Only those expenses performed and billed by a third party are payable; reimbursement for time and materials incurred directly by the plan sponsor (e.g. hours worked by the plan sponsor's own employees) are not eligible. Our preferred method of payment is directly to the vendor. We will pay allowance related expenses directly to the vendor only after you send us proper documentation outlining the expenses you have incurred. On an exception basis, we can reimburse you directly. In the event the exception is granted, we'll require you to submit detailed paid receipts from the vendor. To facilitate allowance processing, documentation should be submitted within 60 days of the invoice date, whenever possible. All documentation must be submitted no later than 60 days following the end of the plan year for which expenses were incurred. Acceptable documentation includes, but is not limited to:

- Vendor invoice(s) summarizing level of work completed, hourly rate and hours spent
- Invoices or other documentation summarizing any other miscellaneous expenses incurred

The allowance amounts indicated above for the following Allowance Type(s) are available for the years indicated in the chart. Each allowance is forfeited at the end of each plan year if not fully utilized (it does not get rolled over to the following plan year for a cumulative amount). If you have elected to offer wellness incentives through a product reward site, unredeemed vouchers are forfeited at the end of each plan year.

- Wellness
- Technology

We assume the funding of any allowance dollars is either at the request of your Plan Administrator acting in its fiduciary capacity or for the exclusive benefit of your Plan. You are responsible for determining that your use of allowance dollars is appropriate and legally compliant. With respect to allowance dollars that are used in connection with a wellness program, you are responsible for ensuring that the program and any incentives/rewards comply with applicable laws, including limitations on maximum allowable incentives/rewards. We will pay any allowances in accordance with applicable law. We suggest you seek appropriate accounting and legal counsel for all payments to ensure they comply with applicable accounting principles and laws.

If you terminate your medical plan with us in whole or in part (defined as a 50 percent or greater membership reduction from the membership we assumed in this proposal prior to the end of the multi-year Guarantee Period, you'll be responsible for remitting payment for any allowance amounts used. Payment is due to us within 31 days of the invoice.

For the purposes of this document, Aetna may be referred to using "we", "our" or "us" and City of Gainesville, FL may be referred to using "you" or "your".

If fees are adjusted, the caveats below will apply and be based on the new assumptions.

Underwriting Caveats

Your pricing considers all the products, programs and services you have with us and will be in effect for the full 12 months of the plan year. Pricing for some programs and services are amortized over a 12-month period. Therefore, fees will not be reduced if termination occurs prior to the end of the plan year. We also assume the proposal assumptions below remain consistent throughout the plan year. We require notice to properly terminate before the plan year ends in accordance with the Termination provision in your Agreement. Otherwise, you may be charged for the cost until that notice is met.

If any of the changes outlined below occur, we may adjust your Guaranteed Fees. If this happens, you'll have to pay any difference between the fees collected and the new fees calculated back to the start of the Guarantee Period. If you are not notified of the change in advance, such difference will be reconciled in the annual accounting for the Guarantee Period. If fees are adjusted, the caveats below will be based on the new assumptions.

During the Guarantee Period we may adjust your Guaranteed Fees if:

Enrollment

There is a 15 percent change in the total number of enrolled employees for all commercial medical products combined. Our proposal assumes coverage will not be extended to additional employee groups without review of supplemental census information and other underwriting information for appropriate financial review.

Member-to-Employee Ratio

The member-to-employee ratio changes by more than 15 percent from the 1.75 ratio assumed in this quote.

Age 65 and Over Enrollment

The number of enrolled employees age 65 and over (excluding those enrolled on Medicare Direct plans) exceeds 12 percent of the total enrolled group or changes by more than 15 percent from the 223 enrollees assumed in this quote. Patient Management programs are excluded for Medicare primary members.

Maximum Account Structure

Maximum account structure exceeds the number of units illustrated in the table below. Account structure determines the reporting format. During the installation process, we'll work with you to finalize the account structure and determine which report formats will be most meaningful. Maximum total account structure includes Experience Rating Groups (ERGs), controls, suffixes, billing and claim accounts.

Total Employees (Choice POS II, Open Access Aetna Select, PPO, EPO, Aetna HealthFund®, Indemnity)	Maximum Total Structure Per Product
Less than 1,000	60
1,000 to 2,999	80
3,000 to 4,999	150

Quoted Benefits and Administration

A material change is initiated by you or by legislative or regulatory action which materially affects the cost of the plan. This includes, but is not limited to, changes impacting standard contract provisions, claim settlement practices, plan administration, plan benefits or changes to the programs and services we offer you.

National Advantage™ Program

You change or terminate the National Advantage™ Program (NAP), Facility Charge Review (FCR), Itemized Bill Review (IBR), or Data iSight™ (DiS) programs.

Multi-Year Provision

You place the products, programs and services included in this multi-year fee guarantee out to bid with an effective date prior to December 31, 2027, then this guarantee is no longer valid.

Total Replacement

Any of the quoted lines of coverage are offered with an additional carrier.

Performance Guarantees

If any of the conditions outlined above occur, then any performance guarantees may be changed or terminated based on the caveats outlined in those guarantee documents.

We're relying on information from you and your representatives in establishing the fees and terms of this proposal. If any of this information is inaccurate and has an impact on the cost of the programs, we reserve the right to adjust our fees and terms upon the receipt of corrected information.

Assumptions

Underwriting

Agreement Provisions

Our quotation assumes our standard Agreement provisions and claim settlement practices apply unless otherwise stated.

Participation

A minimum of 150 enrolled employees is required to administer the proposed products on a self-funded basis.

Plan Design

This proposal is based on the current benefit plan designs, plus any noted deviations, subject to the terms of our Benefit Review document.

Claim Fiduciary - Option 1

Our proposal assumes we've been delegated claim fiduciary responsibilities. As claim fiduciary, we'll be responsible for final claim determination and the legal defense of disputed benefit payments. Our appeal administrative services are automatically included when we've been delegated claim fiduciary responsibilities.

External Review

We've included external review in our proposal. External review uses outside vendors who coordinate medical review through their network of outside physician reviewers.

Member Communications

Pricing assumptions include direct communications access to Aetna membership through both ongoing Aetna Health communications and relevant ongoing included product/program specific communications. These communications can reduce member and plan costs by guiding in care navigation, managing chronic conditions, promoting preventive services, and more.

Wellness Incentives and Rewards

We offer several different wellness incentives and rewards programs that you may choose from to offer to your members. We, or our third-party vendors, will administer and distribute to your members any wellness incentives or rewards earned based on the programs selected under the direction and control of your plan. The wellness incentives and rewards earned through these programs may be taxable for your members. We will provide you with reporting which will identify members who have earned such wellness incentives or rewards. These reports will provide the data needed for any tax information reporting requirements that you determine are necessary.

With regard to these wellness incentives and rewards, you, as the Plan Sponsor have the following responsibilities:

- Ensure any incentives or rewards offered to your members comply with applicable law and any limitations imposed thereunder. This includes but is not limited to, the Health Insurance Portability Act (HIPAA), the Americans With Disabilities Act (ADA) and the Genetic Information Nondiscrimination Act (GINA).
- Distribute notices and/or obtain any authorizations required by law.
- Comply with all tax information reporting requirements regarding any wellness incentives or rewards earned through these programs (cash, cash equivalent, or other tangible property) and provided by us or our third-party vendor to your members.
- Assume any and all liability for your noncompliance with any tax withholding or information reporting requirements.

You may wish to consult with your legal counsel or other advisors as to the proper tax treatment of such wellness incentives or rewards and to ensure that the incentives or rewards offered under your program comply with applicable law.

Third-Party Audits

We don't typically charge to recoup internal costs associated with a third-party audit. We reserve the right to recover these expenses if significant time and materials are required.

Mental Health/Substance Abuse Benefits

Our quotation assumes that mental health/substance abuse benefits are included.

Prescription Drug Benefits

Our quotation assumes that prescription drug benefits are included and will be provided by Aetna.

If you terminate your prescription drug benefits with us, we will increase your ASC medical fees and the medical trend assumption used for any applicable claim projections or guarantees. You may also be subject to additional charges to integrate data with external Pharmacy vendors. Refer to the reporting charges outlined in the Programs and Services exhibit for more information. In addition to an increase to your ASC medical fees, the Fee Credit will not apply.

Stop Loss Reporting

Our quotation assumes stop loss coverage is not provided by Aetna and reporting to an external vendor is included.

- We've included 12 monthly reports. If your reporting requirements change, additional fees will apply.

Medical Pharmacy Rebates

Rebates for pharmacy products administered and paid through the medical benefit rather than the pharmacy benefit will be retained by Aetna as compensation for our efforts in administering this program.

Additional Products, Programs and Services

Costs for special services rendered that are not included or assumed in the pricing guarantee will be billed through the claim wire, on a single claim account, when applicable, to separately identify charges. Additional charges that are not collected through the claim wire during the year will either be direct-billed or reconciled in conjunction with the year-end accounting and may result in an adjustment to the final administration charge. For example, you will be subject to additional charges for customized communication materials, as well as costs associated with custom reporting, booklet and SPD printing, etc. The costs for these types of services will depend upon the actual services performed and will be determined at the time the service is requested.

First Year Renewal

The first year renewal will be delivered approximately 180 days prior to the anniversary date, unless a different time period is required by state law.

Billing Information**Advanced Notification of Fee Change**

We'll notify you of any off-anniversary fee change within 31 days of the fee change.

Late Payment

We'll assess a late payment charge at a 12 percent interest rates as follows:

- if you fail to pay plan benefit payments the same day of the request
- if you fail to pay administrative service fees within 45 days of the due date

We'll notify you of any changes in late payment interest rates. The late payment charges described in this section are without limitation to any other rights or remedies available to us under the Agreement or at law or in equity for failure to pay.

Producer Compensation

The quoted fees don't include producer compensation.

Claim and Member Services**Runoff Claims Processing**

Your administrative service fees are mature. The expenses associated with processing runoff claims following termination are covered for one year.

Medical Service Center

We've assumed that claim administration and member services for the quoted plans will be managed centrally by the Tampa, FL Service Center. Members will be able to reach the Member Service representatives Monday through Friday, from 8 a.m. to 6 p.m., local time (based on where the member resides).

Summary Plan Description (SPD) Modification

We've assumed that the standard SPD language will be used and any customization may require an additional cost.

Reporting and Data Transfer

Aetna Intellectual Property

Under the Agreement, you may have access to certain of Aetna's Plan Sponsor reporting systems. Aetna represents that it has either the ownership rights or the right to use all of the intellectual property used by Aetna in providing the Services under the Agreement ("Aetna IP"). Aetna will grant you, as the Plan Sponsor, a nonexclusive, non-assignable, royalty free, limited right to use certain of the Aetna IP for the purposes described in the Agreement. You agree not to modify, create derivative product from, copy, duplicate, decompile, disassemble, reverse engineer or otherwise attempt to perceive the source code from which any software component of the Aetna IP is compiled or interpreted. Nothing in the Agreement shall be deemed to grant any additional ownership rights in, or any right to assign, sublicense, sell, resell, lease, rent, or otherwise transfer or convey, the Aetna IP to you.

Claims History Transfer

These files are used to administer deductible and internal maximums. There is no cost associated with receiving claim history files electronically from the prior carrier for initial implementation. There is a charge for files received in a format other than electronically; costs are based on the complexity and format of the data.

Data Integration (Historical)

Our proposal assumes one historical medical and one historical pharmacy data integration feed. Additional fees will apply if feeds from more than one historical vendor are required.

Data Integration (Ongoing)

Options and pricing for integrating claims data from an external vendor into one or more of our systems will vary depending on the scale of your integration needs.

Data Transfer at Termination

Upon Agreement termination, we agree to cooperate with succeeding administrators in producing and transferring required claim and enrollment data. Data will be transferred within 30 days after determination of specific format and content requirements, subject to a charge that is based on direct labor cost and data processing time.

Banking

We've assumed that you provide funds through a bank initiated Fedwire wire transfer for drafts issued under the self-funded arrangement assumed in this proposal.

When claims have accumulated to more than \$20,000, a request will be sent to you and/or your bank requesting funds for the total claims from the previous day(s). For most customers, this will mean daily claim wire transfers. In addition, there will be a month end close out request on the first banking day of each subsequent month.

The proposed banking arrangement is subject to change based on results of a credit risk evaluation. We will complete an evaluation upon notification of sale.

We've assumed you'll use no more than three primary banking lines which are shared across all self-funded products, excluding Flexible Spending Account (FSAs). Additional wire lines and customized banking arrangements will result in an adjustment to the proposed pricing.

Additional

Please review the additional important information found at the following URL. This information is incorporated by reference into this package and considered part of your Agreement. This quote is subject to all the terms and conditions set forth in this URL. In the event that any information contained herein conflicts or is inconsistent with the information in the Underwriting Disclosure Document, the information in your package prevails.

<https://www.aetna.com/content/dam/aetna/pdfs/aetna.com/legal-notice/documents/large-group-and-public-labor-self-funded-medical-underwriting-disclosures-as-of-05-01-2024.pdf>

Legislative and Regulatory Requirements

Affordable Care Act (ACA) Taxes and Fees - Notice to Self-Funded Group Health Plan's Financial Liability

The Affordable Care Act (ACA) imposed Patient-Centered Outcome Research Trust Fund fee (PCORI) on the issuers of specified health insurance policies and plan sponsors of applicable self-insured health plans. The fee was set to end in 2019, but it was extended for 10 years through 2029. The fee applies to policy or plan years ending on or after October 1, 2012, and before October 1, 2029.

Any taxes or fees (assessments) related to the Affordable Care Act that apply to the self-insured health plans are your obligation. The Administrative Service Fee does not include any such liability or the remittance of the fees on your behalf.

NSA Payment Practices

The No Surprises Act (NSA) applies to certain out of network claims at participating facilities when the member doesn't have a choice or is unaware the provider is out of network. The law protects plan participants by limiting cost sharing to the preferred benefit level and prohibits balance billing by out of network providers. For NSA eligible claims, we will pay the out of network provider an initial payment amount. In most cases, the initial payment will be an amount equal to the qualifying payment amount as defined in NSA regulations (generally, the median contracted rate for a specific service in a geographic area). A provider may choose to go to independent dispute resolution (IDR) if the provider does not accept our payment as payment in full. During the IDR process, you authorize us to pay more than the qualified payment amount in order to reasonably settle the matter when it appears expedient to do so.

Recovery of Overpayments

Our process of recovering overpayments attempts to recoup money in the most accurate, effective, and cost-efficient manner.

When seeking recovery of overpayments from a provider, we have established the following process: If unable to recover the overpayment through other means, we may offset one or more future payments to that provider for services rendered to Plan Participants by an amount equal to the prior overpayment. We may reduce future payments to the provider (including payments made to that provider involving your or other health and welfare plans that are administered by us) by the amount of the overpayment, and we will credit the recovered amount to the plan that overpaid the provider. By entering into an agreement with us, you are agreeing that its right to recover overpayments shall be governed by this process and that it has no right to recover any specific overpayment unless otherwise provided for in the Agreement.

We believe that measuring the activities described below is an important indicator of how well we service your account, as such, we have included the following performance guarantee(s) as part of our proposed offering.

This information pertains to any performance guarantee(s) shown below, or for any additional guarantees which may be offered for the same Guarantee Period. Refer to the guarantee documents for additional conditions and details.

The performance guarantee(s) described herein will not apply if the Agreement is terminated prior to the end of the Guarantee Period. In addition, all included performance guarantee(s) are subject to enrollment requirements as outlined in the financial conditions of each included guarantee.

Aggregate Maximum

The maximum payout for all guarantees combined is 50 percent of the fees at risk based on the calculation as noted in the provisions below.

General Guarantee Provisions

1. Fees at risk are calculated at the year-end reconciliation, using the paid medical administrative service fees for employees covered under each guarantee for the Guarantee Period and excludes:
 - Allowance(s)
 - Any charges for services performed which are not included on the monthly administrative service fee bill
2. Results are estimated to be available at the end of the quarter noted below, following the close of the Guarantee Period:
 - Second Quarter**
 - Service Performance Guarantee
 - Third Quarter**
 - Discount Guarantee
3. If the guarantee(s) have not been met, we will either:
 - Provide reimbursement to you for the amount due, or
 - Reduce future administrative fee payment(s) by the amount due to you.
4. We reserve the right to revise or remove these guarantee(s) if a material change to the plan is initiated by you or legislative or regulatory action which:
 - Impacts our standard claim adjudication process, member services functions, medical management or network management
 - Changes the products, programs and services we offer you
5. The guarantee(s) are considered met if:
 - You terminate participation in products, programs and services tied directly to guarantee(s), prior to the end of the Guarantee Period.
 - You terminate your Aetna medical plan in whole or in part (defined as 50 percent or greater membership reduction from the membership we assumed in this proposal) prior to the end of the multi-year Guarantee Period, December 31, 2027.
 - You fail to meet your obligations under the Agreement (for example, a submission of incomplete eligibility or failure to fund claim payments)
 - We do not receive all of the necessary information in the allotted timeframe, as outlined in the guarantee document(s).

City of Gainesville, FL

Guarantee Summary

Effective Date: January 01, 2025

Service Performance Guarantees

We guarantee the administration of your medical and behavioral health product(s) in the following areas:

Performance Category	Minimum Standard	Maximum Fees at Risk
Implementation		
Implementation	Average score of 3.0	3.00%
ID Card Production & Distribution	97% within 15 days	1.50%
Account Management		
Overall Account Management	Average score of 3.0	3.00%
Claim Administration		
Turnaround Time (TAT)	14 days for 90.0%	2.50%

Medical Service Guarantees

Effective Date: January 01, 2025

Claim Administration

Turnaround Time (TAT)	<p>14 calendar days for 90.0% of the processed claims on a cumulative basis.</p> <p>We measure TAT from the claimant's viewpoint; that is, from the date the claim is received in the service center to the date that it is processed (paid, denied or pending). TAT excludes those claims identified as rework. Weekends and holidays are included in turnaround time.</p>	<p>0.50% for each full day that the TAT exceeds 90.0% of the processed claims, up to a maximum of 2.5%.</p>	<p><u>Measurement basis</u> Customer specific: ≥ 3,000 enrolled members Site Level: < 3,000 enrolled members</p> <p><u>Measurement period</u> Annually</p> <p><u>Reporting period</u> Quarterly</p>
99.0%			
Financial Accuracy	<p>Financial accuracy is measured using industry accepted stratified audit methodology. The results are determined by calculating the financial accuracy for a subset of claims (a stratum). We extrapolate the results based on the size of the population and combine them with the extrapolated results of the other strata. Each overpayment and underpayment is considered an error; they do not offset each other. Financial accuracy includes both manual and auto adjudicated claims.</p>	<p>0.50% for each full 1.0% that financial accuracy drops below 99.0%, up to a maximum of 2.5%.</p>	<p><u>Measurement basis</u> Unit(s) processing your claims (all customers' claims handled in that unit, not just your plan's claims)</p> <p><u>Measurement period</u> Annually</p> <p><u>Reporting period</u> Quarterly</p>
<p><u>Dollars Paid Correctly</u> Total Dollars Paid</p>			
95.0%			
Total Claim Accuracy	<p>Total claim accuracy is measured using industry accepted stratified audit methodology. We extrapolate the results based on the size of the population and combine them with the extrapolated results of the other strata. Accuracy in each stratum (a subset of the claim population) is calculated by:</p>	<p>0.50% for each full 1.0% that total claim accuracy drops below 95.0%, up to a maximum of 2.5%.</p>	<p><u>Measurement basis</u> Unit(s) processing your claims (all customers' claims handled in that unit, not just your plan's claims)</p> <p><u>Measurement period</u> Annually</p> <p><u>Reporting period</u> Quarterly</p>
<p><u>Number of claims processed correctly</u> Total number of claims audited</p>			

Member Services

Customer Effort Score (CES)	<p>Positive response rate of 95.0% or better on the following statement "On a scale of 1 to 5, with 1 being the least likely and 5 being the most likely, please indicate if you agree with the following: "The representative was easy to work with".</p> <p>The survey assumes a 5-point scale with the top 2 responses viewed as positive. The result is based on a member completing an interactive survey that is offered at the end of the call.</p>	<p>0.50% for each full 1.0% that our positive response rate falls below 95.0%, up to a maximum of 2.5%.</p>	<p><u>Measurement basis</u> Accountable unit or the business segment level that services your plan in effect at the time of the member's call</p> <p><u>Measurement period</u> Annually</p> <p><u>Reporting period</u> Annually</p>
-----------------------------	--	---	---

Customer Satisfaction (CSAT)	<p>Positive response rate of 95.0% or better on the following statement "On a scale of 1 to 5, with 1 being the least likely and 5 being the most likely, please indicate if the following is true: "I was satisfied with the service I received today".</p> <p>The survey assumes a 5-point scale with the top 2 responses viewed as positive. The result is based on a member completing an interactive survey that is offered at the end of the call.</p>	<p>0.50% for each full 1.0% that our positive response rate falls below 95.0%, up to a maximum of 2.5%.</p>	<p><u>Measurement basis</u> Accountable unit or the business segment level that services your plan in effect at the time of the member's call</p> <p><u>Measurement period</u> Annually</p> <p><u>Reporting period</u> Annually</p>
------------------------------	--	---	---

General Guarantee Provisions

- For purposes of the performance guarantees, the term "Business Day" is defined as Aetna's normal business hours on any day other than a Saturday or Sunday or a day on which Aetna is closed for general business purposes.
- These guarantees do not apply to third party benefit administrators contracted by Aetna.
- This offer does not contemplate significant changes in volume of claims and calls that may occur with novel conditions or circumstances affecting broad populations that place a significant strain on the health care system and/or your plan(s). These conditions include but are not limited to COVID-19. We reserve the right to adjust the terms and factors of this guarantee in response to these conditions and/or circumstances if necessary.
- In the event there is an outage or when experiencing peak volumes, calls may be transferred to other Aetna call centers. This guarantee may not apply, and a payment may not be made if results are not achieved due to severe weather events which directly or indirectly impact performance during the Guarantee Period.
- If we process runoff claims from a prior carrier or administrator, the performance guarantees described in this document (other than Account Management Guarantees) will begin 3 months after the Guarantee Period effective date.
- If we process runoff claims upon termination of the Agreement, the Turnaround Time, Financial Accuracy, and/or Total Claim Accuracy performance guarantee(s) will not apply to runoff claims.

Guarantee Period: January 01, 2025 through December 31, 2025

Your in-network discount will be 69.3 percent or better*

**Assuming current enrollment and book-of-business service mix.*

Products: Aetna Choice® Point of Service II (CPII)

What we guarantee

Attachment A of the Discount Guarantee Attachment shows:

- Our guaranteed network contracted discounts by market, for each of the following three service types:
 - Inpatient hospital
 - Outpatient hospital
 - Physician/other
- Illustrative aggregate guaranteed network contracted discount based on a weighting of:
 - Projected, customer-specific employees by market
 - Book-of-business weighting by service type

We finalize the discount target during the reconciliation process. The final aggregate guaranteed discount will be determined by weighting the discounts by the actual aggregate billed eligible charges by product and service type. The reconciliation will be completed once the actual enrolled employees by market and product, and the actual billed eligible charges are known.

How discounts are calculated

The achieved discount percentage is calculated using the following calculation:

$$\frac{\text{In-network provider discounts in dollars}}{\text{Total in-network billed eligible charges*}}$$

We calculate the discount using data from our Aetna Informatics® data warehouse. Three months of runout data will be included in the calculation. The guarantee reconciliation excludes each medical case where the claims in that medical case exceed \$100,000. A medical case summarizes clinical events by linking or associating all of the claims submitted for a member during the same treatment event. For example, all claims associated with an Inpatient Acute hospital stay or an Outpatient Facility based procedure.

The guarantee results combine the CPII product(s) and we report in aggregate for purposes of this guarantee reconciliation.

*Billed eligible charges are charges prior to application of plan design, discounts and member cost sharing (copays and deductibles). Billed eligible charges exclude the following:

- Duplicate or other ineligible/not covered/denied claims
- Claims paid by coordination of benefits where we are not primary (e.g. Medicare)
- Claims on members age 65 and over
- Claims incurred in passive or custom networks
- Behavioral health claims
- Non-medical claims (e.g. dental and vision hardware claims, pharmacy and specialty pharmacy claims, including some of those specialty pharmacy claims paid under the medical plan)
- Charges where the provider billed at or below the allowed amount
- All pay for performance payments, including but not limited to, accountable care payments (ACP) and coordination of care (COC) payments.

Guarantee reconciliation

We compare the guaranteed discount against the total achieved discount. The guaranteed discount is based on the actual enrollment by product and market, and billed eligible charges by product and service type. Based on the outcome of the comparison, we will make any applicable fee adjustments as shown in the table below.

Fee Adjustment	Max Guarantee Period Adjustment
2.0% fee reduction for each full 1.0% the achieved discount falls below the risk-free corridor	40.0%

There is a risk-free corridor of 1.0 percentage points.

- A fee reduction occurs when the achieved discount falls below the difference of the guaranteed discount minus the risk-free corridor by a full percentage point or greater.

Conditions for the guarantee

We rely on information from you and your representatives in creating and reconciling the terms of this guarantee. If any of this information is inaccurate, it may have an impact on the guaranteed network discounts. We reserve the right to revise the guarantee if any of the following conditions are not met.

- **Group Composition**
You do not close any acquisitions or divestitures during the Guarantee Period.
- **Minimum Enrollment**
You must enroll a minimum of 300 subscribers in the quoted Aetna self-funded medical products and that enrollment doesn't change by more than 10 percent of our assumed enrollment of 1,925.
- **Pharmacy claims**
Pharmacy and specialty pharmacy claims, including those paid under the medical plan, are excluded.
- **In-Network Claim Utilization**
Our discount guarantee requires at least 80 percent of claims paid are in-network.
- **Provider Practice**
Guarantee Year provider billing and reimbursement practices remain consistent with current practices.

An Aetna Proposal
Presented to

City of Gainesville, FL

January 1, 2025

We're more than products and programs. **We offer a health care experience that's more caring, more** connected and closer to home. With a holistic approach we join members on their personal health journey, removing barriers along the way. And we work proactively to help every member achieve their goals and stay on a path to better health.

Because you have unique needs we offer customized, tailored solutions. And we have a plan to take care of each of your employees, helping to increase engagement, improve outcomes and boost productivity.

We know health care can be overwhelming. So we work together with you to help make each member of your team a stronger individual. Stronger individuals lead to a stronger workforce. And when you have a stronger workforce, you can achieve stronger results.

You can learn more about Aetna here:

<https://www.aetna.com/about-us.html>

"Aetna" is the brand name used for products and services provided by one or more of the Aetna group of subsidiary companies.

The Aetna companies include:

Aetna Health Inc., Aetna Health of California Inc., Aetna Health of the Carolinas Inc., Aetna Health of Washington Inc., Aetna Health Insurance Company of Connecticut, Aetna Health Insurance Company of New York, Corporate Health Insurance Company; Aetna Life Insurance Company; Aetna Dental Inc.; and/or Aetna Dental of California Inc.; Aetna Health of Utah Inc. Certain dental plans are available only for groups of a certain size in accordance with underwriting guidelines. Managed care plans may not cover all health care expenses. Contracts should be read carefully to determine which health care services are covered. While this material is believed to be accurate as of the print date, it is subject to change. For more specific information about the coverage details, including limitations, exclusions, and other plan requirements, please contact an Aetna representative.

Aetna has various programs for compensating producers (agents, brokers and consultants). If you would like information regarding compensation programs for which your producer is eligible, payments (if any) which Aetna has made to your producer, or other material relationships your producer may have with Aetna, you may contact your producer or your Aetna account representative. Information regarding Aetna's program compensating producers is also available at:

www.aetna.com

The information contained in this proposal is confidential and should not be shared with anyone other than your broker or benefit plan consultant.

Allowances		
Wellness Allowance	Yes	
Technology Allowance	Yes	

Your benefit plans may include access to CVS Health Virtual Primary Care™, CVS Health Virtual Care™ and/or Teladoc Health for telemedicine services where available.

Allowances

We are including the following allowance(s) for your Aetna plans for the January 1, 2025 through December 31, 2025 plan year. Allowance dollars must be used for your Aetna medical plan(s) and Aetna medical members.

- Wellness: \$150,000
- Technology: \$80,000

Annual allowance amounts may be adjusted if actual enrollment changes by 15 percent or more from our enrollment assumptions.

Wellness and Technology Allowances

- The **Wellness** allowance can be used to offset reasonable documented wellness-related programs or activities expenses incurred during the plan year. Wellness allowance expenses must be for wellness-related programs or activities that are reasonably designed to promote the health and well-being of Aetna members, or to educate Aetna members about healthy lifestyles and/or prevent disease. This means that there must be a connection to the health and well-being of the members, with a focus on preventative measures or healthy living (i.e., diet, exercise), not on acute care. Wellness programs and activities funded by allowance funds are not covered benefits under your Aetna plan.
- The **Technology** allowance can be used to offset reasonable documented technology-related expenses for services you received from third-party vendors incurred during the plan year. Your allowance must be used for system enhancements to facilitate your Aetna medical plan benefit administration or Aetna member eligibility.
- All allowance submissions, including those submitted by a third-party vendor, must comply with these conditions.

The above referenced fund(s) will be available as of the effective date of the plan year. Only those expenses performed and billed by a third party are payable. Reimbursement for time and materials incurred directly by the plan sponsor (e.g., hours worked by the plan sponsor's own employees) are not eligible. Your normal business operation expenses, including employee salaries and overtime, are not eligible under the allowance. Our preferred method of payment is directly to the third-party vendor. We require submission of appropriate documentation detailing charges for the services provided by the vendor. Acceptable documentation includes, but is not limited to, detailed vendor invoices itemizing services provided, specific cost-elements and associated line-item charges.

On an exception basis, we can reimburse you directly provided you submit both the detailed invoice and receipt showing payment to the third-party vendor.

You should submit documentations within 60 days of the invoice date. We must receive all documentation no later than 60 days following the close of the plan year to be considered for reimbursement.

The allowance(s) indicated above are forfeited at the end of the plan year if not fully utilized. There is no roll over of unused funds to the next policy year. Any unredeemed wellness incentives that may be offered through a "reward program" are forfeited at the end of each plan year.

We assume the funding of any allowance is either at the request of your Plan Administrator acting in its fiduciary capacity or for the exclusive benefit of your Plan. You are responsible for determining that your use of allowance dollars is appropriate and legally compliant. With respect to allowance dollars that are used in connection with a wellness program, you are responsible for ensuring that the program and any incentives/rewards comply with applicable laws, including limitations on maximum allowable wellness incentives/rewards. We will pay any allowances in accordance with applicable law. We suggest you seek appropriate accounting and legal counsel for all payments to ensure they comply with applicable accounting principles and law.

If you terminate your medical plan with us in whole or in part (defined as a 50 percent or greater membership reduction from the membership we assumed in this proposal) prior to the end of the plan year, you'll be responsible for remitting payment for any allowance amounts used. Payment is due to us within 31 days of the invoice.

For the purposes of this document, Aetna may be referred to using "we," "our" or "us" and City of Gainesville, FL may be referred to using "you" or "your".

Our quoted rates are proposed for the policy period effective January 01, 2025 through December 31, 2025.

The caveats below apply to any future rate adjustments made for the same policy period unless new caveats and assumptions are provided.

Underwriting Caveats

We reserve the right to revise the premium, modify the terms of the offer or terminate if:

Enrollment

There is a 15 percent change in the enrolled number of employees in total or by plan from our enrollment assumptions. This includes the impact of new or terminating locations and/or groups. (Change in census is based on additions and subtractions - a 60 life group who adds 3 people and takes away 3 others has a 6 person change in census even though they stay at 60 lives.) Our proposal assumes coverage will not be extended to additional employee groups without review of supplemental census information and other underwriting information for appropriate financial review.

Member-to-Employee Ratio

The member-to-employee ratio changes by more than 15 percent from the 1.75 ratio assumed in this quote.

COBRA Enrollment

The number of COBRA enrollees exceeds 10 percent of the total enrolled group or changes by more than 5 percent from the 6 enrollees assumed in this quote. COBRA enrollees must be eligible for the same benefits as the active population.

Retiree Enrollment

The number of early or non-Medicare eligible retirees exceeds 10 percent of the total enrolled group or changes by more than 5 percent from the 351 enrollees assumed in this quote. Early or non-Medicare eligible retirees must be eligible for the same benefits as the active population. Patient Management programs are excluded for Medicare primary members.

Plan Eligibility

The quoted plans are only for active employees and pre-65 retirees.

Large Claims

The enclosed rate assume that there are no known additional ongoing catastrophic/large claimants other than those already identified to us in this request for proposal process.

Quoted Benefits and Administration

A material change is initiated by you or by legislative or regulatory action which affects the cost of the plan. A material change includes, but is not limited to, changes impacting standard contract provisions, account structure, claim settlement practices, plan administration, plan benefits or changes to the programs and services we offer you.

Industry

The nature of business and/or SIC code changes from the 9111 code assumed in this quote.

Total Replacement

Any of the quoted lines of coverage are offered with an additional carrier.

Affordable Care Act Non-Renewal

Under Affordable Care Act (ACA) and state insurance regulations, a group health insurance policy may be non-renewed for certain reasons.

Performance Guarantees

If any of the conditions outlined above occur, then any performance guarantees may be changed or terminated based on the caveats outlined in those guarantee documents.

Assumptions

Underwriting

Prospective Quoting

The quoted insured medical rates are offered on a prospectively rated basis. No policy year accounting balance will be calculated for these coverages.

Participation

Our rates assume at least 75 percent of eligible employees excluding spousal and parental waivers must enroll in our Medical plans, but not less than 50 percent of all eligible employees regardless of spousal and parental waivers. We may adjust your final rates if our final participation level changes by more than 10 percent from what was assumed or falls below 30 percent of eligible employees regardless of spousal or parental waivers. Where federal law and state law permit, we may non-renew if our participation level falls below 20 percent of eligible employees participants regardless of spousal or parental waivers.

Contributions

You must provide the contribution strategy for both current and proposed plan(s).

Plan Design

This proposal is based on the current benefit plan designs, plus any noted deviations. Our standard provisions, contract wording and claim settlement practices will apply for items not specifically outlined. All applicable government regulations and state mandates will apply. These products are offered subject to the terms of our Benefit Review Document.

Underlying Plan

Our rates assume that there are no underlying plans in effect that will either partially or completely subsidize any member cost sharing including but not limited to copays, deductibles, and/or coinsurance balances.

Prescription Drug Benefits

Prescription drug benefits are included and will be provided by Aetna.

Point of Service Rebates

This proposal may include point of service rebates ("POS Rebates") favorable to, and shared with, eligible subscribers and dependents. However, Aetna reserves the right to make appropriate changes to the premium offered hereunder in the event POS Rebates are discontinued, in whole or in part, on account of any material changes made to

- (i) the laws, rules and/or regulations applicable to POS Rebates or
- (ii) any material drug manufacturer rebate contracts providing the source for POS Rebates.

Additional Products, Programs and Services

Costs for special services rendered that are not included or assumed in the pricing guarantee will be direct-billed after such services have been rendered. For example, you will be subject to additional charges for customized communication materials, as well as costs associated with custom reporting, booklet and SPD printing, etc. The costs for these types of services will depend upon the actual services performed and will be determined at the time the service is requested.

Member Communications

Pricing assumptions include direct communications access to Aetna membership through both ongoing Aetna Health communications and relevant ongoing included product/program specific communications. These communications can reduce member and plan costs by guiding in care navigation, managing chronic conditions, promoting preventive services, and more.

Billing Information**Billing and Payment of Premium**

Amount due is payable on the first day of the month covered by the invoice. If the amount due is not paid in full within 30 days, we reserve the right to terminate the contract and/or assess late premium payment charges.

Producer Compensation

We are not serving as billing and collection agent for producer compensation. Our quoted rates do not include Producer Service Fees or commissions.

Claim and Member Services**Medical Service Center**

We've assumed that claim administration and member services for the quoted plans will be managed centrally by the Tampa, FL Service Center. Members will be able to reach the Member Service representatives Monday through Friday from 8 a.m. to 6 p.m., ET.

Summary Plan Description (SPD) Modification

We've assumed that the standard SPD language will be used and any customization may require an additional cost.

Reporting and Data Transfer**Aetna Intellectual Property**

Under the Group Policy, you may have access to certain of Aetna's Customer reporting systems. Aetna represents that it has either the ownership rights or the right to use all of the intellectual property used by Aetna in providing the Services under the Group Policy ("Aetna IP"). Aetna will grant you, as the Customer, a nonexclusive, non-assignable, royalty free, limited right to use certain of the Aetna IP for the purposes described in the Group Policy. You agree not to modify, create derivative product from, copy, duplicate, decompile, disassemble, reverse engineer or otherwise attempt to perceive the source code from which any software component of the Aetna IP is compiled or interpreted. Nothing in the Group Policy shall be deemed to grant any additional ownership rights in, or any right to assign, sublicense, sell, resell, lease, rent, or otherwise transfer or convey, the Aetna IP to you.

Additional

Please review the additional important information found at the following URL. This information is incorporated by reference into this package and considered part of your policy. This quote is subject to all the terms and conditions set forth in this URL. In the event that any information contained herein conflicts or is inconsistent with the information in the Underwriting Disclosure document, the information in your package prevails.

<https://www.aetna.com/content/dam/aetna/pdfs/aetna.com/legal-notices/documents/large-group-insured-medical-underwriting-disclosures-as-of-05-01-2024.pdf>

Legislative and Regulatory Requirements**Affordable Care Act (ACA) Taxes and Fees**

The Affordable Care Act (ACA) imposes several fees/assessments. The Health Insurance Provider Fee (HIF) was applicable in 2020, but a federal omnibus bill signed on December 20, 2019 repealed the HIF for 2021 and beyond. Still applicable in 2025 is Patient-Centered Outcomes Research Trust Fund fee (PCORI). It applies to issuers of specified health insurance policies and plan sponsors of applicable self-insured health plans. The fee was set to end in 2019, but it was extended for 10 years through 2029. The fee applies to policy or plan years ending on or after October 1, 2012, and before October 1, 2029.

This rate quote includes, as applicable, an estimate of the PCORI fee. We reserve the right to modify the rate, or otherwise recoup such fees, based on future regulatory guidance, subsequent state regulatory approvals, or if estimates are materially insufficient.

Regulatory Reporting

We are entitled to rely on information supplied by you in connection with any regulatory filings we provide on your behalf or any other services we provide. We are not responsible for any penalties or fees associated with reporting delays/errors caused by your failure to provide us with accurate or timely information.

Mandates

Benefit provisions are subject to state, local, and federal mandates. Future mandates will be incorporated in the plan(s) as of the date required by law and may require rate adjustments.

City of Gainesville, FL

Medical Service Guarantees

Effective Date: January 01, 2025

Guarantee Period: January 1, 2025 through December 31, 2025

Premium at Risk: \$319,636

Enrolled Employees: 1,925

This guarantee assumes the enrolled employee group does not vary in size by more than 15 percent from this estimate.

We guarantee the administration of your medical and behavioral health product(s) in the following areas:

Category	Guarantee	Premium at Risk	Criteria
Implementation	<p>An average score of 3.0 on the Implementation Evaluation Tool survey(s). Each question has a rating scale of 1 to 5 (1 = lowest, 5 = highest). The results of the surveys are used to facilitate a discussion between you, your Implementation Manager and your Account Team regarding the results achieved and opportunities for improvement.</p> <p>The implementation period begins at the initial implementation meeting and runs through the implementation sign-off.</p> <p>If the Implementation Evaluation Tool survey(s) is not completed and returned within 30 business days of receipt, it is assumed that the service provided to you is satisfactory and the guarantee is deemed met.</p> <p>Requires a minimum lead time of 90 days from effective date.</p>	<p>Mutually agreed upon adjustment if the final evaluation score falls below a 3.0, (meaning that service levels have not improved), up to a maximum of \$79,909.</p>	<p><u>Measurement basis</u> Customer specific</p> <p><u>Measurement period</u> Annually</p> <p><u>Reporting period</u> Annually</p>
Open Enrollment ID Card Production & Distribution	<p>97% of Open Enrollment ID cards will be produced and mailed within 15 business days following the receipt of complete, accurate and viable electronic enrollment files.</p> <p>Digital ID cards are available via the member website or the Aetna Mobile Application (iPhone and Android) for members with non-critical changes. Digital ID cards are not included in this guarantee.</p> <p>Requires a minimum lead time of 90 days from effective date.</p>	<p>\$15,982 for each full business day that we fail to produce and mail ID cards within 15 business days, up to a maximum of \$79,909.</p>	<p><u>Measurement basis</u> Customer specific</p> <p><u>Measurement period</u> Annually</p> <p><u>Reporting period</u> Annually</p>

City of Gainesville, FL

Medical Service Guarantees

Effective Date: January 01, 2025

Overall Account Management	An average score of 3.0 on the semi-annual surveys for on-going account management, financial, eligibility, drafting and benefit administration.	Mutually agreed upon adjustment if the average of all completed surveys falls below a 3, (meaning that service levels have not improved), up to a maximum of \$79,909	<u>Measurement basis</u> Customer specific <u>Measurement period</u> Annually <u>Reporting period</u> Annually
Member Satisfaction	Positive response rate of 80% or higher on the following question “please rate your overall satisfaction with Aetna”. The survey assumes a 5-point scale with the top 3 responses viewed as positive. The survey is based on a statistically valid, randomly selected sample of actively enrolled members aged 18-64. Interviews are conducted on a continuous basis throughout the year.	\$15,982 for each full 1.0% that the member satisfaction response rate falls below 3.0%, up to a maximum of \$79,909	<u>Measurement basis</u> Book of business <u>Measurement period</u> Annually <u>Reporting period</u> Annually

General Guarantee Provisions

- Results are estimated to be available at the end of the second quarter following the close of the Guarantee Period.
- If the guarantee has not been met, we will offset direct charges or reduce future premium payment(s) by the amount due to you.
- These guarantees will apply to the fully insured medical plans serviced under the policy. These guarantees do not apply to non-Aetna benefits and/or networks (e.g., passive networks, customer specific networks, and/or the Rural PPO Network).
- For purposes of the performance guarantees, the term “Business Day” is defined as Aetna’s normal business hours on any day other than a Saturday or Sunday or a day on which Aetna is closed for general business purposes.
- This offer does not contemplate significant changes in volume of claims and calls that may occur with novel conditions or circumstances affecting broad populations that place a significant strain on the health care system and/or your plan(s). These conditions include but are not limited to COVID-19. We reserve the right to adjust the terms and factors of this guarantee in response to these conditions and/or circumstances if necessary.
- We reserve the right to revise or remove this guarantee if a material change to the plan is initiated by you or legislative or regulatory action which:
 - Impacts our standard claim adjudication process, member services functions, medical management or network management
 - Changes the products, programs and services we offer you
- The guarantee is considered met if:
 - You terminate your Aetna medical plan in whole or in part (defined as 50 percent or greater membership reduction from the membership we assumed in this proposal) prior to the end of the Guarantee Period.
 - You fail to meet your obligations under the policy (for example, a submission of incomplete eligibility or failure to pay premium)

AETNA PHARMACY PROGRAM SUMMARY – ADDITIONAL SERVICES

Charges for services not identified above and/or changes in financial terms resulting from a change in the scope of services shall be quoted upon request.

Pricing noted above for programs not implemented within twelve (12) months from the time of pricing negotiations is subject to change.

NOTES:

¹ Pharmacy Advisor Counseling Additional Terms:

- (a) Customer may terminate the Pharmacy Advisor Counseling program by providing Aetna at least 60-days prior written notice.
- (b) The pricing described above for Pharmacy Advisor Counseling program is based on the following conditions:
 - (i) In the event Customer desires to include additional lines of business, implement a portion of the Plan Participants, or reduces the Plan Participants participating in the Pharmacy Advisor program, Aetna may revise pricing for the program.
 - (ii) Customer agrees to implement all the current conditions in Pharmacy Advisor Counseling: Asthma/COPD, Breast Cancer, Depression, Diabetes, Cardiovascular conditions, and Osteoporosis.
 - (iii) The above pricing reflects the current program and future program expansions may require an additional fee.

² Drug Savings Review Additional Terms:

Aetna guarantees that the gross Customer savings realized from DSR Program over the first Clinical Program Year shall be 200% of the DSR Program fees paid by Customer during the first Clinical Program Year. For the subsequent Clinical Program Years, Aetna guarantees that the gross Customer savings realized from DSR Program shall be 300% of the DSR Program fees paid by Customer during subsequent Clinical Program Years. "Clinical Program Year" means the twelve (12) month period commencing on the start date of the Drug Savings Review Program and each full consecutive twelve (12) month period thereafter that the Drug Savings Review program is provided. In the event Aetna fails to meet the targeted savings, Customer shall be credited for any guaranteed savings short-fall following the end of the applicable Clinical Program Year, up to the amount of fees paid by Customer for the Drug Savings Review Program during the Clinical Program Year. Reconciliation will occur during the quarter after the conclusion of Clinical Program Year.

Aetna may revise the performance guarantee at time of reconciliation in a manner designed to account for membership shifts of 20% or more during the Clinical Program Year. The performance guarantee offered for the Drug Savings Review Program is conditioned on (1) Customer maintaining a monthly average of at least 1,500 Members throughout the Clinical Program Year and (2) Customer participating in the Drug Savings Review Program for the entire Clinical Program Year.

³ Caremark Cost Saver™: The pricing in the Pharmacy Service and Fee Schedule assumes the use of the Caremark Cost Saver™ program, under which Aetna may compare the price available under the Aetna contracted network with the price available through a non-Aetna contracted network if available for that pharmacy. If the price is lower through a non-Aetna contracted network (including an administrative fee paid to the third-party that contracts the network), the Claim will be processed through that network. These Claims are included in the reconciliation of all financial guarantees. In these instances, the prescription through retail may be less than the same Drug, dosage form, and dose through mail on the same day of adjudication.

***DEFINITIONS:**

PMPM = Per Member Per Month

PEPM = Per Employee Per Month

**if retiree membership is over 15%, referral needed to review for custom pricing.

AETNA PHARMACY PROGRAM SUMMARY – THIRD-PARTY SERVICES

The services outlined below are provided by third party providers.

Optional Third-Party Services	Fee
<p>PrudentRx Copay Optimization</p> <ul style="list-style-type: none">• The PrudentRx offering minimizes the impact of manufacturer copay cards, targeting all Specialty Drugs, including highly utilized classes such as hepatitis C, autoimmune, oncology and multiple sclerosis, to drive maximum value for Customers while providing Members with \$0 out-of-pocket costs.• Customers contract directly with PrudentRx for this service.• Program costs are a percentage of shared savings billed monthly by PrudentRx. Aetna does not charge any fees to Customer to support the PrudentRx Copay Optimization services.	Quoted by Prudent Rx upon request

Capitalized terms in the pricing charts above are not intended to reflect defined terms except where specifically noted in the Prescription Drug Services Schedule.

Standard core as well as additional and third-party service options are described in the Aetna Pharmacy Program Summary incorporated herein by reference.

In the event of any inconsistencies between the terms and conditions set forth in this Pharmacy Service and Fee Schedule and the terms and conditions set forth in the Prescription Drug Services Schedule, the terms and conditions of this Pharmacy Service and Fee Schedule shall prevail.

Terms & Conditions

The pricing and services set forth herein are subject to the following Terms & Conditions:

- To the extent the pricing and services outlined in this document is part of a proposal to the Customer, the pricing set forth herein is valid for 90 days from the date of such offer.
- This pricing has an effective date of January 1, 2025. In order for Aetna to implement the pricing as set forth above by the effective date, a notification of award must be given 90 days prior to effective date.
- Our proposal assumes that Aetna administers both the medical and pharmacy benefits for Customer on an integrated basis. If Customer elects to use a different vendor to provide medical benefits, then Aetna reserves the right to adjust the pricing contained in this proposal.
- The pricing and services contained herein are limited to prescription drugs dispensed by a Participating Pharmacy to Plan Participants.
- Participating Pharmacy shall give the Plan Participant the benefit of the lesser of (i) the Participating Pharmacy's Usual and Customary Charge, (ii) MAC (where applicable) or (iii) discounted AWP cost. Participating Pharmacy shall collect and retain from the Plan Participant at the time of dispensing the lesser of (i) the Cost Share; (ii) the Participating Pharmacy's Usual and Customary Charge, (iii) MAC (where applicable) or (iv) discounted AWP cost.
- MAC Pricing applies at Mail Order.
- Cost Share will be calculated on the basis of the rates charged to the Customer by Aetna for Covered Services, except for fixed copays or where required by law to be otherwise.
- Discounts and Dispensing Fees contained in this Service and Fee Schedule are guaranteed on an annual basis, subject to the following conditions:
 - Discount and Dispensing Fee guarantees are measured individually and reconciled in the aggregate; surpluses in one or more component guarantees may be used to offset shortages in other component guarantees.
 - Discount and Dispensing Fee guarantees shall be reconciled and reported to Customer within one hundred eighty (180) days following the guarantee period.
 - Discount guarantees are calculated on ingredient cost prior to the application of Plan Participant Cost Share and include zero balance due claims.
 - The following types of Prescription Drug claims are excluded from the Discount and Dispensing Fee guarantees contained herein:
 - Compound Prescription claims
 - Limited distribution drug (LDD) claims
 - Direct Plan Participant reimbursement / out-of-network claims
 - Coordination of Benefits (COB) or secondary payor claims
 - In-house pharmacy claims
 - Vaccines (including for COVID) and other COVID testing-related claims
 - 340B claims
 - Retail pricing guarantees exclude claims that reflect the Usual & Customary Retail Price.

- Single Source Generic Drugs are included in the Generic Discount guarantees.
- Only Specialty Products dispensed by a Specialty Pharmacy are included in the Specialty Pharmacy Discount guarantee listed above. Specialty Products dispensed by Participating Retail Pharmacies are not included in any Discount guarantee listed above.
- Aetna has assumed 0.00% in-house pharmacy utilization. Aetna reserves the right to re-evaluate the proposed pricing if the actual in-house pharmacy utilization varies from this assumption.
- Pricing and terms in this proposal assume the Customer has elected the Advanced Control formulary and the Choose Generics program.
- The proposed formulary includes certain preferred Brand Drugs where the Tier 1 cost share shall be assessed to Members
- Open Specialty Network means that Plan Participants have access to Specialty Drugs at any network pharmacy (i.e. retail, mail, specialty network), and are not required to use Specialty Pharmacies
- The Overall Effective Discount (OED) offer is conditioned on Aetna being the exclusive provider of Specialty Products through CVS Specialty Pharmacies with the exception of the HIV class and Customer implementing and maintaining a generics first plan design for specialty. Aetna may amend the individual Specialty Drug discounts from time to time to manage the financial guarantee. The financial guarantee is measured and reconciled annually across all Specialty Drugs dispensed by CVS Specialty Pharmacy, including through the Specialty Connect program, with the exception of the following exclusions (in addition to the standard exclusions).
 - New to market Specialty Products
 - Limited distribution drugs

For the items noted here, the following quoted rates shall apply:

- New to market Specialty Products: AWP - 15%
- New to market limited distribution drugs: AWP - 10%

MAC: Certain dosage forms and strengths may not be included on the MAC list and shall be priced at the Specialty Product default rate.

In the event retail leakage increases by a percentage change of 10%, or more, from the effective date of the agreement, Aetna reserves the right to amend pricing.

- Our financial offer does not assume any adoption of the Transform Diabetes Program. If customer offers a Diabetes Management program, either by Aetna or another vendor, the proposed rebates will need to be re-evaluated.
- Rebate guarantees will exclude the claims noted below; however, any Rebate collected by Aetna for such claims will be passed through to the Customer in accordance with the Rebate terms described herein.
- Rebate guarantees may be subject to:
 - The adoption of Specialty Guideline Management (SGM) program

- Plan performance that is materially the same as the baseline data provided by Customer and relied upon by Aetna, including information regarding enrollment and utilization of pharmacy services.
- The above rebate guarantees exclude:
 - Over the Counter (OTC) Claims
 - Limited distribution drug (LDD) Claims
 - Any other Claim identified as having received 340B program wholesale pricing
 - Compound Drug Claims
 - Paper or Member Submitted Claims
 - Coordination of Benefits (COB) or secondary payor Claims
 - Vaccine and vaccine administration Claims
 - COVID treatment Claims
 - Claims approved by Formulary Exception
- Rebate guarantees assume Advanced Control Specialty Formulary.
- Specialty rebate guarantees apply to Specialty Product claims at all channels.
- Brand drug claims in the HIV therapeutic category are included in the retail rebate guarantees.
- To receive the rebate guarantees noted:
 - Two-tier qualifying plan designs - will consist of an open plan design, with the first tier comprised of Generic Drugs and the second tier comprised of Brand Drugs. There are no requirements for a minimum Cost Share differential between these tiers. The plan design may need to implement formulary interventions recommended by Aetna.
 - Three-tier non-qualifying plan designs – maintain a first tier comprised of Generic Drugs, a second tier comprised of preferred Brand Drugs, and a third tier comprised of non-preferred Brand Drugs.
 - Three-tier qualifying plan designs – maintains a first tier comprised of Generic Drugs, a second tier comprised of preferred Brand Drugs, and a third tier comprised of non-preferred Brand Drugs. The plan design maintains at least a \$15.00 co-payment differential between preferred and non-preferred Brand Drugs, at least a \$15.00 differential in the minimum co-payment for coinsurance, or a differential of coinsurance 1.5 times or 50 percentage points between the preferred and non-preferred Brand Drugs (for example, if preferred brand coinsurance was 20%, non-preferred brand would need to be 30% to qualify).
- Rebate guarantees are measured individually by component and reconciled in the aggregate on an annual basis within one hundred eighty (180) days following the end of the Plan year; a surplus in one or more component Rebate guarantees may be used to offset shortages in other component Rebate guarantees.

Implementation Allowance

Aetna shall provide the Customer with an Implementation Allowance of up to \$7.00 per member per year. The Customer can use this allowance to pay for reasonable implementation and enrollment services incurred during the first Plan year.

General Allowance

Aetna is including a general allowance up to \$3.00 per member per year for plan years 2 and 3. The Customer can use this allowance for implementation, audit, communication or external data file/feeds.

Additional Disclosures

The Customer acknowledges that the Discounts and Dispensing Fees contained in this agreement reflect a Transparent or Pass Through pricing arrangement at Retail. Transparent or Pass Through Pricing means the amount charged to the Customer and Plan Participants for network claims shall equal the amount paid to Participating Retail Pharmacy. Maintenance Choice claims dispensed at CVS/pharmacy, if applicable, are exempt from the Transparent Pricing requirements under this Agreement. The amount billed to the Customer will be equal to the amount paid to the participating pharmacies.

The financial provisions in this Agreement are based upon Claims data and membership information provided by Customer (or Customer's authorized representative) during the pricing request process, which shall serve as the baseline. Aetna reserves the right to make an equitable adjustment to modify or amend the financial provisions set forth herein in a manner designed to account for the impact of specific triggering events identified below ("Equitable Adjustment").

1. Greater than 15% change in total membership or Claims volume as compared to the baseline
2. Customer-initiated change to the Benefit Plan Design, or Formulary alignment. To the extent applicable, Aetna will notify Customer in advance of any proposed Equitable Adjustment
3. Product offering decisions by drug manufacturers that result in a reduction of rebates, including the introduction of a lower cost alternative product which may replace an existing rebateable brand product; an unexpected launch of an interchangeable version of a brand product; or a branded product converted to OTC status, recalled or withdrawn from the market; or a material reduction in the Wholesale Acquisition Cost (WAC); or
4. Other events triggering an Equitable Adjustment as detailed below:
 - Legal and/or regulatory changes specific to customers which negatively affects the economic value of the Agreement to a party or the parties under the Agreement, for example restrictions on preferred or limited network arrangements; policy changes impacting drug manufacturers which negatively affect the economic value of the Agreement including the ability to provide or maintain discounts or Rebates; and/or
 - An inability to access, or changes to, industry pricing information (e.g. AWP) required to support the current economic structure of the Agreement.

If one or more of such triggering events occurs, Aetna may initiate a review to determine if an Equitable Adjustment to any of the financial provisions is warranted as a direct result of the triggering event(s). Aetna will conduct an analysis based upon Customer-specific Claims, utilization, and membership data demonstrating how the triggering event(s) result in the proposed Equitable Adjustment. Any such Equitable Adjustment based upon events #1 or #2 described above shall be effective on the first day that the triggering event occurred. Any such Equitable Adjustment based upon events #3 or #4 described above shall be effective 30 days after notification to Customer. Aetna will provide documentation of the reason for the proposed Equitable Adjustment in addition to a summary analysis demonstrating that the Equitable Adjustment is solely related to the impact of the specific triggering event. Aetna will disclose necessary facts and data to an independent auditor for validation.

Aetna reserves the right to modify its products, services, and fees, and to recoup any costs, taxes, fees, or assessments, in response to legislation, regulation or requests of government authorities. Any taxes or fees (assessments) applied to self-funded benefit Plans related to The Patient Protection and Affordable Care Act (PPACA) will be solely the obligation of the Customer. The pharmacy pricing contained herein does not include any such Customer liability.

Rebate Payment Terms

Rebates will be distributed on a quarterly basis by claim wire credit.

Rebate collections are paid quarterly one hundred and eighty (180) days after the quarter ends. Rebates are calculated and paid in accordance with the terms and conditions of this Agreement.

Earned Rebates are distributed in March, June, September and December each contract year.

Rebates are paid on Prescription Drugs dispensed by Participating Pharmacies and covered under Customer's Plan. Rebates are not available for Claims arising from Participating Pharmacies dispensing Prescription Drugs subject to either their (i) own manufacturer Rebate contracts or (ii) participation in the 340B Drug Pricing Program codified as Section 340B of the Public Health Service Act or other Federal government pharmaceutical purchasing program. The Customer shall adopt the formulary indicated in the rebates section of this Service and Fee Schedule in order to be eligible to receive Rebates.

Rebate Credit

When remitting and reconciling minimum Rebate guarantees, Aetna may add "Rebate Credit" value to the total Rebates remitted to Customer for each respective Rebate component. "Rebate Credits" shall consist of (i) the differential between the Wholesale Acquisition Cost (WAC) of a lower net cost Brand Covered Product, including but not limited to a Biosimilar ("Low Cost Brand"), Claim processed and the WAC of the reference Brand Drug, subject to the below cap; and/or (ii) the value of price reductions for rebateable products that have experienced a WAC decrease, measured as the differential between the Baseline WAC of the product and the WAC of the product when the Claim is processed, subject to the

below cap. The “Baseline WAC” will be the WAC of the product prior to a reduction in WAC or, as applicable, for Low Cost Brands, the Baseline WAC will be the WAC of the reference Brand Drug at the time of Claim processing.

In no way will the Rebate Credit exceed the Baseline Rebate less the earned Rebates on either the Low Cost Brand or the rebateable product that has experienced a WAC decrease. “Baseline Rebate” is calculated as follows: in the year the price reduction occurred, Baseline Rebate will be the Rebate available for coverage of the product prior to the WAC reduction or, as applicable, for Low Cost Brands the Baseline Rebate will be the Rebate available for coverage of the reference Brand Drug on the date of claim processing. For a product experiencing a WAC reduction, in subsequent years the Baseline Rebate will increase over the prior year Baseline Rebate at the WAC inflation rate of the GPI subclass (GPI-6) of the applicable product. Aetna will notify Customer of any applicable Covered Product that qualifies for Rebate Credits. Aetna shall provide reporting upon Customer request demonstrating the net-cost impact in the therapeutic category.

Additional 340B reconciliation and true-up may occur post annual minimum Rebate guarantee reconciliation.

If this Agreement is terminated by Aetna for the Customer’s failure to meet our obligations to fund benefits or pay administrative fees (medical or pharmacy) under the Agreement, Aetna shall be entitled to deduct deferred administrative fees or other plan expenses from any future rebate payments due to the Customer following the termination date.

Formulary Management

Aetna offers several versions of formulary options for Customer to consider and adopt as Customer’s Formulary. The formulary options made available to Customer will be determined and communicated by Aetna prior to the implementation date. Customer agrees and acknowledges that it is adopting the Formulary as a matter of its plan design and that Aetna has granted Customer the right to use one of our Formulary options during the term of the Agreement solely in connection with the Plan, and to distribute or make the Formulary available to Plan Participants. As such, Customer acknowledges and agrees that it has sole discretion and authority to accept or reject the Formulary that will be used in connection with the Plan. Customer further understands and agrees that from time to time Aetna may propose modifications to the drugs and supplies included on the Formulary as a result of factors, including but not limited to, market conditions, clinical information, cost, rebates and other factors. Customer also acknowledges and agrees that the Formulary options provided to it by Aetna is the business confidential information of Aetna and is subject to the requirements set forth in the Agreement.

Other Payments

The term Rebates as defined in the Prescription Drug Services Schedule does not mean or include any manufacturer administrative fees that may be paid by pharmaceutical manufacturers to cover the costs related to the reporting and administration of the pharmaceutical manufacturer agreements. Such manufacturer administrative fees are not shared with Customer hereunder.

Aetna may also receive other payments from drug manufacturers and other organizations that are not Rebates. These payments are generally for one of two purposes: (i) to compensate Aetna for bona fide services it performs, such as the analysis or provision of aggregated data or (ii) to reimburse Aetna for the cost of various educational and other related programs, such as programs to educate physicians and members about clinical guidelines, disease management and other effective therapies. These payments are not considered Rebates and are not included in Rebate sharing arrangements with Customers.

Aetna may also receive network transmission fees from our network pharmacies for services we provide for them. These amounts are not considered Rebates and are not shared with Customers. These amounts are also not considered part of the calculation of claims expense for purposes of Discount Guarantees, if applicable.

Customer agrees that the amounts described above are not compensation for services provided under this Agreement by either Aetna or CVS Caremark and instead are received by Aetna in connection with network contracting, provider education and other activities Aetna conducts across our book of business. Customer further agrees that the amounts described above belong exclusively to Aetna or its affiliate, CVS Caremark, and Customer has no right to, or legal interest in, any portion of the aforesaid amounts received by Aetna or CVS Caremark.

Rebates for Specialty Products that are administered and paid through the Plan Participant's medical benefit rather than the Plan Participant's pharmacy benefit will be retained by Aetna as compensation for Aetna's efforts in administering the preferred Specialty Products program. Payments or rebates from drug manufacturers that compensate Aetna for the cost of developing and administering value-based rebate contracting arrangements when drug therapies underperform thereunder also will be retained by Aetna.

Early Termination

In the event Customer terminates Aetna's arrangement of prescription drug benefit services as described in the Prescription Drug Services Schedule and Pharmacy Service and Fee Schedule to the Agreement prior to December 31, 2027 (an "Early Termination") Aetna shall retain any earned but unpaid rebates as of the Early Termination date subject to any exception thereto provided herein.

In the event of an Early Termination, the pharmacy guarantees described hereunder, if any, shall be considered null and void for the Plan year and, therefore, not subject to reconciliation.

Aetna's remedies as described immediately above are liquidated damages and shall not be characterized as a penalty (collectively, the "Early Termination Fee"). Unless otherwise agreed in writing by the

parties, such Early Termination Fee will be due and paid in full within sixty (60) days after the termination effective date.

Late Payment Charges

If the Customer fails to provide funds on a timely basis to cover benefit payments and/or fails to pay service fees on a timely basis as required in the Agreement, Aetna will assess a late payment charge. The current charges are outlined below:

- i. Late funds to cover benefit payments (e.g., late wire transfers): 12.0% annual rate
- ii. Late payments of Service Fees: 12.0%, annual rate

In addition, Aetna will make a charge to recover our costs of collection including reasonable attorney's fees. We will notify the Customer of any changes in late payment interest rates. The late payment charges described in this section are without limitation to any other rights or remedies available to Aetna under the Agreement or at law or in equity for failure to pay.

Pharmacy Audit Rights and Limitations

Customer is entitled to one annual Rebate audit, subject to the audit terms and conditions outlined in the Prescription Drug Services Schedule.

Customer is entitled to an annual electronic claim audit subject to standard pharmacy benefit audit practices and audit terms and conditions outlined in the Prescription Drug Services Schedule.

Pharmacy audits shall be conducted at the Customer's own expense unless otherwise agreed to between the Customer and Aetna.

NOTES:

- New to market Specialty Products will be priced at AWP - 15% or MAC, if applicable (until a final price is determined and made available in the next published Specialty Pharmacy Addendum).
- New to market limited distribution drugs will be priced at AWP - 10% (until a final price is determined and made available in the next published Specialty Pharmacy Addendum).

PRODUCT SHORTAGE:

- In the event of an industry-wide product shortage, we reserve the right to adjust pricing upon notice to the customer.

Note:

- This list will be updated from time to time and may include adjunct therapies used in the treatment of complex conditions. For drugs where an AB-rated generic equivalent is available, the pricing will be according to the current MAC list.

CONFIDENTIALITY:

- Customer acknowledges and agrees that the information included is confidential, proprietary and trade secret to Aetna and will agree to protect the information from disclosure.

City of Gainesville, FL

Stop Loss Financials

Effective Date: January 01, 2025

New Business Quotation

Policy Period: January 01, 2025 through December 31, 2025

Stop Loss Assumptions & Caveats

Effective Date: January 01, 2025

For the purposes of this document, Aetna may be referred to using "we", "our", or "us" and City of Gainesville, FL may be referred to using "you" or "your".

We are pleased to provide you with our proposal for Stop Loss insurance. These Assumptions and Caveats, in conjunction with the Stop Loss Financials exhibit, combine to form the entirety of this proposal. Please review them carefully and notify us immediately if any of the features do not meet your expectations or if any of our assumptions are incorrect. Changes in the features or assumptions may affect premium rates or claim factors.

Additional state-specific notices should be reviewed at this link:

<https://www.aetna.com/content/dam/aetna/pdfs/aetna.com/legal-notices/documents/stop-loss-underwriting-disclosures-06-06-2023.pdf>

If you purchase Aetna's Stop Loss coverage, you will receive your application for insurance electronically. You will access it via a link delivered by email and endorse it using electronic signature capabilities. You will also receive your policy electronically. This process requires a web browser which supports the HTTPS protocol, HTML, and cookies. You will also need to view PDF documents using software such as Adobe Reader or similar.

You have the right to request that these transactions occur by regular mail using paper copies, which would require you to physically sign your application and mail it back to us. Please contact your broker and/or your Aetna Account Executive to make this request.

Stop Loss policies and applications/schedules of insurance are updated annually upon renewal. Please contact your broker and/or your Aetna Account Executive for a copy of the Stop Loss policy.

This proposal assumes you have notified us of any known applicants for gene replacement therapy.

Proposal Status

This is an illustrative proposal. To provide you with a firm offer, we must evaluate both total claims and large claims current to within 120 days of the proposed effective date. We reserve the right to adjust the quoted Stop Loss rates and/or establish High Risk ISL amounts (lasers) for any known large ongoing claims based on this review. We also reserve the right to update any Aggregate claim factor based on the latest experience and any other changes that may impact claim projections, as applicable.

Please note: We have in place procedures for handling "protected health information" that are compliant with HIPAA. Disclosure of the requested information is permitted by HIPAA. If you need additional information or require a confidentiality agreement, please contact your Aetna representative.

Assumptions

- The policy period is indicated on the Stop Loss Financials. The Stop Loss policy period must agree with the self-funded plan's contract period, both of which must end on the next renewal date.
- Eligible medical claim expenses are funded on an issued basis.
- It is assumed Aetna is also the claim fiduciary for the self-funded plan(s) covered by Stop Loss. Claims approved by fiduciary override/exception are not covered by Stop Loss.
- Eligibility for Stop Loss coverage will apply as described in the self-funded benefit plan(s) and in accordance with the Stop Loss policy provisions.
- In at least one quoted option, Pre-65 and post-65 retirees, and their dependents, have been included in Stop Loss coverage.
- There must be common ownership among all participating divisions or subsidiaries for this quote to remain valid.
- Your business and/or Standard Industrial Code is 9111.

What Is Covered

7/10/2024

SL Caveats

- Self-funded benefit plans covered by Stop Loss are identified on the Stop Loss Financials. All other benefit plans are excluded.
- NEW! Aetna will not apply High Risk Individual Stop Loss Amounts (lasers) for FDA-approved or pipeline gene replacement therapy drugs dispensed for specific conditions. Gene replacement therapy drug claims will also not be included in the ISL claim experience used for rating purposes at the Stop Loss renewal.
Gene replacement therapies use genetic engineering to replace or repair mutated genes, effectively treating a patient's medical condition. This new feature specifically applies to the gene replacement therapy drugs approved to treat specific disease, age, and gene expressions via one-time gene replacement treatments – or curative treatments – for previously untreatable, often fatal, conditions. As of March 19, 2024, the FDA-approved gene replacement therapy drugs are: Zolgensma, Luxturna, Zynteglo, Skysona, Hemgenix, Elevidys, Roctavian, Casgevy, Lyfgenia and Lenmeldy.
Please note the terms under which this applies:
 - Existing High Risk Individual Stop Loss Amounts established for gene replacement therapy drugs are not impacted and will be maintained for the duration of the policy period.
 - Existing High Risk Individual Stop Loss Amounts set up due to the member's underlying condition or other reasons will apply, but will not be increased any further specifically for gene replacement therapy drugs.
 - High Risk Individual Stop Loss Amounts may apply for all other diseases or drugs, including medical costs associated with the underlying condition or medical services associated with the gene replacement therapy treatment.
 - A gene replacement therapy drug is excluded from this feature if a member is known to have received or be actively progressing through gene replacement therapy treatment at the time a final, firm Stop Loss proposal is delivered. A member is considered actively progressing through gene replacement therapy treatment beginning with initiating the application process through receiving an FDA-approved gene replacement therapy drug.
- Coverage of gene replacement therapy drugs will apply as follows:
 - When a gene replacement therapy drug is administered for the indicated disease, age, and gene expression by one of Aetna's "Gene-based, Cellular, and other Innovative Therapies" (GCIT) network providers, we will consider the eligible claim expense for the gene replacement therapy drug less the ISL amount shown on the Stop Loss Financials exhibit.
- Contract Type - As indicated on the Stop Loss Financials, eligible claim expenses will be covered for incurred and paid dates based on:
 - A 12/18 contract type - Claims incurred prior to the policy effective date are excluded from Stop Loss coverage. We have included 6 months of run-out coverage for eligible claim expenses incurred during the policy period and paid after the policy period end date.
NOTE: Eligible claim expenses paid under a run-out contract type will only apply to a single accumulation period. Claims incurred during a policy period but paid during the run-out period will not accumulate toward the subsequent policy period's Stop Loss amounts.
- Individual Stop Loss run-in claims incurred prior to the policy effective date are subject to the limits identified on the Stop Loss Financials.
- An Aggregating Specific Stop Loss amount is included in at least one quotation on the Stop Loss Financials. "Agg Spec" is a group-level Stop Loss amount that applies to the total of all Individual Stop Loss claims. Eligible claim expenses that exceed the Individual Stop Loss amount apply to the Agg Spec amount. It may be satisfied by ISL claims for one claimant or by the sum of ISL claims for many claimants. Our Individual Stop Loss liability does not begin until ISL claims have exceeded the Aggregating Specific amount.

What Is Not Covered

Coverage exclusions include but are not limited to the following:

- Expenses that are not payable under the plan or in accordance with Aetna's clinical policy and established claim practices. This includes expenses that are experimental or investigational, not medically necessary, in excess of the reasonable and customary charge, or any claim exception;
- Eligible claim expenses covered by another valid Stop Loss policy, including another Aetna policy, during the same time period, or run-in claims also covered by a prior policy carrier's run-out provision;
- Plan administration expenses including, but not limited to cost containment administrative fees, care management fees, and network access fees, with the exception of shared savings fees associated with our National Advantage Program (NAP);

Stop Loss Assumptions & Caveats

Effective Date: January 01, 2025

- Assessments or surcharges applied to claims by any government body, with the exception of the MA Uncompensated Care Pool, Minnesota Care Provider Tax, or New York Health Care Reform Act surcharges;
- Incentive or risk share payments, care coordination payments, and other non-fee-for-service payments associated with any agreement with an accountable care or similar provider organization;
- Expenses for non-emergency services, treatment, or related complications provided outside the United States. This includes prescription drugs or medical supplies provided by non-U.S. based companies;
- Capitation payments excluded from Individual Stop Loss but included under Aggregate Stop Loss.

Stop Loss Reimbursement

- When Aetna is also the plan's administrator and the Stop Loss policy is in-force, eligible claims are funded by Stop Loss immediately, as they are approved for payment under the plan. This "Immediate Reimbursement" means that your cash flow is not impacted by waiting for reimbursement of claims exceeding the Stop Loss amount and claim reports are not required. Additional reconciliation is necessary when run-in or run-out is covered, or when other than a 12/12 or Paid contract type is utilized.

When Aetna is not the claims administrator, reconciliation for reimbursable amounts is performed at the end of the policy period once you provide appropriate claim details and other necessary information.

Underwriting Requirements

- We reserve the right to amend or withdraw our offer to reflect the underwriting impact of any additional information we obtain or in the event you are unable to provide us any of the information we need to fully underwrite the risk.
- If you fail to meet our underwriting requirements, including but not limited to a minimum of 51 eligible subscribers, our Stop Loss offer will be withdrawn. If failure to meet this requirement occurs after a Stop Loss policy has been issued, the policy will terminate as of the first day of the first month following the month in which the underwriting requirement was not met.
- We reserve the right to adjust the premium rate or any aggregate Stop Loss factor as of the date of any change to the underlying assumptions that impacts the risk assumed. Changes include, but are not limited to:
 - Any change of +/- 15 percent in enrollment
 - Any change to the plan document(s) that will change the risk assumed under the policy
 - Any change to this policy
 - Any addition or deletion of a unit, division, subsidiary, affiliated or associated company exceeding 10 percent of existing enrollment
 - Any change in federal or state law or regulation that impacts the policy or the coverage provided
 - Any change impacting the risk we have assumed, including but not limited to: age, gender, geography, occupation, incorrect or incomplete information provided in Disclosure statements, etc., that impacts the nature of the risk by more than 10 percent
 - Any change in claims administrator, provider network or cost containment vendor, provided we have consented to the change in writing
 - Any change in the claims administrator's claim payment system or payment practices that causes a variation of +/- 5 percent versus the most recent 12 month average claim processing time.

New units, subsidiaries, etc., will be underwritten. Claim reports may be requested. If this information is not provided, we reserve the right to require a completed and signed Disclosure and may apply AAW/DNC rules on the acquired group.

Why Choose Aetna for Stop Loss Insurance?

Aetna's Stop Loss product has a proven track record of more than 35 years helping self-funded plan sponsors control costs and gain flexibility within their health plan(s) while providing protection against the financial risk of catastrophic claims. Coverage is comprehensive, aligning with the self-funded plan when it is administered by Aetna and offering Paid renewal contract types as our standard, eliminating coverage gaps.

What are the Benefits of integrated Plan Administration and Stop Loss insurance?

Our Stop Loss coverage benefits expand significantly when bundled with our self-funded plan administration.

<i>Peace of Mind that Claims are Covered</i>	<ul style="list-style-type: none"> • The same clinical policies and large claim care coordination apply to our plan administration and Stop Loss coverage. Claims paid according to these standards are automatically covered. • Stop Loss-only carriers 'readjudicate' claims according to their own standards and policies, resulting in coverage denials that causes additional financial risk for the plan sponsor.
<i>Improved Cash Flow and Budgeting</i>	<ul style="list-style-type: none"> • Our Stop Loss is linked to the self-funded plan's administration. Your bank account is never debited for any eligible claim over the ISL or ASL Amount. • Annual claim liability is split into monthly allotments. • With Stop Loss-only carriers, there can be a one to twelve-month reimbursement delay until documentation is submitted to the Stop Loss carrier and approved for payment.
<i>Streamlined processes and resource needs</i>	<ul style="list-style-type: none"> • Stop Loss claims are funded automatically as the claim is initially paid.* There are no claim reports involved, which saves on administrative fees. • There is no chance of missing or failing to submit eligible claims to Stop Loss. • Stop Loss-only carriers require claim and medical management reports to determine reimbursement.

How does integrated Plan Administration and Stop Loss insurance operate?

- **Immediate Reimbursement* for Individual Stop Loss (ISL)**
 - With Immediate Reimbursement, we automatically fund a covered member's eligible claims once the claims exceed the ISL amount. You never fund claims over the ISL amount.
 - The change in the funding of claims is automatic; no action is needed on your part. When claims reach the ISL or ASL amount, our claim system automatically switches the financial indicator of future claims from “customer funded” to “Aetna funded”.
- **Aggregate Stop Loss Monthly Budget Feature***
 - The Monthly Budget Feature provides cash flow protection by capping your monthly claim liability.
 - If the plan's monthly claims paid are less than the maximum calculated payment, you fund the total monthly claims and the unused claim liability is carried forward to the next month.
 - However, if the monthly paid claims are greater than the maximum payment calculated, we fund the difference and you will pay that amount in next month's payment.
 - The claim funding change is automatic; no action is needed on your part. There is no wait for reimbursement.

**Run-in and run-out contract types require additional reconciliation at the close of the policy and/or contract period.*

Stop loss policies are insured or underwritten by Aetna Life Insurance Company.

This material is subject to change. For more information about the coverage details, including limitations, exclusions and other plan requirements, please refer to a sample Stop Loss policy or contact an Aetna representative.

Benefit Review Document

We have reviewed City of Gainesville's plan document as requested and matched it as closely as possible to Aetna's Choice POS II and Aetna Open Access® Managed Choice (POS) plans. We have included a list of those benefit features that we cannot administer exactly as requested. Please also refer to the attached detailed plan descriptions for our proposed benefits.

Where benefits were not specified, we have assumed that Aetna's standard benefit provisions will apply. We have assumed that Aetna's standard claim policies, schedule frequencies, definitions and exclusions will apply unless noted otherwise.

All plans and benefits are subject to and governed by applicable contracts, policies and government regulations. The information herein is believed accurate as of the date of submission and is subject to change without notice. All benefits of the plan are subject to coordination of benefits and the terms (including exclusions) of the Contract.

Our review is based on a contract situs of Florida. Plan features and product availability are subject to extra-territorial mandates and federal requirements as applicable.

This review is also based on a self insured contract. Plan features and product availability for self insured contracts are subject to federal requirements as applicable.

Clarifications

*Depending on availability (e.g. based on funding), we will include Teladoc Health and/or CVS Health Virtual Care and CVS Health Virtual Primary Care as the virtual care solution. Our solution provides coverage on an in-network basis and is standardly covered. Note: We also standardly cover telemedicine services in and out of network (if applicable) outside of this offering. Our program will replace any existing program.

*This review may not reflect the impact of all of the passed health care reform legislation, nor the regulations that may be issued to clarify and revise the law. Certain provisions of the law and regulations may have a material impact on this review.

Benefit Review Document

- *We are using the South Carolina benchmark plan as the model for Essential Health Benefits (EHB) compliance.
- * All in-network member cost sharing must reduce the in-network out-of-pocket maximum, including in-network prescription drug plan copays or other cost sharing, for all medical plans that are subject to ACA, up to the published maximum amounts allowed.
- *The following is a link to our Clinical Policy Bulletins: <https://www.aetna.com/health-care-professionals/clinical-policy-bulletins.html>.
- *Maternity: If the initial visit is not billed as prenatal, well-woman or preventive counseling, the applicable office visit cost share will apply. (If billed as preventive, the initial visit will be covered at 100%, no copay/deductible.)
- *Our clinical policies will replace the current carrier's.
- *Our standard wellness programs will replace any existing programs.
- *Our Precertification Lists will replace the current precertification requirements. In-network precertification is based on the National Provider List (NPL) : <https://www.aetna.com/health-care-professionals/precertification/precertification-lists.html>
- *Our standard transplant guidelines through the National Medical Excellence Program/Institute of Excellence Transplant Network will apply. Institutes of Excellence facilities have been contracted on a transplant specific basis and are considered participating ONLY for the specific transplant for which they are contracted.

**PLAN DESIGN & BENEFITS
 ADMINISTERED BY AETNA LIFE INSURANCE COMPANY - SELF FUNDED**

PLAN FEATURES	IN-NETWORK	OUT-OF-NETWORK
Benefit limitations - Some service or supplies have limits on them per year. There might be a maximum number of visits or days, or a dollar limit per year. In such cases, the benefit year begins on January 1 (unless otherwise noted). Refer to your plan documents to learn more.		
Deductible (per calendar year)	\$600 per Individual \$1,800 per Family	\$600 per Individual \$1,800 per Family
Covered expenses add up toward both your in-network and out-of-network deductible at the same time. You must first meet the deductible before the plan begins paying benefits, unless otherwise noted. The amount you pay (cost sharing) for some medical services does not count toward your deductible. Prescription drug costs do not count toward the deductible. Refer to your plan documents for details. Your family will have one deductible. You will meet it when the expenses of several family members add up to the family deductible. No one person will have to pay more than the individual deductible.		
Member coinsurance	You pay 20%	You pay 40%
Applies to all expenses except as noted.		
Out-of-pocket limit (per calendar year)	\$4,500 per Individual \$7,500 per Family	\$5,000 per Individual \$10,000 per Family
Covered expenses add up toward both your in-network and out-of-network out-of-pocket limit at the same time. Some of your cost sharing may not count toward the out-of-pocket limit. Your pharmacy expenses count toward your out-of-pocket limit. In-network expenses include coinsurance/copays and deductibles. Out-of-network expenses include coinsurance and deductibles. Penalty amounts do not apply. Your family will have one out-of-pocket limit. You will meet it when the expenses of several family members add up to the family out-of-pocket limit. No one person will have to pay more than the individual out-of-pocket limit amount.		
Lifetime maximum		
Unlimited except where otherwise indicated.		
Payment for out-of-network care**	Does not apply	Professional: Prevailing Charges Facility: Facility Charge Review
Primary care physician selection	Encouraged	Does not apply
Precertification requirements -		
Some out-of-network services need approval by us in advance (precertification). Without this approval, we reduce benefits by 100%. Refer to your plan documents for a full list of services that need this approval.		
Referral requirement	Not required	None
Telehealth consultations - You can access covered services for telehealth visits from different kinds of providers in your plan. Log on to Aetna.com to see a list of telehealth providers. You'll also find more about your options, including cost share amounts.		
PREVENTIVE CARE	IN-NETWORK	OUT-OF-NETWORK
Routine adult physical exams/ immunizations	Covered 100%; no deductible	40%; after deductible
1 exam every 12 months until age 65, then 1 exam every 12 months age 65 and older		
Routine well child exams/immunizations	Covered 100%; no deductible	40%; after deductible
<ul style="list-style-type: none"> • 7 exams in the first 12 months • 3 exams from age 13 to 24 months • 3 exams from age 25 to 36 months • 1 exam every 12 months thereafter until age 22 		
Routine gynecological care exams	Covered 100%; no deductible	40%; after deductible
1 exam and pap smear per year, includes related fees.		
Virtual primary care (VPC) preventive care consultations	Covered 100%; no deductible	Not Covered
Includes screening and counseling services for members age 18 and older		

PLAN DESIGN & BENEFITS
ADMINISTERED BY AETNA LIFE INSURANCE COMPANY - SELF FUNDED

Routine mammogram	Covered 100%; no deductible	40%; after deductible
Recommended: One per year for members age 40 and over		
Women's health	Covered 100%; no deductible	40%; after deductible

- \$25 copay maximum per fill per 30 day supply for formulary insulin drugs; no deductible for formulary insulin drugs

Family planning

- Oral fertility drugs included.

The following are covered 100% in-network:

- Seasonal vaccinations
- Preventive vaccinations
- Affordable Care Act (ACA) eligible preventive medications and contraceptives

Refer to **Aetna.com** for a complete list of eligible prescription drugs.

PLAN DESIGN & BENEFITS
ADMINISTERED BY AETNA LIFE INSURANCE COMPANY - SELF FUNDED

Precertification requirements

Some covered prescription drugs need approval from us before we will cover the drug. To get the most up-to-date precertification requirements, see your plan documents or go online to your member website.

Choose generics - Sometimes you or your provider may ask for a brand-name prescription drug when a generic is available. If so, you will pay the brand-name copay plus the difference between the generic price and the brand-name price.

GENERAL PROVISIONS

Dependents who are eligible to be on your plan Spouse, children from birth to age 26. Student status of children does not matter.

**We cover the cost of services based on whether doctors are "in network" or "out of network." We want to help you understand how much we pay for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this "out-of-network" care.

You may choose a provider (doctor or hospital) in our network. You may choose to visit an out-of-network provider. If you choose a doctor who is out of network, your health plan may pay some of that doctor's bill. Most of the time, you will pay a lot more money out of your own pocket if you choose to use an out-of-network doctor or hospital.

When you choose out-of-network care, we limit the amount it will pay. This limit is called the "recognized" or "allowed" amount.

This amount is based on the out-of-network plan you or your employer picks.

- For doctors and other professionals the amount is based on the "prevailing" charges. We get this data from an external database.

- For hospitals and other facilities, the amount is based on the Facility Fee Schedule.

Your doctor sets his or her own rate to charge you. It may be higher -- sometimes much higher -- than what your plan "recognizes." Your doctor may bill you for the dollar amount that we don't "recognize." You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the "recognized charge" counts toward your deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit our website.

You can avoid these extra costs by getting your care from Aetna's broad network of health care providers. Go to www.aetna.com and click on "Find a Doctor" on the left side of the page. If you are already a member, sign on to your Navigator member site.

This applies when you choose to get care out of network. When you have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if you got care in network. You pay cost sharing and deductibles for your in-network level of benefits. Contact us if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your cost sharing and deductibles.

This way of paying out-of-network doctors and hospitals applies when you choose to get care out of network. When you have no choice (for example: emergency room visit after a car accident), we will pay the bill as if you got care in-network. You pay your plan's copayments and deductibles for your in-network level of benefits. Contact us if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your copayments and deductibles.

Plans are provided by: Aetna Health Inc. While this material is believed to be accurate as of the production date, it is subject to change.

Health benefits and health insurance plans contain exclusions and limitations. Not all health services are covered.

PLAN DESIGN & BENEFITS
ADMINISTERED BY AETNA LIFE INSURANCE COMPANY - SELF FUNDED

See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not our agents. Provider participation may change without notice. We do not provide care or guarantee access to health services.

The following is a list of services and supplies that are *generally* not covered. However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased by your employer.

- All medical and hospital services not specifically covered in, or which are limited or excluded by your plan documents.
- Cosmetic surgery, including breast reduction.
- Custodial care.
- Dental care and dental X-rays.
- Donor egg retrieval
- Experimental and investigational procedures, except for coverage for medically necessary routine patient care costs for members participating in a cancer clinical trial.
- Hearing aids
- Home births
- Immunizations for travel or work, except where medically necessary or indicated.
- Implantable drugs and certain injectable drugs including injectable infertility drugs.
- Infertility services, including artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSI and other related services, unless specifically listed as covered in your plan documents.
- Long-term rehabilitation therapy.
- Non-medically necessary services or supplies.
- Outpatient prescription drugs (except for treatment of diabetes), unless covered by a prescription plan rider and over-the-counter medications (except as provided in a hospital) and supplies.
- Radial keratotomy or related procedures.
- Reversal of sterilization.
- Services for the treatment of sexual dysfunction/enhancement, including therapy, supplies or counseling or prescription drugs.
- Special duty nursing.
- Therapy or rehabilitation other than those listed as covered.
- Weight control services including surgical procedures, medical treatments, weight control/loss programs, dietary regimens and supplements, appetite suppressants and other medications; food or food supplements, exercise programs, exercise or other equipment; and other services and supplies that are primarily intended to control weight or treat obesity, including Morbid Obesity, or for the purpose of weight reduction, regardless of the existence of comorbid conditions.

In case of emergency, call 911 or your local emergency hotline, or go directly to an emergency care facility. Translation of this material into another language may be available. Please call Member Services at the number on the back of your ID card.

PLAN DESIGN & BENEFITS
MEDICAL PLAN PROVIDED BY AETNA LIFE INSURANCE COMPANY

PLAN FEATURES	IN-NETWORK	OUT-OF-NETWORK
Benefit limitations - Some service or supplies have limits on them per year. There might be a maximum number of visits or days, or a dollar limit per year. In such cases, the benefit year begins on January 1 (unless otherwise noted). Refer to your plan documents to learn more.		
Deductible (per calendar year)	\$600 per Individual \$1,800 per Family	\$600 per Individual \$1,800 per Family
Covered expenses add up toward both your in-network and out-of-network deductible at the same time. You must first meet the deductible before the plan begins paying benefits, unless otherwise noted. The amount you pay (cost sharing) for some medical services does not count toward your deductible. Prescription drug costs do not count toward the deductible. Refer to your plan documents for details. Your family will have one deductible. You will meet it when the expenses of several family members add up to the family deductible. No one person will have to pay more than the individual deductible.		
Member coinsurance	You pay 20%	You pay 40%
Applies to all expenses except as noted.		
Out-of-pocket limit (per calendar year)	\$4,500 per Individual \$7,500 per Family	\$5,000 per Individual \$10,000 per Family
Covered expenses add up toward both your in-network and out-of-network out-of-pocket limit at the same time. Some of your cost sharing may not count toward the out-of-pocket limit. Your pharmacy expenses count toward your out-of-pocket limit. In-network expenses include coinsurance/copays and deductibles. Out-of-network expenses include coinsurance and deductibles. Penalty amounts do not apply. Your family will have one out-of-pocket limit. You will meet it when the expenses of several family members add up to the family out-of-pocket limit. No one person will have to pay more than the individual out-of-pocket limit amount.		
Lifetime maximum Unlimited except where otherwise indicated.		
Payment for out-of-network care**	Does not apply	Professional: 105% of Medicare Facility: 140% of Medicare
Primary care physician selection	Encouraged	Does not apply
Precertification requirements - Some out-of-network services need approval by us in advance (precertification). Without this approval, we reduce benefits by 100%. Refer to your plan documents for a full list of services that need this approval.		
Referral requirement	Not required	None
Telehealth consultations - You can access covered services for telehealth visits from different kinds of providers in your plan. Log on to Aetna.com to see a list of telehealth providers. You'll also find more about your options, including cost share amounts.		
PREVENTIVE CARE	IN-NETWORK	OUT-OF-NETWORK
Routine adult physical exams/immunizations 1 exam every 12 months until age 65, then 1 exam every 12 months age 65 and older	Covered 100%; no deductible	40%; after deductible
Routine well child exams/immunizations • 7 exams in the first 12 months • 3 exams from age 13 to 24 months • 3 exams from age 25 to 36 months • 1 exam every 12 months thereafter until age 22	Covered 100%; no deductible	40%; no deductible
Routine gynecological care exams 1 exam and pap smear per year, includes related fees.	Covered 100%; no deductible	40%; after deductible
Virtual primary care (VPC) preventive care consultations Includes screening and counseling services for members age 18 and older	Covered 100%; no deductible	Not Covered

PLAN DESIGN & BENEFITS
MEDICAL PLAN PROVIDED BY AETNA LIFE INSURANCE COMPANY

Routine mammogram	Covered 100%; no deductible	40%; after deductible
Recommended: One per year for members age 40 and over		
Women's health	Covered 100%; no deductible	40%; after deductible
Includes: Screening for gestational diabetes, HPV (Human- Papillomavirus) DNA testing, counseling for sexually transmitted infections, counseling and screening for human immunodeficiency virus, screening and counseling for interpersonal and domestic violence, breastfeeding support, supplies and counseling. Also includes: contraceptive methods (ACA mandated contraceptives, including contraceptives and devices you can't get at a pharmacy), sterilization procedures (including tubal ligation), patient education and counseling. Limits may apply.		
Pre-natal maternity	Covered 100%; no deductible	40%; after deductible
Routine digital rectal exam	Covered 100%; no deductible	40%; after deductible
Recommended: For members age 40 and over		
Prostate-specific antigen test	Covered 100%; no deductible	40%; after deductible
Recommended: For members age 40 and over		
Colorectal cancer screening	Covered 100%; no deductible	40%; after deductible
Recommended: For members age 45 and over		
Routine eye exams	Not Covered	Not Covered
Routine hearing screening	Covered 100%; no deductible	40%; after deductible
PHYSICIAN SERVICES	IN-NETWORK	OUT-OF-NETWORK
Office visits to primary care physician (PCP)	\$15 office visit copay; no deductible	40%; after deductible
Includes services of an internist, general physician, family practitioner or pediatrician.		
Virtual primary care (VPC) consultations	Covered 100%; no deductible	Not Covered
Includes basic medical service consultations through a VPC vendor for members age 18 and older; refer to Aetna.com for VPC vendor information		
Telehealth consultation with non-specialist	\$15 office visit copay; no deductible	40%; after deductible
Specialist office visits	20%; after deductible	40%; after deductible

Mandatory maintenance choice	Maintenance drugs are prescriptions commonly used to treat conditions that require regular, daily use of medicines. If you take a maintenance drug, you can get two retail fills. Then you must fill a 31-90-day supply of the maintenance drug at CVS Caremark® Mail Service Pharmacy, a designated network pharmacy, or a CVS Pharmacy®.	
Opt Out	If you do not, you will need to pay 100% of the drug cost. You must notify us if you want to continue to fill the medicine at a network retail pharmacy. Just call the number on the member ID card.	
Specialty	You can get up to a 30-day supply of specialty drugs You must fill all specialty drugs through our preferred specialty pharmacy network. Advanced Control Formulary Aetna Insured List	

PLAN DESIGN & BENEFITS
MEDICAL PLAN PROVIDED BY AETNA LIFE INSURANCE COMPANY

Your prescription drug plan also includes:

- Diabetic supplies
- \$25 copay maximum per fill per 30 day supply for formulary insulin drugs; no deductible for formulary insulin drugs
- A limited list of over-the-counter medications when filled with a prescription

Family planning

- Oral fertility drugs included.
- Contraceptives covered up to a 12-month supply. Contraceptive copay strategy applies.

The following are covered 100% in-network:

- Oral chemotherapy drugs
- Seasonal vaccinations
- Preventive vaccinations
- Affordable Care Act (ACA) eligible preventive medications and contraceptives

Refer to **Aetna.com** for a complete list of eligible prescription drugs.

Precertification requirements

Some covered prescription drugs need approval from us before we will cover the drug. If you are currently taking one of these drugs when you switch to this plan, you may get one fill of your prescription within the first 90 days of starting the plan.

Some covered prescription drugs require step therapy before we cover them. With step therapy, you must first try one or more drugs before we will pay for drugs that require step therapy. If you are currently taking one of these drugs when you switch to this plan, you may get one fill of your prescription within the first 90 days of starting this plan.

To get the most up-to-date precertification requirements and a list of drugs that require step therapy, see your plan documents or go online to your member website.

Choose generics - Sometimes you or your provider may ask for a brand-name prescription drug when a generic is available. If so, you will pay the brand-name copay plus the difference between the generic price and the brand-name price.

GENERAL PROVISIONS

Dependents who are eligible to be on your plan Spouse, children from birth to age 26. Student status of children does not matter.

**We cover the cost of services based on whether doctors are "in network" or "out of network." We want to help you understand how much we pay for your out-of-network care. At the same time, we want to make it clear how much more you will need to pay for this "out-of-network" care.

You may choose a provider (doctor or hospital) in our network. You may choose to visit an out-of-network provider. If you choose a doctor who is out of network, your health plan may pay some of that doctor's bill. Most of the time, you will pay a lot more money out of your own pocket if you choose to use an out-of-network doctor or hospital.

When you choose out-of-network care, we limit the amount it will pay. This limit is called the "recognized" or "allowed" amount.

- For doctors and other professionals the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much we "recognize" depends on the plan you or your employer picks.

- For hospitals and other facilities, the amount is based on what Medicare pays for these services. The government sets the Medicare rate. Exactly how much we "recognize" depends on the plan you or your employer picks.

City of Gainesville
Proposed Effective Date: 01-01-2025
Open Access® Managed Choice® POS - Florida

PLAN DESIGN & BENEFITS
MEDICAL PLAN PROVIDED BY AETNA LIFE INSURANCE COMPANY

Your doctor sets his or her own rate to charge you. It may be higher -- sometimes much higher -- than what your plan "recognizes." Your doctor may bill you for the dollar amount that we don't "recognize." You must also pay any copayments, coinsurance and deductibles under your plan. No dollar amount above the "recognized charge" counts toward your deductible or out-of-pocket maximums. To learn more about how we pay out-of-network benefits visit our website.

You can avoid these extra costs by getting your care from Aetna's broad network of health care providers. Go to www.aetna.com and click on "Find a Doctor" on the left side of the page. If you are already a member, sign on to your Navigator member site.

This applies when you choose to get care out of network. When you have no choice (for example: emergency room visit after a car accident, or for other emergency services), we will pay the bill as if you got care in network. You pay cost sharing and deductibles for your in-network level of benefits. Contact us if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your cost sharing and deductibles.

This way of paying out-of-network doctors and hospitals applies when you choose to get care out of network. When you have no choice (for example: emergency room visit after a car accident), we will pay the bill as if you got care in-network. You pay your plan's copayments and deductibles for your in-network level of benefits. Contact us if your provider asks you to pay more. You are not responsible for any outstanding balance billed by your providers for emergency services beyond your copayments and deductibles.

Plans are provided by: Aetna Health Inc. While this material is believed to be accurate as of the production date, it is subject to change.

Health benefits and health insurance plans contain exclusions and limitations. Not all health services are covered.

See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not our agents. Provider participation may change without notice. We do not provide care or guarantee access to health services.

If you are in a plan that requires the selection of a primary care physician and your primary care physician is part of an integrated delivery system or physician group, your primary care physician will generally refer you to specialists and hospitals that are affiliated with the delivery system or physician group.

PLAN DESIGN & BENEFITS
MEDICAL PLAN PROVIDED BY AETNA LIFE INSURANCE COMPANY

The following is a list of services and supplies that are *generally* not covered. However, your plan documents may contain exceptions to this list based on state mandates or the plan design or rider(s) purchased by your employer.

- All medical and hospital services not specifically covered in, or which are limited or excluded by your plan documents.
- Cosmetic surgery, including breast reduction.
- Custodial care.
- Dental care and dental X-rays.
- Donor egg retrieval
- Experimental and investigational procedures, except for coverage for medically necessary routine patient care costs for members participating in a cancer clinical trial.
- Hearing aids
- Home births
- Immunizations for travel or work, except where medically necessary or indicated.
- Implantable drugs and certain injectable drugs including injectable infertility drugs.
- Infertility services, including artificial insemination and advanced reproductive technologies such as IVF, ZIFT, GIFT, ICSI and other related services, unless specifically listed as covered in your plan documents.
- Long-term rehabilitation therapy.
- Non-medically necessary services or supplies.
- Outpatient prescription drugs (except for treatment of diabetes), unless covered by a prescription plan rider and over-the-counter medications (except as provided in a hospital) and supplies.
- Radial keratotomy or related procedures.
- Reversal of sterilization.
- Services for the treatment of sexual dysfunction/enhancement, including therapy, supplies or counseling or prescription drugs.
- Special duty nursing.
- Therapy or rehabilitation other than those listed as covered.
- Weight control services including surgical procedures, medical treatments, weight control/loss programs, dietary regimens and supplements, appetite suppressants and other medications; food or food supplements, exercise programs, exercise or other equipment; and other services and supplies that are primarily intended to control weight or treat obesity, including Morbid Obesity, or for the purpose of weight reduction, regardless of the existence of comorbid conditions.

Implementation Solutions

The proactive implementation team approach

We understand that implementing new health benefits packages can present many challenges. That's why we provide you with a whole team of experts to help guide you through a smooth transition.

You will have many questions along the way, including:

- How are business and member deliverables managed?
- How and when are benefit changes communicated to employees?
- What is the timing of the open enrollment period?
- How is the exchange of key information facilitated?

We help you address these questions by combining a team of experts supported by effective project management tools. This approach, in place for over 30 years and refined annually through our continuous quality initiatives, sets the foundation for a long-lasting relationship with you.

Collaboration and accountability

Our implementation team approach establishes a collaborative environment through the partnership we create with you and your business partners. Your Implementation Manager leads a team of our subject matter experts and City of Gainesville representatives. While each member of the implementation team contributes his or her unique talents to ensure a seamless transition, the Implementation Manager has overall accountability to you.

Your Implementation Manager develops an Implementation Management Plan that outlines tasks and target completion dates specific to each team member. The Implementation Manager carefully monitors the progress using this plan and other project management tools. Through regularly scheduled meetings and conference calls, the team provides updates and the status and resolution of issues raised during the transition.

Continuous commitment

We remain committed in our service to you. Several members of the implementation team remain actively involved with the ongoing service of your account.

Implementation Solutions

The implementation team – roles and responsibilities

The implementation team members work together throughout the duration of the project toward a seamless transition of your benefits program. This team includes the following representatives:

The City of Gainesville team

We recommend that the implementation team includes City of Gainesville representatives from the following areas:

- Employee benefits
- Eligibility
- Finance
- Human resources
- Communications

In addition, we recommend including Samantha Ricchini, your Gehring Group contact.

The Aetna team

Your implementation team includes the following Aetna members:

- Renthia Jackson, Sr. Sales Executive
- Account Executive/Account Manager
 - Primary Aetna contact throughout implementation
 - Coordinates open enrollment activities
 - Provides ongoing account management after the plan effective date
- Mark Sternat, Proposal Director
Ashley Hinckley, Strategic Proposal Consultant
 - Provides initial details of sale, rates, special procedures
 - Prepares and documents the Letter of Understanding

Implementation Solutions

- Jacksonville Member Service Center
 - Provides member services support
 - Processes claims
 - Coordinates audits
- Implementation Manager
 - Directs implementation activities
 - Oversees activities of all Aetna areas
- Plan Benefit Set-Up
 - Reviews benefits plans
 - Codes benefits and structure into Aetna systems
 - Distributes documents to appropriate departments
- Contracts/Agreements
 - Drafts contracts
 - Prepares funding agreements
 - Drafts employee Booklets and/or Certificates of Coverage, if applicable
- Eligibility
 - Maintains member eligibility data
 - Coordinates production and ID card mailings
- Billing
 - Codes billing rates into Aetna systems
 - Prepares billing statements

Implementation Solutions

Assumptions

We have created the project management tools (Key Events, Implementation Management Plan and Gantt Chart) based upon the information and assumptions provided.

- The decision to implement the proposed benefits program will be made by 09/05/2024
- The effective date will be 01/01/2025
- Benefits will be those described in the proposal
- Eligibility certification:
 - Aetna will certify eligibility for medical and pharmacy claims
 - City of Gainesville will report eligibility via electronic file
- Funding arrangements:
 - The Choice POS II plan will be on a self-funded basis with Stop Loss
 - The Open Access Managed Choice plan will be on a fully insured basis
 - The Pharmacy plan will be on a self-funded with Stop Loss and/or fully insured basis
- Billing methods:
 - List or Summary Style Invoice
- Aetna pays claims incurred on and after the effective date of 01/01/2025
- Prior Carrier will pay claims runoff incurred prior to 01/01/2025

Implementation Solutions

Project management tools

We manage implementation of your plan with the help of the tools listed below. All dates are approximate and will be modified as priorities are determined.

Key Events

The Key Events view of the implementation plan highlights the important milestones and dates that the team focuses on during the implementation.

City of
Gainesville_KeyEvents.

Implementation Management Plan

The Implementation Management Plan provides an ongoing status report on the team's progress and identifies the following:

- Tasks to be completed
- The individual(s) responsible
- A scheduled start and finish date

This plan is updated throughout the implementation and distributed to all implementation team members.

All Excluded Charges	\$6,553

*Out-of-network savings reflect savings from NAP programs applicable to claims incurred at non-NAP contracted/network providers and facilities including Facility Charge Review, Single Case Contracting and Ad Hoc Negotiations.

**Claims associated with Vision Providers, Dental Providers, Pharmacy Providers, Military Providers, Third Party Administrators, Government Agencies/Police Department, Record Management Services, Blank Records, Billing Services, Cruise Lines, Foreign Providers, Retired/Deceased Providers, and Not Considered Records (records associated with invalid TINs, medical management vendors from other carriers, unknown provider records, etc.).

Medical Claim Re-pricing Summary

Purpose

The following re-pricing/discount analysis has been completed by Aetna for the medical claims of City of Gainesville. Aetna does not guarantee the impact of the actual financial results in this repricing analysis. There are several factors which could cause the actual financial results to vary from the results presented in our analysis.

Methodology

For the re-pricing methodology used in this analysis:

- Eligible charges are amounts submitted by participating providers for health care services, less excluded charges.
- Allowed charges are the amounts payable to providers after eligible charges are reduced for contractual payment provisions. Reductions in payments due to coordination of benefits, member cost sharing, and medical management savings are not applied to reduce the allowed amount.

The methodology employed for this analysis is Forward-Looking.

Forward-Looking 3-Digit Zip Code Level Methodology

To determine if a claim was in-network, a combination of provider TIN, name, address, and zip were used to determine if the provider was in Aetna's network.

The discounts by medical service category were determined under the following methodology:

- Inpatient – The prospective average inpatient discount by three-digit zip code was applied to the claim.
- Outpatient – The prospective average outpatient discount by three-digit zip code was applied to the claim.
- Professional/Other – The prospective average professional discount by three-digit zip code was applied to the claim.

Our prospective in-network discounts are based on projected first quarter 2025 discount data.

Out of Network Methodology

Where a claim is incurred at a National Advantage Program (NAP) contracted provider or facility, a 3-digit zip code level NAP discount has been applied.

For all other out of network claims, we apply a savings from NAP programs applicable to claims incurred at non-NAP contracted providers and facilities including Facility Charge Review, Single Case Contracting and Ad Hoc Negotiations.

Our historical out-of-network discounts are as of 01/01/2023-12/31/2023 data.

Exclusions

We did not reprice the following types of claims:

- Vision Providers
- Dental Providers
- Pharmacy Providers
- Military Providers
- Third Party Administrators
- Government Agencies/Police Department
- Record Management Services
- Blank Records
- Billing Services
- Cruise Lines
- Foreign Providers
- Retired/Deceased Providers
- Records associated with invalid TINs, blank zip codes, medical management vendors from other carriers, unknown provider records, etc.

Comparisons to Other Carriers' Re-pricing

When comparing re-pricing results to other carriers, it is vital that the re-pricings were run under the same basis. Several factors should be verified by other carriers, such as:

- Are other carriers appropriately defining the discounts they are applying to the claims, as outlined under our Methodology section?
 - Ensure non-covered charges are excluded from eligible charges. Including them would inappropriately inflate discounts.

- Ensure coordination of benefits, member cost share and additional claim savings (such as medical management) are excluded from allowable charges. Including them would inappropriately inflate discounts.
- Are carriers using the same methodology?
 - For example, if carrier A is using a Historical Provider-Specific methodology and carrier B is using a Forward-Looking methodology. Ensure that the re-pricings coming from competitors are utilizing similar methodologies.

Drugs not covered — and their covered alternatives

2024 Advanced Control Plan Formulary Exclusions Drug List

The drugs on this list have been removed from your plan’s formulary. If you continue using a drug listed under “excluded drug name(s)”, you may have to pay the full cost. Ask your doctor to choose one of the generic or brand formulary options from the list.

PREFERRED OPTIONS FOR EXCLUDED MEDICATIONS

The preferred options listed below is a broad presentation within therapeutic categories of available treatment options and do not necessarily represent clinical equivalency.

Key	
UPPERCASE	Brand-name medicine
<i>Upper and lowercase italics</i>	Branded generic medicine
<i>lowercase italics</i>	Generic medicine

EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)	EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)
ABILIFY	<i>aripiprazole, asenapine, clozapine, lurasidone, olanzapine, quetiapine, quetiapine ext-rel, risperidone, ziprasidone, VRAYLAR</i>	ACTEMRA INTRAVENOUS	AVSOLA, REMICADE, SIMPONI ARIA
		<i>Activite</i>	<i>generic multivitamins</i>
		ACTOS	<i>pioglitazone</i>
ACANYA	<i>adapalene (except adapalene pad), benzoyl peroxide, clindamycin gel (except NDC 68682046275), clindamycin solution, clindamycin-benzoyl peroxide, dapsone, erythromycin solution, erythromycin- benzoyl peroxide, tretinoin, AKLIEF, EPIDUO, ONEXTON, TWYNEO, WINLEVI</i>	ACUVAIL	<i>bromfenac, diclofenac, ketorolac</i>
		<i>acyclovir cream</i>	<i>acyclovir (except acyclovir cream), penciclovir, valacyclovir</i>
ACIPHEX, ACIPHEX SPRINKLE	<i>esomeprazole delayed-rel, lansoprazole delayed-rel capsule, omeprazole delayed-rel, pantoprazole delayed-rel tablet</i>	ACZONE	<i>adapalene (except adapalene pad), benzoyl peroxide, clindamycin gel (except NDC 68682046275), clindamycin solution, clindamycin-benzoyl peroxide, dapsone, erythromycin solution, erythromycin- benzoyl peroxide, tretinoin, AKLIEF, EPIDUO, ONEXTON, TWYNEO, WINLEVI</i>

EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)	EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)
<i>adapalene pad</i>	<i>adapalene (except adapalene pad), benzoyl peroxide, clindamycin gel (except NDC 68682046275), clindamycin solution, clindamycin-benzoyl peroxide, dapsons, erythromycin solution, erythromycin- benzoyl peroxide, tretinoin, AKLIEF, EPIDUO, ONEXTON, TWYNEO, WINLEVI</i>	ALEVICYN GEL, ALEVICYN SG, ALEVICYN SOLUTION	<i>desonide (except desonide gel), hydrocortisone</i>
ADCIRCA	<i>sildenafil, tadalafil, TADLIQ</i>	ALIMTA	<i>pemetrexed</i>
ADDERALL	<i>dexmethylphenidate, dextroamphetamine, methylphenidate</i>	ALIQOPA	Talk to your doctor
ADDERALL XR	<i>amphetamine-dextroamphetamine mixed salts ext-rel, dexmethylphenidate ext-rel, dextroamphetamine ext-rel, methylphenidate ext-rel, AZSTARYS</i>	ALLISON MEDICAL INSULIN SYRINGES	BD ULTRAFINE INSULIN SYRINGES
ADRENALIN	<i>epinephrine (except NDCs 00093-XXXX-XX and 49502-XXXX-XX), AUVI-Q</i>	ALORA	<i>estradiol, DIVIGEL, EVAMIST</i>
ADVAIR DISKUS, ADVAIR HFA	<i>fluticasone-salmeterol (except certain NDCs), Wixela Inhub, BREO ELLIPTA (except certain NDCs)</i>	ALREX	<i>azelastine, bepotastine, cromolyn sodium, olopatadine</i>
ADZENYS XR-ODT	<i>amphetamine-dextroamphetamine mixed salts ext-rel, dexmethylphenidate ext-rel, dextroamphetamine ext-rel, methylphenidate ext-rel, AZSTARYS</i>	ALTOPREV	<i>atorvastatin, ezetimibe-simvastatin, fluvastatin, lovastatin, pravastatin, rosuvastatin, simvastatin</i>
AFINITOR, AFINITOR DISPERZ	<i>everolimus</i>	ALVESCO	PULMICORT FLEXHALER
AIMOVIG	<i>AJOVY, EMGALITY, QULIPTA</i>	AMITIZA	<i>lubiprostone, LINZESS, SYMPROIC</i>
AKYNZEO	<i>aprepitant WITH granisetron, ondansetron or SANCUSO</i>	AMRIX	<i>carisoprodol 350 mg, chlorzoxazone 500 mg (except NDC 73007001303), cyclobenzaprine (except cyclobenzaprine tablet 7.5 mg), metaxalone 800 mg, methocarbamol (except NDCs 69036091010, 69036093090, 70868090190)</i>
<i>albuterol sulfate CFC-free aerosol (NDC 66993001968 only)</i>	<i>albuterol sulfate CFC-free aerosol (except NDC 66993001968), levalbuterol tartrate CFC-free aerosol</i>	ANDROGEL	<i>testosterone gel (except authorized generics for TESTIM and VOGELXO), testosterone solution, NATESTO</i>
		ANGELIQ	<i>estradiol-norethindrone, BIJUVA</i>
		ANZEMET	<i>granisetron, ondansetron, SANCUSO</i>
		APEXICON E	<i>desoximetasone (except desoximetasone ointment 0.05%), fluocinonide (except fluocinonide cream 0.1%), BRYHALI</i>
		APIDRA	FIASP, NOVOLOG

EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)	EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)
ALENZIN	<i>bupropion, bupropion ext-rel (except bupropion ext-rel tablet 450 mg)</i>		ULTRA STRIPS AND KITS, ONETOUCH VERIO STRIPS AND KITS
APOKYN	INBRIJA, KYNMOBI	ASMANEX, ASMANEX HFA	PULMICORT FLEXHALER
APTENSIO XR	<i>amphetamine-dextroamphetamine mixed salts ext-rel, dexmethylphenidate ext-rel, dextroamphetamine ext-rel, methylphenidate ext-rel, AZSTARYS</i>	ATACAND, ATACAND HCT	<i>candesartan, candesartan-hydrochlorothiazide, irbesartan, irbesartan-hydrochlorothiazide, losartan, losartan-hydrochlorothiazide, olmesartan, olmesartan-hydrochlorothiazide, telmisartan, telmisartan-hydrochlorothiazide, valsartan, valsartan-hydrochlorothiazide</i>
APTIVUS	Talk to your doctor		
ARALAST NP	PROLASTIN-C, ZEMAIRA		
ARAZLO	<i>adapalene (except adapalene pad), benzoyl peroxide, clindamycin gel (except NDC 68682046275), clindamycin solution, clindamycin-benzoyl peroxide, dapson, erythromycin solution, erythromycin-benzoyl peroxide, tretinoin, AKLIEF, EPIDUO, ONEXTON, TWYNEO, WINLEVI</i>	ATIVAN	<i>alprazolam, clonazepam, diazepam, lorazepam, oxazepam</i>
ARCALYST	Talk to your doctor	ATOPADERM	<i>desonide (except desonide gel), hydrocortisone</i>
ARNUITY ELLIPTA	PULMICORT FLEXHALER	ATRALIN	<i>adapalene (except adapalene pad), benzoyl peroxide, clindamycin gel (except NDC 68682046275), clindamycin solution, clindamycin-benzoyl peroxide, dapson, erythromycin solution, erythromycin-benzoyl peroxide, tretinoin, AKLIEF, EPIDUO, ONEXTON, TWYNEO, WINLEVI</i>
ARTHROTEC	<i>celecoxib; diclofenac sodium, ibuprofen, meloxicam tablet or naproxen (except naproxen CR or naproxen suspension) WITH esomeprazole delayed-rel, lansoprazole delayed-rel capsule, omeprazole delayed-rel, or pantoprazole delayed-rel tablet</i>		
ASACOL HD	<i>balsalazide, mesalamine delayed-rel, mesalamine ext-rel, sulfasalazine, sulfasalazine delayed-rel</i>	ATROVENT HFA	SPIRIVA
ASCENSIA STRIPS AND KITS	ACCU-CHEK AVIVA PLUS STRIPS AND KITS, ACCU-CHEK GUIDE STRIPS AND KITS, ACCU-CHEK SMARTVIEW STRIPS AND KITS, ONETOUCH	AUBAGIO	<i>dimethyl fumarate delayed-rel, fingolimod, glatiramer, teriflunomide, AVONEX, BETASERON, COPAXONE 40 MG/ML, KESIMPTA, MAYZENT, OCREVUS, REBIF, TYSABRI, VUMERITY, ZEPOSIA</i>
		AVASTIN	ZIRABEV
		AVENOVA	Talk to your doctor
		AZASITE	<i>ciprofloxacin, erythromycin, gentamicin, levofloxacin, moxifloxacin, ofloxacin, sulfacetamide, tobramycin</i>

EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)	EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)
AZELEX	<i>adapalene (except adapalene pad), benzoyl peroxide, clindamycin gel (except NDC 68682046275), clindamycin solution, clindamycin-benzoyl peroxide, dapsons, erythromycin solution, erythromycin- benzoyl peroxide, tretinoin, AKLIEF, EPIDUO, ONEXTON, TWYNEO, WINLEVI</i>	BENSAL HP	<i>valsartan, valsartan-hydrochlorothiazide</i>
AZESCO	<i>generic prenatal vitamins</i>		<i>desonide (except desonide gel), hydrocortisone</i>
AZOPT	<i>brinzolamide, dorzolamide</i>	<i>benzonatate (NDCs 69336012615, 69499032915 only)</i>	<i>benzonatate (except NDCs 69336012615, 69499032915)</i>
AZOR	<i>amlodipine-olmesartan, amlodipine-telmisartan, amlodipine-valsartan</i>	BEPREVE	<i>azelastine, bepotastine, cromolyn sodium, olopatadine</i>

Health benefits and health insurance plans are offered, administered and/or underwritten by Aetna Health Inc., Aetna Health Insurance Company of New York, Aetna Health Assurance Pennsylvania Inc., Aetna Health Insurance company and/or Aetna Life Insurance Company (Aetna). In Florida, by Aetna Health Inc. and/or Aetna Life Insurance Company. In Utah and Wyoming by Aetna Health of Utah Inc. and Aetna Life Insurance Company. In Maryland, by Aetna Health Inc., 151 Farmington Avenue, Hartford, CT 06156. Each insurer has sole financial responsibility for its own products. Pharmacy benefits are administered by an affiliated pharmacy benefit manager, CVS Caremark. Aetna is part of the CVS Health family of companies.

FOR YOUR INFORMATION: Generics should be considered the first line of prescribing. This drug list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. New-to-market products and new variations of products already in the marketplace will not be added to the formulary immediately. Each product will be evaluated for clinical appropriateness and cost-effectiveness. Recommended additions to the formulary will be presented to the CVS Caremark National Pharmacy and Therapeutics Committee (or other appropriate reviewing body) for review and approval. In most instances, a brand-name drug for which a generic product becomes available will be designated as a non-preferred option upon release of the generic product to the market. Specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. The member's prescription benefit plan may have a different copay for specific products on the list. Unless specifically indicated, drug list products will include all dosage forms. This list represents brand products in CAPS, branded generics in upper- and lowercase italics, and generic products in lowercase italics. Generics listed in therapeutic categories are for representational purposes only. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed. For a summary of your coverage or benefits plan log in to your secure member site at www.aetna.com. Or call the toll-free number on your member ID card.

Drug products are identified by unique numerical product identifiers, called National Drug Codes (NDC), which identify the manufacturer, strength, dosage form, formulation and package size.

Some listings do not include certain NDCs as noted above.

For VOSEVI listing above: For use in patients previously treated with an HCV regimen containing an NS5A inhibitor (for genotypes 1-6) or sofosbuvir without an NS5A inhibitor (for genotypes 1a or 3).

An ACCU-CHEK or ONETOUCH blood glucose meter may be provided at no charge by the manufacturer to those individuals currently using a meter other than ACCU-CHEK or ONETOUCH. For more information on how to obtain a blood glucose meter, call: **1-877-418-4746 (TTY: 711)**.

BD ULTRAFINE syringes and needles are the only preferred options.

ACCU-CHEK or ONETOUCH brand test strips are the only preferred options.

Generic multivitamins (except Activite, Dexifol, Folvite-D, Genicin Vita-S, HylaVite, Multipro, TronVite, Vitasure, Xvite) are the only preferred options.

Generic prenatal vitamins are the only preferred options.

An exception process is in place for specific clinical or regulatory circumstances that may require coverage of an excluded medication. For more information, please sign in or register for your secure member site at www.Aetna.com.

QVAR REDHALER and fluticasone HFA are covered for members 6 years of age and under.

This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CVS Caremark. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber. The document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable.

The information contained in this document is proprietary. The information may not be copied in whole or in part without written permission.

Plan for your best health

Advanced Control Plan

Aetna Advanced Control Drug Guide

The **Aetna Advanced Control Drug Guide** is a guide within select therapeutic categories for clients, plan members and health care providers. **Generics should be considered the first line of prescribing.** If there is no generic available, there may be more than one brand-name medicine to treat a condition. These preferred brand-name medicines are listed to help identify products that are clinically appropriate and cost-effective. Generics listed in therapeutic categories are for representational purposes only. This is not an all-inclusive list and does not guarantee coverage. This list represents brand products in CAPS, branded generics in upper- and lowercase *Italics*, and generic products in lowercase *italics*.

PLAN MEMBER

Your benefit plan provides you with prescription drug coverage that is administered by Aetna. Ask your doctor to consider prescribing, when medically appropriate, a preferred medicine from this list. Take this list the next time you or a covered family member sees a doctor.

- Your specific prescription benefit plan design may not cover certain medications, products or categories, regardless of their appearance in this document. Medications and products recently approved by the U.S. Food and Drug Administration (FDA) may not be covered immediately upon release to the market.
- Your prescription benefit plan design may alter coverage of certain products or vary cost sharing amounts based on the condition being treated.
- You may be responsible for the full cost of medications and products that are removed from coverage.
- For specific information regarding your prescription benefit coverage and cost sharing, or if you have additional questions, please sign in or register for your secure member site at www.aetna.com.
- When a generic medication that is equivalent to a brand-name drug is released to the market, in most instances, that brand-name drug will be designated as a non-preferred option.

HEALTH CARE PROVIDER

Your patient is covered under a prescription benefit plan administered by Aetna. As a way to help manage health care costs, authorize generic substitution whenever possible. If you believe a brand-name product is medically necessary, consider prescribing a brand name on this list.

- The member's prescription benefit plan design may alter coverage of certain products or vary cost sharing amounts based on the condition being treated.
- This drug list represents a summary of prescription coverage. The member's specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. Products recently approved by the FDA may not be covered immediately upon release to the market.
- The member's prescription benefit plan may have different cost sharing for specific products on the list.
- Unless specifically indicated, drug list products will include all dosage forms.
- Log in to Aetna.com to check coverage and cost sharing information for a specific medicine.

<i>Upper and lowercase italics</i>	Branded generic medicine
<i>lowercase italics</i>	Generic medicine

ANALGESICS

COX-2 INHIBITORS

celecoxib

GOUT

allopurinol
colchicine tablet
probenecid
MITIGARE

NSAIDS

diclofenac sodium
ibuprofen
meloxicam tablet
naproxen (except *naproxen CR* or *naproxen suspension*)

NSAIDS, COMBINATIONS

diclofenac sodium-misoprostol

OPIOID ANALGESICS

codeine-acetaminophen
fentanyl transdermal
fentanyl transmucosal
hydrocodone ext-rel
hydrocodone-acetaminophen
hydromorphone
methadone
morphine
morphine ext-rel
oxycodone
oxycodone-acetaminophen
tramadol (except NDC 52817019610)
tramadol ext-rel tablet

OPIOID PARTIAL AGONISTS

buprenorphine transdermal
BELBUCA

VISCOSUPPLEMENTS

DUROLANE
EUFLEXXA
GELSYN-3
SUPARTZ FX

ANTI-INFECTIVES

ANTHELMINTICS

ivermectin tablet

ANTI-BACTERIALS - MISCELLANEOUS

sulfamethoxazole-trimethoprim

ANTIFUNGALS

fluconazole
itraconazole
terbinafine tablet

ANTIRETROVIRAL AGENTS

abacavir
atazanavir
darunavir
efavirenz
etravirine
lamivudine
maraviroc
nevirapine
nevirapine ext-rel
ritonavir
stavudine
zidovudine
EMTRIVA
FUZEON
ISENTRESS
TIVICAY

ANTIRETROVIRAL COMBINATION AGENTS

abacavir-lamivudine
efavirenz-emtricitabine-tenofovir disoproxil fumarate
efavirenz-lamivudine-tenofovir disoproxil fumarate
emtricitabine-tenofovir disoproxil fumarate
lamivudine-zidovudine
lopinavir-ritonavir
BIKTARVY
CIMDUO
DESCOVY
DOVATO
GENVOYA
ODEFSEY

SYMTUZA

TRIUMEQ

ANTITUBERCULAR AGENTS

ethambutol
isoniazid
pyrazinamide
rifampin

ANTIVIRALS

acyclovir
entecavir
lamivudine
oseltamivir
valganciclovir
RELENZA

CEPHALOSPORINS

cefдинir
cefprozil
cefuroxime axetil
cephalexin
SUPRAX

ERYTHROMYCINS/MACROLIDES

azithromycin
clarithromycin
clarithromycin ext-rel
erythromycins
DIFICID

FLUOROQUINOLONES

ciprofloxacin
levofloxacin
moxifloxacin

HEPATITIS B AGENTS

tenofovir disoproxil fumarate

HEPATITIS C

ribavirin
EPCLUSA (genotypes 1, 2, 3, 4, 5, 6)
HARVONI (genotypes 1, 4, 5, 6)
VOSEVI

MISCELLANEOUS

clindamycin

linezolid
metronidazole
nitrofurantoin (except NDC 16571074024)
pyrimethamine
vancomycin capsule
MEPRON
XIFAXAN 550 MG

NUCLEOTIDE REVERSE TRANSCRIPTASE INHIBITORS

tenofovir disoproxil fumarate

PENICILLINS

amoxicillin
amoxicillin-clavulanate
dicloxacillin
penicillin vk

TETRACYCLINES

doxycycline hyclate capsule
doxycycline hyclate tablet
(except *doxycycline hyclate tablet 50 mg, 75 mg, 150 mg*)
minocycline
tetracycline

ANTINEOPLASTIC AGENTS

ALKYLATING AGENTS

cyclophosphamide
melfalan
temozolomide
LEUKERAN
MATULANE
MYLERAN

ANTIMETABOLITES

capecitabine
mercaptopurine
pemetrexed
LONSURF
TABLOID
TREXALL

BIOLOGIC RESPONSE MODIFIERS

BESREMI
ERIVEDGE
REVLIMID
THALOMID

BIOSIMILARS

HERZUMA
OGIVRI
RUXIENCE
ZIRABEV

HORMONAL**ANTINEOPLASTIC AGENTS**

abiraterone
anastrozole
bicalutamide
exemestane
fulvestrant
letrozole
leuprolide acetate
megestrol acetate
tamoxifen
toremifene
ELIGARD
ERLEADA
LYSODREN
NUBEQA
XTANDI
YONSA

KINASE INHIBITORS

erlotinib
everolimus
gefitinib
imatinib mesylate
lapatinib
sorafenib
sunitinib
ALECENSA
ALUNBRIG
BOSULIF
BRAFTOVI
BRUKINSA
CABOMETYX

SPRYCEL
STIVARGA
TAGRISSO
VITRAKVI
XOSPATA
ZELBORAF
ZYDELIG
ZYKADIA

MISCELLANEOUS

bexarotene
hydroxyurea
tretinoin capsule
KRAZATI
LUMAKRAS
LYNPARZA
ODOMZO
VISTOGARD
ZEJULA
ZOLINZA

MONOCLONAL ANTIBODIES

PERJETA
PHESGO

PROTEASOME INHIBITORS

bortezomib
NINLARO

TOPOISOMERASE INHIBITORS

etoposide

CARDIOVASCULAR**ACE INHIBITOR COMBINATIONS**

fosinopril-hydrochlorothiazide
lisinopril-hydrochlorothiazide
quinapril-hydrochlorothiazide

ACE INHIBITORS

enalapril
fosinopril
lisinopril
quinapril
ramipril

ALDOSTERONE RECEPTOR ANTAGONISTS

eplerenone

ANGIOTENSIN II RECEPTOR ANTAGONIST COMBINATIONS

amlodipine-olmesartan
amlodipine-telmisartan
amlodipine-valsartan

amlodipine-valsartan-hydrochlorothiazide
candesartan-hydrochlorothiazide
irbesartan-hydrochlorothiazide
losartan-hydrochlorothiazide
olmesartan-amlodipine-hydrochlorothiazide
olmesartan-hydrochlorothiazide
telmisartan-hydrochlorothiazide
valsartan-hydrochlorothiazide

ANGIOTENSIN II RECEPTOR ANTAGONISTS

candesartan
irbesartan
losartan
olmesartan
telmisartan
valsartan

ANTIARRHYTHMICS

amiodarone
disopyramide
sotalol
MULTAQ

ANTILIPEMICS, ACL INHIBITORS/COMBINATIONS

NEXLETOL
NEXLIZET

ANTILIPEMICS, BILE ACID RESINS

cholestyramine
colesevelam

ANTILIPEMICS, CHOLESTEROL ABSORPTION INHIBITOR

ezetimibe

ANTILIPEMICS, FIBRATES

fenofibrate (except *fenofibrate capsule*
30 mg, 50 mg, 90 mg, 130 mg;
fenofibrate tablet 40 mg, 120 mg)
fenofibric acid delayed-rel

ANTILIPEMICS, HMG-COA REDUCTASE INHIBITORS/COMBINATIONS

ezetimibe-simvastatin

ANTILIPEMICS, HMG-COA REDUCTASE INHIBITORS

atorvastatin

fluvastatin
lovastatin
pravastatin
rosuvastatin
simvastatin

ANTILIPEMICS, MISCELLANEOUS

niacin ext-rel

ANTILIPEMICS, OMEGA-3 FATTY ACIDS

omega-3 acid ethyl esters
VASCEPA

ANTILIPEMICS, PCSK9 INHIBITORS

REPATHA

BETA-BLOCKER/DIURETIC COMBINATIONS

atenolol-chlorthalidone
bisoprolol-hydrochlorothiazide
metoprolol-hydrochlorothiazide

BETA-BLOCKERS

atenolol
carvedilol
carvedilol phosphate ext-rel
metoprolol succinate ext-rel
metoprolol tartrate
nadolol
nebivolol
propranolol
propranolol ext-rel

CALCIUM CHANNEL BLOCKER/ANTILIPEMIC COMBINATIONS

amlodipine-atorvastatin

CALCIUM CHANNEL BLOCKERS

amlodipine
diltiazem ext-rel (except generics for
CARDIZEM LA)
nifedipine ext-rel
verapamil ext-rel

DIGITALIS GLYCOSIDES

digoxin

DIRECT RENIN INHIBITORS/COMBINATIONS

aliskiren
TEKTURN HCT

DIURETICS

amiloride

chlorthalidone
ethacrynic acid
furosemide
hydrochlorothiazide
metolazone
spironolactone
spironolactone-
hydrochlorothiazide
torsemide
triamterene
triamterene-
hydrochlorothiazide

HEART FAILURE

BIDIL
CORLANOR
ENTRESTO
VERQUOVO

MISCELLANEOUS

clonidine
clonidine transdermal
guanfacine
midodrine
ranolazine ext-rel

NITRATES

isosorbide dinitrate (except
isosorbide dinitrate 40 mg)
isosorbide mononitrate
nitroglycerin lingual spray
nitroglycerin sublingual

PULMONARY ARTERIAL HYPERTENSION

ambrisentan
bosentan
sildenafil
tadalafil
treprostinil
ADEMPAS
OPSUMIT
ORENITRAM
TADLIQ
UPTRAVI

CENTRAL NERVOUS SYSTEM

ALCOHOL DETERRENTS

acamprosate calcium
disulfiram

ANTI-ANXIETY

alprazolam
buspirone
clomipramine
fluvoxamine
lorazepam

oxazepam

ANTIDEMENTIA

donepezil
galantamine
galantamine ext-rel
memantine
rivastigmine
rivastigmine transdermal
NAMZARIC

ANTIDEPRESSANTS

amitriptyline
bupropion
bupropion ext-rel (except bupropion
ext-rel tablet 450 mg)
citalopram
desipramine
desvenlafaxine ext-rel
doxepin
duloxetine
escitalopram
fluoxetine (except fluoxetine tablet 60
mg, fluoxetine tablet [generics for
SARAFEM])
imipramine hcl
mirtazapine
nortriptyline
paroxetine hcl
paroxetine hcl ext-rel (except NDC
60505367503)
sertraline
trazodone
venlafaxine
venlafaxine ext-rel capsule
TRINTELLIX

ANTIPARKINSONIAN AGENTS

amantadine
carbidopa-levodopa
carbidopa-levodopa ext-rel

PROGESTINS

medroxyprogesterone
 megestrol acetate
 progesterone, micronized

THYROID AGENTS

levothyroxine
 liothyronine
 methimazole
 propylthiouracil

VASOPRESSINS

desmopressin spray, tablet

GASTROINTESTINAL**ANTICHOLINERGICS**

dicyclomine
 hyoscyamine sulfate
 hyoscyamine sulfate orally
 disintegrating tablet

ANTIARRHEALS

diphenoxylate-atropine
 loperamide

ANTIEMETICS

aprepitant
 doxylamine-pyridoxine
 delayed-rel
 dronabinol
 granisetron
 meclizine
 metoclopramide
 ondansetron
 prochlorperazine

promethazine
 scopolamine transdermal
 trimethobenzamide
 SANCUSO

H2-RECEPTOR ANTAGONISTS

famotidine

INFLAMMATORY BOWEL DISEASE

balsalazide
 budesonide delayed-rel
 capsule
 budesonide foam
 hydrocortisone enema
 mesalamine delayed-rel
 mesalamine ext-rel
 mesalamine suppository
 mesalamine suspension
 sulfasalazine
 sulfasalazine delayed-rel
 CORTIFOAM

IRRITABLE BOWEL SYNDROME WITH CONSTIPATION

lubiprostone
 LINZESS

IRRITABLE BOWEL SYNDROME WITH DIARRHEA

alosetron
 VIBERZI

LAXATIVES

lactulose solution
 peg 3350-electrolytes (except
 generics for MOVIPREP)
 CLENPIQ

MISCELLANEOUS

misoprostol
 sucralfate tablet
 ursodiol
 SYMPROIC

PANCREATIC ENZYMES

CREON
 VIOKACE
 ZENPEP

PROTON PUMP INHIBITORS

esomeprazole delayed-rel
 lansoprazole delayed-rel
 capsule
 omeprazole delayed-rel
 pantoprazole delayed-rel
 tablet

RECTAL, CORTICOSTEROIDS

PROCTOFOAM-HC

ULCER THERAPY COMBINATIONS

lansoprazole + amoxicillin +
 clarithromycin

PREFERRED OPTIONS FOR EXCLUDED MEDICATIONS

The preferred options listed below is a broad presentation within therapeutic categories of available treatment options and do not necessarily represent clinical equivalency.

EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)	EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)
ABILIFY	<i>aripiprazole, asenapine, clozapine, lurasidone, olanzapine, quetiapine, quetiapine ext-rel, risperidone, ziprasidone, VRAYLAR</i>		<i>pad), benzoyl peroxide, clindamycin gel (except NDC 68682046275), clindamycin solution, clindamycin-benzoyl peroxide, dapsone, erythromycin solution, erythromycin- benzoyl peroxide, tretinoin, AKLIEF, EPIDUO, ONEXTON, TWYNEO, WINLEVI</i>
ACANYA	<i>adapalene (except adapalene pad), benzoyl peroxide, clindamycin gel (except NDC 68682046275), clindamycin solution, clindamycin-benzoyl peroxide, dapsone, erythromycin solution, erythromycin- benzoyl peroxide, tretinoin, AKLIEF, EPIDUO, ONEXTON, TWYNEO, WINLEVI</i>	ADCIRCA	<i>sildenafil, tadalafil, TADLIQ</i>
ACIPHEX, ACIPHEX SPRINKLE	<i>esomeprazole delayed-rel, lansoprazole delayed-rel capsule, omeprazole delayed-rel, pantoprazole delayed-rel tablet</i>	ADDERALL	<i>dexmethylphenidate, dextroamphetamine, methylphenidate</i>
ACTEMRA INTRAVENOUS	AVSOLA, REMICADE, SIMPONI ARIA	ADDERALL XR	<i>amphetamine-dextroamphetamine mixed salts ext-rel, dexmethylphenidate ext-rel, dextroamphetamine ext-rel, methylphenidate ext-rel, AZSTARYS</i>
Activite	<i>generic multivitamins</i>	ADRENALIN	<i>epinephrine (except NDCs 00093-XXXX-XX and 49502-XXXX-XX), AUVI-Q</i>
ACTOS	<i>pioglitazone</i>	ADVAIR DISKUS, ADVAIR HFA	<i>fluticasone-salmeterol (except certain NDCs), Wixela Inhub, BREO ELLIPTA (except certain NDCs)</i>
ACUVAIL	<i>bromfenac, diclofenac, ketorolac</i>	ADZENYS XR-ODT	<i>amphetamine-dextroamphetamine mixed salts ext-rel, dexmethylphenidate ext-rel, dextroamphetamine ext-rel, methylphenidate ext-rel, AZSTARYS</i>
acyclovir cream	<i>acyclovir (except acyclovir cream), penciclovir, valacyclovir</i>	AFINITOR, AFINITOR DISPERZ	<i>everolimus</i>
ACZONE	<i>adapalene (except adapalene pad), benzoyl peroxide, clindamycin gel (except NDC 68682046275), clindamycin solution, clindamycin-benzoyl peroxide, dapsone, erythromycin solution, erythromycin- benzoyl peroxide, tretinoin, AKLIEF, EPIDUO, ONEXTON, TWYNEO, WINLEVI</i>	AIMOVIG	AJOVY, EMGALITY, QULIPTA
adapalene pad	<i>adapalene (except adapalene</i>	AKYNZEO	<i>aprepitant WITH granisetron, ondansetron or SANCUSO</i>
		<i>albuterol sulfate CFC-free aerosol (NDC 66993001968</i>	<i>albuterol sulfate CFC-free aerosol (except NDC</i>

EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)	EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)
only)	66993001968), <i>levulbuterol tartrate CFC-free aerosol</i>		(except <i>bupropion ext-rel tablet 450 mg</i>)
ALEVICYN GEL, ALEVICYN SG, ALEVICYN SOLUTION	<i>desonide (except desonide gel), hydrocortisone</i>	APOKYN	INBRIJA, KYNMOBI
ALIMTA	<i>pemetrexed</i>	APTENSIO XR	<i>amphetamine-dextroamphetamine mixed salts ext-rel, dexmethylphenidate ext-rel, dextroamphetamine ext-rel, methylphenidate ext-rel, AZSTARYS</i>
ALIQOPA	Talk to your doctor		
ALLISON MEDICAL INSULIN SYRINGES	BD ULTRAFINE INSULIN SYRINGES	APTIVUS	Talk to your doctor
ALORA	<i>estradiol, DIVIGEL, EVAMIST</i>	ARALAST NP	PROLASTIN-C, ZEMAIRA
ALREX	<i>azelastine, bepotastine, cromolyn sodium, olopatadine</i>	ARAZLO	<i>adapalene (except adapalene pad), benzoyl peroxide, clindamycin gel (except NDC 68682046275), clindamycin solution, clindamycin-benzoyl peroxide, dapsons, erythromycin solution, erythromycin-benzoyl peroxide, tretinoin, AKLIEF, EPIDUO, ONEXTON, TWYNEO, WINLEVI</i>
ALTOPREV	<i>atorvastatin, ezetimibe-simvastatin, fluvastatin, lovastatin, pravastatin, rosuvastatin, simvastatin</i>		
ALVESCO	PULMICORT FLEXHALER		
AMITIZA	<i>lubiprostone, LINZESS, SYMPROIC</i>		
AMRIX	<i>carisoprodol 350 mg, chlorzoxazone 500 mg (except NDC 73007001303), cyclobenzaprine (except cyclobenzaprine tablet 7.5 mg), metaxalone 800 mg, methocarbamol (except NDCs 69036091010, 69036093090, 70868090190)</i>	ARCALYST	Talk to your doctor
		ARNUITY ELLIPTA	PULMICORT FLEXHALER
		ARTHROTEC	<i>celecoxib; diclofenac sodium, ibuprofen, meloxicam tablet or naproxen (except naproxen CR or naproxen suspension) WITH esomeprazole delayed-rel, lansoprazole delayed-rel capsule, omeprazole delayed-rel, or pantoprazole delayed-rel tablet</i>
ANDROGEL	<i>testosterone gel (except authorized generics for TESTIM and VOGELXO), testosterone solution, NATESTO</i>	ASACOL HD	<i>balsalazide, mesalamine delayed-rel, mesalamine ext-rel, sulfasalazine, sulfasalazine delayed-rel</i>
ANGELIQ	<i>estradiol-norethindrone, BIJUVA</i>		
ANZEMET	<i>granisetron, ondansetron, SANCUSO</i>	ASCENSIA STRIPS AND KITS	ACCU-CHEK AVIVA PLUS STRIPS AND KITS, ACCU-CHEK GUIDE STRIPS AND KITS, ACCU-CHEK SMARTVIEW STRIPS AND KITS, ONETOUCH ULTRA STRIPS AND KITS, ONETOUCH VERIO STRIPS AND KITS
APEXICON E	<i>desoximetasone (except desoximetasone ointment 0.05%), fluocinonide (except fluocinonide cream 0.1%), BRYHALI</i>		
APIDRA	FIASP, NOVOLOG	ASMANEX, ASMANEX HFA	PULMICORT FLEXHALER
APLENZIN	<i>bupropion, bupropion ext-rel</i>		

EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)	EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)
ATACAND, ATACAND HCT	<i>candesartan, candesartan-hydrochlorothiazide, irbesartan, irbesartan-hydrochlorothiazide, losartan, losartan-hydrochlorothiazide, olmesartan, olmesartan-hydrochlorothiazide, telmisartan, telmisartan-hydrochlorothiazide, valsartan, valsartan-hydrochlorothiazide</i>	AZESCO	EPIDUO, ONEXTON, TWYNEO, WINLEVI <i>generic prenatal vitamins</i>
ATIVAN	<i>alprazolam, clonazepam, diazepam, lorazepam, oxazepam</i>	AZOPT	<i>brinzolamide, dorzolamide</i>
ATOPADERM	<i>desonide (except desonide gel), hydrocortisone</i>	AZOR	<i>amlodipine-olmesartan, amlodipine-telmisartan, amlodipine-valsartan</i>
ATRALIN	<i>adapalene (except adapalene pad), benzoyl peroxide, clindamycin gel (except NDC 68682046275), clindamycin solution, clindamycin-benzoyl peroxide, dapson, erythromycin solution, erythromycin- benzoyl peroxide, tretinoin, AKLIEF, EPIDUO, ONEXTON, TWYNEO, WINLEVI</i>	BALCOLTRA	<i>ethinyl estradiol-drospirenone, ethinyl estradiol-drospirenone-levomefolate, ethinyl estradiol-levonorgestrel, ethinyl estradiol-norethindrone acetate-iron, ethinyl estradiol-norgestimate, LO LOESTRIN FE, NATAZIA</i>
ATROVENT HFA	SPIRIVA	BANZEL	<i>clobazam, clonazepam, lamotrigine, rufinamide, topiramate, TROKENDI XR</i>
AUBAGIO	<i>dimethyl fumarate delayed-rel, fingolimod, glatiramer, teriflunomide, AVONEX, BETASERON, COPAXONE 40 MG/ML, KESIMPTA, MAYZENT, OCREVUS, REBIF, TYSABRI, VUMERITY, ZEPOSIA</i>	BARACLUDGE TABLET	<i>entecavir, lamivudine, tenofovir disoproxil fumarate</i>
AVASTIN	ZIRABEV	BASAGLAR	LANTUS
AVENOVA	Talk to your doctor	BECONASE AQ	<i>azelastine-fluticasone, flunisolide, fluticasone, mometasone</i>
AZASITE	<i>ciprofloxacin, erythromycin, gentamicin, levofloxacin, moxifloxacin, ofloxacin, sulfacetamide, tobramycin</i>	BENEFIX	ALPROLIX, REBINYN
AZELEX	<i>adapalene (except adapalene pad), benzoyl peroxide, clindamycin gel (except NDC 68682046275), clindamycin solution, clindamycin-benzoyl peroxide, dapson, erythromycin solution, erythromycin- benzoyl peroxide, tretinoin, AKLIEF,</i>	BENICAR, BENICAR HCT	<i>candesartan, candesartan-hydrochlorothiazide, irbesartan, irbesartan-hydrochlorothiazide, losartan, losartan-hydrochlorothiazide, olmesartan, olmesartan-hydrochlorothiazide, telmisartan, telmisartan-hydrochlorothiazide, valsartan, valsartan-hydrochlorothiazide</i>
		BENSAL HP	<i>desonide (except desonide gel), hydrocortisone</i>
		<i>benzonatate (NDCs 69336012615, 69499032915 only)</i>	<i>benzonatate (except NDCs 69336012615, 69499032915)</i>
		BEPREVE	<i>azelastine, bepotastine, cromolyn sodium, olopatadine</i>
		BERINERT	<i>icatibant, RUCONEST</i>
		BESIVANCE	<i>ciprofloxacin, erythromycin,</i>

EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)	EXCLUDED DRUG NAME(S)	PREFERRED OPTION(S)
	<i>gentamicin, levofloxacin, moxifloxacin, ofloxacin, sulfacetamide, tobramycin</i>		<i>delayed-rel</i>
BETAMETHASONE ACETATE- BETAMETHASONE SODIUM PHOSPHATE	<i>dexamethasone, hydrocortisone, methylprednisolone, prednisolone solution (except prednisolone solution 10 mg/5 mL, 20 mg/5 mL), prednisone</i>	<i>Bupap</i>	<i>diclofenac sodium, ibuprofen, naproxen (except naproxen CR or naproxen suspension)</i>
<i>betamethasone dipropionate ointment 0.05%</i>	<i>desoximetasone (except desoximetasone ointment 0.05%), fluocinonide (except fluocinonide cream 0.1%), BRYHALI</i>	BUPHENYL	<i>sodium phenylbutyrate, PHEBURANE</i>
BETAPACE, BETAPACE AF	<i>sotalol</i>	<i>bupropion ext-rel tablet 450 mg</i>	<i>bupropion, bupropion ext-rel (except bupropion ext-rel tablet 450 mg)</i>
BETHKIS	<i>tobramycin inhalation solution</i>	<i>butalbital-acetaminophen capsule, butalbital-acetaminophen tablet 25-325 mg, butalbital-acetaminophen tablet 50-300 mg, BUTALBITAL-ACETAMINOPHEN (NDC 69499034230 only)</i>	<i>diclofenac sodium, ibuprofen, naproxen (except naproxen CR or naproxen suspension)</i>
BETIMOL	<i>timolol maleate solution</i>	<i>butalbital-acetaminophen-caffeine capsule</i>	<i>diclofenac sodium, ibuprofen, naproxen (except naproxen CR or naproxen suspension)</i>
BETOPTIC S	<i>timolol maleate solution</i>	BUTRANS	<i>buprenorphine transdermal, BELBUCA</i>

FOR YOUR INFORMATION: New-to-market products and new variations of products already in the marketplace will not be added to the formulary immediately. Each product will be evaluated for clinical appropriateness and cost-effectiveness. Recommended additions to the formulary will be presented to the CVS Caremark National Pharmacy and Therapeutics Committee (or other appropriate reviewing body) for review and approval. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed.

Drug products are identified by unique numerical product identifiers, called National Drug Codes (NDC), which identify the manufacturer, strength, dosage form, formulation and package size.

Some listings do not include certain NDCs as noted above.

For VOSEVI listing above: For use in patients previously treated with an HCV regimen containing an NS5A inhibitor (for genotypes 1-6) or sofosbuvir without an NS5A inhibitor (for genotypes 1a or 3).

An ACCU-CHEK or ONETOUCH blood glucose meter may be provided at no charge by the manufacturer to those individuals currently using a meter other than ACCU-CHEK or ONETOUCH. For more information on how to obtain a blood glucose meter, call: 1-877-418-4746.

BD ULTRAFINE syringes and needles are the only preferred options.

ACCU-CHEK or ONETOUCH brand test strips are the only preferred options.

Generic multivitamins (except Activite, Dexifol, Folvite-D, Genicin Vita-S, HylaVite, Multipro, TronVite, Vitasure, Xvite) are the only preferred options.

Generic prenatal vitamins are the only preferred options.

An exception process is in place for specific clinical or regulatory circumstances that may require coverage of an excluded medication. For more information, please sign in or register for your secure member site at www.aetna.com.

QVAR REDHALER and fluticasone HFA are covered for members 6 years of age and under.

This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CVS Caremark. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber. The document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable.

The information contained in this document is proprietary. The information may not be copied in whole or in part without written permission.

Health benefits and health insurance plans are offered, administered and/or underwritten by Aetna Health Inc., Aetna Health Insurance Company of New York, Aetna Health Assurance Pennsylvania Inc., Aetna Health Insurance company and/or Aetna Life Insurance Company (Aetna). In Florida, by Aetna Health Inc. and/or Aetna Life Insurance Company. In Utah and Wyoming by Aetna Health of Utah Inc. and Aetna Life Insurance Company. In Maryland, by Aetna Health Inc., 151 Farmington Avenue, Hartford, CT 06156. Each insurer has sole financial responsibility for its own products. Pharmacy benefits are administered by an affiliated pharmacy benefit manager, CVS Caremark. Aetna is part of the CVS Health family of companies.

Disclaimers:

Please note that if your prescription drug benefits plan changes, the information here may no longer apply.

Medications on the Aetna Drug Guide, precertification, step-therapy and quantity limits lists are subject to change.

Not all health services are covered. Your plan may not cover certain drugs such as infertility, erectile dysfunction, weight loss and smoking cessation. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change.

The drugs on the Pharmacy Drug Guide (formulary), Formulary Exclusions, Precertification, and Quantity Limit Lists are subject to change. The quantity limits and step therapy drug coverage review programs are not available in all service areas. However, these programs are available to self-funded plans.

In accordance with state law, commercial fully insured members in Louisiana and Texas (except Federal Employee Health Benefit Plan members) who are receiving coverage for medications that are added or removed from the Pharmacy Drug Guide (formulary), Precertification, Quantity Limits or Step-Therapy Lists during the plan year will continue to have those medications covered at the same benefit level until their plan's renewal date. In Texas, precertification approval is known as "pre-service utilization review." It is not "verification" as defined by Texas law.

In accordance with state law, certain fully insured commercial California members (except Federal Employee Health Benefit Plan members) who obtained approval from an Aetna plan for coverage of drugs that are later added to the Preauthorization or Step Therapy Lists or removed from the Pharmacy Drug Guide will continue to have those drugs covered, for as long as the treating in-network provider continues prescribing them, provided that the drug is appropriately prescribed and is considered safe and effective for treating the enrollee's medical condition. Aetna reserves the right to periodically request clinical information from your provider to assess your medical condition and the appropriateness of your ongoing treatment. Failure to provide clinical information could result in subsequent denial of coverage for this medication.

In accordance with state law, fully insured Commercial Connecticut preferred provider organization (PPO) members (except Federal Employee Health Benefit Plan members) who are receiving coverage for drugs that are added to the Precertification or Step-Therapy Lists will continue to have those drugs covered for as long as the prescriber prescribes them, provided the drug is medically necessary and more medically beneficial than other covered drugs. Nothing in this section shall preclude the prescribing provider from prescribing another drug covered by the plan that is medically appropriate for the enrollee, nor shall anything in this section be construed to prohibit generic drug substitutions.

In certain states, including Arkansas, Colorado, Connecticut, Delaware, Georgia, Illinois, Louisiana, Maryland, Minnesota, North Dakota, Pennsylvania and Texas, step therapy programs do not apply to fully insured members utilizing prescription drugs for the treatment of stage-four advanced, metastatic cancer.

This material is for information only. It contains only a partial, general description of plan benefits or programs and does not constitute a contract. See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice. Aetna does not provide care or guarantee access to health services. Information is subject to change. CVS Caremark Mail Service Pharmacy is part of the CVS Health family of companies.

834 Benefit Enrollment and Maintenance

Functional Group ID=**BE**

Introduction:

This X12 Transaction Set contains the format and establishes the data contents of the Benefit Enrollment and Maintenance Transaction Set (834) for use within the context of an Electronic Data Interchange (EDI) environment. This transaction set can be used to establish communication between the sponsor of the insurance product and the payer. Such transaction(s) may or may not take place through a third party administrator (TPA). For the purpose of this standard, the sponsor is the party or entity that ultimately pays for the coverage, benefit or product. A sponsor can be an employer, union, government agency, association, or insurance agency. The payer refers to an entity that pays claims, administers the insurance product or benefit, or both. A payer can be an insurance company, health maintenance organization (HMO), preferred provider organization (PPO), government agency (Medicare, Medicaid, Champus, etc.), or an entity that may be contracted by one of these former groups. For the purpose of the 834 transaction set, a third party administrator (TPA) can be contracted by a sponsor to handle data gathering from those covered by the sponsor if the sponsor does not elect to perform this function itself.

Transaction Set Notes

1. The QTY segment is used to record the total number of subscribers and dependents in the transaction set.
2. At least one iteration of loop 1000 is required to identify the sender or receiver.
3. A Subscriber is a person who elects the benefits and is affiliated with the employer or the insurer. A Dependent is a person who is affiliated with the subscriber, such as a spouse, child, etc., and is therefore entitled to benefits. Subscriber information must come before dependent information.
4. The Subscriber Identifier REF segment is required to link the dependent(s) to the subscriber.
5. Loop 2310 contains information about the primary care providers for the subscriber or the dependent.
6. Medicare Advantage Products require the use of the Health Insurance Claim Number (HICN). The use of Social Security Number is not acceptable.

Segment: ISA Interchange Control Header

Position: 0050
Loop:
Level: Heading
Usage: Mandatory
Max Use: 1
Purpose: To start and identify an interchange of zero or more functional groups and interchange-related control segments

Syntax Notes:
Semantic Notes:
Comments:
Notes:

TR3 Notes:

1. All positions within each of the data elements must be filled.
2. For compliant implementations under this implementation guide, ISA13, the interchange Control Number, must be a positive unsigned number. Therefore, the ISA segment can be considered a fixed record length segment.
3. The first element separator defines the element separator to be used through the entire interchange.
4. The ISA segment terminator defines the segment terminator used throughout the entire interchange.

Example: ISA*00* *00* *ZZ*SUBMITTERS ID *ZZ*
 RECEIVERS ID *030101*1253*^*00501*000000905*0*P*>~

Data Element Summary

Ref.	Data Des.	Data Element	Name	Attributes
M	ISA01	I01	Authorization Information Qualifier Code identifying the type of information in the Authorization Information	M 1 ID 2/2
			00 No Authorization Information Present (No Meaningful Information in I02)	
			03 Additional Data Identification	
M	ISA02	I02	Authorization Information Information used for additional identification or authorization of the interchange sender or the data in the interchange; the type of information is set by the Authorization Information Qualifier (I01)	M 1 AN 10/10
M	ISA03	I03	Security Information Qualifier Code identifying the type of information in the Security Information Refer to 005010X220A1 Data Element Dictionary for acceptable code values.	M 1 ID 2/2
M	ISA04	I04	Security Information This is used for identifying the security information about the interchange sender or the data in the interchange; the type of information is set by the Security Information Qualifier (I03)	M 1 AN 10/10
M	ISA05	I05	Interchange ID Qualifier Code indicating the system/method of code structure used to designate the sender or receiver ID element being qualified This ID qualifies the Sender in ISA06.	M 1 ID 2/2
			01 Duns (Dun & Bradstreet)	
			14 Duns Plus Suffix	
			20 Health Industry Number (HIN)	
			CODE SOURCE 121: Health Industry Number	
			27 Carrier Identification Number as assigned by Health Care Financing Administration (HCFA)	
			28 Fiscal Intermediary Identification Number as assigned by	

			29	Health Care Financing Administration (HCFA) Medicare Provider and Supplier Identification Number as assigned by Health Care Financing Administration (HCFA)			
			30	U.S. Federal Tax Identification Number			
			33	National Association of Insurance Commissioners Company Code (NAIC)			
			ZZ	Mutually Defined			
M	ISA06	I06	Interchange Sender ID		M	1	AN 15/15
			Identification code published by the sender for other parties to use as the receiver ID to route data to them; the sender always codes this value in the sender ID element				
M	ISA07	I05	Interchange ID Qualifier		M	1	ID 2/2
			Code indicating the system/method of code structure used to designate the sender or receiver ID element being qualified				
			This ID qualifies the Receiver in ISA08.				
			01	Duns (Dun & Bradstreet)			
			14	Duns Plus Suffix			
			20	Health Industry Number (HIN)			
			27	Carrier Identification Number as assigned by Health Care Financing Administration (HCFA)			
			28	Fiscal Intermediary Identification Number as assigned by Health Care Financing Administration (HCFA)			
			29	Medicare Provider and Supplier Identification Number as assigned by Health Care Financing Administration (HCFA)			
			30	U.S. Federal Tax Identification Number			
			33	National Association of Insurance Commissioners Company Code (NAIC)			
			ZZ	Mutually Defined			
M	ISA08	I07	Interchange Receiver ID		M	1	AN 15/15
			Identification code published by the receiver of the data; When sending, it is used by the sender as their sending ID, thus other parties sending to them will use this as a receiving ID to route data to them				
M	ISA09	I08	Interchange Date		M	1	DT 6/6
			Date of the interchange				
			The date format is YYMMDD.				
M	ISA10	I09	Interchange Time		M	1	TM 4/4
			Time of the interchange				
			The time format is HHMM.				
M	ISA11	I65	Repetition Separator		M	1	AN 1/1
			Type is not applicable; the repetition separator is a delimiter and not a data element; this field provides the delimiter used to separate repeated occurrences of a simple data element or a composite data structure; this value must be different than the data element separator, component element separator, and the segment terminator				
M	ISA12	I11	Interchange Control Version Number		M	1	ID 5/5
			Code specifying the version number of the interchange control segments				
			00501	Standards Approved for Publication by ASC X12 Procedures Review Board through October 2003			
M	ISA13	I12	Interchange Control Number		M	1	N0 9/9
			A control number assigned by the interchange sender				
			The Interchange Control Number, ISA13, must be a positive unsigned number and must be identical to the value in IEA02.				
M	ISA14	I13	Acknowledgment Requested		M	1	ID 1/1
			Code indicating sender's request for an interchange acknowledgment				
			See Section B.1.1.5.1 for interchange acknowledgment information.				
			Refer to 005010X220A1 Data Element Dictionary for acceptable code values.				

M	ISA15	I14	Interchange Usage Indicator Code indicating whether data enclosed by this interchange envelope is test, production or information P Production Data T Test Data	M 1 ID 1/1
M	ISA16	I15	Component Element Separator Type is not applicable; the component element separator is a delimiter and not a data element; this field provides the delimiter used to separate component data elements within a composite data structure; this value must be different than the data element separator and the segment terminator	M 1 AN 1/1

Segment: **GS** Functional Group Header
Position: 0075
Loop:
Level: Heading
Usage: Mandatory
Max Use: 1
Purpose: To indicate the beginning of a functional group and to provide control information
Syntax Notes:
Semantic Notes:

- 1 GS04 is the group date.
- 2 GS05 is the group time.
- 3 The data interchange control number GS06 in this header must be identical to the same data element in the associated functional group trailer, GE02.

Comments:

- 1 A functional group of related transaction sets, within the scope of X12 standards, consists of a collection of similar transaction sets enclosed by a functional group header and a functional group trailer.

Notes: Example: GS*BE*SENDER CODE*RECEIVER CODE*19991231*0802*1*X*005010X220A1~

Data Element Summary

Ref.	Data Element	Name	Attributes
M	GS01 479	Functional Identifier Code Code identifying a group of application related transaction sets This is the 2-character Functional Identifier Code assigned to each transaction set by X12. The specific code for a transaction set defined by this implementation guide is presented in section 1.2, Version Information. BE Benefit Enrollment and Maintenance (834)	M 1 ID 2/2
M	GS02 142	Application Sender's Code Code identifying party sending transmission; codes agreed to by trading partners Use this code to identify the unit sending the information.	M 1 AN 2/15
M	GS03 124	Application Receiver's Code Code identifying party receiving transmission; codes agreed to by trading partners Use this code to identify the unit receiving the information.	M 1 AN 2/15
M	GS04 373	Date Date expressed as CCYYMMDD where CC represents the first two digits of the calendar year Use this date for the functional group creation date.	M 1 DT 8/8
M	GS05 337	Time Time expressed in 24-hour clock time as follows: HHMM, or HHMMSS, or HHMMSSD, or HHMMSSDD, where H = hours (00-23), M = minutes (00-59), S = integer seconds (00-59) and DD = decimal seconds; decimal seconds are expressed as follows: D = tenths (0-9) and DD = hundredths (00-99) Use this time for the creation time. The recommended format is HHMM.	M 1 TM 4/8
M	GS06 28	Group Control Number Assigned number originated and maintained by the sender For implementations compliant with this guide, GS06 must be unique within a single transmission (that is, within a single ISA to IEA enveloping structure). The authors recommend that GS06 be unique within all transmissions over a period of time to be determined by the sender.	M 1 N0 1/9
M	GS07 455	Responsible Agency Code Code identifying the issuer of the standard; this code is used in conjunction with Data Element 480 X Accredited Standards Committee X12	M 1 ID 1/2
M	GS08 480	Version / Release / Industry Identifier Code Code indicating the version, release, subrelease, and industry identifier of the EDI standard being used, including the GS and GE segments; if code in DE455	M 1 AN 1/12

in GS segment is X, then in DE 480 positions 1-3 are the version number; positions 4-6 are the release and subrelease, level of the version; and positions 7-12 are the industry or trade association identifiers (optionally assigned by user); if code in DE455 in GS segment is T, then other formats are allowed
CODE SOURCE 881: Version / Release / Industry Identifier Code

This is the unique Version/Release/Industry Identifier Code assigned to an implementation by X12N. The specific code for a transaction set defined by this implementation guide is presented in section 1.2, Version Information.

005010X220A1

Standards Approved for Publication by ASC X12
Procedures Review Board through October 2003

Segment: **ST** Transaction Set Header
Position: 0100
Loop:
Level: Heading
Usage: Mandatory
Max Use: 1
Purpose: To indicate the start of a transaction set and to assign a control number
Syntax Notes:
Semantic Notes:

- 1 The transaction set identifier (ST01) is used by the translation routines of the interchange partners to select the appropriate transaction set definition (e.g., 810 selects the Invoice Transaction Set).
- 2 The implementation convention reference (ST03) is used by the translation routines of the interchange partners to select the appropriate implementation convention to match the transaction set definition. When used, this implementation convention reference takes precedence over the implementation reference specified in the GS08.

Comments:
Notes: Example: ST*834*0001*005010X220A1~

Data Element Summary

Ref.	Data Element	Name	Attributes
M	ST01	143 Transaction Set Identifier Code Code uniquely identifying a Transaction Set 834 Benefit Enrollment and Maintenance	M 1 ID 3/3
M	ST02	329 Transaction Set Control Number Identifying control number that must be unique within the transaction set functional group assigned by the originator for a transaction set The Transaction Set Control Number in ST02 and SE02 must be identical. The number must be unique within a specific interchange (ISA-IEA), but can repeat in other interchanges.	M 1 AN 4/9
>>	ST03	1705 Implementation Convention Reference Reference assigned to identify Implementation Convention This element must be populated with the guide identifier named in Section 1.2. This field contains the same value as GS08. Some translator products strip off the ISA and GS segments prior to application (STSE) processing. Providing the information from the GS08 at this level will ensure that the appropriate application mapping is utilized at translation time. 005010X220A1	O 1 AN 1/35

Standards approved for publication by ASC X12
Procedures Review Board through October 2003.

Segment: **BGN** Beginning Segment
Position: 0200
Loop:
Level: Heading
Usage: Mandatory
Max Use: 1
Purpose: To indicate the beginning of a transaction set
Syntax Notes: 1 If BGN05 is present, then BGN04 is required.
Semantic Notes: 1 BGN02 is the transaction set reference number.
 2 BGN03 is the transaction set date.
 3 BGN04 is the transaction set time.
 4 BGN05 is the transaction set time qualifier.
 5 BGN06 is the transaction set reference number of a previously sent transaction affected by the current transaction.

Comments:

Notes: Example: BGN*00*11227*19970920*1200*ES***2~

Data Element Summary

	<u>Ref. Des.</u>	<u>Data Element</u>	<u>Name</u>	<u>Attributes</u>
M	BGN01	353	Transaction Set Purpose Code Code identifying purpose of transaction set If the original transaction has already been processed, an incoming transaction using this code may be rejected by the receiver. The rejection will be identified to the sender by telephone or other direct contact. 00 Original The "00" indicates the first time the transaction is sent. 15 Re-Submission Send the "15" when the original transmission was incorrect, has yet to be processed by the receiver, and a new corrected transmission is being sent. This transmission can then be pended by the receiver's translator for further review. 22 Information Copy Send the "22" when the original transmission was lost or not processed, and the sender is passing another transmission that is the same as the original.	M 1 ID 2/2
M	BGN02	127	Reference Identification Reference information as defined for a particular Transaction Set or as specified by the Reference Identification Qualifier IMPLEMENTATION NAME: Transaction Set Reference Number This element is the transaction set reference number assigned by the sender's application. It uniquely identifies this occurrence of the transaction for future reference.	M 1 AN 1/50
M	BGN03	373	Date Date expressed as CCYYMMDD where CC represents the first two digits of the calendar year IMPLEMENTATION NAME: Transaction Set Creation Date This element identifies the date that the submitter created the file.	M 1 DT 8/8
>>	BGN04	337	Time Time expressed in 24-hour clock time as follows: HHMM, or HHMMSS, or HHMMSSD, or HHMMSSDD, where H = hours (00-23), M = minutes (00-59), S = integer seconds (00-59) and DD = decimal seconds; decimal seconds are expressed as follows: D = tenths (0-9) and DD = hundredths (00-99) IMPLEMENTATION NAME: Transaction Set Creation Time	X 1 TM 4/8

			This element is used as a time stamp to uniquely identify the transmission.	
BGN05	623	Time Code	X	1 ID 2/2
		Code identifying the time. In accordance with International Standards Organization standard 8601, time can be specified by a + or - and an indication in hours in relation to Universal Time Coordinate (UTC) time; since + is a restricted character, + and - are substituted by P and M in the codes that follow SITUATIONAL RULE: Required when the sender and receiver are not in the same time zone.		
		CODE SOURCE 94: International Organization for Standardization (Date and Time)		
		AD	Alaska Daylight Time	
		AS	Alaska Standard Time	
		AT	Alaska Time	
		CD	Central Daylight Time	
		CS	Central Standard Time	
		CT	Central Time	
		ED	Eastern Daylight Time	
		ES	Eastern Standard Time	
		ET	Eastern Time	
		GM	Greenwich Mean Time	
		HD	Hawaii-Aleutian Daylight Time	
		HS	Hawaii-Aleutian Standard Time	
		HT	Hawaii-Aleutian Time	
		MD	Mountain Daylight Time	
		MS	Mountain Standard Time	
		MT	Mountain Time	
		PD	Pacific Daylight Time	
		PS	Pacific Standard Time	
		PT	Pacific Time	
		UT	Universal Time Coordinate	

BGN06	127	Reference Identification	X	1 AN 1/50
		Reference information as defined for a particular Transaction Set or as specified by the Reference Identification Qualifier SITUATIONAL RULE: Required when there is a previously sent transaction to cross-reference. If not required by this implementation guide, do not send.		

X	BGN07	640	Transaction Type Code	O	1 ID 2/2
>>	BGN08	306	Action Code	O	1 ID 1/2
			Code indicating type of action		
		2	Change (Update)	Used to identify a transaction of additions, terminations and changes to the current enrollment.	
		4	Verify	Used to identify a full enrollment transaction to verify that the sponsor's and payer's systems are synchronized.	
		RX	Replace	Used to identify a full enrollment transmission to be used to identify additions, terminations and changes that need to be applied to the payer's enrollment system.	

Segment: **REF** Transaction Set Policy Number
Position: 0300
Loop:
Level: Heading
Usage: Conditional
Max Use: 1
Purpose: To specify identifying information
Syntax Notes: 1 At least one of REF02 or REF03 is required.

Comments:

Notes: Situational Rule: Required when the insurance contract or trading partner agreement identifies a Master Policy Number for use with electronic enrollment.

TR3 Notes:

1. The definition of the Master Policy Number is determined by the issuer of the policy, the Payer/Plan Administrator. The Master Policy Number may be used to meet various business needs such as indicating the line of business under which the policy is defined.
 Example: REF*38*0123456~

Data Element Summary

	<u>Ref. Des.</u>	<u>Data Element</u>	<u>Name</u>	<u>Attributes</u>
M	REF01	128	Reference Identification Qualifier Code qualifying the Reference Identification 38 Master Policy Number	M 1 ID 2/3
>>	REF02	127	Reference Identification Reference information as defined for a particular Transaction Set or as specified by the Reference Identification Qualifier	O 1 AN 1/50

Aetna required information will be provided on coding supplement.

This field should be coded in the following manner.

Customer number (7 bytes)+HMO Company Code (2 bytes)+HMO Group Number (7 bytes, 6 digit group number with a leading zero). If there is no customer number then first 7 bytes should be space filled.

ex - 0123456+US+0123456

Segment: **DTP** File Effective Date
Position: 0400
Loop:
Level: Heading
Usage: Conditional
Max Use: >1
Purpose: To specify any or all of a date, a time, or a time period
Syntax Notes:
Semantic Notes: 1 DTP02 is the date or time or period format that will appear in DTP03.
Comments:
Notes: Example: DTP*007*D8*20140401~

Data Element Summary

	Ref.	Data	Name	Attributes
	Des.	Element		
M	DTP01	374	Date/Time Qualifier Code specifying type of date or time, or both date and time IMPLEMENTATION NAME: Date Time Qualifier 007 Effective	M 1 ID 3/3
M	DTP02	1250	Date Time Period Format Qualifier Code indicating the date format, time format, or date and time format D8 Date Expressed in Format CCYYMMDD	M 1 ID 2/3
M	DTP03	1251	Date Time Period Expression of a date, a time, or range of dates, times or dates and times	M 1 AN 1/35

Segment: QTY Transaction Set Control Totals
Position: 0600
Loop:
Level: Heading
Usage: Optional
Max Use: 3
Purpose: To specify quantity information
Syntax Notes: 1 At least one of QTY02 or QTY04 is required.
 2 Only one of QTY02 or QTY04 may be present.
Semantic Notes: 1 QTY04 is used when the quantity is non-numeric.
Comments:
Notes: Situational Rule: Required when the contract or trading partner agreement specifies that this information be included in the transaction set.
 Example: QTY*TO*10000~

Data Element Summary

Ref.	Data Des.	Element	Name	Attributes
M	QTY01	673	Quantity Qualifier Code specifying the type of quantity DT Dependent Total ET Employee Total TO Total	M 1 ID 2/2
>>	QTY02	380	Quantity Numeric value of quantity	X 1 R 1/15

IMPLEMENTATION NAME: Record Totals

Segment: **N1** Sponsor Name
Position: 0700
Loop: 1000A Mandatory
Level: Heading
Usage: Mandatory
Max Use: 1
Purpose: To identify a party by type of organization, name, and code
Syntax Notes: 1 At least one of N102 or N103 is required.
 2 If either N103 or N104 is present, then the other is required.
Semantic Notes:
Comments: 1 This segment, used alone, provides the most efficient method of providing organizational identification. To obtain this efficiency the "ID Code" (N104) must provide a key to the table maintained by the transaction processing party.
 2 N105 and N106 further define the type of entity in N101.
Notes: TR3 Notes:
 1. This loop identifies the sponsor. See section 1.5 for the definition of Sponsor.
 Example: N1*P5**FI*12356799~

Data Element Summary

Ref.	Data Element	Name	Attributes
M	N101	98 Entity Identifier Code Code identifying an organizational entity, a physical location, property or an individual P5 Plan Sponsor	M 1 ID 2/3
	N102	93 Name Free-form name SITUATIONAL RULE: Required when the receiver needs the sponsor name. If not required by this implementation guide, do not send. IMPLEMENTATION NAME: Plan Sponsor Name	X 1 AN 1/60
>>	N103	66 Identification Code Qualifier Code designating the system/method of code structure used for Identification Code (67) 24 Employer's Identification Number The identifier is the Employer Identification Number (EIN) issued by the IRS. The EIN has been adopted as the HIPAA Standard Unique Employer Identifier.	X 1 ID 1/2
>>	N104	67 Identification Code Code identifying a party or other code IMPLEMENTATION NAME: Sponsor Identifier	X 1 AN 2/80

Segment: **N1 Payer**
Position: 0700
Loop: 1000B Mandatory
Level: Heading
Usage: Mandatory
Max Use: 1
Purpose: To identify a party by type of organization, name, and code
Syntax Notes: 1 At least one of N102 or N103 is required.
 2 If either N103 or N104 is present, then the other is required.
Semantic Notes:
Comments: 1 This segment, used alone, provides the most efficient method of providing organizational identification. To obtain this efficiency the "ID Code" (N104) must provide a key to the table maintained by the transaction processing party.
 2 N105 and N106 further define the type of entity in N101.
Notes: TR3 Notes:
 1. This loop identifies the payer. See section 1.5 for the definition of payer.
 Example: N1*IN**FI*12356799~

Data Element Summary

Segment: **INS** **Member Level Detail**
Position: 0100
Loop: 2000 Optional (Must Use)
Level: Detail
Usage: Optional (Must Use)
Max Use: 1
Purpose: To provide benefit information on insured entities
Syntax Notes: 1 If either INS11 or INS12 is present, then the other is required.
Semantic Notes: 1 INS01 indicates status of the insured. A "Y" value indicates the insured is a subscriber; an "N" value indicates the insured is a dependent.
2 INS10 is the handicapped status indicator. A "Y" value indicates an individual is handicapped; an "N" value indicates an individual is not handicapped.
3 INS12 is the date of death.
4 INS17 is the number assigned to each family member born with the same birth date. This number identifies birth sequence for multiple births allowing proper tracking and response of benefits for each dependent (i.e., twins, triplets, etc.).

Comments:

Notes: TR3 Notes:
1. Subscriber information must precede dependent information in a transmission.
Example: INS*Y*18*021*28*A***FT~

Data Element Summary

Ref.	Data Element	Name	Attributes
M	INS01	1073 Yes/No Condition or Response Code Code indicating a Yes or No condition or response ALIAS: Subscriber Indicator N No Y Yes	M 1 ID 1/1
M	INS02	1069 Individual Relationship Code Code indicating the relationship between two individuals or entities The value 18 must be used for the subscriber. For dependents, this value identifies their relationship to the subscriber. For example, a daughter would be value 19. 01 Spouse 03 Father or Mother 04 Grandfather or Grandmother 05 Grandson or Granddaughter 06 Uncle or Aunt 07 Nephew or Niece 08 Cousin 09 Adopted Child 10 Foster Child 11 Son-in-law or Daughter-in-law 12 Brother-in-law or Sister-in-law 13 Mother-in-law or Father-in-law 14 Brother or Sister 15 Ward 16 Stepparent 17 Stepson or Stepdaughter 18 Self 19 Child Dependent between the ages of 0 and 19; age qualifications may vary depending on policy	M 1 ID 2/2

23	Sponsored Dependent
	Dependents between the ages of 19 and 25 not attending school; age qualifications may vary depending on policy
24	Dependent of a Minor Dependent
	A child not legally of age who has been granted adult status
25	Ex-spouse
26	Guardian
	An adult who is given legal responsibility for a child by the court
31	Court Appointed Guardian
38	Collateral Dependent
	Relative related by blood or marriage who resides in the home and is dependent on the insured for a major portion of their support
53	Life Partner
	This is a partner that acts like a spouse without a legal marriage commitment.
60	Annuitant
D2	Trustee
G8	Other Relationship
G9	Other Relative

>> **INS03** **875** **Maintenance Type Code** **O** **1 ID 3/3**

Code identifying the specific type of item maintenance

001	Change
	Use this code to indicate a change to an existing subscriber/dependent record.
021	Addition
	Use this code to add a subscriber or dependent.
024	Cancellation or Termination
	Use this code for cancellation, termination, or deletion of a subscriber or dependent.
025	Reinstatement
	To place in force again, without the usual probationary or service period, a group contract or an individual's group insurance that for some reason has terminated
	Use this code for reinstatement of a cancelled subscriber/dependent record.
030	Audit or Compare
	Use this code when sending a full file (BGN08 = '4' or 'RX') to verify that the sponsor and payer databases are synchronized. See section 1.4.5, Update, Versus Full File Audits, Versus Full File Replacements, for additional information.

INS04 **1203** **Maintenance Reason Code** **O** **1 ID 2/3**

Code identifying the reason for the maintenance change

SITUATIONAL RULE: Required when the payer needs to know the reason for the change. If not required by this implementation guide, do not send.

01	Divorce
02	Birth
03	Death
04	Retirement
05	Adoption
06	Strike
07	Termination of Benefits
08	Termination of Employment

09	Consolidation Omnibus Budget Reconciliation Act (COBRA)
	A federal act that enables an insured, spouse, or dependent to continue benefits after a qualifying event which would otherwise cause them to lose their benefits
10	Consolidation Omnibus Budget Reconciliation Act (COBRA) Premium Paid
11	Surviving Spouse
14	Voluntary Withdrawal
15	Primary Care Provider (PCP) Change
16	Quit
17	Fired
18	Suspended
20	Active
21	Disability
	A physical or mental condition that makes an insured incapable of performing one or more duties of his or her own occupation
22	Plan Change
	Use this code when a member changes from one Plan to a different Plan. This is not intended to identify changes to a Plan.
25	Change in Identifying Data Elements
	A change has been made to the primary elements that identify a specific person; such elements are first name, last name, social security number, date of birth, and identification number
	Use this code when a change has been made to the primary elements that identify a member. Such primary elements include the following: first name, last name, Social Security Number, date of birth, and employee identification number.
26	Declined Coverage
	Use this code when a member declined a previously active coverage.
27	Pre-Enrollment
	Use this code to enroll newborns prior to receiving the newborn's application.
28	Initial Enrollment
	Use this code the first time the member selected coverage with the Plan Sponsor.
29	Benefit Selection
	Use this code when a member changes benefits within a Plan.
31	Legal Separation
32	Marriage
33	Personnel Data
	General information about the participant
	Use this code for any data change that is not included in any of the other allowed codes. An example would be change in Coordination of Benefits information.
37	Leave of Absence with Benefits
38	Leave of Absence without Benefits
39	Lay Off with Benefits
40	Lay Off without Benefits
41	Re-enrollment

43	Change of Location Use this code to indicate a change of address.
59	Non Payment
AA	Dissatisfaction with Office Staff
AB	Dissatisfaction with Medical Care/Services Rendered
AC	Inconvenient Office Location
AD	Dissatisfaction with Office Hours
AE	Unable to Schedule Appointments in a Timely Manner
AF	Dissatisfaction with Physician's Referral Policy
AG	Less Respect and Attention Time Given than to Other Patients
AH	Patient Moved to a New Location
AI	No Reason Given
AJ	Appointment Times not Met in a Timely Manner
AL	Algorithm Assigned Benefit Selection
EC	Member Benefit Selection Use this code for initial and subsequent enrollment when an insurance carrier needs to recognize that a member made an explicit plan choice.
XN	Notification Only Use this code in complete enrollment transmissions. This is used when INS03 is equal to 030 (Audit/Compare).
XT	Transfer Use this code when a member has an organizational change (i.e. a location change within the organization) with no change in benefits or plan.

>> **INS05** **1216** **Benefit Status Code** **O** **1** **ID 1/1**
The type of coverage under which benefits are paid

A	Active
C	Consolidated Omnibus Budget Reconciliation Act (COBRA) A federal act that enables an insured, spouse, or dependent to continue benefits after a qualifying event which would otherwise cause them to lose their benefits
S	Surviving Insured
T	Tax Equity and Fiscal Responsibility Act (TEFRA)

INS06 **C052** **Medicare Status Code** **O** **1**

To provide Medicare coverage and associated reason for Medicare eligibility
SITUATIONAL RULE: Required if a member is being enrolled or disenrolled in Medicare, is currently in Medicare or has terminated or changed their Medicare enrollment. If not required by this implementation guide, do not send.

M **INS06-1** **1218** **Medicare Plan Code** **M** **ID 1/1**

Code identifying the Medicare Plan

A	Medicare Part A Portion of Medicare bill involving patient's hospital stay; hospital insurance
B	Medicare Part B Portion of Medicare bill involving charges by doctor, or other non hospital related services
C	Medicare Part A and B
D	Medicare Federal program to pay the medical expenses of those people who are 65 years or older, are disabled to the extent that they receive other Social Security benefits,

dependents of deceased Social Security recipients under the age of 21, and chronic renal disease patients

E No Medicare

INS06-2 1701 Eligibility Reason Code O ID 1/1

Code specifying reason for eligibility

SITUATIONAL RULE: Required if the reason for Medicare is provided to the sponsor by the member. If not required by this implementation guide, do not send.

IMPLEMENTATION NAME: Medicare Eligibility Reason Code

- 0 Age
- 1 Disability
- 2 End Stage Renal Disease (ESRD)

INS07 1219 Consolidated Omnibus Budget Reconciliation Act (COBRA) Qualifying Event Code O 1 ID 1/2

A Qualifying Event is any of the following which results in loss of coverage for a Qualified Beneficiary

SITUATIONAL RULE: Required when a member is being enrolled in or is enrolled for a benefit covered by COBRA. If INS07 is sent, provide the Cobra Qualifying Event (301) or Cobra End Date (341) in Member Level Dates. If not required by this implementation guide, do not send.

- 1 Termination of Employment
- 2 Reduction of work hours
- 3 Medicare
- 4 Death
- 5 Divorce
- 6 Separation
- 7 Ineligible Child
- 8 Bankruptcy of Retiree's Former Employer (26 U.S.C. 4980B(f)(3)(F))
- 9 Layoff
- 10 Leave of Absence
- ZZ Mutually Defined

INS08 584 Employment Status Code O 1 ID 2/2

Code showing the general employment status of an employee/claimant

SITUATIONAL RULE: Required for subscriber. If not required by this implementation guide, do not send.

If this insurance enrollment is through a non-employment based program such as Medicare or Medicaid then this data element will contain the status of the subscriber in that program, rather than their employment status. Codes for non-employment based programs will be limited to "AC", Active and "TE", Terminated.

- AC Active
- AO Active Military - Overseas
- AU Active Military - USA
- FT Full-time
- Full time active employee
- L1 Leave of Absence
- PT Part-time
- Part time Active Employee
- RT Retired
- TE Terminated

INS09 1220 Student Status Code O 1 ID 1/1

Code indicating the student status of the patient if 19 years of age or older, not handicapped and not the insured

SITUATIONAL RULE: Required when describing a non-spouse dependent whose age requires a qualifying condition for enrollment (e.g., being an active student). See the Plan contract for details of the age requirements for student status usage. If not required by this implementation guide, do not send.

F Full-time
N Not a Student
P Part-time

INS10 1073 Yes/No Condition or Response Code O 1 ID 1/1

Code indicating a Yes or No condition or response

SITUATIONAL RULE: Required when the member is handicapped or to correct a previous report of handicapped status. If not required by this implementation guide, do not send.

IMPLEMENTATION NAME: Handicap Indicator

N No
Y Yes

INS11 1250 Date Time Period Format Qualifier X 1 ID 2/3

Code indicating the date format, time format, or date and time format

SITUATIONAL RULE: Required when the Insured Individual Death Date is sent in INS12. If not required by this implementation guide, do not send.

D8 Date Expressed in Format CCYYMMDD

INS12 1251 Date Time Period X 1 AN 1/35

Expression of a date, a time, or range of dates, times or dates and times

SITUATIONAL RULE: Required if the subscriber/dependent is deceased. If not required by this implementation guide, do not send. This is the date of death for the subscriber/dependent and does not replace the use of the termination date within the 2300 loop.

IMPLEMENTATION NAME: Member Individual Death Date

INS13 1165 Confidentiality Code O 1 ID 1/1

Code indicating the access to insured information

Aetna Specific Note:

Aetna does not permit employers or members to use the 834 electronic transaction to place restrictions on the use and disclosure of personal information. Anyone seeking a restriction must contact Aetna's member services department directly to make such a request.

R Restricted Access
U Unrestricted Access

X INS14 19 City Name O 1 AN 2/30

X INS15 156 State or Province Code O 1 ID 2/2

X INS16 26 Country Code O 1 ID 2/3

INS17 1470 Number O 1 N0 1/9

A generic number

SITUATIONAL RULE: Required when reporting family members with the same birth date if a birth sequence number is needed for proper reporting, tracking or response to benefits.

Segment: **REF** **Subscriber Identifier**
Position: 0200
Loop: 2000 Optional (Must Use)
Level: Detail
Usage: Mandatory
Max Use: 1
Purpose: To specify identifying information
Syntax Notes: 1 At least one of REF02 or REF03 is required.

Comments:

Notes:

TR3 Notes:

1. This segment must contain a unique SUBSCRIBER identification number (SSN or other). This occurrence is identified by the 0F qualifier (REF01). This identifier is used for linking the subscriber with dependents as required under many policies.
2. The developers recommend using the identifier developed under the HIPAA legislation, when that becomes available.
 Example: REF*0F*920399398~

Data Element Summary

	<u>Ref. Des.</u>	<u>Data Element</u>	<u>Name</u>	<u>Attributes</u>
M	REF01	128	Reference Identification Qualifier Code qualifying the Reference Identification 0F Subscriber Number The assignment of the Subscriber Number is designated within the Insurance Contract.	M 1 ID 2/3
>>	REF02	127	Reference Identification Reference information as defined for a particular Transaction Set or as specified by the Reference Identification Qualifier IMPLEMENTATION NAME: Subscriber Identifier	X 1 AN 1/50

Segment: **REF** Member Supplemental Identifier
Position: 0200
Loop: 2000 Optional (Must Use)
Level: Detail
Usage: Conditional
Max Use: 13
Purpose: To specify identifying information
Syntax Notes: 1 At least one of REF02 or REF03 is required.

Comments:

Notes: Situational Rule: Required when sending additional identifying information on the member.

For Medicare products the Health Insurance Claim (HIC) Number is required.
 Example: REF*F6*123456789A~

Data Element Summary

Ref.	Data Element	Name	Attributes
M	REF01	128 Reference Identification Qualifier	M 1 ID 2/3
		Code qualifying the Reference Identification	
		17 Client Reporting Category	
		Code assigned by the client to categorize participants for reporting requirements	
		Reserved for Aetna International plans: Populate REF02 in the following manner: Country of Citizenship position 1-3 Country of Residence position 5-7 State of Residence position 9-10	
		1L Group or Policy Number	
		23 Client Number	
		To be used to pass a payer specific identifier for a member. Not to be used after the HIPAA standard National Identifier for Individuals is implemented.	
		3H Case Number	
		4A Personal Identification Number (PIN)	
		A number that uniquely identifies an individual	
		Use this code to transmit a password that is associated with the member's record.	
		6O Cross Reference Number	
		Used when further identification of a member is required for reporting, indexing, or other purpose as mutually agreed upon between the sender and receiver of the transaction set.	
		ABB Personal ID Number	
		D3 National Council for Prescription Drug Programs Pharmacy Number	
		CODE SOURCE 307: National Council for Prescription Drug Programs Pharmacy Number	
		DX Department/Agency Number	
		Use when members in a coverage group are set up as different departments or divisions under the terms of the insurance policy.	
		F6 Health Insurance Claim (HIC) Number	
		A unique number assigned by the government to each person entitled to Medicare benefits	
		Use when reporting Medicare eligibility for a member until the National Identifier is mandated for	

			use.
P5			Position Code Use this code to transmit the title of the member's employment position.
Q4			Prior Identifier Number Use to pass the Identifier Number under which the member had previous coverage with the payer. This could be the result of a change in employment or coverage that resulted in a new ID number being assigned but left the member covered by the same payer.
QQ			Unit Number Use when members in a coverage group are set up as different units under the terms of the insurance policy. Units may exist within another grouping such as division or department.
ZZ			Mutually Defined Use this code to transmit the title of the member's employment position.

>> **REF02** **127** **Reference Identification** **X** **1** **AN 1/50**
Reference information as defined for a particular Transaction Set or as specified by the Reference Identification Qualifier

Segment: **DTP** Member Level Dates
Position: 0250
Loop: 2000 Optional (Must Use)
Level: Detail
Usage: Conditional
Max Use: 24
Purpose: To specify any or all of a date, a time, or a time period
Syntax Notes:
Semantic Notes: 1 DTP02 is the date or time or period format that will appear in DTP03.
Comments:
Notes: Situational Rule: Required when enrolling a member or when the sponsor is informed of a change to any applicable date listed in DTP01. Only those dates that apply to the particular insurance contract need to be sent. If not required by this implementation guide, do not send.
 For Medicare products the Enrollment Signature Date is required.
 Example: DTP*300*D8*20140315~

Data Element Summary

Ref.	Data Element	Name	Attributes
M	DTP01	374 Date/Time Qualifier	M 1 ID 3/3
		Code specifying type of date or time, or both date and time	
		050 Received	
		Used to identify the date an enrollment application is received.	
		286 Retirement	
		Date on which the subscriber became retired	
		296 Initial Disability Period Return To Work	
		297 Initial Disability Period Last Day Worked	
		300 Enrollment Signature Date	
		Date subscriber or dependent signed policy enrollment card	
		301 Consolidated Omnibus Budget Reconciliation Act (COBRA) Qualifying Event	
		Date of the qualifying event which initiated COBRA benefits	
		303 Maintenance Effective	
		Date on which the maintenance is effective	
		This code is used to send the effective date of a change to an existing member's information, excluding changes made in Loop 2300.	
		336 Employment Begin	
		Date on which the subscriber or dependent became employed	
		337 Employment End	
		Date on which the subscriber or dependent ceased to be employed	
		338 Medicare Begin	
		Date on which Medicare benefits went into effect	
		339 Medicare End	
		Date on which Medicare benefits ceased to be in effect	
		340 Consolidated Omnibus Budget Reconciliation Act (COBRA) Begin	
		Date on which COBRA benefits begin	
		341 Consolidated Omnibus Budget Reconciliation Act (COBRA) End	

350 Date on which COBRA benefits end
 Education Begin
 Date on which the subscriber or dependent became a student
 This is the start date for the student at the current educational institution.

351 Education End
 Date on which the subscriber or dependent ceased to be a student
 This is the expected graduation date the student at the current educational institution.

356 Eligibility Begin
 Date on which eligibility begins
 The date when a member could elect to enroll or begin benefits in any health care plan through the employer. This is not the actual begin date of coverage, which is conveyed in the DTP segment at position 2700.

357 Eligibility End
 Date on which eligibility ends
 The eligibility end date represents the last date of coverage for which claims will be paid for the individual being terminated. For example, if a date of 02/28/2001 is passed then claims for this individual will be paid through 11:59 p.m. on 02/28/2001.

383 Adjusted Hire
 Date of rehire is adjusted to give an employee credit for prior years of service, after a break in service has occurred

385 Credited Service Begin
 The start date from which an employee's length of service, as defined in the plan document, will be calculated
 The start date from which an employee's length of service, as defined in the plan document, will be calculated.

386 Credited Service End
 The end date to be used in the calculation of an employee's length of service, as defined in the plan document
 The end date to be used in the calculation of an employee's length of service, as defined in the plan document.

393 Plan Participation Suspension
 Date the participant is suspended from the plan

394 Rehire
 Date the participant is rehired, after termination

473 Medicaid Begin
 Date patient became eligible for Medicaid benefits

474 Medicaid End
 Date patient no longer eligible for Medicaid benefits

M	DTP02	1250	Date Time Period Format Qualifier	M	1	ID 2/3
			Code indicating the date format, time format, or date and time format			
			D8			Date Expressed in Format CCYYMMDD
M	DTP03	1251	Date Time Period	M	1	AN 1/35
			Expression of a date, a time, or range of dates, times or dates and times			

Segment: **NM1** Member Name
Position: 0300
Loop: 2100A Mandatory
Level: Detail
Usage: Mandatory
Max Use: 1
Purpose: To supply the full name of an individual or organizational entity
Syntax Notes: 1 If either NM108 or NM109 is present, then the other is required.

Semantic Notes: 1 NM102 qualifies NM103.

Notes: Example: NM1*IL*1*SMITH*JOHN*M**SR~

Data Element Summary

Ref.	Data Element	Name	Attributes
M	NM101	98 Entity Identifier Code	M 1 ID 2/3
		Code identifying an organizational entity, a physical location, property or an individual	
		This code identifies if this is a correction to a previous enrollment or if it is a new, or update, enrollment transaction.	
		74 Corrected Insured	
		Use this code if this transmission is correcting the identifier information on a member already enrolled. Usage of this code requires the sending of an NM1 with code '70' in loop 2100B.	
		IL Insured or Subscriber	
		Use this code for enrolling a new member or updating a member with no change in identifying information. The identifying information for a member is specified under the insurance contract between the sponsor and payer.	
M	NM102	1065 Entity Type Qualifier	M 1 ID 1/1
		Code qualifying the type of entity	
		1 Person	
>>	NM103	1035 Name Last or Organization Name	X 1 AN 1/60
		Individual last name or organizational name	
	NM104	1036 Name First	O 1 AN 1/35
		Individual first name	
		SITUATIONAL RULE: Required when NM102 is equal to "1" (person) and the person has a first name. If not required by this implementation guide, do not send.	
	NM105	1037 Name Middle	O 1 AN 1/25
		Individual middle name or initial	
		SITUATIONAL RULE: Required if supplied by member. If not required by this implementation guide, do not send.	
	NM106	1038 Name Prefix	O 1 AN 1/10
		Prefix to individual name	
		SITUATIONAL RULE: Required if supplied by member. If not required by this implementation guide, do not send.	
	NM107	1039 Name Suffix	O 1 AN 1/10
		Suffix to individual name	
		SITUATIONAL RULE: Required if supplied by member. If not required by this implementation guide, do not send.	
	NM108	66 Identification Code Qualifier	X 1 ID 1/2
		Code designating the system/method of code structure used for Identification Code (67)	

SITUATIONAL RULE: Required when a value is being reported in the NM109 element. If not required by this implementation guide, do not send.

34 Social Security Number

The social security number may not be used for any Federally administered programs such as Medicare or CHAMPUS/TRICARE.

ZZ Mutually Defined

Value is required if National Individual Identifier is mandated for use. Otherwise, one of the other listed codes may be used.

NM109 67 Identification Code X 1 AN 2/80

Code identifying a party or other code

SITUATIONAL RULE: Required when a Member Identifier is known and allowed under confidentiality regulations.

Required when a value is being reported in the NM108 element

Segment: **PER** Member Communications Numbers
Position: 0400
Loop: 2100A Mandatory
Level: Detail
Usage: Conditional
Max Use: 1
Purpose: To identify a person or office to whom administrative communications should be directed
Syntax Notes:

- 1 If either PER03 or PER04 is present, then the other is required.
- 2 If either PER05 or PER06 is present, then the other is required.
- 3 If either PER07 or PER08 is present, then the other is required.

Comments:

Notes:

Situational Rule: Required when enrolling subscribers, dependents with different contact information, or when changing a member's contact information and the information is provided to the sponsor for the member. If not required by this implementation guide, do not send.

TR3 Notes:

1. When the communication number represents a telephone number in the United States and other countries using the North American Dialing Plan (for voice, data, fax, etc.), the communication number always includes the area code and phone number using the format

AAABBBCCCC, where AAA is the area code, BBB is the telephone number prefix, and CCCC is the telephone number (e.g. (534)224-2525 would be represented as 5342242525).

Example: PER*IP**HP*8015554321~

Code which identifies a specific location

SITUATIONAL RULE: Required when such transmission is required under the insurance contract between the sponsor and payer and allowed by federal and state regulations. If not required by this implementation guide, do not send.

N407

1715

Country Subdivision Code

X

1 ID 1/3

Code identifying the country subdivision

SITUATIONAL RULE: Required when the address is not in the United States of America, including its territories, or Canada, and the country in N404 has administrative subdivisions such as but not limited to states, provinces, cantons, etc.

CODE SOURCE 5: Countries, Currencies and Funds

Use the country subdivision codes from Part 2 of ISO 3166.

Segment: DMG Member Demographics

Position: 0800
Loop: 2100A Mandatory

Level: Detail
Usage: Conditional

Max Use: 1

Purpose: To supply demographic information

- Syntax Notes:**
- 1 If either DMG01 or DMG02 is present, then the other is required.
 - 2 If either DMG10 or DMG11 is present, then the other is required.
 - 3 If DMG11 is present, then DMG05 is required.
 - 4 If either C05602 or C05603 is present, then the other is required.

- Semantic Notes:**
- 1 DMG02 is the date of birth.
 - 2 DMG07 is the country of citizenship.
 - 3 DMG11 is used to specify how the information in DMG05, including repeats of DMG05, was collected.

Comments:

Notes: Situational Rule: Required when enrolling a new member, changing a member's demographic information, or terminating a member.
Example: DMG*D8*19450915*F*M~

Data Element Summary

	ICM05	1214 Salary Grade	O 1 AN 1/5

The salary grade code assigned by the employer

SITUATIONAL RULE: Required when such transmission is required under the insurance contract between the sponsor and payer. If not required by this implementation guide, do not send.

IMPLEMENTATION NAME: Salary Grade Code

Segment: **AMT** Member Policy Amounts
Position: 1200
Loop: 2100A Mandatory
Level: Detail
Usage: Optional
Max Use: 7
Purpose: To indicate the total monetary amount
Syntax Notes:
Semantic Notes:
Comments:
Notes:

Situational Rule: Required when such transmission is required under the insurance contract between the sponsor and payer. If not required by this implementation guide, do not send.
 This AMT segment is specific to family co-insurance, deductible, and premium amounts.
 Example: AMT*D2*100~

Data Element Summary

Ref.	Data Element	Name	Attributes
M	AMT01	522 Amount Qualifier Code Code to qualify amount	M 1 ID 1/3
		B9 Co-insurance - Actual Calculated value still to be paid by the individual under the co-insurance provisions of the benefit contract This will contain any co-insurance selection amount. The option of adjusting this amount to produce the actual co-insurance can be defined in the insurance contract.	
		C1 Co-Payment Amount Partial payment of medical services' expenses required in group health insurance, in addition to the membership fee; for example, for each visit to a physician a member may be required to pay \$5, regardless of the expense of the services rendered; or for each prescription for drugs and medicines, the member may have to pay a flat fee of \$2 regardless of the actual cost	
		D2 Deductible Amount The amount of covered expenses that must be incurred by the insured before benefits become payable to the insurer	
		EBA Expected Expenditure Amount	
		FK Other Unlisted Amount	
		P3 Premium Amount The periodic payment required to keep a policy in force	
		R Spend Down Amount that the recipient is applying towards the amount the recipient is responsible for paying each month prior to being eligible for Medicaid services	
M	AMT02	782 Monetary Amount Monetary amount	M 1 R 1/18
		IMPLEMENTATION NAME: Contract Amount	

Segment: **HLH** Member Health Information
Position: 1300
Loop: 2100A Mandatory
Level: Detail
Usage: Conditional
Max Use: 1
Purpose: To provide health information
Syntax Notes:
Semantic Notes:

- 1 HLH03 is the current weight in pounds.
- 2 HLH04 is the previous weight in pounds.
- 3 HLH05 is the reason for change in weight.
- 4 HLH07 describes the reason for last doctor visit.

Comments:

Notes:

Situational Rule: For Small Group customers, Tobacco Use may be required on the initial or open enrollment file for members who live in a specific state. Please ask your Eligibility Consultant if this segment is required. If not required by this implementation guide, do not send.
 Example: HLH*T~

Data Element Summary

Ref.	Data	Name	Attributes

	DSB07	235	Product/Service ID Qualifier Code identifying the type/source of the descriptive number used in Product/Service ID (234) SITUATIONAL RULE: Required when a value is being reported in the DSB08 element. If not required by this implementation guide, do not send. DX International Classification of Diseases, 9th Revision, Clinical Modification (ICD-9-CM) - Diagnosis The International Classification of Diseases, 9th Revision, Clinical Modification (ICD-9-CM), Volumes I, II (diagnoses) and III (procedures), describes the classification of morbidity and mortality information for statistical purposes and for the indexing of healthcare records by diseases and procedures; this is a diagnosis code CODE SOURCE 131: International Classification of Diseases, 9th Revision, Clinical Modification (ICD-9-CM) ZZ Mutually Defined CODE SOURCE: 897 International Classification of Diseases, 10th Revision, Clinical Modification (ICD-10-CM)	X 1 ID 2/2
	DSB08	1137	Medical Code Value Code value for describing a medical condition or procedure SITUATIONAL RULE: Required when called for in the insurance contract between the sponsor and payer and allowed by federal and state regulations. If not required by this implementation guide, do not send. IMPLEMENTATION NAME: Diagnosis Code	X 1 AN 1/15

Segment: **DTP** Disability Eligibility Dates
Position: 2100
Loop: 2200 Optional
Level: Detail
Usage: Optional
Max Use: 2
Purpose: To specify any or all of a date, a time, or a time period
Syntax Notes:
Semantic Notes: 1 DTP02 is the date or time or period format that will appear in DTP03.
Comments:
Notes: Situational Rule: Required when enrolling a disabled member or when disability dates change for an existing member, and the disability dates are known by the sponsor. If not required by this implementation guide, do not send.

TR3 Notes:

1. This segment is used to send the first and last date of disability.
 Example: DTP*360*D8*19961001~

Data Element Summary

	<u>Ref. Des.</u>	<u>Data Element</u>	<u>Name</u>	<u>Attributes</u>
M	DTP01	374	Date/Time Qualifier Code specifying type of date or time, or both date and time	M 1 ID 3/3
IMPLEMENTATION NAME: Date Time Qualifier				
		360	Initial Disability Period Start Date on which the disability begins	
		361	Initial Disability Period End Date on which the disability ends	
M	DTP02	1250	Date Time Period Format Qualifier Code indicating the date format, time format, or date and time format	M 1 ID 2/3
		D8	Date Expressed in Format CCYYMMDD	
M	DTP03	1251	Date Time Period Expression of a date, a time, or range of dates, times or dates and times	M 1 AN 1/35
IMPLEMENTATION NAME: Disability Eligibility Date				

Segment: **HD** Health Coverage
Position: 2600
Loop: 2300 Conditional
Level: Detail
Usage: Conditional
Max Use: 1
Purpose: To provide information on health coverage
Syntax Notes:
Semantic Notes: 1 HD09 is a late enrollee indicator. A "Y" value indicates the insured is a late enrollee, which can result in a reduction of benefits; an "N" value indicates the insured is a regular enrollee.

Comments:

Notes: Situational Rule: Required when enrolling a new member or when adding, updating, removing coverage or auditing an existing member. If not required by this implementation guide, do not send.

 TR3 Notes:
 1. Refer to section 1.4.4 "Termination" for additional information relative to removing a member's coverage.
 Example: HD*021**HLT*001+0123456+010+00001+00100+174*FAM~

Data Element Summary

	<u>Ref. Des.</u>	<u>Data Element</u>	<u>Name</u>	<u>Attributes</u>
M	HD01	875	Maintenance Type Code Code identifying the specific type of item maintenance Required to identify the specific type of item maintenance.	M 1 ID 3/3
			001 Change	
			002 Delete	
				Use this code for deleting an incorrect coverage record.
			021 Addition	
			024 Cancellation or Termination	
				Use this code for cancelling/terminating a coverage.
			025 Reinstatement	
				To place in force again, without the usual probationary or service period, a group contract or an individual's group insurance that for some reason has terminated
			026 Correction	
				This code is used to correct an incorrect record.
			030 Audit or Compare	
			032 Employee Information Not Applicable	
				Certain situations such as military duty and CHAMPUS classify the subscriber ineligible for coverage or benefits. However, dependents of the subscriber are still eligible for coverage or benefits under the subscriber. Subscriber identifying elements are needed to accurately identify dependents
				Certain situations, such as military duty and CHAMPUS/TRICARE, classify the subscriber as ineligible for coverage or benefits. However, dependents of the subscribers are still eligible for coverage or benefits under the subscriber. Subscriber identifying elements are needed to accurately identify dependents.
X	HD02	1203	Maintenance Reason Code	O 1 ID 2/3
>>	HD03	1205	Insurance Line Code	O 1 ID 2/3

Code identifying a group of insurance products

AG	Preventative Care/Wellness
AH	24 Hour Care
AJ	Medicare Risk
	Please use this code for all Medicare Plans (HMO, PPO, or MAPD).
AK	Mental Health
DCP	Dental Capitation
	This identifies a dental managed care organization (DMO).
DEN	Dental
EPO	Exclusive Provider Organization
	This code identifies Health Network Only plans (HNO). Use this code when HMO/HNO plans are handled on the MEA enrollment platform.
FAC	Facility
HE	Hearing
HLT	Health
	Includes both hospital and professional coverage.
HMO	Health Maintenance Organization
	An organization that provides a wide range of comprehensive health care services for a specified group at a fixed periodic payment
	Use this code when enrollment is handled on GEBAR.
LTC	Long-Term Care
	A plan that provides a specified dollar benefit or more commonly a percent of expenses charged if a covered person suffers a loss of functional capacity due to an accidental injury or sickness
LTD	Long-Term Disability
	A plan that provides a source of monthly income for covered employees who are unable to work because of total disability; benefits are payable for a period of 5 to 10 years, or more commonly to the employee's normal age of retirement
MM	Major Medical
MOD	Mail Order Drug
PDG	Prescription Drug
POS	Point of Service
PPO	Preferred Provider Organization
PRA	Practitioners
STD	Short-Term Disability
	A plan that provides a source of income for covered employees who are unable to work because of disability; benefits are payable for a period of 13, 26, or 52 weeks
UR	Utilization Review
	A committee of professionals in the medical field who review cases involving extended duration of hospitalization and patterns of care in order to establish guidelines in terms of actual medical necessity; their review will also include the efficiency of institutional use, the appropriateness of admission, services ordered and provided, length of stay, and discharge practices
VIS	Vision

HD04 1204 Plan Coverage Description O 1 AN 1/50

A description or number that identifies the plan or coverage

SITUATIONAL RULE: Required when additional information is needed to describe the exact type of coverage being provided. If not required by this implementation guide, do not send.

Aetna Information:

For HMO members the syntax is as follows:

Company Code (2 bytes)+Group number (7 bytes, 6 digit group number with a leading zero)+Class code (5 bytes, 3 digit class code with 2 leading zeros)+Product (5 bytes)+File Number(3 bytes).

Ex. US+0123456+00001+CITIZ+001

For Non-HMO Medical/Dental or Health Network Option members, the syntax is as follows:

ELR Number (3 bytes)+Control Number (7 bytes)+Suffix (3 bytes)+Account (5 bytes)+Plan (5 bytes, 3 digit plan with 2 trailing zeros)+Claim Office (3 bytes)

Ex. 001+1234567+010+00001+00100+164

HD05 1207 Coverage Level Code O 1 ID 3/3

Code indicating the level of coverage being provided for this insured

SITUATIONAL RULE: Required when called for in the insurance contract between the sponsor and payer and allowed by federal and state regulations. If not required by this implementation guide, do not send.

See section 1.4.6, Coverage Levels and Dependents, for additional information.

- CHD Children Only
- DEP Dependents Only
- E1D Employee and One Dependent
 - For this code, the dependent is a non-spouse dependent. This code is not used for identification of Employee and Spouse. See code ESP.
- E2D Employee and Two Dependents
- E3D Employee and Three Dependents
- E5D Employee and One or More Dependents
- E6D Employee and Two or More Dependents
- E7D Employee and Three or More Dependents
- E8D Employee and Four or More Dependents
- E9D Employee and Five or More Dependents
- ECH Employee and Children
- EMP Employee Only
- ESP Employee and Spouse
- FAM Family
- IND Individual
- SPC Spouse and Children
- SPO Spouse Only
- TWO Two Party

X	HD06	609	Count	O	1	N0 1/9

X	HD08	1209	Underwriting Decision Code	O	1	ID 1/1
	HD09	1073	Yes/No Condition or Response Code	O	1	ID 1/1

Code indicating a Yes or No condition or response

SITUATIONAL RULE: Required when there is a need to designate a member as a late enrollee. If not required by this implementation guide, do not send.

IMPLEMENTATION NAME: Late Enrollment Indicator

Refer to 005010X220A1 Data Element Dictionary for acceptable code values.

Segment: **DTP** Health Coverage Dates
Position: 2700
Loop: 2300 Conditional
Level: Detail
Usage: Mandatory
Max Use: 6
Purpose: To specify any or all of a date, a time, or a time period
Syntax Notes:
Semantic Notes: 1 DTP02 is the date or time or period format that will appear in DTP03.
Comments:
Notes: Example: DTP*348*D8*19961001~

Data Element Summary

	<u>Ref.</u>	<u>Data</u>	<u>Name</u>	<u>Attributes</u>
	<u>Des.</u>	<u>Element</u>	<u>Date/Time Qualifier</u>	
M	DTP01	374	Date/Time Qualifier	M 1 ID 3/3
			Code specifying type of date or time, or both date and time	
			300 Enrollment Signature Date	
			Date subscriber or dependent signed policy enrollment card	
			303 Maintenance Effective	
			Date on which the maintenance is effective	
			This is the effective date of a change where a member's coverage is not being added or removed.	
			343 Premium Paid to Date End	
			Date for which premium is paid through	
			348 Benefit Begin	
			Date on which the subscriber's or dependent's benefit begin	
			This is the effective date of coverage. This code must always be sent when adding or reinstating coverage.	
			349 Benefit End	
			Date on which the subscriber's or dependent's benefit ends	
			The termination date represents the last date of coverage in which claims will be paid for the individual being terminated. For example, if a date of 02/28/2014 is passed then claims for this individual will be paid through 11:59 p.m. on 2/28/14.	
			543 Last Premium Paid Date	
			695 Previous Period	
			Range of previous activity	
			This value is only to be used when reporting Previous Coverage Months.	
M	DTP02	1250	Date Time Period Format Qualifier	M 1 ID 2/3
			Code indicating the date format, time format, or date and time format	
			D8 Date Expressed in Format CCYYMMDD	
			RD8 Range of Dates Expressed in Format CCYYMMDD-CCYYMMDD	
			This value is only to be used when reporting Previous Coverage Months.	
M	DTP03	1251	Date Time Period	M 1 AN 1/35
			Expression of a date, a time, or range of dates, times or dates and times	
			IMPLEMENTATION NAME: Coverage Period	

Segment: **AMT** Health Coverage Policy
Position: 2800
Loop: 2300 Conditional
Level: Detail
Usage: Optional
Max Use: 9
Purpose: To indicate the total monetary amount
Syntax Notes:
Semantic Notes:
Comments:
Notes:

This AMT segment is specific to individual co-insurance, deductible, and premium amounts.

Individual Medical Co-Insurance: \$1,500.50, Report as 1500.50

Individual Deductible: \$250.50, Report as 250.50

AMT*B9*250.50~

Example: AMT*C1*20~

Data Element Summary

Ref.	Data	Name		Attributes
<u>Des.</u>	<u>Element</u>	<u>Amount</u>	<u>Qualifier Code</u>	<u>1 ID 1/3</u>
M	AMT01	522	Code to qualify amount	M 1 ID 1/3
		B9	Co-insurance - Actual Calculated value still to be paid by the individual under the co-insurance provisions of the benefit contract This will contain any co-insurance selection amount. The option of adjusting this amount to produce the actual co-insurance can be defined in the insurance contract.	
		C1	Co-Payment Amount Partial payment of medical services' expenses required in group health insurance, in addition to the membership fee; for example, for each visit to a physician a member may be required to pay \$5, regardless of the expense of the services rendered; or for each prescription for drugs and medicines, the member may have to pay a flat fee of \$2 regardless of the actual cost	
		D2	Deductible Amount The amount of covered expenses that must be incurred by the insured before benefits become payable to the insurer	
		EBA	Expected Expenditure Amount	
		FK	Other Unlisted Amount	
		P3	Premium Amount The periodic payment required to keep a policy in force	
		R	Spend Down Amount that the recipient is applying towards the amount the recipient is responsible for paying each month prior to being eligible for Medicaid services	
M	AMT02	782	Monetary Amount Monetary amount IMPLEMENTATION NAME: Contract Amount	M 1 R 1/18

Segment: **REF** Health Coverage Policy Number
Position: 2900
Loop: 2300 Conditional
Level: Detail
Usage: Optional
Max Use: 14
Purpose: To specify identifying information
Syntax Notes:

- 1 At least one of REF02 or REF03 is required.
- 2 If either C04003 or C04004 is present, then the other is required.
- 3 If either C04005 or C04006 is present, then the other is required.

Semantic Notes:

- 1 REF04 contains data relating to the value cited in REF02.

Comments:
Notes: Situational Rule: Required when such transmission is required under the Trading Partner Agreement between the sponsor and the payer. If not required by this implementation guide, do not send.
Example: REF*1L*123456~

Data Element Summary

	<u>Ref. Des.</u>	<u>Data Element</u>	<u>Name</u>	<u>Attributes</u>
M	REF01	128	Reference Identification Qualifier Code qualifying the Reference Identification	M 1 ID 2/3
			17 Client Reporting Category Code assigned by the client to categorize participants for reporting requirements MEDICARE ADVANTAGE PRODUCTS ONLY: Use this code to report Election Type. E - Initial eligibility period for Part D drug related plans (PDP and MAPD) I - Initial eligibility period for Medical without Part D attached (HMO, PPO and PFFS) W - Applies "post" the initial enrollment election period for all types of coverage.	
			1L Group or Policy Number Required when a group number that applies to this individual's participation in the coverage passed in this HD loop is required by the terms of the contract between the sponsor (sender) and payer (receiver); if not required may be sent at the sender's discretion.	
			9V Payment Category	
			CE Class of Contract Code	
			E8 Service Contract (Coverage) Number Number or code identifying length and terms of the coverage	
			M7 Medical Assistance Category	
			PID Program Identification Number	
			QQ Unit Number Prior Coverage Months This code is used in this implementation guide to indicate that the value in REF02 is the response required under the portability provisions of HIPAA.	
			RB Rate code number	
			X9 Internal Control Number Number assigned by the managing office to provide internal processing information	
			XM Issuer Number	

Assigned by the Government National Mortgage Association (GNMA) to a mortgagee that is issued a mortgage loan

XX1 Special Program Code

XX2 Service Area Code

ZX County Code

ZZ Mutually Defined

This is used to identify a dependent who lives outside of the network area. If a dependent is in network, then REF segment should not be passed. (Out of Area Dependent identifier.)

Y - Yes (used to positively identify out of area dependents.)

>> **REF02** **127** **Reference Identification** **X** **1** **AN 1/50**
Reference information as defined for a particular Transaction Set or as specified by the Reference Identification Qualifier
IMPLEMENTATION NAME: Member Group or Policy Number

Segment: **LX** **Provider Information**
Position: 3100
Loop: 2310 Optional
Level: Detail
Usage: Optional
Max Use: 1
Purpose: To reference a line number in a transaction set
Syntax Notes:
Semantic Notes:
Comments:
Notes:

Situational Rule: Required to provide information about the primary care or capitated physicians chosen by the enrollee in a managed care plan when that selection is made through the sponsor. If not required by this implementation guide, do not send.

1. Use one iteration of the loop to identify each applicable health care service provider.
2. The primary care provider effective date is defaulted to the effective date of the product identified in the DTP segment of the 2300 loop.
3. The NM1 segment is required when LX is present.

Example: LX*1~

Data Element Summary

Ref.	Data	Name	Attributes
<u>Des.</u>	<u>Element</u>	<u>Name</u>	<u>Attributes</u>
M	LX01	554 Assigned Number	M 1 N0 1/6
		Number assigned for differentiation within a transaction set	
		This is a sequential number representing the number of loops for this insured person. Begin with 1 for each insured person.	

Segment: **NM1** **Provider Name**
Position: 3200
Loop: 2310 Optional
Level: Detail
Usage: Mandatory
Max Use: 1
Purpose: To supply the full name of an individual or organizational entity
Syntax Notes:

- 1 If either NM108 or NM109 is present, then the other is required.
- 2 If NM111 is present, then NM110 is required.
- 3 If NM112 is present, then NM103 is required.

Semantic Notes:

- 1 NM102 qualifies NM103.

Comments:

- 1 NM110 and NM111 further define the type of entity in NM101.
- 2 NM112 can identify a second surname.

Notes:

1. The National Provider ID must be passed in NM109. Until that ID is available, the Federal Taxpayer's Identification Number or another identification number that is necessary to identify the entity must be sent if available. If the identification number is not available then the Provider's Name must be passed using elements NM103 through NM107 as outlined in segment note 2.
2. The LX segment is required when NM1 is present.

Example: NM1*P3*1*****SV*25341234567*25~

Data Element Summary

			Code identifying a party or other code			
			SITUATIONAL RULE: Required for providers in the United States or its territories when the provider has received an NPI. If not required by this implementation guide, do not send.			
>>	NM110	706	Entity Relationship Code		X	1 ID 2/2
			Code describing entity relationship			
			This element indicates whether or not the member is an existing patient of the provider.			
		25	Established Patient			
		26	Not Established Patient			
		72	Unknown			

Segment: **COB** Coordination of Benefits
Position: 4000
Loop: 2320 Optional
Level: Detail
Usage: Optional
Max Use: 1
Purpose: To supply information on coordination of benefits
Syntax Notes:
Semantic Notes: 1 COB02 is the policy number.
Comments:
Notes:

Situational Rule: Required whenever an individual has another insurance plan with benefits similar to those covered by the insurance product specified in the HD segment for this occurrence of Loop ID-2300. If not required by this implementation guide, do not send.
 Example: COB*P*MDC PART A*1~

Data Element Summary

Ref.	Data	Name	Attributes
Des.	Element		
>>	COB01	1138 Payer Responsibility Sequence Number Code	O 1 ID 1/1
		Code identifying the insurance carrier's level of responsibility for a payment of a claim	
		P Primary	
		S Secondary	
		T Tertiary	
		U Unknown	
	COB02	127 Reference Identification	O 1 AN 1/50
		Reference information as defined for a particular Transaction Set or as specified by the Reference Identification Qualifier	
		SITUATIONAL RULE: Required when the policy number is available. If not required by this implementation guide, do not send.	
		Aetna Information:	
		Medicare Part A = MDC PART A	
		Medicare Part B = MDC PART B	
		Medicare Advantage = MDC ADV	
		Medicare Part D = MDC PART D	
>>	COB03	1143 Coordination of Benefits Code	O 1 ID 1/1
		Code identifying whether there is a coordination of benefits	
		1 Coordination of Benefits	
		A method of integrating benefits payable under more than one group health insurance plan so that the insured's benefits from all sources do not exceed 100 percent of the allowable medical expenses	
		5 Unknown	
		6 No Coordination of Benefits	
		This code is sent when it has been determined that there is no COB.	
	COB04	1365 Service Type Code	O 9 ID 1/2
		Code identifying the classification of service	
		SITUATIONAL RULE: Required when detailed COB coverage information is agreed to be exchanged. If not required by this implementation guide, do not send.	
		1 Medical Care	
		35 Dental Care	

48	Hospital - Inpatient
50	Hospital - Outpatient
54	Long Term Care
89	Free Standing Prescription Drug
90	Mail Order Prescription Drug
A4	Psychiatric
AG	Skilled Nursing Care
AL	Vision (Optometry)
BB	Partial Hospitalization (Psychiatric)

Segment: **REF** **Additional Coordination of Benefits Identifiers**
Position: 4050
Loop: 2320 Optional
Level: Detail
Usage: Optional
Max Use: 4
Purpose: To specify identifying information
Syntax Notes:

- 1 At least one of REF02 or REF03 is required.
- 2 If either C04003 or C04004 is present, then the other is required.
- 3 If either C04005 or C04006 is present, then the other is required.

Semantic Notes:

- 1 REF04 contains data relating to the value cited in REF02.

Comments:
Notes: Situational Rule: Required if additional COB identifiers are supplied by the subscriber. If not required by this implementation guide, do not send.

TR3 Notes:
 1. Use the Social Security Number until the National ID Number for individuals is available.
 Example: REF*6P*AZ12345~

Data Element Summary

	<u>Ref. Des.</u>	<u>Data Element</u>	<u>Name</u>	<u>Attributes</u>
M	REF01	128	Reference Identification Qualifier Code qualifying the Reference Identification 60 Account Suffix Code 6P Group Number ZZ Mutually Defined Mutually Defined, will be used in this REF01 for National Individual Identifier until a standard code is defined.	M 1 ID 2/3

	NM108	66	Identification Code Qualifier Code designating the system/method of code structure used for Identification Code (67) SITUATIONAL RULE: Required when a value is being reported in the NM109 element. If not required by this implementation guide, do not send. FI Federal Taxpayer's Identification Number NI National Association of Insurance Commissioners (NAIC) Identification XV Centers for Medicare and Medicaid Services PlanID CODE SOURCE 540: Centers for Medicare and Medicaid Services PlanID	X 1 ID 1/2
	NM109	67	Identification Code Code identifying a party or other code SITUATIONAL RULE: Required when supplied by the employee to the sponsor. If not required by this implementation guide, do not send. IMPLEMENTATION NAME: Coordination of Benefits Insurer Identification Code	X 1 AN 2/80

Segment: **LS** Additional Reporting Categories
Position: 6880
Loop: 2000 Optional (Must Use)
Level: Detail
Usage: Optional
Max Use: 1
Purpose: To indicate that the next segment begins a loop
Syntax Notes:
Semantic Notes: 1 One loop may be nested contained within another loop, provided the inner nested loop terminates before the outer loop. When specified by the standard setting body as mandatory, this segment in combination with "LE", must be used. It is not to be used if not specifically set forth for use. The loop identifier in the loop header and trailer must be identical. The value for the identifier is the loop ID of the required loop segment. The loop ID number is given on the transaction set diagram in the appropriate ASC X12 version/release.
Comments: 1 See Figures Appendix for an explanation of the use of the LS and LE segments.
Notes: Situational Rule: Required when needed to provide additional reporting categories about the member. If not required by this implementation guide, do not send.
 TR3 Example: LS*2700~

Data Element Summary

<u>Ref.</u>	<u>Data</u>	<u>Name</u>	<u>Attributes</u>
M	<u>Element</u> 447	<u>Loop Identifier Code</u>	M 1 AN 1/4
		The loop ID number given on the transaction set diagram is the value for this data element in segments LS and LE	
		Use the value 2700.	

Segment: **LX** Member Reporting Categories
Position: 6881
Loop: 2700 Optional
Level: Detail
Usage: Optional
Max Use: 1
Purpose: To reference a line number in a transaction set
Syntax Notes:
Semantic Notes:
Comments:
Notes:

Situational Rule: Required when needed to provide additional reporting categories about the member. If not required by this implementation guide, do not send.
 Example: LX*1~

Data Element Summary

	<u>Ref. Des.</u>	<u>Data Element</u>	<u>Name</u>	<u>Attributes</u>
M	LX01	554	Assigned Number	M 1 N0 1/6

Number assigned for differentiation within a transaction set
 Use this sequential non-negative integer for LX loops for this member's additional reporting categories.

Segment: **N1 Reporting Category**
Position: 6882
Loop: 2750 Optional
Level: Detail
Usage: Optional
Max Use: 1
Purpose: To identify a party by type of organization, name, and code
Syntax Notes: 1 At least one of N102 or N103 is required.
2 If either N103 or N104 is present, then the other is required.
Semantic Notes:
Comments: 1 This segment, used alone, provides the most efficient method of providing organizational identification. To obtain this efficiency the "ID Code" (N104) must provide a key to the table maintained by the transaction processing party.
2 N105 and N106 further define the type of entity in N101.
Notes: Situational Rule: Required to specify the name of the reporting category of the member's participating entity.
Example: N1*75*SOUTHEASTERN UNION~

Data Element Summary

Ref.	Data	Attributes	
<u>Des.</u>	<u>Element</u> <u>Name</u>		
M	98 Entity Identifier Code Code identifying an organizational entity, a physical location, property or an individual 75 Participant	M	1 ID 2/3
>>	93 Name Free-form name	X	1 AN 1/60
IMPLEMENTATION NAME: Member Reporting Category Name			

Segment: **REF** Reporting Category Reference
Position: 6883
Loop: 2750 Optional
Level: Detail
Usage: Optional
Max Use: 1
Purpose: To specify identifying information
Syntax Notes: 1 At least one of REF02 or REF03 is required.
 2 If either C04003 or C04004 is present, then the other is required.
 3 If either C04005 or C04006 is present, then the other is required.
Semantic Notes: 1 REF04 contains data relating to the value cited in REF02.
Comments:
Notes: Situational Rule: Required to specify the reference identifier associated with the reporting category of the member's participating entity.
 Example: REF*26*442~

Data Element Summary

	<u>Ref.</u>	<u>Data</u>	<u>Name</u>	<u>Attributes</u>
M	REF01	128	Reference Identification Qualifier Code qualifying the Reference Identification	M 1 ID 2/3
			00 Contracting District Number	
			17 Client Reporting Category	
			Code assigned by the client to categorize participants for reporting requirements	
			18 Plan Number	
			The unique identification number assigned for a defined contribution plan	
			19 Division Identifier	
			26 Union Number	
			3L Branch Identifier	
			6M Application Number	
			9V Payment Category	
			9X Account Category	
			GE Geographic Number	
			LU Location Number	
			PID Program Identification Number	
			XX1 Special Program Code	
			XX2 Service Area Code	
			YY Geographic Key	
			ZZ Mutually Defined	
>>	REF02	127	Reference Identification Reference information as defined for a particular Transaction Set or as specified by the Reference Identification Qualifier	X 1 AN 1/50
			IMPLEMENTATION NAME: Member Reporting Category Reference ID	

Segment: **DTP** Reporting Category Date
Position: 6884
Loop: 2750 Optional
Level: Detail
Usage: Optional
Max Use: 1
Purpose: To specify any or all of a date, a time, or a time period
Syntax Notes:
Semantic Notes: 1 DTP02 is the date or time or period format that will appear in DTP03.
Comments:
Notes:

TR3 Notes:
 1. Use this segment to associate a date or date range with a reporting category.
 Example: DTP*007*RD8*20140101-20140531~

Data Element Summary

	<u>Ref. Des.</u>	<u>Data Element</u>	<u>Name</u>	<u>Attributes</u>
M	DTP01	374	Date/Time Qualifier Code specifying type of date or time, or both date and time IMPLEMENTATION NAME: Date Time Qualifier 007 Effective	M 1 ID 3/3
M	DTP02	1250	Date Time Period Format Qualifier Code indicating the date format, time format, or date and time format D8 Date Expressed in Format CCYYMMDD RD8 Range of Dates Expressed in Format CCYYMMDD-CCYYMMDD A range of dates expressed in the format CCYYMMDD-CCYYMMDD where CC is the first two digits of the calendar year, YY is the last two digits of the calendar year, MM is the month (01 to 12), and DD is the day in the month (01 to 31); the first occurrence of CCYYMMDD is the beginning date and the second occurrence is the ending date	M 1 ID 2/3
M	DTP03	1251	Date Time Period Expression of a date, a time, or range of dates, times or dates and times IMPLEMENTATION NAME: Member Reporting Category Effective Date(s)	M 1 AN 1/35

Segment: **LE** Additional Reporting Categories Loop Termination
Position: 6885
Loop: 2000 Optional (Must Use)
Level: Detail
Usage: Optional
Max Use: 1
Purpose: To indicate that the loop immediately preceding this segment is complete
Syntax Notes:
Semantic Notes: 1 One loop may be nested contained within another loop, provided the inner nested loop terminates before the other loop. When specified by the standards setting body as mandatory, this segment in combination with "LS", must be used. It is not to be used if not specifically set forth for use. The loop identifier in the loop header and trailer must be identical. The value for the identifier is the loop ID of the required loop beginning segment. The loop ID number is given on the transaction set diagram in the appropriate ASC X12 version/release.
Comments: 1 See Figures Appendix for an explanation of the use of the LE and LS segments.
Notes: Situational Rule: Required when the LS segment in position 6880 is sent. If not required by this implementation guide, do not send.
Example: LE*2700~

Data Element Summary

<u>Ref.</u>	<u>Data</u>	<u>Name</u>	<u>Attributes</u>
M	<u>Element</u> 447	<u>Loop Identifier Code</u>	M 1 AN 1/4
		The loop ID number given on the transaction set diagram is the value for this data element in segments LS and LE	
		Use the value 2700.	

Segment: **SE** Transaction Set Trailer
Position: 6900
Loop:
Level: Detail
Usage: Mandatory
Max Use: 1
Purpose: To indicate the end of the transaction set and provide the count of the transmitted segments (including the beginning (ST) and ending (SE) segments)

Syntax Notes:

Semantic Notes:

Comments: 1 SE is the last segment of each transaction set.

Notes: Example: SE*39*0001~

Data Element Summary

Ref.	Data	Name	Attributes
<u>Des.</u>	<u>Element</u>		
M	SE01	96 Number of Included Segments	M 1 N0 1/10
		Total number of segments included in a transaction set including ST and SE segments	
		IMPLEMENTATION NAME: Transaction Segment Count	
M	SE02	329 Transaction Set Control Number	M 1 AN 4/9
		Identifying control number that must be unique within the transaction set functional group assigned by the originator for a transaction set	
		The transaction set control numbers in ST02 and SE02 must be identical. This unique number also aids in error resolution research. For example, start with the number 0001 and increment from there. This number must be unique within a specific group and interchange, but the number can repeat in other groups and interchanges.	

Segment: **GE** Functional Group Trailer
Position: 6915
Loop:
Level: Detail
Usage: Mandatory
Max Use: 1
Purpose: To indicate the end of a functional group and to provide control information
Syntax Notes:
Semantic Notes: 1 The data interchange control number GE02 in this trailer must be identical to the same data element in the associated functional group header, GS06.
Comments: 1 The use of identical data interchange control numbers in the associated functional group header and trailer is designed to maximize functional group integrity. The control number is the same as that used in the corresponding header.
Notes: Example: GE*1*1~

Data Element Summary

	Ref.	Data		Attributes
	<u>Des.</u>	<u>Element</u>	<u>Name</u>	
M	GE01	97	Number of Transaction Sets Included Total number of transaction sets included in the functional group or interchange (transmission) group terminated by the trailer containing this data element	M 1 N0 1/6
M	GE02	28	Group Control Number Assigned number originated and maintained by the sender	M 1 N0 1/9

Segment: **IEA** Interchange Control Trailer
Position: 6930
Loop:
Level: Detail
Usage: Mandatory
Max Use: 1
Purpose: To define the end of an interchange of zero or more functional groups and interchange-related control segments

Syntax Notes:

Semantic Notes:

Comments:

Notes: Example: IEA*1*000000905~

Data Element Summary

	Ref.	Data			
	<u>Des.</u>	<u>Element</u>	<u>Name</u>		<u>Attributes</u>
M	IEA01	I16	Number of Included Functional Groups	M	1 N0 1/5
			A count of the number of functional groups included in an interchange		
M	IEA02	I12	Interchange Control Number	M	1 N0 9/9
			A control number assigned by the interchange sender
