Cigna Benefit Solutions for: City of Gainesville

Request For Proposal

Electronic Submission

July 2024

A Proposal for:

Medical, Pharmacy, Behavioral Health, and Stop Loss Coverage

Provided by:

Listed below is the legal name of the company submitting this response to the City of Gainesville Request for Proposal. In this proposal, the name "Cigna" and other service marks, or division/trade names, may be used to refer to these companies and/or the products and services offered by them or their affiliates. All affiliated Cigna companies and operating subsidiaries are indirectly wholly owned subsidiaries of The Cigna Group*, a publicly traded corporation.

Cigna Health and Life Insurance Company (CHLIC)

*As of February 13, 2023, the name "Cigna Corporation" was changed to "The Cigna Group." Any reference in this proposal to the "Cigna Corporation" is a reference to "The Cigna Group."

All Cigna Healthcare products and services are provided exclusively by or through operating subsidiaries of The Cigna Group. Confidential, unpublished property of Cigna Healthcare. Do not duplicate or distribute. Use and distribution limited solely to authorized personnel. © 2024 Cigna Healthcare

City of Gainesville

Count on Cigna HealthcareSM to keep your employees at their best, so they can keep giving their best.

On behalf of our entire organization, thank you for the opportunity to submit a proposal to be your partner in improving the health and vitality of the City of Gainesville, your employees and their families.

The challenges you face are daunting; stress and burnout are lowering the vitality of your workforce, low engagement in employee health and well-being is contributing to poor health decisions, and there are enormous cost pressures on your department...just to name a few.

Based on our deep understanding of the unique needs of county government departments, we believe Cigna HealthcareSM is best positioned to help you meet the challenges and opportunities in the future of healthcare.

We're committed to helping you achieve your goals by offering the following:

1. Onsite Wellness Coordinator or service representative
2. Simplicity and flexibility with an integrated plan offering
3. 24/7/365 live customer service

Offer highlights:

- 97.7% match to current providers
- \$150,000 Wellness Fund each year for the life of the contract
- \$100,000 Technology fund
- Full-time onsite service representative or wellness coach
- Three-year , flat ASO fee with a 2% escalator for years 4 and 5
- Four-month fee holiday year 1, two-months in year 2 and one-month in year 3
- Performance Guarantees for service, implementation and discount
- Formulary options that eliminate any RX disruption
- 100% rebates returned to the City totaling \$3.3 million
- Integrated Wellness platform through Virgin Pulse

Offered by Cigna Health and Life Insurance Company or its affiliates.

1. RFP Overview

Coverage Effect Date: January 1, 2025

The City of Gainesville, hereinafter referred to the Entity, is soliciting experience and qualified firms that demonstrate the highest level of ability to provide the following lines of coverage:

- Medical and Rx Insurance with the following funding arrangements:
 - Full-Insured
 - Self-Insured
 - Administration Services Only (ASO)
 - Stop Loss Reinsurance
 - Pharmacy Benefit Management

Due Date: Proposals shall be submitted electronically via RFP360 by 5:00 PM on July 12, 2024.

Firms interested in submitting a response to this RFP agree not to contact (lobby) any employee or agent of the Entity at any time during the solicitation period and the selection process. All oral or written inquiries are to be directed to the Gehring Group. Any other contact with the owner will be considered inappropriate and subject your response to rejection/disqualification.

The Entity reserves the following rights: to waive in-formalities in any proposal; to reject any or all proposals or portions of proposals; to accept any proposal or portions of proposals deemed to be in the best interest of the Entity; and to negotiate or refuse to negotiate with any offer.

It is the Entity's intention to deal directly with all carriers via its appointed Agent of Record. The Entity's appointed Agent of Record is the Gehring Group.

2. General Information

SCOPE AND PURPOSE

The specifications include the complete set of requirements and proposal forms. Proposers are strongly encouraged to complete all proposal forms as specified and include the forms with your proposal. Failure to include proposal forms may be grounds for disqualification from this RFP Process.

INTENT OF RFP

The Entity is soliciting Medical (Self-Funding and Fully Insured Arrangements), Pharmacy Benefit Management, and Stop Loss Reinsurance coverage for Entity employees, officials, retirees, COBRA participants and their families. The Entity's goal is directed toward the highest professional level of service while providing access to a quality network of providers at an affordable cost. Proposals for PBM carve out will be considered.

CALENDAR

The intended timeline is:

• Release of RFP	06/24/2024
• Deadline for receipt of questions	07/08/2024
• Deadline to receive proposals	07/12/2024
• Initial analysis presented to Entity.	07/24/2024
• Best and Final offers presented (if necessary).	08/14/2024
• Meeting to Approve Recommendations	09/05/2024
• Open Enrollment Period	TBD
• All Data to Carrier(s)	TBD
• Plan Effective Date	January 1, 2025

This timeline is subject to change.

CONTACT PERSON

The contact person for the content of this RFP is Samantha Ricchini at Samantha.Ricchini@gehringgroup.com.

Please reach out to support@rfp360.com or +1 (844) 737-0365 if you have any questions relating to the functionality of RFP360.

ADDITIONAL INFORMATION/AMENDMENT

Request(s) for additional information or clarifications must be made in writing no later than the date specified in the RFP timeline above.

Changes to this RFP, when deemed necessary, will be completed by written addendum issued prior to the proposal due date. Proposers should not rely on any representations, statements or explanation other than those made in the RFP or in any addendum to this RFP. Where there appears to be a conflict between the RFP and any addenda issued, the last addendum will prevail. It is the proposer's responsibility to assure receipt of all addenda.

INTERVIEWS

Proposers may be asked to attend an interview in support of their proposal or to explain or demonstrate the information contained therein.

PUBLIC RECORDS LAW

Upon award recommendation or ten (10) days after opening, whichever is earlier, any material submitted in response to this RFP will become a "public record" and shall be subject to public disclosure consistent with Chapter 119, Florida Statutes (Public Record Law). However, Chapter 337 and its provisions may also be imposed. Proposers must claim the applicable exemptions to disclosure provided by law in their response to the RFP by identifying materials to be protected, and must state the reasons why such exclusion from public disclosure is necessary and legal. The Entity reserves the right to make any final determinations of the applicability of the Public Record Law.

City's Public Records Language

Florida has a very broad public records law and certain records of a contractor may be considered public records. Accordingly, by entering into an agreement with the CITY, CONTRACTOR must:

1. Keep and maintain public records required by the CITY to perform the service.

1. Upon request from the CITY's custodian of public records, provide the CITY with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.

1. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the CONTRACTOR does not transfer the records to the CITY.

d. Upon completion of the contract, transfer, at no cost, to the CITY all public records in possession of the CONTRACTOR or keep and maintain public records required by the CITY to perform the service. If the CONTRACTOR transfers all public records to the CITY upon completion of the contract, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the contract, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the CITY, upon request from the CITY's custodian of public records, in a format that is compatible with the information technology systems of the CITY.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (352) 393-8891, WATTSTL@CITYOFGAINESVILLE.ORG, TIFFANY WATTS-CHESTNUT, CITY OF GAINESVILLE Risk Management, P.O. BOX 490, STATION 60, GAINESVILLE, FL 32627-0490.

ACCEPTANCE / REJECTION OF PROPOSALS

The Entity reserves the right to reject any and all proposals submitted in response to this RFP, or to cancel, in part or its entirety, this request, if it is in the best interests of the Entity to do so.

The Entity reserves the right to accept or reject any or all proposals received as a result of this request, or to negotiate separately with competing proposers simultaneously, and to waive any in-formalities, defects, or irregularities in any proposal.

The Entity reserves the right to accept the proposal of a proponent other than that of the lowest proponent.

DISCLOSURE OF PROPOSAL CONTENTS

All material submitted becomes the property of the Entity. The Entity has the right to use any or all ideas presented in any reply to this RFP. Selection or rejection of the proposal does not affect this right.

RENEWAL

The awarded firm shall give a minimum of 180 days written notice prior to any renewal date to the Entity stating specifically what, if any, rate change is proposed.

CONTRACT TERMS

The Entity is requesting a three year contract with two, one year renewal options for the proposer(s) awarded the business. Proposers are welcome to provide longer rate guarantees.

RECOMMENDED RATE GUARANTEE TERMS

- Medical/Rx: 12 Months
 - ASO: 36 Months
 - Stop Loss: 12 Months
 - Fully Insured: 12 Months

3. Vendor Requirements

- **Proposal Effective Date:** January 1, 2025
- **Commissions:** Proposals should include rates that are net of commissions.
- **Retirees:** Florida Governmental Retirees must be allowed to continue coverage under the Entity's insurance program as required by Florida Statute 112.08.
- **Reference Requirement:** It is a requirement that all insurance carriers currently provide group insurance to at least two other Municipal entities with at least 2,500 employees. Proposers not able to list two current Municipal references may be disqualified from consideration.
- **Inquiries:** All questions regarding the document shall be submitted in writing via RFP360.
- **Benefit Plan Design:** Proposers are encouraged to match current plan designs as closely as possible for all lines of coverage.
- **Funding Type Proposals:** Medical/Rx proposers are expected to provide proposals on both a self-funded and fully insured basis.
- **Wellness Incentive Program:** Please outline, in detail, your proposed Wellness Program and any resources available to the Entity (including Mental Health wellness resources). Please also include \$150,000 in annual Wellness Funds.
- **Pharmacy Rebates:** Medical and Pharmacy ASO proposers must provide Pharmacy Rebates at a 100% pass through to the Entity. The Entity's pharmacy benefit manager is with current

medical carrier and Entity receives 100% of Rx rebates. Proposals carving out pharmacy administration will be considered.

- **Technology Funds:** Proposers are encouraged to include technology funds in their proposal, with a minimum of \$75,000 per year for three years.
- **Guarantees:** Proposers are encouraged to include performance guarantees, implementation guarantees, service guarantees, and network discount guarantees.
- **Rate Guarantees:** Medical proposers and Pharmacy Benefit Managers are encouraged to provide multiple year rate guarantees for self-funded administration fees.
- **Plan Implementation:** It is a requirement that the proposer awarded this contract provides representative(s) to assist with implementation, open enrollment, employee communications and ongoing assistance with routine plan administration.
- **Contract:** Please include your carrier standard contract in Word Document format with the RFP for the Entity's review.
- **Employee Communications:** It is the responsibility of all successful proposers to provide the necessary papers, forms, etc., for initial enrollment and also the administration of benefits including but not limited to: brochures outlining schedule of benefits, directories, certificates, claim forms, identification cards, benefit booklets, etc., where applicable.
- **Benefit Administration:** The Entity has retained Workday for on-line enrollment and electronic administration of the Entity's benefit programs, all proposers must have the technological capacity to transmit and accept a HIPAA 834 5010 eligibility file with proper confirmation of receipt and discrepancy reporting.
 - If the selected provider has an existing data exchange process with Workday, that process will continue including file layouts, timing and method of transmitting data. For those providers that do not have an existing data exchange process with Workday, Workday will require that utilization of the Workday standard file layout and FTP site as the method of data transmission. Eligibility files, including employee terminations, are provided on a per payroll basis.

4. Background & Underwriting Information

BACKGROUND SUMMARY

The Entity has a self-funded medical insurance plan with Florida Blue. Stop loss and pharmacy are also currently offered through Florida Blue. The Entity currently has one PPO medical plan.

The Entity has an Employee Health Center. Employees are not required to use the clinic and may still use the medical network at their choosing.

PLAN CHARACTERISTICS

Please take all of the following into consideration in your proposal:

- The Entity has 2,293 employees and 1,876 Retirees.
- The Entity's medical tier structure is 4 tiers.
- The medical and prescription drug plan consists of one PPO plan. The Entity is interested in keeping benefits as close to current as possible, so they would like to see a plan matching current benefits.
- Medical and pharmacy carriers are encouraged to include Rx Rebates in their proposal. These rebates should be made payable directly to the Entity. Please provide an estimate of expected annual Rx rebates with your proposal as well.
- Stop loss: Please quote a contract term of 12/36. Please match current policy as closely as possible. The specific deductible is \$375,000 and there is an aggregating specific deductible of \$100,000. There is no aggregate stop loss in place. Stop loss policy can be found in the attachments.

RETIREE INFORMATION

- Retirees and survivor spouses are eligible for Medical/Rx coverage.
- In addition to the Florida Blue medical plan, the Entity offers Medicare Supplement Part F/G and a Florida Blue Medicare PremierRx Part D Plan to eligible retirees.
- Out of the 1,876 retirees, 531 retirees are enrolled in the Medicare Supplement plan and 460 retirees are enrolled in the Florida Blue Retiree Health plan.

Medical Rate History (Funding Rates):

	2022	2023	2024
Florida Blue Medical Plan			
Employee Only	\$689.23	\$723.68	\$796.05
Employee + Spouse	\$1,365.41	\$1,433.68	\$1,577.04
Employee + Child(ren)	\$964.01	\$1,012.22	\$1,137.30
Employee + Family	\$1,755.04	\$1,842.81	\$2,027.07

	2022	2023	2024
ASO PEPM - Individual	\$28.23	\$28.23	\$28.23
ASO PEPM - Family	\$65.92	\$65.92	\$65.92
ISL PEPM - Composite	\$25.78	\$27.71	\$30.21

EMPLOYEE ELIGIBILITY:

Waiting Period for Benefits for all Employee Classes for Health Insurance

Commissioners and Charter Officers-No wait

Regular Full-time, $\frac{3}{4}$ Part-time, $\frac{1}{2}$ Part-time, Professional Time-Limited Temporary Employees- the earliest effective date of coverage is the first of the month after 30 days of employment

Professional Temporary Employees- the earliest effective date is the first of the month after the 90th day of employment.

Retirees-City Health Plan-Earliest effective date is the first day of retirement. City Medicare Supplement and Part D- The earliest effective date is the first of the month the Retiree turns 65.

The Entity's payroll cycle is biweekly, and they have 26 paychecks during the calendar year. Retiree payments are on a monthly basis.

CONTRIBUTION STRATEGY:

- Medical:
 - Active Employees - The contributions for active employees are listed in the chart below.
 - Retirees - Retiree contribution rates are formula-based. Each Retiree receives a City Contribution valued at \$10/year of service and \$5 is added/subtracted for each year the Employee retires before/after the age of 65, respectively. (Therefore, each Retiree's contribution is different).

Contribution - Current (2024):

Medical	Employee	Employer
Employee Only	\$646.07	\$149.98
Employee + Spouse	\$889.27	\$687.77
Employee + Child(ren)	\$671.97	\$465.33
Employee + Family	\$1,159.78	\$867.29

Dispensing Fees - Brand	\$0.00
Dispensing Fees - Generic	\$0.00
Specialty Discounts	Cigna is offering an aggregate specialty guarantee (retail, mail, brand, generic) and a separate limited distribution drug guarantee.
Overall Guaranteed Mail Specialty Discount (Post-AWP)	Specialty discounts on a combined basis (retail, mail, brand, generic) - 22.00; Limited Distribution Drugs - 15.50%
Overall Guaranteed Retail Specialty Discount (Post-AWP)	Specialty discounts on a combined basis (retail, mail, brand, generic) - 22.00%; Limited Distribution Drugs - 15.50%
Dispensing Fees - Brand	R30- \$0.50; R90/HD - \$0.00
Dispensing Fees - Generic	R30- \$0.50; R90/HD - \$0.00
Administrative Fees / Allowances	No pharmacy administration fee is being charge. Cigna has provided a \$20,000 first year implementation credit and an annual pharmacy management fund of \$35,000.
Administrative Fee Credit (PEPM)	Not applicable
Administrative / Transaction Fee Per Claim	Included.
Clinical Fees	Included.
Addtl cost for Electronic eligibility submission	Included.
Addtl cost for TPA / PBM Feed	Quote assumes integration with Cigna medical and standard reporting.
Please provide your annual estimated Rx rebates for Year 1 of the contract.	Cigna's 1st year estimated annual rebates is \$3,393,090.
Guaranteed Retail Rebate Amount Per Brand Claim	\$350.00
Guaranteed Retail-90 Rebate Amount Per Brand Claim	\$930.00
Guaranteed Mail Rebate Amount Per Brand Claim	\$930.00

Guaranteed Mail Specialty Amount Per Brand Claim	\$4,100.00
Guaranteed Retail Specialty Amount Per Brand Claim	\$4,100.00

7. Questionnaire - Medical

1. Please provide your proposed Benefit Summaries as part of your response.

Confirmed. Please see Vendor Response Attachments section.

2. Detailed plan documents have been included in the attachments sections of this RFP. Please outline any differences between Cigna's documents and your proposed SBCs/SPDs (ie, is there something that is currently being administered that your company cannot administer in the same way?)

We have provided our Benefit Summary Review. Please see Vendor Response Attachments section.

3. Please provide a Medical Geo Access report that illustrates the number of: a. 1 Hospital within 10 miles b. 2 PCPs & Pediatricians within 10 miles c. 2 OBs/Gyns, within 10 miles d. 2 Specialists within 10 miles (excluding OBs/Gyns) e. 2 Urgent Care Centers within 10 miles The report format should include a breakdown by employee city of residence with the number of employees in that location and the number of providers servicing that location. The report should also include reporting on the number and location of employees who do not meet the above criteria.

Confirmed. Please refer to the Vendor Responses Attachments section for the requested GeoAccess reports.

4. Please identify proposed provider network.

Cigna's Open Access Plus (OAP) network is being proposed to the City.

5. For proposers not proposing national network coverage, please describe available access for out-of-state residents (retirees and/or dependents of covered participants).

Cigna's proposal includes our national OAP network; as such, this is inapplicable.

6. Please confirm requirements for coordination with Medicare for both active employees and their dependents, as well as retired employees and their dependents.

Confirmed. Cigna complies with the Medicare secondary payer rules when coordinating with Medicare.

7. Each proposer must confirm that they will provide the following reports upon request (monthly) by the Entity or its Agent of Record: a. Large Claimants (over \$25,000) inclusive of gender, plan, diagnosis, last date of service, prognosis and if the claimant remains covered on the plan. b. Utilization reports by diagnosis, place of service, employee vs. dependent costs. c. Monthly paid claims

Confirmed.

8. Are you able to provide prognosis/medical case review on a quarterly basis?

Yes. Cigna will provide a claims over \$25,000 report which will include diagnosis.

9. Are you willing to conduct face-to-face meetings quarterly (including medical/pharmacy director and financial analyst support) with the client to discuss financial and program enhancement/cost containment ideas that will assist the client in benefit design strategy, and will not necessarily be focused on plan design coverage reductions?

Yes.

10. Please describe your prior authorization process, specifically as it relates to high-cost specialty medications (such as Ozempic, Mounjaro, etc). Please confirm if you are able to accept a file of current authorizations and if there is a cost associated with this.

Cigna requires prior authorization on targeted specialty medications including GLP-1 drugs. Our integrated review team is made up of technicians, pharmacists, and doctors dedicated to specialty prior authorization reviews conducted under medical and pharmacy coverage. Our coverage policy is nationally applied and based on evidence-based medicine (EBM) standards. Prior authorization ensures that drugs are prescribed

- appropriately based on the diagnosed condition;
- in the right dose and frequency;
- for the appropriate duration; and
- at the most cost-effective, clinically appropriate site of administration (for medications administered by a health care provider).

Additionally, through the ongoing collection of clinical measures, prior authorization can monitor for effectiveness and help ensure the drug is having the expected impact on a member's condition.

By centralizing the review with a dedicated team and applying our coverage policy on a national level, we can assure clients the policy is being applied to every review, which leads to consistency in decision outcomes. Likewise, by centralizing medical and pharmacy reviews into one organization, we offer doctors a single point of contact, which leads to greater efficiency and allows them to focus their time on member care instead of administrative tasks.

Cigna is able to accept a prior authorization file and will cover the cost of the RX PA transition file.

11. Please list and describe your Disease Management programs that are included in proposal.

Cigna's innovative Your Health First[®] chronic condition coaching model takes a broad approach to helping members manage chronic health conditions. Your Health First addresses the health of the whole person, rather than focusing on a single disease that triggers participation. Supported by evidence-based medical guidelines and influential behavioral techniques, our health coaches help members manage every aspect of their personal health, including adhering to medications, understanding and managing risk factors, and maintaining up-to-date screenings.

Your Health First addresses the most prevalent conditions: heart disease, coronary artery disease, angina, congestive heart failure (CHF), acute myocardial infarction, peripheral arterial disease, asthma, COPD (emphysema and bronchitis), diabetes (types 1 and 2), metabolic syndrome/weight complications, osteoarthritis, low back pain, anxiety, bipolar disorder, and depression. We include anxiety, bipolar disorder, and depression because we understand the importance of the mind-body connection when providing services to members with both medical and behavioral chronic conditions. We also support comorbid conditions through this model.

Our predictive models tap into member data across our integrated plan coverage and systems to identify members with chronic conditions at risk for near-term and future high claim costs. Our models predict a likely condition-related occurrence or a worsening of an existing condition in the upcoming year, prioritize member health risk(s), and predict the optimal outreach modality (phone, email, or text) for each member based on factors such as condition, severity, progression, behavior, and modifiability. We target members identified as higher risk for phone-based coaching. We reach out to those identified as lower risk and/or to those who have an apparent preference for digital engagement by letter and/or email to encourage engagement in the program's self-guided online resources.

We train Your Health First health coaches in the Cigna CARE Coaching[®] model that features collaborative, affirming, respectful, and empowering coaching. Cigna CARE Coaching is a foundational approach that addresses a variety of medical, behavioral, and lifestyle conditions. Before registering for the Cigna CARE Coaching training, health coaches complete two courses that address behavior coaching. Each health coach then completes a weeklong training course that incorporates features of various proven behavior change models. Using this coaching approach, health coaches assist members with setting specific, attainable goals to help them improve their health. Achievement of these goals motivates members to set new goals that will support them as they continue their journey toward better health.

In addition to coaching for chronic conditions and in support of working with the whole person, Your Health First coaching for members identified with chronic conditions includes health and wellness coaching, treatment decision support, gaps-in-care coaching, and lifestyle management coaching for weight management, stress management, and tobacco cessation.

In summary, our dedicated health coaches focus on each person's unique health needs, preferences, and goals. The health coach's one-on-one approach creates stronger relationships, establishes trust, and drives higher engagement. Combining clinical expertise, evidence-based practices, and extensive experience, our multidisciplinary health coaches manage health to start behavior change. Specifically, they help members

- recognize worsening symptoms and know when to see a doctor;

- establish questions to discuss with their doctors;
- understand the importance of following doctors' orders;
- develop healthy habits related to nutrition, sleep, exercise, weight, tobacco, and stress;
- prepare for hospital admissions or recovery after hospital stays; and
- make educated decisions about treatment options.

Finally, as part of our goal to provide a consistent, consultative experience for our members no matter how they interact with Cigna, our Your Health First health coaches are also part of our One Guide team. They receive enhanced training and technological tools that equip them to offer even more personalized interactions and exceptional service to members on issues that extend beyond health concerns, such as plan benefits, claim issues, and provider questions. With this role enhancement, our health coaches strive to optimize every touchpoint to help members more deeply engage with their health, and with the most relevant programs and services available to them, driving positive clinical and cost outcomes.

12. Please list and describe Utilization Management programs included in proposal and other available options, if applicable.

Our utilization management programs positively impact cost and quality outcomes for members and clients. The programs consist of several fully integrated, complementary services delivered by qualified professionals. These services include the following:

- precertification of elective nonobstetrical inpatient admissions
- precertification of urgent/emergent admissions
- precertification of certain outpatient procedures
- inpatient case management (concurrent stay review)
- discharge planning

Precertification helps ensure that planned admissions, treatments, and procedures are medically necessary. It also verifies that upcoming treatments are covered under the member's health plan and are appropriate to the member's condition. Inpatient case management (concurrent stay review) allows us to monitor hospitalized members, assess the appropriateness of admission and length of stay, and track any delays in care. It also allows our staff to assess hospitalized members for possible postdischarge case management referral. Early discharge planning facilitates a smoother transition from an acute level of care to a less intensive setting. This helps ensure that our members receive appropriate care after they leave the hospital. We also require notification of certain outpatient procedures so that we may precertify them for medical necessity. After we receive notification, we are able to determine coverage and medical necessity/appropriateness of a stay or procedure.

Additional benefits of our utilization management services include the identification of opportunities for case management, chronic condition management, and other available health coaching programs that may benefit these members.

13. Please confirm dependent child(ren) eligibility.

Cigna will administer the plan based upon the eligibility criteria determined and data feed provided by the City. Cigna does not verify a dependent's age, student, or disabled status.

14. Please confirm proposer has included telemedicine benefit in medical quote. Telemedicine should include Behavioral/Mental Health.

Confirmed. The City employees and dependents have access to our virtual care portfolio that includes services offered through our network health care providers and partnership with MDLIVE (a Cigna affiliate). We have intentionally built virtual care services into all of our network solutions with multiple access points to meet our members' needs with no additional administrative fee. Our delivery channel supports a wide breadth of services, including minor medical conditions, primary care (wellness screenings and routine care), more complex services like chronic care management, and behavioral care.

Virtual care brings employers a digital-first care solution employees are using like never before. Our virtual solutions complement each other to deliver affordable, convenient care and an integrated customer service and technology platform for members, and lower total medical costs for the City. The City may also benefit from lower absenteeism, higher productivity, and the convenience of integrated administrative services.

Our virtual care portfolio includes a wide breath of services offered through our network health care providers and through our partnership with MDLIVE at no additional administrative fee. Members also have access to virtual and digital care services through in-network behavioral health care providers and our national partnerships with Talkspace, Headspace Care, Meru Health, Brightline, and more.

Virtual care through MDLIVE is standardly included in medical and behavioral plans at no additional cost to the client or member. Services include:

- **Urgent Care** - Members can choose the time and day that works best for them with urgent care available 24 hours a day, 7 days a week, 365 days a year. Effective in late 2024, members also have the option to quickly access quality care when a phone or video interaction isn't necessary through asynchronous care. Urgent care with MDLIVE on average yields 91% savings compared to ER visits. It is also 79% less costly than urgent care center visits and 62% less costly than PCP visits.
- **Primary Care** - Members can connect to providers virtually for preventive wellness screening and routine care with chronic condition management. As of 2023, chronic condition management and digital health coaching are available for hypertension, pre-diabetes, and weight management. These services will expand throughout 2024 to include other common conditions.
- **Specialty Care (Dermatology)** - Dermatology visits can be initiated anytime, anywhere; members can message with dermatologists by sharing photos of affected areas and describing symptoms and will receive treatment plans and prescriptions (if appropriate) usually within 24 hours.
- **Behavioral Care** - For behavioral health concerns, members can access therapy and medication management appointments, in addition to other care modalities, such as digital cognitive behavioral therapy and on-demand coaching.

15. For plans that provide out-of-network coverage, if radiologists, anesthesiologists and pathologists are not part of the network, is the member responsible for cost at the in-network or out-of-network reimbursement levels?

During a member's inpatient stay at a participating hospital, we will consider services provided by hospital-based, nonparticipating health care providers (lab, radiology, and anesthesia) at the in-network coverage level so the member is not penalized for using a participating hospital. Claim systems are designed for auto-adjudication of this process.

16. How do you handle transition of care for members currently undergoing treatment or have existing relationships with the incumbent carrier's network providers?

Cigna makes every effort to manage the member's transition of care (TOC) from a nonparticipating health care provider to avoid a disruption of services that may impact the member's health status. There are no additional fees for these services.

Members must apply in writing for in-network-level TOC within 30 days of enrollment in a Cigna-administered health plan (unless the applicable state mandates a longer period). If Cigna approves coverage, a member may continue to receive services from that doctor, hospital, or other provider for a specified period with covered services paid at the in-network coverage level.

Members may contact a One Guide personal guide for assistance with completing the TOC application. The personal guide records the information the member provides and submits the application on his or her behalf.

17. Provide a medical disruption report for the provider lists attached to this RFP.

Records	In-Network	Out-of-Network
No. Total Records	5,161	117
% of Total Records	97.78%	2.22%

18. Self-Insured: Provide recommended premium equivalents for the current and [optional: alternate] plan designs shown in the medical benefit response form section.

Confirmed. Cigna has provided Theoretical Premium Equivalents that include all services that are capitated. These are found in the medical benefit response form section and included in Cigna's ASO Proposal that is attached.

19. Self-Insured: Please confirm if medical ASO quote is contingent upon bundled Stop Loss and/or PBM administration. If so, please confirm what is required to be attached and/or pricing differential without bundled administration.

Cigna's ASO Proposal assumes the integration of Medical, Pharmacy and Behavioral Health. Stop Loss has been quoted, however, can be carved out. A stop loss integration fee of \$3.00 PEPM would be required if carved out. If Pharmacy is carved out and placed with an outside vendor, an additional fee of

\$10.00 would be required if the PBM is not ESI. If the PBM is ESI, the additional fee required would be \$5.00.

20. Self-Insured: Is your company willing to provide administrative fee guarantee? If so, please provide the details of your guarantee.

Yes. Cigna's ASO Proposal assumes the fee guarantee is for 5 years. The ASO Fees would remain flat for the initial 3 year periods, 1/1/2025-12/31/2027 (36 months). For optional years 4 & 5, the ASO Fees would increase by 2.0% each year (2028, 2029).

21. Capitation: What is your Capitated Fee (PEPM)? Is this Capitated Fee Guaranteed and for how long? Please confirm which types of claims are Capitated.

Cigna's capitated services are billed through the client's bank account on a PMPM basis. These charges are included in Cigna's claim projections and theoretical premium equivalents. Overall, these fees/capitation are approximately 5-7% of total claims and are already accounted for in the theoretical premiums.

Claims capitation is a payment arrangement in which we pay health care providers (e.g., doctors, independent physician associations, medical groups, nationally contracted ancillaries) a contracted rate on a PMPM basis. In such an arrangement, the provider furnishes the contracted care regardless of cost and shares the financial risk associated with providing this care. Claims capitation rates may vary, and we calculate them based on factors that may include the following:

- coverage package and member copay schedule
- medical management model
- member demographics
- market/location
- line of business, such as Open Access Plus (OAP), PPO, POS, or HMO

The following utilization management services are capitated:

- diagnostic cardiology services, including nuclear cardiology, stress echocardiograms, and cardiac catheterizations
- musculoskeletal-related services, including large joint surgery and pain management

We use claims capitation (partial) to pay for certain ancillary services in certain markets. Where applicable, we use claims capitation to pay for high-tech radiology and behavioral health.

22. Describe your proposed transplant program and how transplant cases are handled.

We offer an integrated, member-centric case management approach for members requiring transplant services. Providing interventions before, during, and after the transplant procedure, transplant case management services include the following:

- a clinical review of the requested transplant procedure using national clinical guidelines
- utilization and concurrent review
- member and family education
- discharge planning
- referrals to appropriate community resources
- specialized case managers with transplant experience

We offer access to the Cigna LifeSOURCE Transplant Network to enhance quality of care and reduce claim costs for members undergoing transplant procedures. A current listing of the Cigna LifeSOURCE Designated and Contracted transplant programs is available online at <https://cignalifesource.com/transplant-network/index.html>.

The Cigna LifeSOURCE network is composed of leading transplant programs across the country that offer proven quality care. Our transplant program offers the following:

- **Access to National Network of over 170 Transplant Facilities** - Designated transplant programs have proven success rates in performing organ and bone marrow transplants. Designated and Contracted transplant programs include negotiated discounts to ensure cost savings for the payer and the member.
- **Continued Commitment to Network Expansion** - Negotiations are currently underway with additional facilities. Cigna is committed to ongoing expansion to ensure national coverage. Our network includes over 170 facilities and more than 800 transplant programs.
- **Rigorous Quality Review of Transplant Facilities** - Because the facilities undergo a thorough quality review as well as an annual quality review process, members and payers alike can be assured that Designated transplant programs in the Cigna LifeSOURCE Transplant Network offer superior quality and service.
- **Member-Centric Approach to Care Management** - We play a coaching role in working closely with the transplant recipient and family during the phases of the transplant period-evaluation, pretransplant, transplant surgery, and posttransplant-to ensure the most appropriate treatment plan at the highest cost savings possible.
- **Network Discounts** - The Cigna LifeSOURCE Transplant Network generates an average savings of 51% on the total costs of care for each transplant managed. This statistic is based on members who have completed the evaluation pretransplant care, transplant episode, and a one year follow-up period. These discounts are the result of our dedicated transplant contracting team.
- **Flexible Program Able to Meet Every Member's Needs** - If a member elects to seek transplant care outside the network, our contract specialists will negotiate fees directly with the selected facility to ensure optimum cost savings. We are successful in achieving an average discount of 54% for the transplant episode of care for these special individual negotiations.

- **Additional Cost Savings Possible through Integration with Other Medical Management Programs** - Identifying potential transplant candidates as early as possible to channel them to network facilities is key to our success.

We conduct a quality reassessment of each transplant program annually to ensure that it continues to meet our high standards. We also make onsite visits to each facility with approved Designated transplant programs. We collect the following data from each transplant program:

- patient-selection protocols
- outcomes, including complication, retransplantation, and mortality rates
- number of transplants performed
- transplant rate on waiting list (time it takes for transplants to be performed)
- average length of stay (ALOS) and ranges of lengths of stay
- surgical and medical staff training and experience
- availability of organs in the center's geographic location
- willingness and ability of each facility to negotiate appropriate incentives for cost-effective treatment
- verification of the Joint Commission (TJC) accreditation
- verification of CMS certification (solid organ programs)
- verification of National Marrow Donor Program and Foundation for the Accreditation of Cellular Therapy accreditation (bone marrow and stem cell programs)

The Cigna LifeSOURCE program includes the services of specialty transplant case managers who manage services for transplant recipients through each phase of the transplant process. Transplant case managers provide services under the support and guidance of a dedicated Cigna LifeSOURCE medical director.

The transplant case managers coordinate the entire process, including case referral, prior authorization/medical necessity requests, member/family education, planning, concurrent review, and coordination of posttransplant care. Case managers maintain regular contact with the financial coordinators, facility transplant coordinators, attending doctors, and the transplant recipient and their family. The transplant center communicates regularly with the case manager about the member's progress by phone and written progress reports.

The case manager communicates approvals and denials for the transplant and transplant-related services to the member. They provide additional care offerings to the member and family to help understand how to access services that support their care. They also assist family members with travel and lodging arrangements, as needed, and coordinate posttransplant services (e.g., care in the member's home, involvement of community resources).

23. Describe how complex cases are managed and coordinated.

The goal of case management is to help ensure that members receive timely and appropriate medical care. Case management benefits clients by helping their employees and enrolled dependents find in-network health care providers who can provide quality care cost-effectively and focusing on helping to prevent costly hospital readmissions for the same condition.

Case managers conduct initial and subsequent assessments of the member's condition. If the case manager identifies a potential issue, they work with the member and/or the member's doctor to get the services to address and help resolve the issue. Once a case manager completes the assessment and addresses any issues, they can provide personalized case management services using evidence-based information, guidelines, and tools. Evaluation activities may include interviews, surveys, verbal feedback, documentation review, financial analysis, and/or benchmarking. As the case manager develops timelines for each case, they can set diary dates for follow-up and action in our integrated care management system.

Case management services typically include the following:

- establishing a collaborative relationship with the member, their family, and their doctors to determine medical history and current status and to assess the options for optimal outcomes
- assessing the member's treatment plan and identifying gaps or barriers to health care
- helping develop and communicate a member-centric case management plan that establishes objectives, activities, and anticipated time frames, taking into consideration physical, functional, cognitive, psychosocial, environmental, support system, and economic factors
- providing utilization management services when the member is in case management (as appropriate)
- coordinating access to health services, including acute care, skilled nursing and/or hospice care, and outpatient or home health care services
- identifying and addressing potential barriers to availability, accessibility, and affordability of treatment
- initiating referrals to other programs, such as chronic condition coaching
- identifying community and government resources
- facilitating the integration of behavioral health and/or EAP services
- demonstrating sensitivity to culturally diverse situations, clients, and members
- communicating with members, doctors, and families about the member's progress (subject to privacy restrictions)
- helping ensure that the member and/or the family understand plan coverage restrictions

Case managers are also responsible for identifying and documenting both financial and quality outcomes of their case management activities and sharing case management information and outcomes with colleagues through national case management rounds and standard reporting.

24. Describe your process for discharge planning and home health care.

Discharge Planning

Our discharge planning process focuses on identifying and removing barriers to a smooth, safe, and timely discharge to home or to a less intense inpatient setting. We begin discharge planning at the initial notification of admission. When managing a member in the hospital, our inpatient case managers promote timely and efficient care to encourage both the quickest recovery possible and proactive discharge planning. Our approach helps ensure that members can quickly and safely transition to home or a lower level of care without unnecessary delay.

The inpatient case manager also works with the member and their family to identify support the member may need after leaving the hospital. Interventions, such as promoting transition from critical care to step-down or coordinating alternative care, help to reduce in-hospital days and prevent readmission.

If a member is actively engaged in case management before the hospitalization, their case manager continues to monitor the care during hospitalization, including reviews for continued inpatient care and discharge planning. For members not yet working with a case manager, an inpatient case manager performs discharge planning until we identify a need for case management and assign a case manager.

Case management, when appropriate, is the next service on the continuum of care. Case management encompasses and coordinates every aspect of a member's care to optimize their clinical outcomes and reduce costs through efficiencies in care. For example, following an admission for emphysema, the case manager coordinates the member's return home, confirms that any required support systems (e.g., home health nursing, oxygen, nebulizers) are in place, and confirms that required medications are available. Our case managers conduct ongoing assessment, coordination, and support to promote optimal clinical and financial outcomes.

Home Health Care

We perform precertification for specific services related to home health care, home infusion therapy, and DME supplies, devices, and services for our members. eviCore, a Cigna company, maintains the network of providers for these services and provides care coordination for members and their families.

Approach to Home Health and DME

The program

- uses a "home first when possible" methodology, supporting members with the services they need to heal, and reducing risks attributed to institutional settings;
- offers DME, home health services, home infusion nursing, and orthotics/prosthetics/supplies;
- provides URAC-accredited utilization management and support through highly trained nurses and clinical teams;
- reduces the risks and costs of fraud, waste, and abuse; and
- calls members 24 hours after care was expected to begin to validate that they are receiving the necessary care.

Approach to Home Infusion Therapy

We identify and recommend to our health plan clients targeted drugs that may be appropriate to transition from higher cost settings to home. eviCore provides the network of the clinicians and supplies needed for home infusion.

25. Is proposer willing to provide performance guarantees for your network discounting? If so, please include details.

Yes. Please see Vendor Response Attachments section.

26. Are you willing to waive the actively at work, dependent non-confinement limitation provisions for all currently enrolled individuals on medical?

Yes.

27. Optional: Please confirm coverage for Domestic Partners and their eligible dependents.

The City will determine eligibility requirements for the plans. As a general rule (although state exceptions may apply), a dependent is as follows:

- a lawful spouse
- a domestic partner (where allowed)
- an unmarried child (including those newly born, children who are adopted or placed for adoption, stepchildren, a child for whom dental coverage must be provided under a court order, or a dependent child who resides in the home as a result of a court order or administrative placement), who is one of the following:
 - younger than 19 years old
 - younger than 26 years old, if the dependent child is a full-time student enrolled at an accredited educational institution and reliant on the member for maintenance and support
 - any age, if the dependent child is incapable of self-sustaining employment due to mental or physical disability and reliant on the member for maintenance and support

For a dependent child over age 19, the member needs to furnish evidence of the dependent child's reliance on the member, in the form requested, within 31 days after the dependent child reaches the age of 19 and once a year thereafter during the term of coverage.

This definition of dependent applies unless modified by the contract.

28. Self-Insured: Provide a medical repricing analysis if quoting medical using the attached repricing data. Please provide repricing for the same time period included in the attachment(s), May 2023-April 2024.

Confirmed. Please see Vendor Response Attachments section.

8. Questionnaire - Stop Loss

1. Please confirm proposed stop loss quote is firm. If not, please provide details as to why.

Confirmed. Cigna's Stop Loss quote for 2025 is firm.

2. Please confirm proposed quote contract terms.

24/12 First Year, Paid in Renewal Years.

3. Please confirm proposal does not include lasers.

Confirmed. There are no lasers included in the Stop Loss proposal for the 2025 policy year.

4. Please confirm proposer's process for inclusion of lasers, if applicable, at renewal.

We offer the following stop loss renewal rate predictability options:

- **Renewal Advantage** - This option is available for new business and renewals and provides a maximum individual stop loss (ISL) rate increase of 45%. No new lasers will be applied for high-dollar claimants, and a pooling point increase is not required. An annual fee is added to the ISL premium when this option is elected.

5. Please detail data requirements in order to process reimbursements.

Under individual stop loss (ISL), when a claimant reaches the individual pooling point, we continue to draw claims from the ASO bank account and pay the client through a credit to that account. We display this as an ISL refund (negative refund) on the ASO worksheet.

Our expedited service triggers automatically on reimbursements in excess of \$150,000, ensuring settlement to the client's account before the health care provider payment is withdrawn or on the same day in most cases. Our general service for reimbursements up to \$150,000 also offers quick turnaround as they are processed within two to five days.

6. What is the time frame for reimbursements once the claim information is submitted for payment? Do you offer Advanced Funding on claims reimbursements at no cost to the client?

Claims are processed in the order that they are received. In some instances, claims may take longer to process because of a variety of factors, including the lack of necessary information with the claim submission or the need for additional review of complex, large claims to ensure claim payment accuracy.

For stop loss reimbursements, our expedited service triggers automatically on reimbursements in excess of \$150,000, ensuring settlement to the client's account before the health care provider payment is withdrawn or on the same day in most cases. Our general service for reimbursements up to \$150,000 also offers quick turnaround as they are processed within two to five days.

We do not provide advanced funding of claims. Primarily, third-party carriers use advanced funding because of the time lag inherent in the claim payment process when stop loss coverage is not placed with the medical carrier. Since our stop loss is in-house, reimbursements are triggered automatically, feeding directly from our medical claims payment systems to our stop loss reimbursement systems.

7. Please confirm that proposer will base stop loss coverage reimbursements on the ‘Eligible Expenses’ as defined by the medical ASO plan document.

Confirmed. Individual stop loss (ISL) integrates with the underlying Cigna Healthcare medical plan. This creates consistency concerning limits of liability, actively-at-work, preexisting condition, nonconfinement, medical necessity, and other contractual provisions, including coverage of gene therapies. Our contract does not have different provisions for participants who are retired, disabled, or on COBRA.

For ISL coverage, we consider expenses for taxes, fees, and surcharges imposed on the coverage plan or client by federal, state, or local governments as excluded expenses.

Refer to the sample stop loss contract located in Exhibits Section of this proposal for an entire list of plan exclusions.

8. Does proposal exclude any member population included in census.

ISL coverage fully integrates with underlying Cigna medical plans. This creates consistency concerning limits of liability, actively-at-work, preexisting condition, nonconfinement, medical necessity, and other contractual provisions. Our contract does not have different provisions for coverage of retired, disabled, or COBRA participants.

9. If proposer is awarded the Stop Loss insurance contract, please confirm if policy is guaranteed renewable.

We offer the following stop loss renewal rate predictability options:

- **Renewal Advantage** - This option is available for new business and renewals and provides a maximum individual stop loss (ISL) rate increase of 45%. No new lasers will be applied for high-dollar claimants, and a pooling point increase is not required. An annual fee is added to the ISL premium when this option is elected.
- **Renewal Planner** - This option is available for new business and renewals and provides an increased level of predictability for ISL rates upon renewal. No new lasers or premium adjustments will be applied for high-dollar claimants. The renewal and pooling point increase is consistent with medical trend. Based on pooling point, an annual fee is added to the ISL premium when this option is elected.
- **Renewal Rewards** - This option is available for new business only when employers meet specified criteria within their Cigna Healthcare medical plan. It combines the renewal rate predictability option, renewal advantage with our dividend option. The renewal advantage option provides a maximum ISL rate increase of 45%. No new lasers will be applied for high-dollar claimants, and a pooling point increase is not required. An annual fee is added to the ISL premium when this option is elected. With the dividend option, employers with a 65% loss ratio or better in the first year are eligible to receive a dividend equal to 25% of their surplus, if they renew.

For those on a paid contract, maturation may apply for any of the above options upon first renewal. Any renewal predictability option in place must be renewed each year for the renewal guarantee and no new laser provisions to apply in subsequent years.

10. How many months of current year experience are required to offer a firm renewal?

6 months of current year experience.

11. Upon underwriting approval, does proposer offer a maximum renewal rate cap on specific rates?

We do not offer renewal rate caps.

We offer the following stop loss renewal rate predictability options:

- **Renewal Advantage** - This option is available for new business and renewals and provides a maximum individual stop loss (ISL) rate increase of 45%. No new lasers will be applied for high-dollar claimants, and a pooling point increase is not required. An annual fee is added to the ISL premium when this option is elected.

12. Does proposer have an aggregating specific deductible option available that represents a dollar for dollar premium off-set to share risk?

While our standard stop loss offering is based on premium "no gap" coverage, we also recognize that flexibility is necessary to address varying client needs. If the City is comfortable with an increased level of risk, we have the ability to customize plan options to reduce premium costs.

Premium reduction options include the following:

- lasering high-claim participants
- providing a quote contingent on updated claim information 30-60 days before the start date
- applying a separate maximum to the stop loss policy (rather than mirroring the underlying medical plan maximum)
- excluding pharmacy
- risk-sharing

We offer two risk-sharing options:

- **Tiered Pooling** - The client designates both a high and low pooling point. We and the client split the liability for claim amounts between the two pooling points on a dollar-for-dollar, 50/50 basis. Reimbursement by Cigna Healthcare begins as soon as the initial pooling point is met. If claims exceed the high pooling point, we are 100% liable for any additional claims for that participant within the policy period. Clients can elect tiered pooling for every participant or a limited number of participants.
- **Aggregating Specific** - The client designates an aggregating specific pooling point set above the main pooling point. When the initial pooling point is met, the client continues to pay at 100% until

the aggregating specific pooling point is also met. If claims exceed the aggregating specific pooling point, we are 100% liable for any additional claims for that participant within the policy period.

13. What aggregate corridors are available for consideration?

When developing the aggregate stop loss (ASL) threshold, we use historical paid claims and project them forward based on current trend factors. Using this analysis, expected claims dollars, set at 100%, are developed on a PEPM basis. In general, we apply a 25% aggregate corridor to the projected claims cost to develop a PEPM deductible factor, which determines the minimum attachment point for the client in the upcoming policy year. Based on client election, the minimum attachment percentage used in the year-end settlement process can also be reduced to 90% or 95% of the minimum attachment point at 100%. Cigna has not provided ASL coverage, per instructions in the RFP.

9. Questionnaire - Wellness

1. Please confirm that your proposal includes annual Wellness Funds and the amount you will be providing annually. Please outline how the funds can be used and if any conditions apply.

Cigna's ASO Fees include \$150,000 for Wellness Funds each year for the life of the contract.

Wellness funds are provided by Cigna to help to set the foundation for driving behavior change and empowering employees to make better choices leading toward a culture of health improvement. The fund assists the employer in achieving their health management plan health improvement goals.

The fund can be used for:

- Onsite Biometric Screenings
- Health Education related On-Site Classes
- Health Awareness Communications
- Health Seminar Speakers
- Activity and Challenge Programs Related to Wellness
- Awards for Wellness Program Participation*

*The fund cannot be used to give a cash reward to an individual and must benefit all plan participants

2. Are there any additional costs to the Entity or employees to participate in your wellness programs or services?

No. We are dedicated to improving the health, well-being, and peace of mind of those we serve. Our wellness programs are of primary importance in helping us achieve that goal.

We provide a variety of complimentary wellness programs. These wellness products and services include the following:

- internally developed health assessment
- interactive digital engagement tools

- a 24-hour health information line/audio library
- user-friendly member website and mobile app
- discount amenity program
- promotional tools and wellness campaigns
- educational maternity materials/services
- preventive wellness reminders
- a diabetes prevention program offered in collaboration with Omada Health
- incentive management

our Cigna HealthcareSM Well-Being Solution with Personify Health (Virgin Pulse)

Cigna Well-Being Solution offers you and your members access to a customized, highly engaging well-being solution powered by the digital health activation and engagement company, Personify Health. Members can set their goals and track them across several devices to change behavior and improve well-being, including:

- Better physical or mental health
- An improved night's sleep, and
- More meaningful social interactions Through personalized experiences that offer fitness challenges, digital coaching and other wellness tools, employees can customize their goals, invite family members and friends to join them, and get real-time insights to drive healthy routines and lasting change.

Additional Health Engagement

To increase member health engagement, the City may purchase additional wellness programs and services. Available programs and services included

- phone-based health coaching;
- online and phone-based lifestyle management programs;
- phone-based maternity program;
- biometric screenings (onsite and offsite options available through integrated supplier);
- enhanced One Guide member advocacy integration across clinical and service programs; and
- incentive management.

3. Will the account team assigned include a designated wellness coordinator? If so, which wellness services will be included?

Yes. John Fairchild is your designated engagement consultant who will support the City in the development of an overall well-being strategy to target key initiatives and communications to increase participation, improve health, and lower total medical costs. John handles the execution of the well-being plan, including open enrollment, to ensure successful implementation and desired results.

4. Will you attend Wellness Events through the year? If so, how many? Are there any related costs for attendance?

Yes. Cigna supports clients that sponsor worksite health awareness days in a variety of ways; however, Cigna does not sponsor them; therefore, fees may apply.

The appeal of a health awareness day is that it can accomplish these goals efficiently for a large number of people in a single, engaging event, which people will be eager to attend. The event can also help launch a health promotion and wellness program and may include activities and objectives tied to your organization's health risks and cost drivers.

In support of the City, Cigna may be able to offer the following interactive health modules at a health awareness day for an additional fee:

- body composition testing
- wellness wheel
- biometric screenings
- health and wellness seminars
- health literature

Cigna provides a health awareness day planning guide to assist the City in the planning, execution, and evaluation of a health awareness day.

5. Does your company offer rate discounts on the proposed programs, in dollars or percent, to employer groups who implement an active, participatory Wellness Program? If so, please describe the discount model amount and requirements.

Since the funding is ASO, the discount would be reflected in the claim activity.

6. Does your wellness program provide a proactive health education and improvement program for those with a chronic condition?

Yes. Cigna is proactive in our outreach and members also have independent access to chronic condition education and programs.

Cigna is pleased to provide our newest health and wellness solution, Cigna HealthcareSM Well-Being Solution. Cigna is offering a fully integrated and immersive digital first well-being experience within the Cigna ecosystem. The Well-Being Solution is available through myCigna and has a holistic approach designed to support all members, including those managing chronic conditions. Data is used to engage members in personalized clinical services, connecting them with our next gen navigation and routing them to the highest value actions. This solution provides a world-class experiences through multiple digital health coaching journeys across a variety of topics, articles/libraries; challenges; quizzes; healthy habits trackers; daily content cards; device and app integration; videos; NCQA-certified health assessment; and an AI-driven engagement platform that provides habit formation tools across health, performance and lifestyle topics. Members can even be connected to our musculoskeletal solution, maternity program, and/or case management, as needed.

Our Your Health First[®] chronic condition coaching model takes a broad approach to helping members manage chronic health conditions. Your Health First addresses the health of the whole person, rather than focusing on a single disease that triggers participation.

Your Health First uses outreach to address the most prevalent conditions: heart disease, coronary artery disease, angina, congestive heart failure (CHF), acute myocardial infarction, peripheral arterial disease, asthma, COPD (emphysema and bronchitis), diabetes (types 1 and 2), metabolic syndrome/weight complications, osteoarthritis, low back pain, anxiety, bipolar disorder, and depression. We include anxiety, bipolar disorder, and depression because we understand the importance of the mind-body connection when providing services to members with both medical and behavioral chronic conditions. We also support inbound calls and comorbid conditions through this model.

Program health coaches focus on each person's unique health needs, preferences, and goals, providing participating members with health and wellness coaching, treatment decision support, gaps in care coaching, and lifestyle management coaching for weight management, stress management, and tobacco cessation. The health coach's one-on-one approach creates stronger relationships, establishes trust, and drives higher engagement.

7. Does your wellness program utilize behavioral coaching principles and evidence-based medicine guidelines to optimize self-management skills to foster sustained health improvement?

Yes. Using evidence-based medical guidelines and influential behavioral techniques, Your Health First health coaches help members manage every aspect of their personal health, including adhering to medications, understanding and managing risk factors, and maintaining up-to-date screenings.

For example, our Cigna CARE Coaching[®] behavior change model is designed from evidence-based research in the fields of cognitive behavioral modification, motivational interviewing, and positive psychology as well as from the transtheoretical model for behavioral change, the health belief model, and chronic condition models. Health coaches use behavioral change techniques to identify opportunities and to encourage, support, and guide members toward healthier behaviors and lifestyles.

The behavioral change model goes well beyond imparting educational information; the model's values and tenets are based on developing a personal connection, fostering motivation, and mentoring in the development of self-confidence and self-efficacy. Identifying the underlying motivations behind a member's decisions is paramount in driving improvements in health and wellness.

Health coaches help members establish specific goals for behavior change and compliance with evidence-based medicine (EBM), as appropriate for the level of readiness to change. They also help members identify their readiness levels by identifying the pros and cons of behavior change, promoting positive outcome expectations, and encouraging specific, realistic, and attainable goals. Goal setting highlights self-management topics, including prescription medication compliance, nutrition, symptom monitoring and management, exercise, preventive health measures, smoking cessation, stress management, and techniques for enhanced communication with doctors.

Likewise, for our digitally-focused Diabetes Prevention Program, offered in collaboration with Omada Health, we identify members who meet certain risk criteria for prediabetes based on evidence-based clinical guidelines. This integrated solution is an intensive behavioral counseling program focused on risk reduction.

Finally, one of the key differentiators of our new well-being solution is that it is an integrated industry leading, digital first experience designed to achieve superior engagement through a seamless AI integrated high-tech platform. The solution operates on an evidence-based approach to habit formation and behavior change that leverages consumer engagement best practices alongside leading clinical and population health protocol.

8. Does your wellness program include: a. Chronic condition-specific coaching? b. Pre- and post-discharge calls? c. Lifestyle management coaching: stress, weight management, and tobacco cessation? d. Treatment decision support and coaching?

Yes. In addition to coaching for chronic conditions and in support of working with the whole person, Your Health First coaching for members identified with chronic conditions includes health and wellness coaching; treatment decision support; gaps-in-care coaching; lifestyle management coaching for weight management, stress management, and tobacco cessation; and preadmission and post-discharge outreach for hospitalized members.

10. Questionnaire - Mental/Behavioral Health

1. Describe how your integrated offerings engage those with unaddressed behavioral health concerns or needs. Do you have any outcome metrics that show the success of these measures and the impact to overall medical cost?

1 in 4 adults suffer from a mental health condition, but only 45% of adults who suffer get care. Cigna Total Behavioral Health actively identifies customers with behavioral issues and outreaches them using digital and telephonic means. The goal is to make sure anyone suffering silently is helped. Individuals with unaddressed behavioral needs incur higher medical costs, lower work productivity, higher absenteeism, have a poorer quality of life, and shorter lifespan. People with mental illness have declining health-related quality of life which is frequently equivalent to or greater than that of medical disorders and up to 25 years reduced life expectancy.

The benefits of fully integrating our medical, behavioral, and EAP services are multifold and result in efficiencies from both an integrated business structure and an administrative perspective. We are able to offer cost savings and better health outcomes for the City's members with our combined medical and behavioral health services. For First Responders, our integrated behavioral model reduces out of network utilization % and shows a 12% higher INN utilization vs non-first responder members. Additional examples of savings via integration are below.

Cigna has developed predictive models to increase identification and engagement. These include a model that identifies members likely to go out-of-network for a substance use service in the next six months. We base identification on a number of predictive factors, including out-of-network substance-use and mental-health claims, number of office visits, number of partial hospitalizations, and daily use of medication. We mail an

educational flyer to identified members and follow-up with phone calls to increase reach, engagement, and in-network steerage.

Cigna has also established predictive models that identify members ages 18-25 who are at high risk for readmission for a substance use or mental health disorder within six months of an acute inpatient admission. Our case management staff reach out to the identified members and provide education on available resources, in-network health care providers, case management programs, and the benefits of in-network health care.

Cigna utilizes machine learning and artificial intelligence (AI) models as part of our predictive models. Our machine learning and AI models leverage a comprehensive dataset including, but not limited to: behavioral health, medical, and pharmacy claims; labs; biometrics; demographics; social determinants of health indicators; and telephonic/digital interactions. We also utilize machine learning and AI as part of our 24-hour, on-demand digital coaching services offered via Headspace Care (formerly Ginger).

Cigna Total Behavioral Health: A 2022 Study

A 2022 study showed that Cigna Total Behavioral Health program's integrated design drives better health, outcomes, and savings. The study showed a \$148 PMPY medical cost savings when you integrate medical, behavioral, and pharmacy benefits.¹

In addition, the study showed a \$1,407 PMPY total medical cost savings when identified for a health improvement opportunity, like coaching or case management, and has improved their health by closing a gap in care or received counseling.²

Intensive Case Management

Members who participate in our intensive case management program, which features dedicated support for members exiting the hospital or undergoing intensive outpatient treatment, have significantly better outcomes than nonmembers:

- **Lower Medical Costs** - We saw an average of \$3,635 in total medical costs saved per member participating in the intensive case management program; this is 17% lower than nonmembers.³
- **Lower Behavioral Health Costs** - We saw an average of \$1,783 in total behavioral health outpatient costs saved per member participating in the inpatient case management program; this is 29% lower than nonmembers.³
- **Fewer Office Visits and Inpatient Admissions** - On average, members had 14% fewer office visits and 10% fewer admissions per member when compared to nonmembers.³

Behavioral Health Specialty Case Management

Behavioral health specialty case management programs, which focus on some of the most clinically complex behavioral diagnoses, result in real cost savings and lower utilization, including the following:

- \$4,080 lower out-of-network costs per member in the substance use specialty program³
- a \$888 reduction in ED costs⁵
- a \$2,274 reduction in total medical costs per member in the eating disorder specialty program⁶

- a 47% reduction in ED utilization and 70% lower total medical costs for members participating in the autism specialty program⁷

Coaching and Support for Children and Families

Those who participate in this program, which is designed for families who have a child or adolescent (under age 18) admitted for treatment of a mood disorder or an anxiety disorder, have notably better outcomes than nonmembers:

- **Lower Costs** - Members experienced 6% lower behavioral costs postprogram.⁴
- **Fewer ED Visits** - There was a reduction of 5% in ED utilization.⁴
- **Increased Compliance with Outpatient Therapy** - There was a 17% increase in individuals with outpatient visits within 60 days.⁴
- **Better Adherence to Medications** - The results showed up to 53% higher medication adherence rates among participating members.⁴
- **Cost Savings** - \$3,305 behavioral cost savings per participant post 6 months.⁴
- **Decreased Residential Treatment Costs** - 18% decrease in costs for behavioral residential care while customers who were not engaged experience a 29% increase in costs for behavioral residential care.⁴

Changing Lives by Integrating Mind and Body (CLIMB)

CLIMB is a coaching program that uses a short-term cognitive behavioral approach coupled with mindfulness and stress management techniques in order to develop and enhance an individual's resiliency. CLIMB is for individuals who are struggling to cope with the mental aspect of living with a persistent physical or mental health condition. The goal of the program is for individuals to identify how their mindset impacts the experience of symptoms. This results in their increased ability to identify ways they can make different choices that improve their quality of life. Mindfulness puts an individual in charge of his or her attention. Thus, instead of reacting to situations automatically it empowers individuals to consciously choose their actions.

CLIMB addresses the following topics in group sessions:

- health beliefs and expectations
- behavioral change and goal setting
- moods
- automatic thought processes
- negative thought patterns
- stress
- communication
- relapse
- forgiveness
- relaxation and mindfulness meditation
- mindfulness techniques

We recently conducted a satisfaction survey of members participating in the CLIMB program, which assesses overall satisfaction and improvements in physical and emotional health. The analysis showed that 98% of members felt the program was useful, 75% of members reported improved physical health, and 85% of members reported improved emotional health.⁸

1. Cigna Healthcare 2022 National Book-of-Business study of medical customers who have Cigna Healthcare integrated medical, pharmacy, and total behavioral health benefits versus those with Cigna Healthcare medical, basic behavioral, and carved-out pharmacy. Individual results will vary; not guaranteed. Average annual per member per year (PMPY).

2. Cigna Healthcare supplemented the Aon study with its own 2022 book-of-business study of medical customers who have integrated Cigna Pharmacy and total behavioral health coverage. Average annual per member per year (PMPY)-client/customer results will vary and are not guaranteed. Cigna Healthcare used a match case-control methodology developed at Harvard University to produce these statistics on different subsets of its customer population (those with particular comorbidities, those who engaged in health improvement activities, etc.).

3. Cigna Healthcare Analytics, Intensive Behavioral Case Management Program Evaluation, 2022. Results may vary.

4. Cigna Healthcare Analytics, Coaching & Support for Parents & Families Program Evaluation, 2022. Results may vary.

5. Cigna Healthcare Analytics, Substance Use Specialty Program Evaluation, 2019. Results may vary.

6. Cigna Healthcare Analytics, Eating Disorder Specialty Program Evaluation, 2021. Results may vary.

7. Cigna Healthcare Analytics, Autism Specialty Program Evaluation, 2020. Results may vary.

8. 2022 Cigna Healthcare CLIMB participant survey.

2. Describe how you assist members in navigating and identifying available behavioral health appointments.

Cigna has a vast network of behavioral providers that are available both virtually and face-to-face. We use well-known vendors like Talkspace and Headspace Care, as well as our network of home-grown providers. Customers are able to use the web to find a provider or call our group of compassionate personal guides.

Additionally, if the customer is unsure how to pick a provider, they can access digital navigation through Cigna.com that will ask some questions regarding their symptoms and how they are coping. The Therapist Match navigator will then provide a list of providers matched on customer directed criteria: gender, race, cultural background, etc. Once the member has been matched with a provider they can click the new "Schedule Online" button for any provider that utilizes online scheduling.

If the customers would rather talk to a human to assist with navigation, our personal guides can help with that as well! Whether the customer identifies providers through the web or on the phone, our personal guide team can help find an appointment if needed. Additionally, if waiting a few days to speak with a provider seems too long, the customer has the option of speaking to one of our Cigna licensed consultants immediately and as often as needed.

3. Please list any lawsuits or settlements against your company in the past three years regarding mental health parity or denial of behavioral claims.

No lawsuits due to mental health parity or denied behavioral claims in the past 3+ years.

4. Describe your efforts to improve access to behavioral care and your efforts to identify and engage people reluctant to seek behavioral care.

Efforts to identify and engage people reluctant to seek behavioral care:

- Cigna has a host of predictive models and identification algorithms that proactively identify members who might need behavioral health support. Cigna outreaches these members through various modes to steer them towards their behavioral resources.
- Cigna has resources for members across the acuity spectrum. The self-guided digital tools as well as providers that provide coaching can be attractive options for members reluctant to seek care.
- Cigna has the largest virtual behavioral network in the country, helping remove barriers to access to care (i.e. the right fit of provider, gas prices, time away from work to go to an appointment).
- Cigna's behavioral staff are trained in empathetic communication and have a behavioral background. They are experts in customer engagement based on where the customer is at in their journey.
- Cigna has licensed clinicians available 24/7/365, so when a member who is reluctant decides they are ready they can call us and we will be here 24/7.

5. Please describe any specific programs you have targeting first responders and/or the law enforcement population.

- We have enhanced our provider network through offering 250 provider scholarships for the National Emergency Responder and Public Safety Center certification in treatment of Emergency Responders.
- We allow providers to identify specialty in treatment of Emergency Responders and members can search for providers within our network with that specialty.
- We developed a specialty group within our advocacy teams (those who are first to answer member calls) and our crisis team clinicians, who participate in quarterly trainings to enhance their skills in interacting with responders seeking care. The quarterly trainings leverage national responder resources and educational materials to provide cultural training specific to emergency responders, their families, and the unique challenges they face. These advocates also have enhanced awareness of community-based resources for responders.
- We provide online resources, via our Disaster Resource Center on Cigna.com, specifically for first responders.
- Cigna can host First Responder Round Tables: There exists a unique relationship between First Responders and the communities they support. Cigna HC recognizes this unique dynamic and has created the First Responder Roundtable Events as a way to engage the First Responder community and Mental Health community in collaborative conversation focused on ways to better support the mental health needs of this unique customer population. By bringing together First Responder leadership with local mental health community supports, Cigna HC can help facilitate the creation of new and effective collaborative relationships that can result in:

- We offer in-house support for your emergency responder population 24 hours a day, 7 days a week, 365 days a year, in the following ways:
- We provide a designated call center staff for emergency responders. Our specialized personal advocates are trained quarterly on emergency responder culture and are equipped with the knowledge to provide a frontline response.
- Client designations for emergency responder populations are noted in our online account system for immediate recognition and response.
- Increased engagement of First Responders in mental health/substance use treatment and support
- Effective proposals and strategy between community supports to increase behavioral health / substance use treatment engagement
- Test and learn outcomes for customer population interventions and potential implications to product and network enhancements
- The Roundtable format allows for open ended discussion with the goal of generating co-operation to promote the effective engagement of the First Responder groups in mental health and substance use treatment and support.

11. Questionnaire - Pharmacy

1. Please confirm which database proposer uses to analyze claims utilization data.

Our pharmacy claims are processed and managed by Express Scripts, a Cigna company. The proprietary system was written and developed for pharmacy claim processing. Reporting, analytics, and web applications integrate seamlessly with the engine. It uses browser-based technology for real-time online benefit configuration and offers superior flexibility through exception processing with business rules defined by application.

2. Provide a copy of the proposed formulary. Is proposer's formulary based on lowest cost and evidence-based guidelines?

Please refer to the exhibits section of this proposal for a copy of the Cigna National Preferred Formulary (NPF) and Legacy prescription drug lists. We offer clients a continuum of drug list options, from those that focus on generics to those with broader and brand-name alternatives within a drug class. After analyzing The City's desire to drive affordability and provide employees with a strong benefits package subject to limited disruption, we are presenting the Cigna NPF. When compared to our Standard and Value drug list options, the NPF offers broader brand coverage and greater rebates.

3. Provide a list of standard drug exclusions.

Please refer to the exhibits section of this proposal for a list of drug list exclusions. To provide clients with added value in an increasingly complex pharmaceutical landscape, the NPF removes approximately 855 products, of which 101 are specialty drugs, representing 13% of available drugs in the marketplace, that offer no added clinical value over lower-cost alternatives expected to achieve similar outcomes within a therapeutic class (Impacted members have access to multiple alternatives, including preferred brands and generics). These safe, proven medication alternatives in each therapy class are based upon guidance from an independent national panel of expert health professionals.

More specifically, this drug list offers the following availability:

- percentage of generic drugs: 99%
- percentage of multisource brand drugs: 2%
- percentage of single-source brand drugs: 26%

Additionally, we have provided an option for the City to utilize our Legacy prescription drug list, which is our broadest formulary option, with no medical removals, optimized for member choice.

4. Does prescription drug proposal(s) include Step Therapy, Prior Authorization and Quantity Limits?

Yes. Cigna Healthcare's Essential Protection drug utilization management package is critical to addressing potentially unnecessary or harmful drug treatments and helping to ensure clients and members are protected not only from the negative impacts of the misuse/abuse of drugs but also from rising drug costs. The Essential Protection package ensures certain prescriptions are reviewed so members receive the right drug for the right indication for the right price.

With our integrated medical and pharmacy data, clinical expertise, and connection to doctors, we are able to monitor potential drug risks, review for appropriate use, and help direct members to lower-cost drug options with similar clinical outcomes.

We use a variety of drug management actions including the following:

- **Quantity Limits** - helps ensure clinically appropriate quantity of dose/duration
- **Prior Authorization** - ensures broad prescription drug coverage while promoting safe, clinically appropriate drug use. Certain drugs require prior authorization before a member may purchase them.
- **Step Therapy** - promotes use of a lower-cost drug before a higher-cost option is approved. Whenever a safe, clinically appropriate, lower-cost drug will work just as well medically as a higher-cost drug, we require members and their health care providers to first use the lower-cost option.

We conduct ongoing reviews of drugs to be able to react to market events (e.g., price inflations, new entrants) and thus help members get the most appropriate and affordable drug. Clients who adopt our Essential Protection drug utilization management package could see annual savings of 2.5-3.0%.¹

Retrospective DUR

We integrate retrospective prescription activity with available lab and claim data to identify financial and clinical opportunities for our members and clients. Examples of retrospective review programs are as follows:

- **Enhanced Rx Savings Messenger** - uses retrospective pharmacy claims to educate members on ways they can save money with generics, preferred brands, and 90-day prescription medication fills

- **Well Informed** - uses retrospective lab, claim, and pharmacy data focused on five potential therapy gap categories (medication adherence, patient safety, key clinical target achievement, monitoring, and appropriate therapy or drug) to evaluate members
- **Narcotics Therapy Management** - retrospectively reviews pharmacy and medical claim data to identify potential substance use and fraudulent behavior
- **Specialty Condition Counseling** - is offered to members with complex conditions who take a specialty medication through our specialty pharmacy and its Therapeutic Resource Centers (TRCs)
- **Cigna Medication Coaching Program** - promotes medication adherence through automatic daily reminders, pillboxes, educational materials, information about ways to reduce medication costs, and a toll-free number that allows members to speak with a pharmacist
- **Complex Psychiatric Case Management (part of InMynd)** - provides an integrated solution for members taking multiple psychotropic drugs by identifying polypharmacy related to mental health therapies

(1) Savings projections based on national book-of-business results for clients with full drug utilization management program, 2016. Savings are not guaranteed, and individual client results will vary.

5. Does prescription drug proposal(s) include an open or closed formulary?

Our prescription drug list is considered open, with some classes having drugs that are excluded from coverage unless medical necessity criteria are met.

6. Will proposer cover the cost of transferring existing mail order prescriptions from the incumbent carrier? If so, please provide file specifications for transfer of data. If not, please outline the Mail Order process.

Yes.

7. Will proposer cover the cost of transferring existing Prior Authorizations and other satisfied Drug Edits from the incumbent carrier? If so, please provide file specifications for transfer of data.

Yes.

8. Please outline proposer's Specialty Drug process, including clinical support available to members, and if a third party vendor is involved in these transactions.

As a fully integrated health service company, Cigna manages costs across the entire health spectrum, including specialty medications. Our integrated approach to health care brings together our key stakeholders (members, clients, health care providers, and pharmaceutical manufacturers) to drive affordable, simple, and predictable health care. This strategy aligns incentives, provides actionable insight, encourages participation, and delivers holistic care.

Along with our specialty pharmacy, Accredo (a Cigna company), we strive to deliver whole-person care. For example, Accredo's unique clinical model, which revolves around Therapeutic Resource Centers (TRCs), involves specialty clinicians who provide individualized member care for 15 of the most complex and advanced conditions, such as hemophilia, hepatitis, multiple sclerosis, oncology, primary immune deficiency,

pulmonary arterial hypertension, and rheumatoid arthritis. Through specialized training and regular interaction with members, specialty providers excel in handling the complicated issues associated with specialty medications and the conditions those medications treat. And, through drug-specific protocols designed by clinical architects, they

- identify and resolve barriers to compliance;
- help members manage prescription usage associated with comorbidities; and
- establish a personal relationship with members and their doctors and caregivers.

These customized protocols go above and beyond industry standards to support member compliance and ensure the best clinical outcomes for members while mitigating waste.

We also offer the following:

- **Access to More Specialty Medications** - including limited distribution drugs, enhanced claim payment for instantaneous drug access, and financial assistance support when needed
- **Member Support** - including convenient home delivery (or delivery to a preferred location); 24-hour-a-day, 7-day-a-week, 365-day-a-year access to health advocates with nursing backgrounds, clinical pharmacists, and therapy-support coordinators; complimentary supplies (e.g., bandages, tape, syringes); and educational materials
- **Proactive Education** - including services for when a member starts a new medication as well as ongoing support for specialty medication refills and drug therapy response monitoring

We own and operate our pharmacy management service, Cigna Pharmacy Management, our home delivery pharmacy, Express Scripts Pharmacy (a Cigna company), and our specialty pharmacy, Accredo.

9. Is insulin or other diabetic supplies such as glucometers, test strips, lancets, etc. considered under the pharmacy benefit proposed or subject to medical plan benefits? If subject to medical plan benefits, please confirm service category.

Diabetic blood glucose meters and therapeutic continuous glucose monitors (CGMs) are standardly covered under the Cigna pharmacy plan. Members can fill their Dexcom G6 or Abbott FreeStyle Libre therapeutic continuous glucose monitor sensor, transmitter and reader/receiver under their pharmacy coverage at plan cost share and may be subject to applicable plan prior authorization and quantity limits -and often for less than if they were to fill it under their medical coverage.

We also provide access to diabetic blood glucose meters for pharmacy members; these may be free of charge depending on the client's plan design. When a member calls us about this program, we inform him or her of the covered meter option. We then fax the member's health care provider for a prescription (meter, test strips, and/or lancets). Upon approval, we process the prescription and send the supplies to the member.

Additionally, in an effort to better educate members who fill prescriptions for nonpreferred-brand blood glucose meters and test strips, we have three initiatives underway to communicate the benefits and cost savings of switching to a preferred brand:

- **Rejection of Retail Claims for Blood Glucose Meters** - When a member attempts to fill a prescription for a blood glucose meter at a retail pharmacy, the claim will be rejected and the pharmacist will receive a message to call us.
- **Prior Authorization Rejection of Retail Claims for Non-Preferred-Brand Test Strips** - When a member attempts to fill a prescription for non-preferred-brand test strips at a retail pharmacy, the claim will be rejected and the message will advise the pharmacist of the preferred brands.
- **Conversion to Preferred-Brand Test Strips** - Orders for nonpreferred-brand test strips are routed to our alternative drug list education team. A technician reviews the member's history and available cost savings. If the member meets the criteria, the technician will contact his or her provider to attempt a conversion to a "no charge" preferred brand. (We will not contact the member in advance.)

10. Is proposed pricing offer based on implementation of any new mandatory mail programs, clinical programs or plan design changes?

Cigna Healthcare will match the current plan to the best of our system capabilities. Please refer to the pharmacy pricing summary.

11. Does prescription drug proposal(s) allow the client the right to accept or reject formulary content decisions that impact plan design? Please provide data analytics specific to the client's drug mix and the associated economic impact.

We offer our clients a variety of drug list options; this provides them the flexibility to choose the right drug list based on cost, coverage, and member experience. We do not recommend clients modify our existing prescription drug lists due to the potential loss in savings achieved through our drug list strategy (removals of egregiously priced medications, application of utilization management for savings and safety); however, our clients always have flexibility in determining the type of prescription drug list and clinical edit packages that best meet their needs.

Our role in managing pharmacy coverage is to offer choice within a drug class while addressing the rising cost of brand-name drugs, especially specialty medications. Many new therapies come with a high price tag, and existing brand-name drugs use tactics like aggressive advertising and coupons/copy cards, which minimize the effectiveness of tiering between preferred and nonpreferred brands. It is essential to have a strategy in place to manage brand-name drugs more effectively to drive market share and hold pharmaceutical manufacturers accountable for the value of their drug.

We choose drugs carefully for each drug class—finding those with the greatest value for our clients and members rather than including multiple drugs that drive the highest rebates. Additionally, removing drugs from a drug list is a bold move, and so is foregoing rebates (when appropriate) since doing so can reduce competitiveness during client-pricing exercises. But they are also necessary—as well as a proven strategy to hold drug companies accountable for their pricing strategies and help our clients and members lower pharmacy claims costs now and in the future. This approach has saved \$2.5 billion between 2020 - 2023. We review requests for a medical necessity exception should a member or prescriber believe any products no longer covered as preferred options are medically necessary.

12. Is proposer willing to grandfather existing users of a non-covered drug? If so, please confirm if indefinite or subject to a defined time period (i.e. 12 months).

While we cannot agree to grandfather all drugs, we would appreciate the opportunity to discuss and review specific examples of which medications The City would like to consider grandfathering. Our Legacy drug list option would provide the least disruption.

13. Is proposer willing to grandfather existing users of medications that require prior authorization (including specialty medications) without having to meet proposer's requirements?

While we cannot agree to grandfather all drugs, we would appreciate the opportunity to discuss and review specific examples of which medications The City would like to consider grandfathering. Our Legacy drug list option would provide the least disruption.

14. What is the generic substitution policy and process for both mail order and retail?

Our offer is based on the Member Pay Difference (Doctor Override Allowed - DAW 1) program. Under this program, the member does not have to pay extra when receiving a brand-name drug for which the doctor has specified DAW 1 on the prescription. The pharmacist dispenses the brand-name drug specified on the prescription, not the generic equivalent, and the member pays the applicable cost share for the brand-name drug. If the doctor does not write DAW 1 on the prescription for a brand-name drug when a generic equivalent is available, and the member desires and requests the brand-name drug, the member has to pay the brand copay plus the difference in cost between the brand-name drug and the generic drug (up to the total cost of the brand-name drug).

15. Does proposer own the mail order program? If not, please confirm the Mail Order process.

Yes.

16. Is proposer willing to conduct face-to-face meetings annually (including pharmacy director and financial analyst support) with the client to discuss financial and program enhancement/cost containment ideas that will assist the client in benefit design strategy, and will not necessarily be focused on plan design coverage reductions?

Yes.

17. Self-Insured PBM: Does prescription drug proposal(s) ensure that no discount guarantee value will be derived from (1) the additional co-pay value in member pay the difference claims, (2) the AWP value from any compound claims or bulk chemical claims that are labeled and adjudicated under U&C, and (3) the AWP value from pharmacy input errors? All discount guarantees will be trued up on an annual basis 90 days after the end of each contract year?

Confirmed co-pay value in member pay the difference claims, compounds and pharmacy input errors will be excluded from discount guarantees. Discount guarantees will be reconciled/reported/paid no later

than 180 days after the end of each contract year. Rebate reconciliation will occur within 90 days of the end of the quarter.

18. Self-Insured PBM: Does prescription drug proposal(s) ensure that Average Wholesale Price (AWP) for individual claims will not be an annual average, is from one consistent source and will not, in any way be calculated or adjusted or assigned an alternate NDC number?

Yes.

19. Self-Insured PBM: Each proposer must confirm that proposed generic guarantee is based on all generic drugs adjudicated and classified by MONY codes, including single source, and not only MAC'd generic drugs.

Cigna agrees to reconcile financial guarantees based on Medi-Span's MNOY drug classification and will otherwise adjudicate and define Brand Drugs based on our proprietary Brand/Generic Algorithm, which is available to clients upon request.

20. Self-Insured PBM: Does prescription drug proposal(s) provide an auditable contract with guaranteed price points at the specific client level?

Cigna is providing overall effective discount guarantees based off client specific utilization.

21. Self-Insured PBM: Does proposer retain any portion of the Rx rebates (retail or mail)? If so, what percentage? If not, are you willing to provide a quote in which all rebates are passed through to the employer?

Cigna is proposing 100% pass-through rebates.

22. Self-Insured PBM: Please confirm that proposal includes Rx rebates payable directly to the Entity.

Confirmed. Cigna pays quarterly rebates within 90 days of calendar quarter-end (i.e., not based on policy/plan year).

We make rebate payments to the City only; they cannot be used for any other purpose (e.g., applied to an account deficit, unless the client terms off-anniversary.)

23. Self-Insured PBM: Each proposer must confirm that the client will receive all quarterly formulary rebate and reconciliation payments within 90 days of quarter's close. If "Not Confirmed," indicate the number of days that you will pay quarterly rebates within?

Confirmed. Cigna pays quarterly rebates within 90 days of calendar quarter-end (i.e., not based on policy/plan year).

We make rebate payments to the City only; they cannot be used for any other purpose (e.g., applied to an account deficit, unless the client terms off-anniversary.)

24. Self-Insured PBM: Do single-source generics fall within the proposer's generic or brand-name tiers? How are single-source generics classified when projecting discounts by tier?

Single-source generics fall within the generic tiers and will be classified as generics when projecting discounts by tier.

25. As a condition of responding to this Request for Proposal, the proposer understands and acknowledges that as a public sector governmental entity, the Entity is not subject to ERISA and, as such, is subject to state insurance laws including, but not limited to, the requirements of section 626.8825. Proposer further represents that it is in compliance with the terms and conditions of the Florida Prescription Drug Act and that nothing regarding the proposer's network, compensation, pricing, or administrative structure would prohibit the Entity from submitting the attestation of compliance thereunder, as required by law. Where requested by the Entity, proposer will submit such attestation on Client's behalf. Proposer agrees to indemnify the Entity from any and all losses arising from Carrier's failure to structure its administrative processes in a manner that complies with the Florida Prescription Drug Act.

Confirmed. We have processes in place to comply with federal laws, regulatory requirements, and state laws to the extent they are not preempted by provisions of federal laws that are applicable to our services. Cigna Health and Life Insurance Company (CHLIC) complies with 626.8825 and the Florida Prescription Drug Act to the extent that the integrated medical and pharmacy benefits plan arrangement in this proposal places it under the scope of these laws. Operating as a Plan, Cigna complies with the mandate that pharmacy benefit plans and programs must attest yearly to compliance with the specified requirements. Further, Cigna will indemnify and hold the City harmless from and against all non-plan-benefit costs, damages, judgments, attorney fees, expenses, and liabilities of any kind or nature that occur as the result of Cigna's gross negligence concerning the administration of claims under the City's plan.

12. Questionnaire - General Information

1. Are you willing to provide performance guarantees for implementation and servicing of your products? If so, please describe the performance guarantees you are proposing.

Yes. Cigna is pleased to offer the City performance guarantees in the areas of service, implementation and a Network Discount Guarantee. Please refer to the Vendors Response Attachments section for the performance guarantee documents with additional details.

2. Please indicate the group name, address, contact person, and telephone number of up to three firms in Florida to whom your company has forfeited money because of service problems in the last three years.

To the best of our knowledge and belief, Cigna has not forfeited money to any firms in the State of Florida because of service problems in the last three years.

3. Do you agree to allow retirees over and under 65 to continue coverage under the same plan at the same rate as active employees as required by Section 112.08, Florida Statutes, for public entities?

True

4. Provide the name, title, and contact information of the individual who would have direct daily account responsibility for the employee benefits program(s) you are proposing. If more than one person will be filling this role, please respond with complete information for all. The Entity is requiring a dedicated representative on all lines, no 800 numbers or generic emails.

Dina D'Angelo is the City's assigned Senior Client Manager. Dina collaborates with the City to execute the overall benefits strategy, implementation, and account management and is responsible for medical, pharmacy, renewal, and reporting functions. Dina can be reached at 954-790-8152 or Dina.D'Angelo@cignahealthcare.com.

Joyce Lau is the City's assigned Client Account Manager. Joyce partners with Dina as an additional resource for account management administration. Her responsibilities include renewal implementation, client reporting and working closely with departments across the organization to address and resolve operational concerns impacting client satisfaction. Joyce can be reached at 954-514-6767 or Joyce.Lau@cignahealthcare.com.

Cheryl Studier-Guthman is the City's assigned client service executive. Cheryl is your direct point of contact for escalated call, claim, billing, and eligibility questions. Cheryl also works closely with internal partners, including client management, sales, senior operational management, implementation, and others, to provide ongoing, efficient, and effective service. In addition, she manages ongoing tracking and trending of your service experience through integrated technology and tools, identifies opportunities for service improvement, and works closely with your account management team to monitor service trends. Cheryl can be reached at (423) 954-5962 or cheryl.studier-guthman@cignahealthcare.com.

5. What is your account service team's average response time to client requests or questions?

Cigna embraces the opportunity for our account management team to become an extension of the City's benefits team, with most inquiries being completed or resolved at the time of inquiry, or the same day. Urgent inquiries will receive an acknowledgement of receipt from our team typically within two hours; routine inquiries will receive acknowledgement within 24 hours. Our acknowledgement responses will identify any next steps or additional information that may be needed and will provide an estimate of time to resolve your inquiry. While those are the typical response times, we are willing to work together to customize a mutually agreeable arrangement for response times, if desired.

6. Describe the services provided by your account service team to the employees.

Cigna offers clients a variety of onsite health and wellness services. These worksite services allow clients to deliver valuable health information to employees in a convenient, cost-effective way.

Open Enrollment

John Fairchild, your designated engagement consultant, is available to attend onsite open enrollment meetings to offer assistance and answer questions. Open enrollment meetings are a good opportunity for current and prospective members to learn more about plan offerings and the services provided by the client. Education materials will also be made available to members during open enrollment.

Engagement Consultant

John Fairchild is your designated engagement consultant who supports the City in the development of an overall well-being strategy to target key initiatives and communications to increase participation, improve health, and lower total medical costs. John handles the execution of the well-being plan including working with members to achieve results. He does this via wellness fairs, seminars, or day-to-day interactions with members.

Wellness Fairs

We know wellness events provide an opportunity for the Entity to do the following for its employees and employees' family members:

- disseminate health information
- raise awareness of targeted health issues
- provide demonstrations of healthy practices
- offer preventive health screenings and immunizations
- provide information about available wellness program resources

Wellness Seminars

Introductory seminars include an onsite speaker and related educational materials. Topics for the wellness seminars may be linked to a monthly theme or customized to the City's population.

Available introductory wellness seminar topics include the following:

- Consumerism
- Physical Well-Being/ Prevention
- Emotional Well-Being

7. Describe the services provided by your account service team to the Human Resources department.

The City's core account management team will include a senior client manager, client account manager, implementation manager, engagement consultant and client service executive. The account management team skillfully coordinates resources to effectively manage the City's overall benefit plan. The team provides designated resources for customer service, accounting, claims, and underwriting and brings expertise that translates to exceptional service delivery focused on building the processes and tools that best meet your needs.

Members of your Cigna Account Management team include:

Dina D'Angelo, Senior Client Manager

Dina D'Angelo, your Cigna Senior Client Manager leads this team and is the overall manager of your account. Dina collaborates with the City to execute the overall benefits strategy, implementation, and account management and is responsible for medical, dental, pharmacy, renewal, and reporting functions.

Joyce Lau, Client Account Manager

Joyce Lau, your Cigna Client Account Manager partners with Dina as an additional resource for account management administration. Her responsibilities include renewal implementation, client reporting and working closely with departments across the organization to address and resolve operational concerns impacting client satisfaction.

Jude Turgeon-Provini, Implementation Manager

Jude is responsible for the overall successful implementation of your plan and the effective transition of your employees to Cigna. She is actively involved in implementation and maintenance issues to help ensure the seamless implementation of your plan.

Cheryl Studier-Guthman, Client Service Executive

Cheryl is your direct point of contact for escalated call, claim, billing, and eligibility questions. The client service executive also works closely with internal partners, including client management, sales, senior operational management, implementation, and others, to provide ongoing, efficient, and effective service. In addition, the client service executive manages ongoing tracking and trending of your service experience through integrated technology and tools, identifies opportunities for service improvement, and works closely with your account management team to monitor service trends.

John Fairchild, Engagement Consultant

John supports your team with technical expertise in plan coverage, processes, and health and wellness strategy. John is also the primary contact between your HR staff and Cigna for addressing routine

coverage questions, supporting member education, coordinating open enrollment, and facilitating scheduled service meetings.

8. Please confirm your customer service hours. Please also confirm the location (city and state) of your call center's headquarters.

Our customer service team offers support to your employees and their families 24 hours a day, 7 days a week, 365 days a year. The City's membership will be serviced by our Smart Support service team, who have deep knowledge of plan benefits, located throughout the US. This specialized customer service team is exclusively designed to help local government and education members balance a healthy lifestyle with health care costs.

9. Does your company help facilitate annual open enrollments?

Open Enrollment Support	Response
a. Onsite meetings?	Yes. Cigna's experienced and knowledgeable representatives are available to attend onsite open enrollment meetings to offer assistance and answer questions. We determine our level of support for onsite events on a case-by-case basis and will be more than happy to discuss onsite staffing for specific meetings and fairs should we be named a finalist. As an alternative to face-to-face enrollment meetings, we offer digital options including webcasts and training support from benefit managers. We also offer digital educational materials. In many cases, such options are more effective and valuable for employees because they can refer back to them as they make enrollment decisions.
b. Educational materials?	Yes. Communication materials, based on the City's plan offerings and needs, are a standard part of our account implementation process.
c. Printed Materials at no cost?	Yes. There is no additional charge for standard enrollment materials.

10. What is your company's current A. M. Best, Moody's and/or Standard and Poor's ratings?

A.M. Best, Moody's, and Standard and Poor's (S&P) currently rate Cigna Health and Life Insurance Company (CHLIC); they review these ratings annually.

A.M. Best:

On May 17, 2023, A.M. Best affirmed the financial strength rating of "A."

Moody's:

On April 14, 2021, Moody's affirmed the financial strength rating of "A2."

S&P:

On December 13, 2022, S&P affirmed the financial strength rating of "A."

11. Do you utilize any “wrap” or leased networks not negotiated or owned by your company? a. If yes, what is the name of the network?

All proposed networks are Cigna owned and operated.

12. Describe capabilities available through member website and mobile app. Please describe further any additional functionality available to employer as plan administrator.

Member Website/Mobile App

At Cigna, we understand our members are individuals with personal goals for health, well-being, and security. We have designed our member website, myCigna, so members can connect with the people, programs, and services that will help them achieve their goals and manage their health and health-related finances.

Whether they use the myCigna website or app, members enjoy a personalized experience featuring up-to-date information about coverage, claims, account balances, interactive tools, and more, all of which is supported by multiple 24-hour-a-day, 7-day-a-week, 365-day-a-year customer service options.

Members can access personalized myCigna features to do the following:

- manage health information, such as health goals and incentives, on My Health Dashboard
- view and update personal health records (PHRs) with key biometric data, medical conditions, medications, allergies, surgeries, immunizations, and emergency contacts
- complete a health assessment and get recommendations based on the health assessment's health profile
- link to other interactive tools and learn about available Cigna programs
- locate doctors and review quality ratings and find out-of-pocket cost estimates for more than 600 common medical procedures
- search for behavioral providers and learn about the different types of care available
- get information on more than 8,000 topics on health conditions, medical tests and procedures, medications, and everyday health and wellness through Healthwise, an interactive library
- review coverage information
- view status of claims submitted in the past 24 months
- view EOBs, account balances, and transaction history
- view, print, send, or order a Cigna ID card
- refill prescription medications using our home delivery pharmacy, Express Scripts Pharmacy, a Cigna company (if Cigna provides the prescription drug coverage)
- compare drug price quotes, based on coverage, for specific pharmacies
- get information on numerous medical and surgical procedures through a personalized report
- access the Healthy Rewards[®] alternative medicine program, which includes discounts for services such as acupuncture, chiropractic care, massage, cosmetic dentistry, laser vision correction, and hearing care

- sign up for reminders to take medication(s) and order refills through Cigna's medication coaching program (which also offers members who use our home delivery pharmacy reminders to check vital signs)
- receive their health care provider's address and contact information via email, text message, or vCard as well as WebMD medical alerts

Virtual Care

Members have access to virtual care through Cigna's expansive network of providers in addition to our nationally contracted partner, MDLIVE. Members can search for network providers in the provider directory on myCigna and contact their offices to make appointments, either in-person or virtually.

Members can also directly access MDLIVE for virtual on-demand care or to schedule a virtual appointment through the myCigna website or app. Members are transitioned from myCigna onto the MDLIVE platform using an easy single-sign-on experience which does not require members to create and remember a second username and password. Once a visit is completed, claims are batched by MDLIVE nightly and sent to Cigna to be processed.

Virtual care costs for exclusive virtual care providers (e.g., Talkspace, Headspace Care (formerly Ginger), MDLIVE) are displayed on myCigna to deliver price transparency to our members. MDLIVE also displays member-specific cost information on their platform.

Tools to Compare Cost and Quality

Using our Cost of Care estimator, members can compare cost and quality for providers in their area for specific procedures/conditions. The tool displays the results of the overall score for each facility by procedure. It also identifies Centers of Excellence when they achieve the three-star score for cost efficiency and patient outcomes. This tool empowers members with the information they need to help make the important decision of where to receive care. There is also an option for the member to click on "show me the math" to see how their portion of the cost was calculated.

We have integrated our cost and quality transparency tools directly into doctor and hospital searches, so each search returns cost and quality information. Costestimates are available for 17,000 medical procedures. Each year, our Cost of CareEstimatordeliversestimates that are within 10% of the member's cost90% of the time. Other tools include the following:

- **Brighter Match** - This feature guides members to the best health care providers to treat their needs through personalized recommendations, validated patient reviews, and fully integrated access to cost and quality tools. This technology is based in data-driven algorithms that match the member with the highest-value provider in their area.
- **Price a Medication Tool** - This tool lets members browse and compare medication prices across dozens of pharmacies, including our home delivery pharmacy. They also have the ability to view and select from their medication history and preferred pharmacies for an easier search experience. Further, our Price a Medication Tool has enhanced alerts for when a medication is not covered or requires other direction.

Cigna HealthcareSM Well-Being Solution Better health isn't just a goal, it's essential to the vitality of your workforce. We're giving your employees the tools they need to be their best through our new **Cigna HealthcareSM Well-Being Solution**. The holistic and personalized **Well-Being Solution** provides a personalized, best-in-class experience to help individuals make small, everyday changes to their well-being focused on areas that they want to improve the most.

Available in over 21 languages and seamlessly connected via myCigna, our innovative platform includes the following features that work in concert with one another:

- an expansive, evidence-based educational content library with various health topics that include getting active, eating healthy, sleeping well, reducing stress, finding emotional balance, and Coronavirus support;
- approximately 1,300 digital cards that help improve well-being literacy and inspire new behaviors with micro-learning content;
- AI-driven recommendations designed to reinforce more than 115 healthy habits;
- health risk assessment and survey tools, certified by the National Committee for Quality Assurance (NCQA);
- peer-to-peer well-being challenges;
- device integration with any device, app, or tracker that connects to Apple[®] Health app or Google Fit[®];
- social connections, allowing members to invite up to 10 family members/friends to share in the experience;
- a total of 25 digital health coaching journeys that help members improve their health literacy and form new habits naturally; and
- automated communications and engagement campaigns.

Client Website

When the City accesses our client portal, Cigna For Employers, they access a personalized view of their company's plan, from the products they offer to their employees' digital engagement experience. Giving clients access to this level of detail helps them better understand and improve their plan's performance, leading to greater well-being, lower costs and business growth.

Cigna For Employers offers the City and plan sponsors access to information critical to day-to-day administration in several key areas.

Member Support

The City can access member-level plan information that complements the data members see on myCigna. The City can also visit our client portal to

- enroll and maintain coverage elections and demographics for employees and their dependents (e.g., add/delete a dependent, end coverage for a member, reinstate employee/dependent, process life status changes);
- access eligibility data in real time;

- help employees understand plan details;
- view 24 months of claim data and research and review claim information at the member level (as allowed by HIPAA);
- print temporary ID cards, order new ID cards, and update COB information;
- view and share employee resources to engage them in their health plan; and
- view and print Cigna-produced member health plan booklets.

Employee Engagement

We have included a one-stop-shop for the City to access sample strategies, turnkey communication resources and useful member data within Cigna For Employers. These resources support increased engagement, improved outcomes and a healthier bottom line for the City. All materials and information can be accessed once the City logs into Cigna For Employers. This includes the following:

- **The Homepage Digital Engagement Dashboard** - shows employee usage of myCigna tools, including portal registration metrics
- **The Employee Engagement Resources under Materials & Resources** - provides eCards, videos, podcasts, and more communication materials that can be used to engage employees in their health
- **Contact Us Form** - connects the City directly with the Health Engagement team

Reports and Statistics

To make plan administration easier than ever, the City can access a variety of reports and data whenever they need them. These include the following:

- standard financial reports, including monthly experience, large claimants, and lag reports
- up-to-date banking reports based on a preselected request (daily, weekly, or monthly, depending on report type)
- Cigna Choice Fund® reports containing detailed account and fund distribution information
- eligibility reports (e.g., member listings, census reports)
- The City also now has access to a digital engagement dashboard that allows them to monitor in near real-time the digital engagement of their employees, in addition to how employees are receiving care, including:
 - how many first time visits to a provider and first time visits to a provider with Cigna Care Designation
 - how much virtual care adoption employees have
 - what level of satisfaction employees have with their providers

Online Invoices

The City can view and pay accounts receivable billing invoices.

Security Administration

Security administration features enable the City to control access to sensitive plan data by varying access based on user role (designate to internal and external resources).

13. Describe any available benchmarking tools proposer can provide.

We use our book-of-business to create our normative database. We update norms regularly; they are available by plan coverage at the national level. We developed norms to track utilization patterns and plan design costs and are able to provide our book-of-business data for comparison purposes. Examples of the common comparisons made to our norms include the following:

- member cost sharing
- payments as a percentage of total paid
- major diagnostic categories as a percentage of total
- distribution of payments by service setting
- distribution of payments by type of health care provider
- payments by dollar range (percentage of claimants and percentage of dollars)
- average payment per unique claimant
- average pharmacy payment per member

Benchmark-or normative-data is updated periodically each year based on changes that occur in our membership and how that membership uses health care. Changes may include treatment plan compliance rates, demographic averages, site-of-care utilization rates and costs, and health advocacy engagement rates.

14. Please specify if proposer is SSAE 18 / SOC / SAS certified.

Yes. An external auditing firm conducts an annual independent examination of our claims processes, procedures, and systems according to the Statement on Standards for Attestation Engagements 18 (SSAE 18), "Reporting on Controls at a Service Organization." The report provides information about the control environment, computer information systems, claim processing, and banking functions we perform on behalf of our clients. We have engaged an independent external accounting firm to conduct the most recent audit of our claims processing system.

15. Describe any fee/payment arrangements you have in place that promote affordability, quality and access to care.

At Cigna, pay for performance is called value-based care and, before the COVID-19 pandemic, was defined as a payment that occurs pursuant to the terms of a contract when participating providers have met specified quality- and/or cost-related performance measures. During the pandemic, we temporarily suspended the cost metrics for PCP groups and evaluated providers only on the quality metrics. We recently began recontracting with some of our providers, adding cost-related metrics back to our program. Value-based care programs include CCC programs through which the ASO client is charged for value-based arrangements.

The majority of CCC arrangements with PCP groups are in a shared savings model. Before the COVID-19 pandemic, provider groups received their standard FFS payment and receive an additional monthly PPPM

care coordination reimbursement when they meet or exceed their specified quality and cost-related performance measures.

CCC is flexible with reimbursement structures for specialty groups because we understand groups are at varying stages in the evolution to value-based reimbursement. Our arrangements include the following:

- care management reimbursements for meeting cost and quality goals
- episodes-of-care global reimbursements for meeting cost and quality goals

The fee schedule increase method is primarily used in our CCC arrangements with hospitals. In this model, we tie a portion of the annual fee schedule increase to achievement of cost and quality targets. There is a periodic reconciliation of payments, and the incentive payment decreases if the cost and quality fall below the baseline metrics.

Our CCC value-based models are embedded in the national network and are offered, where available, to all of our clients and their employees.

As of January 2024, we have 231 value-based arrangements with PCP groups across 34 states. We also have programs with 820 hospital facilities and have launched 120 initiatives with specialty disciplines in many markets nationwide.

Our goals for value-based initiatives include the following:

- **Accountable Care Program** - contract with approximately 271 arrangements by the end of 2025
- **Hospital Program** - contract with more than 612 initiatives by the end of 2025
- **Specialist Programs (Including Episodes of Care)** - contract with more than 115 initiatives by the end of 2025

16. Provide the name, title, and contact information for three (3) references for Florida Municipalities with at least 2,500 covered employees. Additionally, please ensure that your proposed references are not part of a Trust or other type of consortium. Your references should be entities that have been insured by your company for at least three (3) years immediately preceding the response due date. Please include:

13. Questionnaire - Data and Reports

1. Describe the monthly reports you will provide regarding the utilization and claims associated with the employee benefits program(s) you are proposing. Please indicate in your description if any of the reports would be provided at an additional cost over the fees associated with the programs.

The City will receive our standard reporting package, delivered consultatively, at no additional cost.

Medical

Our industry-leading analytics tools provide a personalized reporting package based on a data model that accumulates information. The City's annual consultative report delivers value by assessing performance across three critical measures: at a member level across eligibility, claims, clinical outcomes, and individual interactions.

- operational effectiveness
- strategic opportunities
- outcomes evaluation

The City will have access to the following online reports via the employer website:

- **Quarterly Utilization Reports** - Utilization reports provide actionable information that demonstrates the value of our plans and services and helps clients control medical cost trends.
- **Monthly Financial Reports** - We update our web-based financial experience reports monthly and design them to help clients monitor plan performance.
- **Monthly Banking Reports** - Our banking reports include daily, weekly, and monthly registers of checks issued or cleared, a monthly summary of claim activity, and a detailed monthly statement and reconciliation.
- **Eligibility Reports** - Eligibility reports provide access to more than 20 different kinds of reports; eligibility data is updated in real time.

Utilization

Our utilization reports are designed to help our clients gain a better understanding of their medical and pharmacy utilization and spend. Our client informatics teams apply integrated and in-depth data analysis to generate practical and actionable information for our clients. The insights gained from our utilization reporting demonstrate how our coverage and services help our clients control plan utilization costs. Our experts deliver utilization reporting consultatively to help the client identify key drivers of health care trend for its population.

Our medical utilization reporting includes the following:

- executive summary and demographics
- spend by medical service category
- spend by payment range
- cost-sharing summary
- top conditions
- catastrophic summary and claimant details
- inpatient summary and admissions by DRG
- outpatient summary and ER/urgent care opportunity
- health care provider summary/office visits
- preventive care utilization

Our pharmacy utilization reporting includes the following:

- executive summary
- key therapeutic class trends
- high-cost prescriptions
- top drugs by spend
- top drugs by volume
- distribution of drug volume
- specialty pharmacy executive summary
- specialty pharmacy top therapeutic class
- specialty pharmacy top drug spend

Our standard utilization reports are available 45 days after the close of the quarter.

Because of member confidentiality and privacy concerns, we do not provide member-identifiable information.

Claim Reports

Our web-based financial experience reports, designed to help the City monitor their plan's performance, are available at no additional cost through our client website. Updated monthly, these reports provide detailed accounting of paid claims during a policy period to help manage finances and plan for health coverage expenditures. Data in these reports is based on the City's policy year.

Additionally, a selection of the online claims reports can be customized. Users can customize reports by choosing the structure, time, and claim types to best suit their needs.

Standard Report Suite

Our client website includes the following standard reports:

- **Network Style Report** - This report reflects premium/fee, claim, and eligibility data on a month-by-month basis for a defined period.
- **Benefit Option Report** - This report displays claims and eligibility by coverage option in separate columns for a defined period. Premium/fees are also available with this report (upon request).
- **Lag (Matrix) Reports** - Also referred to as triangle reports, these reports depict the lag between the incurred claims date and the paid claims date. The City can use these reports as a tool for financial planning to project their expected claim payment liability. Claim lag reports are available monthly, quarterly, and/or annually.

- **Claims Exceeding Report** - Clients can use this report to identify claimants with a cumulative medical and pharmacy paid-claims total greater than \$25,000 in the current plan year to better

understand their claims experience. They may also use it to assist with bank account management and to gain an understanding of how their populations benefit from case management. The report is subject to HIPAA privacy legislation and is available in two formats-one for clients that elected to receive PHI and one for clients that elected to not receive PHI. While this report is typically for claims greater than \$25,000, the client can request to change the amount. Diagnosis (ICD) information by member is available by request. This report is available monthly on our client website and provides a policy-YTD view for clients.

Additional Reports

The City can also choose to receive the following additional reports:

- **Detail Claimant** - This report provides paid claim amounts for each member on a claim-by-claim basis for a defined period. This report can include diagnosis (ICD) information as well.
- **Summary by Claimant** - This report provides a summary of total paid claim amounts for each member on a cumulative basis for a defined period. This report can display diagnosis (ICD) information as well.
- **Paid Date** - This report shows claim experience, displaying the paid dates as column headings. This is a claim-only report.
- **Detail Fee by Type** - This report displays the fee-type detail as well as any optional services, special charges, or late interest payments (i.e., network access fees, PPO access fees, utilization fees), if selected.
- **Vendor Fee/Surcharge** - This report provides the cost containment vendor fees, Cigna Collaborative Care® (CCC) surcharges, covered lives, and Affordable Care Act (ACA) fees and assessments.
- **Traditional/Cash Management Program Enrollment** - This report provides billed enrollment for fully insured and cash management program clients by tier (i.e., employee, employee plus spouse, employee plus child, and employee plus family).
- **ASO Enrollment** - This report provides enrollment for ASO-only clients based on tiering (i.e., employee, employee plus spouse, employee plus child, and employee plus family).
- **Surcharge** - This report displays surcharges by state with member- and health care provider-level detail.
- **Claim to Bank Reconciliation** - This report provides monthly automatic data reconciliation between claims (automated data validation integrated customer experience reporting application) and banking data.

Reports are available in Excel. The reports detailed above are available at no charge to our clients, but those that require customized or specialized reporting may have an associated cost.

Pharmacy

Our clients can link from our client website to the Employer Resources Portal to create their utilization reports.

Our web-based, interactive self-service decision support tool allows clients to view, analyze, save, and export pharmacy cost and utilization data. The following pharmacy reports are available through this tool at no additional cost:

- utilization summary
 - summary metrics
 - trend summary
 - utilization by setting and drug type
- summary statistics by therapeutic class
 - major drug grouping by client paid
 - top minor drug grouping by client paid
 - top minor drug grouping by volume
 - top drugs by client paid
 - top drugs by volume
 - utilization statistics by drug name
 - top drugs by client paid
 - top drugs by volume
 - top drugs by client paid PMPM
 - top drugs by volume per 1,000 eligible members
- generic drug analysis
 - generic drug metrics
 - generic drug analysis by volume
 - generic drug analysis by client paid
- drug cost analysis by age and gender
 - utilization by gender
 - utilization by age
 - percentage of prescription drug volume by age

Data is available monthly, quarterly, or semiannually, and a minimum of 36 months of data may be accessed via the online reporting tool.

2. What is your proposed frequency of reporting on utilization experience? Is there a charge for utilization data analysis?

Medical

Utilization reporting is available quarterly, 45 days after the close of the quarter. Utilization reporting at the plan level is available free of charge. These reports, provided as Excel documents, are available online and/or are delivered consultatively.

Pharmacy

Utilization reporting is available monthly, quarterly, or semiannually, and a minimum of 36 months of data may be accessed via the online reporting tool. Utilization reporting at the plan level is available free of charge. These reports, provided as Excel documents, are available online and/or are delivered consultatively.

3. The Entity utilizes NavMD as their third-party data analytics system. Please confirm that you will be providing file feeds to NavMD on a monthly basis. Please include any costs for file feeds in your ASO fee.

Confirmed. Cigna will provide monthly data feeds to NavMD at no cost to the City.

4. Are there any additional fees for reporting? Please provide all reporting options/packages and their associated costs. It is the request of the Entity that proposers absorb the costs of monthly reporting packages.

Standard reporting packages are included at no additional cost to the City although ad hoc reporting can be provided for an additional charge depending on the needs of City.

5. How often are internal claim audits conducted and what percentage of claims are audited? If you use a third-party to audit claims, please disclose the name of auditor.

Medical

Our claim quality assurance program monitors internal performance standards to ensure claim payment accuracy. A dedicated team of auditors in our operational audit department administers this program. We have several quality assurance programs for claims:

- **System Logic Edits** - Logic edits that reject claims or services based on business rules are built into our claim intake and payment systems and allow Cigna to identify potential claim inaccuracies. These business rules vary in complexity and include some service coding logic.
- **Claim Inspections for Risk Management** - Claim inspections are predisbursement reviews based on high-risk factors associated with underlying markets, types of contracts, types of claims, payment amounts, etc. The claims are verified and corrected (if necessary) before being released for payment.
- **Performance Measurement** - Cigna measures claim accuracy performance following full claim payment using statistical sampling techniques, which cannot be appropriately represented as a percentage of claims. We use an automated audit tool to randomly designate the claim numbers to be audited. We use this data to measure performance and identify claim impacts for risk management.

We centrally manage and review manually processed and auto-adjudicated claims based on a monthly, statistically significant sample from which we select claims daily. In addition to the daily random claim review, we perform quality inspections based on predisbursement edit criteria that run against claim payments with higher dollar thresholds.

We estimate that 2% of total claims processed undergo predisbursement or postdisbursement audit. Several quality assurance programs are in place for claims, including predisbursement reviews based on high-risk factors associated with underlying markets, types of contracts, types of claims, processing systems, etc. Other programs are on a postdisbursement basis, generally using statistical sampling techniques, which cannot be appropriately represented as a percentage of claims.

Pharmacy

To provide the best service to the City's employees, we require our claims staff to maintain high standards of financial accuracy based on paid charges and procedural accuracy. We manage and review manually processed and auto-adjudicated claims monthly using a statistically valid sample. We review these claims daily for accuracy and measure them based on payment accuracy, financial accuracy, and overall claim processing accuracy. We share audit results with claim processing staff monthly and include them in performance evaluations. We provide results to senior management in monthly reports to provide insights on performance.

Every claim is subject to audit. Our audit repository system randomly selects claims for audit through a completely automated and statistically valid process, providing a daily report of claims to be audited. We audit a statistically valid sample of claims paid and track and report on audit trends and accuracy results.

Our claim processing system has built-in edits to control maximum dollar payment and approval limits, which are determined by the claims examiner's job level and expertise. Technical support personnel resolve unusual situations or large claims. We estimate that 0.3 percent of total claims processed undergo predisbursement or postdisbursement audit. Several quality assurance programs are in place for claims, including predisbursement reviews based on high-risk factors associated with underlying markets, types of contracts, types of claims, and processing systems. Other programs are on a postdisbursement basis, generally using statistical sampling techniques, which cannot be appropriately represented as a percentage of claims.

6. How do you identify fraudulent claims and how will you notify the Entity?

Cigna's Special Investigations Unit (SIU) collaborates with our client management team to alert clients when fraud is suspected (e.g., when a health care provider is purposefully targeting the client's members to facilitate a health care fraud scheme). In addition, the SIU can provide client-level reporting related to fraud and abuse activity; this is available upon request or on a defined schedule (i.e., quarterly or annually). There is no cost associated with standard SIU reporting.

Medical

Our claim system automates claim processing in a highly accurate and productive environment and offers many advantages. Proclaim's integrated cost containment programs flag suspicious health care providers for issues around fraud control, MRC screening, coordination of coverage, subrogation, hospital audits, and computer system edits (medical logic, ClaimsXten, Autocoder).

Additionally, our Special Investigations Unit (SIU) analytics team uses multiple approaches to monitor and identify suspect patterns of behavior and schemes (e.g., link analysis, trend analysis, outlier analysis, social analytics, geospatial analytics, predictive modeling) to monitor and identify suspect patterns of behavior and schemes. The analytics team also uses the following technologies to monitor patterns and identify new or shifting trends as well as detect fraud or suspicious activity:

- Dedicated Data Mart (Healthcare Fraud Shield)
- Geospatial Analytics (ArcGis)
- Social Media Monitoring (Synthesio)

- Link Analysis (i2)
- Multiple Control Models (SAS Miner, SAS Enterprise Guide, SQL)

In addition to SIU's analytical process, the SIU works across the organization to lead antifraud investigations by leveraging people, processes, and technology to minimize the risk of fraud, including:

- General Analytics and Partnership - Partnership across the Cigna enterprise and leadership within the NHCAA allows the SIU to rapidly leverage information from Cigna's portfolio and the industry.
- Red Flags - Anomalies on paper or in electronic transactions with unusual patterns or characteristics trigger additional reviews or investigations.
- Training and Communications - The SIU facilitates the delivery of over 35,000 hours in training annually to various Cigna departments.

Pharmacy

Cigna Special Investigations Unit (SIU) collaborates with our client management team to alert clients when client-targeted fraud is suspected (e.g., when a health care provider is purposefully targeting the client's members to facilitate a health care fraud scheme). In addition, we alert self-funded clients when member fraud is suspected. Lastly, we provide anti-fraud reports upon request. Below are more details regarding our anti-fraud program.

Pharmacy Fraud or Abuse

We use a number of effective resources to identify pharmacies that appear to be participating in fraudulent activities. These focus on the identification and investigation of suspect pharmacies for the client and include data mining programs; fraud, waste, and abuse identification software; and special reports designed to allow a qualified reviewer to determine whether pharmacy patterns are appropriate.

Our program that helps prevent pharmacy fraud and abuse is made up of these key components:

- **Proactive Data Mining** - Analysis is conducted on pharmacies that appear to have aberrant patterns relative to their peers. They are compared to pharmacies within their plans as well as to our book-of-business population. The goal of the analysis is to focus the plan's resources and attention on only those pharmacies most likely to be participating in potentially fraudulent activity. Resources focus on client-specific network pharmacies. We also aggregate data related to desk and field audits to identify candidates for pharmacy investigations. This data aggregation is designed to identify pharmacies that might be showing a pattern of fraud, waste, and abuse. Events that can trigger an audit include the following:

high-dollar claims	excessive rejections	excessive reversal rates
insulin and supply billing	high compound percentage	early refills

unusual or high quantities	high-dollar or prescription volume for pharmacies or doctors	high-cost injectables
use of terminated NDC	appearance of split billing to increase fees or bypass early refill edits	refills outside of state or federal allowances
unusual days' supply	unusual package size	refill patterns
billing of incorrect package sizes	high-dollar compound claims	excessive refills
excessive claims for controlled substances	less frequently billed items	DUR interactions
doctors billing outside specialty	high percentage of physician assistant overrides	incorrect quantity for days' supply
brand usage percentage	items requiring special or restricted protocols	invalid or terminated DEA/ license numbers
high member utilization	DAW percentage	infusion medications per member
percentage of controlled substance dispensing or prescribing	excessive rejections	billing during periods when the pharmacy is closed, after hours, or on holidays
failure of doctor-identification confirmation for Class II drugs	duplicate (double) billings	

- **Case Investigations-** Case investigations derived from fraud tips or proactive data mining are conducted using specific proven tools that leverage contractual relationships between pharmacies

and Cigna Healthcare exclusively. In addition to the same techniques described above, case investigations might also include the following:

- **Purchase Verification** - In this type of audit, we require the pharmacy's drug suppliers furnish our investigator with copies of all invoices for a set period of time. These invoices are compared to the pharmacy's claim billings to ensure they purchased enough drugs to cover the submitted claims.
- **Onsite Pharmacy Investigations** - Our investigators make onsite visits to a pharmacy to review inventory levels, printed prescriptions, and signature logs to validate allegations of fraudulent activity. In addition, interviews may be conducted with pharmacy employees as part of the investigation. Those pharmacies found to have engaged in suspected fraudulent activity will be reviewed internally by our pharmacy disciplinary action committee and considered for removal from our network.
- **Written Desk Investigations** - The investigator requests prescriptions, delivery records/signature logs, and other target documentation from a pharmacy to review and ensure claims are processed appropriately.
- **Member Verification** - We conduct outreach to patients who had claims billed at the pharmacy to ensure the patient received the medication that was billed and to validate that the transaction was carried out according to our provider contract.
- **Prescriber Verification** - We conduct outreach to physicians who had claims billed at the pharmacy where the prescriber is indicated as approving the prescription; primarily to confirm that the prescriber did indeed write a given prescription.

Types of Abuse Committed by Pharmacies

The following are types of pharmacy-related abuse activities:

- **Inappropriate Billing Practices**- Inappropriate billing practices at the pharmacy level occur when pharmacies engage in the following types of practices:
 - billing incorrectly for secondary payers to receive increased payment
 - billing for nonexistent prescription drugs
 - billing multiple payers for the same prescription drugs, except as required for COB transactions
 - billing for brand when generics are dispensed
 - billing for noncovered prescription drugs as covered items
 - billing for prescription drugs that are never picked up (i.e., not reversing processed claims when prescriptions are not picked up)
 - billing based on "gang visits" (e.g., a pharmacist visits a nursing home and bills for numerous prescription drugs without furnishing any specific service to members)
 - using inappropriate DAW codes
 - engaging in prescription splitting to receive additional dispensing fees
 - engaging in drug diversion
- **Prescription Drug Shorting** - A pharmacist provides less than the prescribed quantity and intentionally does not inform the member or arranges to provide the balance but bills for the fully prescribed amount.
- **Bait-and-Switch Pricing** - This occurs when a member believes a drug will cost one price but, at the point of sale, the pharmacy charges a higher amount.

- **Prescription Forging or Altering** - This occurs when a member alters existing prescriptions, without the prescriber's permission, to increase quantity or the number of refills. (We review for forged or altered prescription drugs as part of the audit process.)
- **Expired or Adulterated Prescription Drug Dispensing** - This is when pharmacies dispense drugs that are expired or have not been stored or handled according to manufacturer and FDA requirements.
- **Prescription Refill Errors** - These errors occur when a pharmacist provides the incorrect number of refills prescribed by the health care provider. (We review available refills as part of the audit process.)
- **Illegal Remuneration Schemes** - In such schemes, a pharmacy is offered, is paid, solicits, or receives unlawful remuneration to induce or reward it to switch members to different drugs, influence providers to prescribe different drugs, or steer members to plans.
- **True Out-of-Pocket-Cost Manipulation** - This occurs when a pharmacy manipulates the true out-of-pocket cost to push a beneficiary through the coverage gap to reach catastrophic coverage before he or she is eligible or to keep him or her in the coverage gap so catastrophic coverage is never realized.
- **Failure to Offer Negotiated Prices** - This occurs when a pharmacy does not offer a beneficiary the negotiated price of a Medicare Part D drug.

The following are types of doctor-related abuse activities:

- **Illegal Remuneration Schemes** - In such schemes, the prescriber is offered, is paid, solicits, or receives unlawful remuneration to induce or reward him or her to write prescriptions for drugs or plans.
- **Prescription Drug Switching** - This involves offers of cash payments or other covered services to a prescriber to induce him or her to prescribe some medications over others.
- **Script Mills** - This refers to when a provider writes prescriptions for drugs that are not medically necessary, often in mass quantities and for patients who are not theirs. The provider usually (but not always) writes these prescriptions for controlled drugs for sale on the black market. This practice may include improper payments to the provider.
- **Provision of False Information** - The prescriber falsifies information (not consistent with medical record) submitted through a prior approval or other prescription drug list oversight mechanism to justify coverage. The prescriber misrepresents the dates, the descriptions of medications or other services furnished, or the identity of who furnished the services.
- **Theft of Prescriber's DEA Number or Prescription Pad** - Prescription pads and/or DEA numbers can be stolen from prescribers and can then be used to illegally write prescriptions for controlled substances or other medications often sold on the black market. In the context of e-prescribing, this includes the theft of a provider's authentication (log-in) information.

Medication Abuse by Members

Medication abuse by a member often involves controlled substances. Our Narcotics Therapy Management Program is a clinically based program that uses extensive medical information to form a broad view of members' medical conditions and controlled drug use. The intent of the program is to provide doctors a look at controlled substance prescription history, including narcotic medications, to assess both the effectiveness

and potential risk associated with the treatment. With this information, doctors have a better picture of a member's medication history and can determine whether the treatment needs to be modified to better manage the member's health and wellness.

7. Describe the process for identifying and paying claims which may be subject to subrogation.

Cigna provides an extensive subrogation/payment program to our clients. We use a recovery vendor to identify potential subrogation cases and to follow up on overpayments flagged by internal audits. There is a \$500 minimum threshold for subrogation. To identify subrogation opportunities, the vendor uses an automated analysis of claim data based on a review of ICD diagnosis codes, member treatment costs and demographics, and any related claim matters. When the vendor identifies claims with recovery potential, it opens an electronic file for that case. The vendor uses the Insurance Services Organization database, as well as other methods (e.g., questionnaires, phone calls, court docket searches), to determine whether there is other party liability. If the vendor confirms other party liability, it proceeds to assert recovery rights.

When the case is settled, Cigna refunds the gross recovery directly into the claim system at the member level, which in turn credits the City account as appropriate. Refunds show as a credit on the account's monthly check register report. This process helps reduce overall claim costs for the City and their members.

8. Please confirm that there will be online access for claim reports by the Entity and Gehring Group.

Confirmed.

14. Questionnaire - Enrollment & Implementation Technology

1. Does your company (or third-party) process electronic eligibility files via automation or are manual steps necessary? If manual steps are required to process files, please explain this process and impact on processing time.

Yes, we process electronic eligibility files via automation. We process each incoming automated eligibility file through an edit program, comparing it to the existing data in our eligibility system to identify transactions that took place since the last update cycle. If the results meet established parameters, we update the file using a batch process.

2. Does your company outsource the processing of electronic eligibility to a third-party? If so, please provide company name.

No. Cigna processes electronic eligibility internally without the assistance of a third-party.

3. Please specify if your company (or third-party) accepts the HIPAA 834 5010 file layout as well as all other file layouts accepted for automated enrollment. Please provide applicable coding supplements and other applicable file specification documents.

Yes, our standard EDT package layout options include our proprietary automated client eligibility format or electronic data interchange (EDI) HIPAA 834 formats; development of eligibility files in either of our standard formats is included at no additional charge. Clients that elect to provide automated eligibility can utilize electronic data transmission (EDT) to submit EDT files on a weekly, biweekly, monthly, or semimonthly basis.

We accept eligibility information in the ANSI 834 format, a client-defined format that contains the necessary data elements, or our proprietary format.

There is no additional charge for Cigna to receive the ANSI 834 format or our proprietary format. Files should be in American Standard Code for Information Interchange (ASCII) text and be submitted via electronic data transfer (EDT).

Our preferred method of receiving eligibility files is through EDT. We evaluate each client's enrollment information individually based on plan design and reporting needs.

Eligibility transmissions made in the preferred 834 format must comply with SNIP levels 1-4 format rules. An alternative layout without a compliance check is Cigna's standard automated client eligibility file layout.

4. What is your company's (or third-party's) standard processing time for electronic eligibility to be updated in all applicable internal systems (eligibility/claims/billing/etc.)? If time varies, please specify for each system.

We process eligibility quickly and effectively via a variety of methods to help our clients keep files up to date. The timing required to complete eligibility file updates varies by transfer method. We generally process eligibility updates within five business days from the date we receive total eligibility data. Other times include the following:

- automated files updated within two business days, not counting the day of receipt
- enrollment maintenance tool (EMT), via our client website, updates made in real time
- manual updates made within five business days of receipt
- emailed files updated within two business days of receipt

Our eligibility system updates our claim processing system daily to maintain accurate and up-to-date records. As we feed data into the eligibility system, we review it to help ensure accuracy and adherence to plan structure and then distribute it to other areas, including claim processing.

Our eligibility systems feed the finalized updates to our medical claim systems within a few hours. Nonmedical claim systems receive eligibility updates via an overnight feed.

Furthermore, our Cigna accounts receivable and billing system is fully integrated with our eligibility system. As we process eligibility-related changes in the system, they systematically generate to the accounts receivable and billing system throughout the business day.

In addition, the City can use our online enrollment maintenance tool (EMT) to update eligibility in real time. There is no fee for updating eligibility via our client website

5. Will your company (or third-party) provide confirmation notification to the group when files are processed? Please provide details related to this notification process (email, requirement of group to log into company website, etc.)

Yes. If requested, our system sends automated emails about eligibility files to the City in the following scenarios:

- edit reports published
- eligibility file received
- file canceled
- file updated
- file held for review
- delinquent file

6. Please provide implementation time (in days) for initial set-up of automated enrollment (electronic eligibility) of an established group with your company.

90

7. Please provide implementation time (in days) for initial set-up of automated enrollment (electronic eligibility) of a new group with your company.

90

8. Please provide set-up time needed for changes to file structure, plans, funding strategy, platform changes for an established group with your company. What alternative options does your company provide to receive enrollment should these changes cause delay in set-up of the EDI process?

The set-up time needed for changes to file structure, plans, funding strategy, or platform changes for an established client group with Cigna varies depending upon the details of the client's existing elections and which components are being updated. For complex or highly customized cases with many changes, we may need between 90-120 days to implement the changes. For simple updates, we can typically implement automated eligibility clients within 60-90 days from the date the contract is awarded. Your account management team would be happy to discuss any additional questions you may have on this topic.

If the City prefers to delay set-up of the EDI process for any reason, Cigna can accept eligibility files manually in the interim. We offer the following standard manual for clients to establish and maintain manual eligibility:

- **Internet-Based Enrollment Maintenance Tool** - The City can submit and view real-time eligibility or reporting information via the enrollment maintenance tool on our client website, CignaAccess.com. This method can be used in conjunction with either automated eligibility or manual eligibility.
- **Manual Eligibility** - The City can use paper enrollment forms or the standard eligibility spreadsheet (also called the SES Excel spreadsheet) for open enrollment and ongoing maintenance updates.

9. Please provide file testing time frame (in days) for initial set-up and structure changes.

90

10. Please provide the standard time frame required to process files, generate, and mail member ID cards. What options does the group have if ID card delivery is delayed beyond the plan effective date?

To help members achieve a seamless transition to a new health care plan, Cigna's goal is to provide ID cards before the plan's start date, depending upon when we receive the notification of sale and eligibility data.

If we receive confirmation of the sale within the standard parameters and the City submits eligibility data 30 days prior to implementation, enrolled members will receive ID cards before the start date.

Members also have access to their digital ID card through our member website, myCigna, and on mobile-enabled devices through our myCigna mobile app, no later than the first day of the plan

11. Please confirm your company will provide ongoing file feeds to multiple third-party vendors (i.e., PBM, Stop Loss, and Data Analytics) at no cost to the group?

Confirmed

12. The group utilizes a third-party vendor for data analytics. Will you cover the \$2,500 set up fee and the \$0.65 PEPM for the monthly data analytics interface?

Yes, Cigna can include these fees as part of their monthly ASO Fees.

13. The Entity currently uses Workday as its HRIS and Benefits Administration system. Please indicate if you have experience with Workday and indicate if you have experience with any other HRIS and Benefits Administration systems.

Cigna works with over 175 clients that use Workday. Some of those clients include, WorkDay, Cigna, Banner Health, Ryder Systems, O'Reilly Automotive.

We will provide detailed contact information once finalists are determined.

We are able to accept electronic eligibility files produced by many different HR vendors and human resource information systems as long as the feeds produced contain the enrollment information necessary to facilitate proper claim processing and billing.

We accept eligibility information in the ANSI 834 format, a client-defined format that contains the necessary data elements, or our proprietary format.

There is no additional charge for Cigna to receive the ANSI 834 format or our proprietary format. Files should be in American Standard Code for Information Interchange (ASCII) text and be submitted via electronic data transfer (EDT).

15. Questionnaire - Implementation and Billing

1. Please provide a brief description of the implementation process, including requirements and timeline.

We are committed to establishing a partnership with the City that allows us to provide the support you deserve. We make it our focus to provide an easy and efficient process when working through the implementation process—from setting up eligibility in the system to determining the billing and banking process. To provide superior account management support, we have specialized teams of designated individuals throughout the entire service experience, including implementation, client/customer service, and claims processing, to support our local government and education clients.

As part of your Cigna account management team, we will assign a skilled Implementation manager to facilitate seamless implementation of your selected plans. Jude Turgeon-Provini, your assigned implementation manager will begin the onboarding process with a meeting to review the implementation strategy and to identify any related data elements that may be necessary. General information and resources required from the City will include establishment of an eligibility file method and any other applicable inbound vendor file feeds. We prefer at least a lead-time of 90 days from the start date to ensure the successful implementation of the City plans to be ready to process claims and incoming customer service calls on the start date.

2. Please confirm proposer is flexible to modify standard contract language.

At Cigna, we are committed to developing a new partnership with the City. This commitment includes working alongside the City's legal team to modify our standard ASO agreement, to the extent mutually agreed upon, to reflect any additional provisions that may be requested by the City. As required, our proposal includes a sample of our standard ASO agreement. This sample reflects our abilities to provide services in accordance with our administrative standards and procedures as well as the most recent employee benefits law. We hope the sample will provide a helpful starting point for contract negotiations with the City.

3. Please confirm proposer is willing to waive binder payment requirements.

Yes, Cigna is willing to not require a binder payment.

4. Please confirm proposer is willing to accept a self-bill for proposed line(s) of coverage.

Confirmed. Cigna is willing to offer flexible billing options similar to self-billing and would be happy to discuss these options with The City.

5. What is proposer's standard billing snap shot date and grace period for payment?

Payment is due on the first day of the service month. Our grace period runs from the first day to the last business day of the service month.

6. Would you allow a grace period after the due date of 45 days for payment of an invoice?

Our grace period runs from the first day to the last business day of the service month. If additional time is needed, Cigna will work with the City to provide other options.

16. Questionnaire - Renewal Planning and Additional Fees

1. Is proposer willing to provide renewal offer at least 180 days prior to renewal effective date?

Yes, Cigna can provide the annual renewal 180 days prior to renewal effective date.

2. Are any of the rates proposed contingent on any additional information? If so, please disclose.

All quoted rates are firm, however, are subject to Cigna's normal Underwriting Terms and Conditions. These are included in the ASO Financial Proposal.

3. What additional services are available and at what cost?

The following services are included in Cigna's proposal at no additional cost:

Healthy Rewards

Cigna is offer the Health Rewards program to the City free of charge. The Cigna Healthy Rewards program provides discounts to products and services that encourage and promote healthy behaviors and lifestyles. The program is easy for members to use, adding value at no additional cost. Healthy Rewards offers more choices for members, more ways to lead a healthier lifestyle, and more ways to focus on wellness and prevention. Available member discounts include

- alternative medicine health care providers, including chiropractors, acupuncturists, massage therapists, and more;

- discounted fitness club memberships;
- virtual workout videos;
- wearable fitness devices;
- meal delivery service;
- hearing aids and exams;
- laser vision correction, vision exams, lenses, and frames; and
- financial coaching services.

Cigna HealthcareSM Well-Being Solution

Better health isn't just a goal, it's essential to the vitality of your workforce. We're giving your employees the tools they need to be their best through our new Cigna HealthcareSM Well-Being Solution. The holistic and personalized Well-Being Solution provides a personalized, best-in-class experience to help individuals make small, everyday changes to their well-being focused on areas that they want to improve the most.

Available in over 21 languages and seamlessly connected via myCigna, our innovative platform includes the following features that work in concert with one another:

- an expansive, evidence-based educational content library capturing 29 health topics;
- optional best practice incentive plans that are available to drive ongoing engagement;
- approximately 2,800 digital cards that improve well-being literacy and inspire new behaviors with micro-learning content;
- AI-driven recommendations designed to reinforce more than 480 healthy habits;
- digital guides capturing sleep and nutrition tips, tricks, and tracking, allowing personalized action plans;
- health risk assessment and survey tools, certified by the National Committee for Quality Assurance (NCQA);
- well-being challenges, including peer-to-peer challenges, monthly healthy habits challenges, and 3 Cigna challenges;
- device integration with any device, app, or tracker that connects to Apple® Health app or Google Fit®;
- social connections, allowing members to invite up to 10 family members/friends to share in the experience;
- a total of 60 digital health coaching journeys that help members improve their health literacy and form new habits naturally;
- a My Care checklist that can be updated by the member to track preventive screenings and set reminders; and
- automated communications and engagement campaigns.

When the City employees utilize the program over time, they build healthy habits, have fun with friends and family, and experience the lifetime rewards of better health and well-being.

We pair this offering with our team of highly trained health engagement consultants who are available to work personally with the City to build holistic and inclusive health engagement strategies beyond the traditional dimensions of well-being. We leverage actionable insights from social determinants of health data,

analytics from claims, biometrics, health assessments, and interaction data to guide data-driven decisions and ensure a highly personalized plan. Member tools and resources allow the City employee population to see measurable results. Together, we will help guide your employees to a healthier way of life, and our team of experts can help the City increase the health engagement of the population steadily, year after year.

Health Matters Premium

We have proposed our Health Matters Premium Personal Health Team (Premium PHT) solution with the underlying Health Matters Care Management Preferred medical management model to the City..

Core Team Structure

The City's personal health team (PHT) will include RN case managers, behavioral case managers, health coaches, a registered dietitian, and a social worker. The teams are supported by aligned medical directors, pharmacists, and support staff. The City's PHT will be trained on their unique demographics, benefit design, external vendor partners, and population health needs.

Medical and Behavioral Services

The City's PHT clinicians will provide

- medical short-term, complex, and catastrophic case management, including close oversight of all inpatient admissions;
- oncology specialty case management;
- behavioral case management;
- health coaching to help members better manage chronic conditions, preventive health needs, and lifestyle management conditions;
- support for nutritional and social needs; and
- treatment decision support.

Additional Clinical Services

Utilization management and inpatient case management (concurrent stay review) functions will be provided by external teams aligned to these teams. Additionally, aligned RN teams specializing in transplant, high-risk maternity, NICU, chronic kidney disease (CKD), specialty pharmacy, gene therapy, and advanced cellular therapy will support The City's members.

One Guide with Smart Support

A specialized customer service team, located throughout the US, will provide support for The City's employees. This team is exclusively designed to help local government and education members balance a healthy lifestyle with health care costs.

As part of Cigna's Smart Support Program, employees will experience the following:

- **Dedicated Customer Service** - Our dedicated customer service team is available Monday through Friday, 8:00 a.m. to 8:00 p.m. (EST). Members calling to speak with someone on the dedicated team outside of these standard hours will reach a live customer service advocate (CSA) who can assist them. These CSAs have access to the same information and plan details so they can provide seamless support to members at any time of the day or night.
- **Dedicated Support through My Personal Champion® Program** - Our team of service professionals also includes personal champions. These individuals serve as a single point of contact for employees who need specialized support during periods of complex medical care that may result in significant administrative, social, or financial issues. Employees are identified and referred for this level of support by CSAs, case managers, client service executives, and clients or through claims and utilization data models.
- **Shorter Average Wait Times** - With a 60-second average speed of answer (ASA), employees will experience faster access to customer service.
- **Enhanced Communications** - Our specialized team includes a media specialist who monitors social media channels for questions and comments from employees. Our media specialist will promptly follow up on the same social media channel or through an appropriate private channel. Our team also customizes their communication approach based on the specific needs and preferences of each member.
- **More Options** - Employees have the ability to bypass the standard interactive voice response process and talk with a live service representative immediately after entering their Cigna ID.

Your Health First

Cigna's innovative Your Health First® chronic condition coaching model takes a broad approach to helping members manage chronic health conditions. Your Health First addresses the health of the whole person, rather than focusing on a single disease that triggers participation. Supported by evidence-based medical guidelines and influential behavioral techniques, our health coaches help members manage every aspect of their personal health, including adhering to medications, understanding and managing risk factors, and maintaining up-to-date screenings.

Our dedicated health coaches focus on each person's unique health needs, preferences, and goals. The health coach's one-on-one approach creates stronger relationships, establishes trust, and drives higher engagement. Combining clinical expertise, evidence-based practices, and extensive experience, our multidisciplinary health coaches manage health to start behavior change. Specifically, they help members

- recognize worsening symptoms and know when to see a doctor;
- establish questions to discuss with their doctors;
- understand the importance of following doctors' orders;
- develop healthy habits related to nutrition, sleep, exercise, weight, tobacco, and stress;
- prepare for hospital admissions or recovery after hospital stays; and
- make educated decisions about treatment options.

Cigna Total Behavioral Health

With more than 48 years of experience delivering behavioral health programs, we can proactively address holistic mental, emotional, and physical needs within the City's population. We understand that addressing physical and mental health simultaneously is critical to improving whole health. Cigna Total Behavioral Health provides comprehensive, personalized support and features the following key components:

- toll-free, 24-hour access to routine information or a warm transfer to a clinician who can assist in an emergency and provide crisis triage support
- integrated programs, clinical tools, cross-trained clinicians, and protocols for individuals with comorbid medical and behavioral health needs
- a national fast access network that guarantees timely access to outpatient care, including a subset specifically for autism
- designated Centers of Excellence (behavioral health facilities) for specialty conditions such as adult mental health, child/adolescent mental health, substance use disorders, and eating disorders
- virtual/digital care services including contracted digital providers such as:
 - Talkspace, Meru Health, NOCD, Equip, Brightside, Kaden Health, SonderMind, Equip, Alma, PATH, Bicycle Health, Brightline, Grow Therapy, Headway, and Monument, which includes new virtual modalities such as text-therapy, digital cognitive behavioral therapy (DCBT), peer support, relapse prevention groups, virtual medication-assisted treatment, exposure response prevention, and virtual support for individuals and families with substance use disorders, eating disorders, OCD, depression/anxiety, and opioid use disorder
 - Headspace Care (formerly Ginger), an on-demand 24-hour digital coaching tool via mobile app, includes personalized, synchronous text-therapy; video-based care; machine learning and artificial intelligence (AI) for initial assessments; and screening tools (e.g., PHQ-9, GAD-7)
 - MDLIVE offers integrated virtual medical/behavioral health care and online scheduling
 - no referrals are needed for digital tools; these providers are all in-network and accessible by searching our online directory or calling us
- an emotional well-being package that includes work/life resources, digital self-guidance tools via Happify, on-demand peer coaching and personalized learning via iPrevail (includes modules for depression, anxiety, substance use, caregiving, and more), and a community support program to address social determinants of health (community support program for groups with Health Matters Care Management)
- covered in-network behavioral health claims (funded by our organization)
- inpatient, outpatient, and intensive behavioral case management
- gaps in care and predictive identification
- specialty coaching and support programs that focus on complex, high-cost conditions (e.g., autism, eating disorders, substance use), opioid and pain management, and support programs for parents and families
- access to our new digital coaching application, Careforth, for members and families to communicate with specialty case managers (e.g., texting, calendar-sharing, resource-sharing)
- lifestyle management offerings for tobacco cessation, weight management, and stress management
- cognitive behavioral modification programs for individuals with chronic conditions
- drug-safety programs that offer guidance and support for individuals with polypharmacy needs and/or for those prescribed controlled substances (for groups that elect Cigna Pharmacy benefits)
- provider search and match support, appointment scheduling, and new online scheduling options

- a 45-60-minute consultation to discuss each member's issue, address current needs, get them to the right resource or licensed clinician, and provide recommended additional support
- 100% follow up, digitally or telephonically, to confirm member needs are met and provide additional assistance if needed
- a clinical navigator assigned to each member with more complex needs, allowing a member to continue to engage with the same clinical navigator over time.

PROPOSAL TERMS AND CONDITIONS for Proposal: City of Gainesville - 2025 ASO Proposal
A. General Terms of this Proposal

Cigna HealthCare is pleased to present this Proposal for an Administrative Services Only group medical, pharmacy and behavioral health benefit plan (the "Plan") sponsored by City of Gainesville. This proposal expires 9/1/2024. Any revisions or updates to this proposal will not renew this valid timeframe unless expressly communicated by Cigna HealthCare.

Proposal Caveats

Cigna HealthCare may revise or withdraw this Proposal if:

- 1 there is a change to the effective date and/or duration of the period covered by the quote.
- 2 the Plan benefits are different than shown in the RFP or benefit modifications are requested.
- 3 the census or experience provided by The Gehring Group, Inc., a Division of Risk Strategies is deemed inaccurate.
- 4 enrollment increases or decreases by 15% or more, by product or for the total account, from the enrollment assumptions used in establishing the rates, fees, funds and/or fee credits set forth herein.
- 5 the final enrollment deviates from the quoted enrollment such that it results in a needed change in premium rates. Rates are based on final enrollment factors, including total number of enrollees, their age, sex, demographics, location and the distribution of enrollees by product or by customer tier.
- 6 any of the information upon which these rates or benefits were based (including Medical History Information) changes or is inaccurate.
- 7 it is not the exclusive provider of Medical / Pharmacy or like products for all of City of Gainesville's employees in all worksites.
- 8 the employer changes its level of contribution toward the cost of the coverage.
- 9 benefit advisor fees/commissions are requested to be different than \$0.00 PEPM for Medical products and/or, 0.00% of Stop Loss rates.
- 10 it is requested to interface with a third party vendor.
- 11 administration of the Plan will require more than the following:
 - o Billing lines: 80
 - o Billing and Claim Branch Benefit Options: 40
- 12 it is requested to change the following additional Programs included in the rates and/or fees as listed here: Your Health First.
- 13 Federal, State or Local action impacts the benefit levels quoted herein or affects our ability to meet our obligations to you, to your covered employees/our customers or to our contracted providers. By way of illustration, such legislation or executive actions which impose controls or requirements that affect: our ability to determine rates; covered medical expenses or service benefits; providers' delivery of care or the fees they charge; or our contracts with providers, may be deemed to so affect our contractual obligations. Should this happen, Cigna HealthCare will make a good faith effort to work to reach a new agreement that equitably reflects the circumstances as altered by government action
- 14 there are changes in the benefit plan, or the addition or termination of a subsidiary, operation or class of employees, not otherwise accounted for during the Stop Loss underwriting process.
- 15 there is any reimbursement arrangement ("gap" cards, etc.) that subsidizes or reduces the out-of-pocket obligation of covered persons under the policy.

B. Scope and Application of this Proposal

Unless otherwise indicated, the coverage reflected in this Proposal:

- 1 supersedes and renders null and void any prior Cigna HealthCare offer or proposal with respect to the Plan.
- 2 Assumes incentive design follows the standard guidelines offered by Cigna Healthcare. Incentive rewards will be funded by the client and certain reward types will be direct billed or withdrawn from the bank account (as applicable).
- 3 reflects the claims and administrative savings realized by packaging the following specialty coverage with medical: Pharmacy and Cigna Total Behavioral Health.
- 4 includes fixed charges for behavioral care services arranged by Evernorth Behavioral Health, Inc. or Evernorth Care Solutions, Inc. The fixed fee varies depending on location and plan design and may not apply in certain states.
- 5 includes capitated charges for the provision of Hi-Tech Radiology services by eviCore (formerly known as MedSolutions, Inc.). Reimbursement methodology varies by state.
- 6 includes charges made by either a specialty vendor or an affiliate, such as eviCore for care management programs to contain the cost of specific health services/items and/or improve adherence to evidence-based guidelines to promote patient safety and efficient care (i.e., charges for management of diagnostic cardiology, radiation therapy, musculoskeletal procedures, medical oncology, gastroenterology, sleep management and home health/DME/HIT and appropriate setting of care/service) when applicable, and medical necessity review (i.e. chiropractic services).
- 7 includes Cigna's One Guide digital and customer guidance solution.
- 8 requires a separate benefit option due to state regulations, if you have purchased any product with Cigna Total Behavioral Health and you have customers residing in CA or VI.
- 9 does not apply to part-time or seasonal employees for any plan.
- 10 Medicare eligible retirees are not included in this plan unless mandated by situs state legislation.
- 11 includes Cigna's Network Savings Program (NSP) and other Cost Containment programs designed to contain costs with respect to charges for out-of-network health care services/supplies that are covered by the Plan and reduce the member's balance billing exposure. For administering these programs, Cigna retains a portion of the savings or recoveries generated.
- 12 limits the allowable amount used in calculating benefits for out-of-network health care services/supplies to a Maximum Reimbursable Charge equal to 110% of a fee schedule developed by Cigna based upon a methodology similar to that used by Medicare to determine the allowable fee for similar services in the geographic market, OR, where that fee schedule does not provide a value, the 80th percentile of the usual and customary charges made by providers of such service/supply or supply in the geographic area where the service/supply is received determined by reference to a third-party data base.
- 13 excludes all fund amounts for Cigna Choice Fund products (HRA/HSA) from projected claims and premium, as those amounts are strictly the liability of City of Gainesville.
- 14 requires you notify us within 30 days if any information set forth in this form changes at any time while coverage is provided to you by Cigna HealthCare.
- 15 does not include administration of "run out" claims incurred prior to the effective date.
- 16 provides ASO Theoretical Rates for informational purposes only. The components included in the ASO Theoretical Rates are: unpooled mature claims, expenses, and stop loss premium.
- 17 guarantees the second year (2026) and third year (2027) medical ASO fees and Access fees to be increased by 0%, flat. All guarantees are subject to all other terms and conditions included in this document. The above caveat is not applicable to pharmacy ASO fees.
- 18 Notwithstanding the foregoing guarantee, Cigna may revise any charges at any time if Cigna is (i) required to pay any tax or assessment, or (ii) incur additional costs in administering the contract as a result of any state or federal law.
- 19 offers the Performance Guarantee contract under the plan only if finalized prior to the Effective Date.

- 20 assumes Cigna HealthCare's standard administrative services only ("ASO") agreement will be used and executed before the effective date of Cigna HealthCare providing administrative services. If modifications to that agreement are required to meet the employer's needs, we are willing to negotiate terms to arrive at a mutually agreed-upon, modified ASO agreement. If a modified ASO agreement is required, but has not been agreed upon by the effective date, Cigna HealthCare will provide administrative services, only if a Letter of Intent as required by Cigna HealthCare has been executed. Such Letter of Intent will reference Cigna HealthCare's standard ASO agreement (or other provisions mutually agreed upon) that will control until execution of the finalized ASO agreement. Notwithstanding anything in the request for proposal or in Cigna HealthCare's Proposal, the terms of the executed ASO agreement or the executed Letter of Intent will control in the event of a conflict between their terms and any terms in the request for proposal or the Proposal.
- 21 includes Cigna Pathwell Specialty, a network solution for medical specialty drugs.
- 22 includes fixed charges for Embarc Benefit ProtectionSM, a network solution for certain high-cost gene therapy drugs arranged by eviCore.
- 23 Cigna HealthCare assumes that the group health plan or health insurance coverage to which this proposal applies will not be a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the "Act") and that it will be subject to all requirements of the Act applicable to a group health plan or health insurance coverage unless otherwise specified in writing.
- 24 does not include paying on behalf of the Plan the Comparative Effectiveness Research Fee required under section 4376 of the Internal Revenue Code as added by the Patient Protection and Affordable Care Act. Cigna HealthCare is prohibited from calculating, collecting and paying the fee on behalf of the Plan.
- 25 Assumes a non-Cigna HealthCare Pharmacy Benefit Manager administers oral or other self-administered anti-cancer prescription medication claims at a copayment/coinsurance level that is no less favorable than that for intravenous or injected anti-cancer medication prescribed for the same purpose and covered under employer's Cigna HealthCare plan. This assumption is applicable only if: (a) employer has contracted with a PBM (not Cigna HealthCare); (b) employer's plan is either insured, or, if self-funded, not subject to ERISA (i.e., is a church, government or association plan); and (c) employer's Cigna HealthCare plan is situated in IA, HI, NM, OR, NJ, NE, VA, MA, NV, FL, ME, GA or a state with similar chemotherapy coverage law, or covers one or more individuals residing in CO, OK, VT, WA, TX, IA, MO or OH or in a state with similar extraterritorial chemotherapy coverage mandate.
- 26 Cigna has provided transitional relief credits for the first 3 policy year periods 1/1/2025 through 12/31/2027. The transitional relief credit will be in the form of ASO Administration Fee credits. These are equal to 4 months credits for the first year (2025), 2 months credits for the second year (2026) and 1 month credits for the third year (2027). This fee relief credit is subject to the following conditions - 100% repayment of the credit if the ASO Agreement is terminated prior to 1/1/2026, and 50% repayment of the credit if the ASO Agreement is terminated prior to 1/1/2027.
- 27 establishes a Wellness/Health Improvement Fund (the "Fund") in the amount of \$150,000 for clinical/wellness/behavioral programs offered by Cigna HealthCare. These funds shall be used to defray the cost of Cigna HealthCare designated and arranged health and wellness improvement programs for employees (e.g., biometric screenings, flu shots, etc.) and to reward participation in these programs. The Fund may be accessed during the period from 01/01/2025 - 12/31/2025. The Fund may not be accessed following notice of termination of the Cigna HealthCare agreement. Unused funds cannot be rolled over and Cigna HealthCare must pre-approve use of the Fund.
- 28 This proposal made by Cigna HealthCare is contingent upon: Cigna HealthCare's receipt of the following information: -Completed medical history questionnaire prior to the policy effective date.
- 29 does not apply to individuals unless employed by the policyholder or an entity that participates in an association or trust that is the policyholder.
- 30 The information contained in this Proposal by Cigna HealthCare is proprietary and highly confidential. It is being provided with the understanding that it will not be used by the employer, its representatives or consultants for any purpose other than the evaluation of the Proposal. Under no circumstances is any of the information contained herein (including excerpts, summaries, extracts, and evaluations thereof) to be used, disseminated, disclosed or otherwise communicated to any person or entity other than the employer, its representatives and consultants, and their respective employees who are directly involved in the evaluation process.
- 31 assumes implementation of Premium PHT program which includes: Case Management- Short term and complex, Inpatient Advocacy, Pre Admission Outreach, Post Discharge Outreach, 24 hour Health Information Line Outreach; on one designated clinical operations team. None of these services can be unbundled from the operations team or price.

C. Additional Representations & Disclosures

- 1 Each plan presented in this proposal has an actuarial value, determined by Cigna HealthCare, of 60% or greater. This determination was made using Cigna HealthCare's manual rating application which may produce an actuarial value slightly different than the official HHS calculator. Although we would expect any deviation to be small, you will have to consult with your actuarial consultant for a more precise determination of the plan's actuarial value. Cigna HealthCare does not provide actuarial certifications.
- 2 Cigna HealthCare may pay on your behalf any applicable state tax or assessment imposed upon your plan by drawing upon the bank account.
- 3 In order to implement the requested benefit design, different funding arrangements (i.e., insured, self-insured and/or HMO) involving affiliated Cigna companies may be required with respect to plan participants residing in certain states.
- 4 Cigna HealthCare may have an agreement with your benefit advisor, under which the benefit advisor may be paid for providing marketplace intelligence or for the performance of administrative services. The qualification for and amount of this payment may be based upon overall business growth and/or retention levels. Any such payment is funded through Cigna HealthCare's general overhead.
- 5 The benefit advisor may qualify for incentive payment (monetary or non-monetary) from Cigna HealthCare. For example, the benefit advisor may receive payment based upon new sales, new customer growth or retention. This incentive payment is funded from Cigna HealthCare's general overhead.
- 6 Cigna HealthCare sponsors programs to inform benefit advisors about Cigna HealthCare's plan coverage and services (including producer advisory councils). The cost of these events is funded through Cigna HealthCare's general overhead.
- 7 Cigna HealthCare reserves the right to change the Quoted Rates and/or Quoted Benefits or to decline to offer coverage if any of the foregoing information is inaccurate or changes prior to the proposed Effective Date indicated above, or if the quoted rates and/or fees are not agreed to within 60 days of receipt of this summary information form. If any of the information identified above changes either prior to the proposed Effective Date or while coverage is in effect, you agree to notify us promptly of such change.
- 8 The "Underwriting Contingencies" set forth above shall survive execution of any insurance policy, application, etc., issued by Cigna HealthCare or any affiliated company, and shall further survive the effective date of any such policies.
- 9 The benefits displayed in this summary are, for the most part, modular benefit packages used to develop the rates. Please review the Benefit Summary and its attachments for information about the benefits available in your sites.
- 10 "Cigna HealthCare" refers to various operating subsidiaries of Cigna Corporation. Products and services are provided by these subsidiaries and not by Cigna Corporation. These subsidiaries include Cigna Health and Life Insurance Company, and HMO or service company subsidiaries of Cigna Health Corporation and Cigna Dental Health, Inc.

Gap Fund Acknowledgement

Are your employees reimbursed for their co-payments, co-insurance cost, deductibles or out of pocket expenses?

If so, please let us know the details below. If not, please still confirm and sign below.

We assume NO subsidization or reimbursement for any portion of the employees' cost-sharing responsibilities. And that's how we set the premium rates/charges for all benefit plans insured and/or administered for you by Cigna HealthCare companies ("Cigna HealthCare, we, us").

Subsidization/reimbursement is also known as "Gap Funding". That is because employees receive money to fund the gap between their cost-share responsibility and Cigna HealthCare's payments.

Do you offer any of these plans? YES NO

- Health Savings Account (HSA)
- Health Reimbursement Account (HRA)
- Other means to reimburse employees for health plan expenses

If YES, please confirm the following:

- How much is the employer funding amount? _____
- What is the reimbursement order? Does the HSA and/or HRA fund pay first, or something else? _____
- Is there an annual rollover provision for the fund? YES NO
- Any changes in employer funding in the past year or future year? YES NO
- If YES, please provide details: _____

Please notify Cigna HealthCare prior to implementing any "Gap Funding" program. Cigna HealthCare will determine if we need to change the premium rates/charges both now and in the future based on the information you provide.

Please affirm that the above information is true and complete. Thanks!

PRESCRIPTION FINANCIAL UNDERWRITING CAVEATS

City of Gainesville

General

- The effective date for this quotation is 1/1/2025 and the policy term will run for 36 months. Fees and rates represented within this quotation are valid for the policy term.
- This quotation assumes a total in-force of 1,925 employees covered under the pharmacy plan. Should actual enrollment vary by +/- 10 percent, at any time after the effective date, Cigna's prescription drug rates, administrative fees, dispensing fees, and manufacturer consideration sharing guarantees included in this proposal will be subject to change.
- In the event that Employer purports to terminate such arrangement or enters into an agreement with another pharmacy benefit manager (PBM) or other third party to provide any or all pharmacy benefit management services for Employer's benefit plan prior to the end of such thirty-six (36)-month period, then, within thirty (30) days of CHLIC's written request, Employer shall pay CHLIC a fee in the amount of \$1.50 per the average monthly number of Members who were enrolled in the Plan's Pharmacy Benefit from the beginning of the 36-month period to the effective date of such purported termination or other agreement multiplied by the number of months remaining until the end of the 36-month period.
- Our discount and dispensing fee guarantees are offered pursuant to the language provided in our ASO contract or amendment, and will only be reconciled and payment issued according to the terms offered and agreed upon in a signed document between CHLIC and the client.
- Employee contribution percentages will be the same as the current arrangement.
- Quotation assumes Cigna standards of implementation, financials, edits, banking, plan operations, formulary, programming, reporting, systems capabilities, online functionality and consulting. Any non-standards may result in fees billable to the client.
- Quotation assumes Cigna is the exclusive provider of mail order, retail and specialty benefits.
- Quotation assumes no client specific network, in-house pharmacy, or onsite pharmacy.
- Quotation assumes a (30) day fill at home delivery for specialty medication.
- Quotation for retail 90 pricing assumes up to a ninety (90) day fill at retail pharmacies through Cigna's 90 Now Walgreens network. Retail 90 discount, dispensing fee, and rebate will apply to a minimum 83 day supply.
- Quotation assumes Cigna's 90 Now Walgreens retail pharmacy network.
- Quotation assumes Cigna's NPF prescription drug list.
- Quotation assumes aggregate specialty discount is based on client's specific drug mix.
- Remittance of rebates will be provided within ninety (90) days after the close of each applicable calendar quarter.
- Brand claims for purposes of rebate reconciliation exclude 340B, Run-Out, Reversals, DMR, Medical Specialty Drugs, Compounds, Vaccines, Repackaged NDCs, Multisource Brands, Exclusive and Limited Distribution Drugs, All Supplies, and Biosimilar Drugs.
- Quotation assumes any amount directly or indirectly provided by a manufacturer or other third party that is allocated to reduce and/or partially satisfy a member's cost-sharing obligation for a covered drug shall not be considered a rebate for the purposes of rebate payments to employer but may be included when reconciling CHLIC's performance against any rebate minimum guarantee set forth in this quotation.
- Unless otherwise indicated, this proposal assumes applicable requirements of the Patient Protection and Affordable Care Act will be implemented on the effective date/renewal date unless you direct otherwise.
- Cigna reserves the right to revisit and revise the fees if any of the following occur:
 - Additional optional services are requested or client structure requirements change significantly
 - Modifications to proposed benefit options are requested

Government Regulations

- At Cigna's option, this quotation, and any rate, fee, trend, or other guarantee included in this quotation, or agreements arising from this quotation, shall be void in the event of federal, state or local action impacting the benefit levels quoted herein or affecting our ability to meet our obligations to you, to your employees/our members or to our contracted providers. Should this happen, Cigna will make a good faith effort to work with the Employer to reach a new agreement that equitably reflects the circumstances as altered by government action.

Exclusivity

- This quotation assumes Cigna will be the exclusive pharmacy carrier for all employer worksites. Other competitors "like" products will not be offered in conjunction with the products noted above.

Optional Services

- Additional charges may apply if Cigna is requested to interface with a non-Cigna network, utilization management, third party mental health, prescription drug, or other third party vendor sample.

Average Wholesale Price (AWP)

- References in this proposal to the average wholesale price, or "AWP," of pharmaceutical products are based on the AWP's as published by Medi-Span or other alternative industry-accepted publication reasonably designated by Cigna. In the event of any change in the markup, methodologies, processes, or algorithms underlying the published AWP(s), or if Cigna chooses a benchmark different than AWP or chooses a different source for the AWP, Cigna may adjust any or all of the AWP-based charges to reflect the economics of this proposal prior to such change.
- "Cigna reinsurance" refers to various operating subsidiaries of Cigna Corporation. Products and services are provided by these subsidiaries and not by Cigna Corporation. These subsidiaries include Connecticut General Life Insurance Company, Cigna Health and Life Insurance Company, and HMO or service company subsidiaries of Cigna Health Corporation and Cigna Dental Health, Inc.
- Private and confidential property of Cigna. Do not duplicate or distribute.

Cigna Healthcare

Terms and Conditions	Client	City of Gainesville
	Effective Date	1/1/2025
	Account Number	N/A
	Opportunity Number	OP-5503184
	Sales Representative	Lynne Swift
	Quote Expiration Date	8/23/2024

- Contains a firm Stop Loss quote with an expiration date of 08/23/2024. Coverage elected prior to the expiration date requires no additional large claim reporting.
- Cigna may revise or withdraw the ISL and/or ASL proposal(s) if there are changes in the benefit plan, or the addition or termination of a subsidiary, operation or class of employees, not otherwise accounted for during the Stop Loss underwriting process.
- The stop loss quote assumes proposed plan of benefits and networks and is based on Cigna providing the administration of those underlying benefits.
- In the event of material changes in the benefit plan or changes in legislation or regulation, Cigna may withdraw this proposal or revise the premium rates and/or coverage provisions with the revision(s) to become effective on the date such changes are effective.
- The ISL Maximum represents the maximum payable under the stop loss policy.
- Cigna may revise or withdraw this ISL proposal if the estimated number of Covered Persons for Stop Loss coverage, in total or in any covered plan differs more than 10% from the original estimated enrollment.
- The covered employees, shown on the financial page, are based on the following distribution of employees in each plan:
OAP = 1925 Emps;
- Rates assume the Policy Period Months identified on the ISL proposal page.
- Scenarios that do not include run in coverage reflect a discount assuming an immature contract and will have this discount fully removed from the rates in the subsequent year when the case is renewed on a paid (mature) basis. Renewal rates can also be expected to increase for stop loss leveraged trend each year.
- The Individual Stop Loss (ISL) quote provides run in coverage. This assumes the prior administrator or the customer will provide the following information for ISL: 1).Monthly report of all individuals with claims in excess of 50% of the quoted ISL Level. 2).Upon request a detailed claim filing for any individual whose policy year claims exceed the ISL level.
- If an employer carves out stop loss coverage, an additional data reporting interface fee will be charged to the employer and may vary depending on the frequency of reporting requested. Reporting information and support services are provided only after confidentiality agreements have been executed by the employer and stop loss insurer. The information provided by Cigna is based on paid-claim data only. Information is not provided for any incurred-but-not-paid claims or projected claims. In addition, information related to precertification, case management, course of treatment or prognosis will not be provided. Carving stop loss coverage out to a third party insurer is only available in our Over 500 business segment.
- Retirees over age 65 are included in the Individual Stop Loss coverage
- This quote includes pricing for an Aggregating Specific Corridor. Claims in excess of the Individual Stop Loss pooling point will not be reimbursed until the Aggregating Specific Corridor has been satisfied.
- The quote assumes inclusion of Embarc Benefit ProtectionSM as a feature of the underlying medical plan. If this program is not adopted, Cigna reserves the right to revise or withdraw this stop loss proposal(s).

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company. The Cigna name, logo, and other Cigna marks are owned by Cigna Intellectual Property, Inc. Product availability may vary by location and plan type and is subject to change.

Cigna Pharmacy Full Integration Value Summary

City of Gainesville

Cigna integrated pharmacy benefits provides employers with incremental clinical value but also contracts with clear and concise language. Everything is included in Cigna's pricing: clinical and utilization management programs, customer communications, channel management, customer support and more. This is atypical in the industry and either not included or significantly understated in financial analyses.

AFFORDABLE.

Innovative solutions that proactively manage costs

- ✓ **Specialty:** Programs that save clients money, promote \$0 member specialty cost share, encourage biosimilar competition, improve medication adherence, and more
- ✓ **Medical pharmacy management:** Total cost of care approach via proactive and seamless site of care optimization across benefits, aggressive physician fee schedules, innovative biosimilar adoption program, and more to lower overall specialty drug costs
- ✓ **Flexible formulary offerings:** Include low net cost formulary approach with upfront cost savings, or formulary optimizing manufacturer rebate agreements
- ✓ **Chronic conditions:** Cost cap for members utilizing expensive diabetic medications / insulin, flexible retail networks to promote 90-day fills, medication adherence, better health outcomes, and more

PREDICTABLE.

One price, for all. Eliminates surprise add-on/buy-up charges

- ✓ **Prior authorizations:** 1st, 2nd and 3rd level reviews offered at no charge. Auto-adjudication of PA's leveraging medical data at no additional cost
- ✓ **Opioid management:** Including our integrated Narcotic Therapy Management program, MME edits and more
- ✓ **Gaps in care:** Predictive modeling and alerts to prescribers via numerous modalities including electronic health records (EHR), fax, and through collaborative care arrangements
- ✓ **Utilization management and coaching:** All drug management strategies offered at no additional cost including prior authorizations, step therapy, quantity limits, and more

SIMPLE.

One dedicated team & One integrated view

- ✓ **One dedicated team,** accountable for implementing, monitoring and providing ongoing guidance and integrated reporting for all benefits
- ✓ **One expertly designed plan,** one set of consistent policies - built to work together
- ✓ **Simpler administration,** with one contract, financial process and concierge single point of contact for our customers - less stress for your benefits team
- ✓ **45% of all service center calls are pharmacy related while 78% of the savings opportunities for those calls are medical benefit related**
- ✓ **36% of prior authorizations are auto-approved leveraging Rx, medical and lab data at point-of-sale.** This means no waiting and no disruption

TOTAL	\$13,714,941	\$113.18	\$197.91

Cigna's proposed offer includes many components.
We estimate the impact to be:

- 1) Calculations based on 1,925 subscribers and 3,366 total customers
- 2) Reflects programs that are baked into Cigna's PBM clinical services which other PBMs charge for consistently
- 3) Reflects fees from Cigna as well as estimated fees from competitor PBM to exchange data near real time
- 4) Medical Specialty Drugs covered under the Group's medical benefit are excluded from Rebate Consideration.

Integration has never been more vital

When your pharmacy benefit is 100% aligned to your medical benefit:

End-to-end financial protections through best-in-class clinical expertise & solutions

You are at the forefront of trends with advanced solutions that proactively manage total medical costs

We believe health care can be simple, and we are focused on creating a world with zero to negative medical cost trend

Empower and engage

Your workforce is empowered and engaged in their health through technology and integrated care

25% more engaged in medical case management and behavioral coaching*

Better integration = better engagement, better savings, and better results

Cigna's approach to Specialty leverages managing specialty drugs across benefits for superior cost management and care quality

\$8,907 PMPY savings when taking specialty medications*

*Cigna 2022 National Book of Business study of medical customers with integrated medical, pharmacy and total behavioral health vs. those with Cigna medical and carved-out pharmacy.

BENEFIT SUMMARY

Administered by - Cigna Health and Life Insurance Co.
For - City of Gainesville
Open Access Plus Plan
Baseline
Effective - 01/01/2025

Selection of a Primary Care Provider - your plan may require or allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires designation of a primary care provider, Cigna may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card. For children, you may designate a pediatrician as the primary care provider.

Direct Access to Obstetricians and Gynecologists - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

Plan Highlights	In-Network	Out-of-Network
Lifetime Maximum	Unlimited	Unlimited
Plan Year Accumulation	Your Plan's Deductibles, Out-of-Pockets and benefit level limits accumulate on a calendar year basis unless otherwise stated. In addition, all plan maximums and service-specific maximums (dollar and occurrence) cross-accumulate between In- and Out-of-Network unless otherwise noted.	
Plan Coinsurance	Plan pays 80%	Plan pays 60%
Maximum Reimbursable Charge	Not Applicable	110%
Plan Deductible	Individual: \$600 Family: \$1,200	Individual: \$600 Family: \$1,200
<ul style="list-style-type: none"> The amount you pay for all covered expenses counts toward both your in-network and out-of-network deductibles. Benefit copays/deductibles always apply before plan deductible and coinsurance. Family members meet only their individual deductible and then their claims will be covered under the plan coinsurance; if the family deductible has been met prior to their individual deductible being met, their claims will be paid at the plan coinsurance. <p>Note: Services where plan deductible applies are noted with a caret (^).</p>

Benefit**In-Network****Out-of-Network**

Note: Services where plan deductible applies are noted with a caret (^). Benefit copays/deductibles always apply before plan deductible.

Annual Limits:

- Unlimited maximum

Notes:

- Inpatient includes Acute Inpatient and Residential Treatment.
- Outpatient - Physician's Office and MDLIVE Behavioral Services - may include Individual, family and group therapy, psychotherapy, medication management, etc.
- Outpatient - All Other Services - may include Partial Hospitalization, Intensive Outpatient Services, Applied Behavior Analysis (ABA Therapy), etc.
- Services are paid at 100% after you reach your out-of-pocket maximum.

Important Note on Mental Health and Substance Use Disorder Coverage: Covered medical services listed above, which are received to diagnose or treat a Mental Health or Substance Use Disorder condition will be payable according to this section titled "Mental Health and Substance Use Disorder."

Mental Health/Substance Use Disorder Utilization Review, Case Management and Programs**Cigna Total Behavioral Health - Inpatient and Outpatient Management**

- Inpatient utilization review and case management
- Outpatient utilization review and case management
- Partial Hospitalization
- Intensive outpatient programs
- Changing Lives by Integrating Mind and Body Program
- Lifestyle Management Programs: Stress Management, Tobacco Cessation and Weight Management.
- Narcotic Therapy Management
- inMyndSM program - a comprehensive, holistic solution to help recognize and find resources to treat behavioral health conditions.

Pharmacy**In-Network****Cost Share and Supply****Cigna Pharmacy Cost Share**

- Retail – up to 90-day supply (except Specialty up to 30-day supply)
- Home Delivery – up to 90-day supply (except Specialty up to 30-day supply)
- Generic specialty medications are covered at Generic cost share

Retail (per 30-day supply):

Generic: You pay \$10
 Preferred Brand: You pay \$50
 Non-Preferred Brand: You pay \$80

Retail and Home Delivery (per 30-day supply):

Specialty: You pay \$160

Retail and Home Delivery (per 90-day supply):

Generic: You pay \$20
 Preferred Brand: You pay \$100
 Non-Preferred Brand: You pay \$160

Pharmacy

In-Network

- Retail drugs may be obtained In-Network at a wide range of pharmacies across the nation.
- You can choose to fill your medications in a 30- or 90-day supply at any network pharmacy.
- This plan will not cover out-of-network pharmacy benefits.
- Specialty medications are used to treat an underlying disease which is considered to be rare and chronic including, but not limited to, multiple sclerosis, hepatitis C or rheumatoid arthritis. Specialty Drugs may include high cost medications as well as medications that may require special handling and close supervision when being administered.
- When patient requests brand drug, patient pays the brand cost share plus the cost difference between the brand and generic drugs up to the cost of the brand drug (unless the physician indicates "Dispense As Written" DAW).
- Pharmacist will dispense the brand medication, and the patient will pay the generic cost share, when the medication is part of the Brand-for-Generic Substitution Program (DAW9).
- Exclusive specialty home delivery: Specialty medications must be filled through home delivery; otherwise you pay the entire cost of the prescription upon your first fill. Some exceptions may apply.
- **SaveOn Specialty Program:** Certain specialty pharmacy drugs may be considered non-essential health benefits and may fall outside of the deductible and out of pocket limits. All drugs in this program are potentially subject to a higher cost share than amounts set forth above. If you participate in the program, cost share may be paid through a manufacturer copay assistance program and your out of pocket cost may be reduced to \$0. If you do not participate in the program, then you will be responsible for the payment of the cost share for these medications and payment will not be applied towards your deductible and out of pocket maximums. See your plan documents for more specific information.
- Your pharmacy benefits share an out-of-pocket maximum with the medical/behavioral benefits.
- If you receive a supply of 34 days or less at home delivery, the home delivery pharmacy cost share will be adjusted to reflect a 30-day supply.

Pharmacy Deductible

- The Pharmacy plan deductible does not apply to the following:
Retail Generic, Home Delivery Generic

Individual: \$300
Family: \$300

Drugs Covered

Prescription Drug List: Your National Preferred Prescription Drug List includes a full range of drugs including all those required under applicable health care laws. To check which drugs are included in your plan, please log on to myCigna.com. Some highlights:

- Self Administered injectables are covered.
- Contraceptive devices and drugs are covered with federally required products covered at 100%.
- Insulin, glucose test strips, lancets, insulin needles & syringes, insulin pens and cartridges are covered.
- Prescription smoking cessation drugs are covered.

Pharmacy Program Information

Pharmacy Clinical Management: Essential for NPF

Your plan features drug management programs and edits to ensure safe prescribing, and access to medications proven to be the most reliable and cost effective for the medical condition, including:

- Prior authorization requirements
- Step Therapy on select classes of medications and drugs new to the market
- Quantity limits, including maximum daily dose edits, quantity over time edits, duration of therapy edits, and dose optimization edits
- Age edits, and refill-too-soon edits
- Plan exclusion edits
- Your plan includes Specialty Drug Management features, such as prior authorization and quantity limits, to ensure the safe prescribing and access to specialty medications.
- For customers with complex conditions taking a specialty medication, we will offer Accredo Therapeutic Resource Centers (TRCs) to provide specialty medication and condition counseling. For customers taking a specialty medication not dispensed by Accredo, Cigna experts will offer this important specialty medication and condition counseling.

Patient Assurance Program

Your plan includes the Patient Assurance Program, which waives the deductible and reduces the amount you owe for certain medications used to treat chronic conditions included in the program. Additionally:

- Any amount you pay for these medications only count toward meeting your out-of-pocket maximum.
- Any discount provided by a pharmaceutical manufacturer for these medications only count toward meeting your out-of-pocket maximum.

Additional Information

Case Management

Coordinated by Cigna HealthCare. This is a service designated to provide assistance to a patient who is at risk of developing medical complexities or for whom a health incident has precipitated a need for rehabilitation or additional health care support. The program strives to attain a balance between quality and cost effective care while maximizing the patient's quality of life.

Cigna Diabetes Prevention Program in collaboration with Omada

Cigna Diabetes Prevention Program in collaboration with Omada is a program to help you avoid the onset of diabetes, as well as health risks that might lead to heart disease or a stroke. The program is covered by your health plan at the preventive level, just like for your wellness visit. Program participants have access to a professional virtual health coach, an online support group, interactive lessons, and a smart-technology scale. The program will help you make small changes in your eating, activity, sleep, and stress to achieve healthy weight loss through a series of 16 weekly lessons and tools to help you maintain weight loss over time. You will also be offered the opportunity to join a gym for a low monthly fee and no enrollment fee.

Additional Information

Maximum Reimbursable Charge

The allowable covered expense for non-network services is based on the lesser of the health care professional's normal charge for a similar service or a percentage of a fee schedule (110%) developed by Cigna that is based on a methodology similar to one used by Medicare to determine the allowable fee for the same or similar service in a geographic area. In some cases, the Medicare based fee schedule will not be used and the maximum reimbursable charge for covered services is based on the lesser of the health care professional's normal charge for a similar service or a percentile (80th) of charges made by health care professionals of such service or supply in the geographic area where it is received. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used. Out-of-network services are subject to a Calendar Year deductible and maximum reimbursable charge limitations.

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the In-Network cost-sharing level as required by applicable state or federal law if services are received from a non-participating (Out-of-Network) provider.
2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Medicare Coordination

In accordance with the Social Security Act of 1965, this plan will pay Secondary to Medicare Part A and B as follows:

- (a) a former Employee such as a retiree, a former Disabled Employee, a former Employee's Dependent Spouse and/or Dependent Child(ren), including a former Employee's Domestic Partner, or a COBRA continuant (whose insurance is continued for any reason), and who is also eligible for Medicare due to age or disability;
- (b) an Employee's Domestic Partner who is also eligible for Medicare due to age;
- (c) an Employee, a former Employee, an Employee's or former Employee's Dependent Spouse and/or Dependent Child(ren), an Employee's Dependent, including a Domestic Partner, who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months.

When a person is eligible for Medicare A and B as described above, this plan will pay as the Secondary Plan to Medicare Part A and B **regardless if the person is actually enrolled in Medicare Part A and/or Part B and regardless if the person seeks care at a Medicare Provider or not for Medicare covered services.**

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

One Guide

Available by phone or through myCigna mobile application. One Guide helps you navigate the health care system and make the most of your health benefits and programs.

Additional Information

Premium Personal Health Team

The Premium Personal Health Team is a designated and integrated service delivery approach using a one health advocate model. Core functions include:

- Case Management - Short term and complex
- Inpatient Advocacy
- Pre Admission Outreach
- Post Discharge Outreach
- 24 hour Health Information Line Outreach

Care Facility - N/A

Team Number - [Input Client Specific number or remove this line if not applicable]

Program Name - [Input Client Specific name or remove this line if not applicable]

Program Title - [Input Client Specific title or remove this line if not applicable]

Pre-Certification - Continued Stay Review - Preferred Care Management Inpatient - required for all inpatient admissions

In-Network: Coordinated by your physician

Out-of-Network: Customer is responsible for contacting Cigna Healthcare. Subject to penalty/reduction or denial for non-compliance.

- \$750 penalty applied to hospital inpatient charges for failure to contact Cigna Healthcare to precertify admission.
- Benefits are denied for any admission reviewed by Cigna Healthcare and not certified.
- Benefits are denied for any additional days not certified by Cigna Healthcare.

Pre-Certification - Preferred Care Management Outpatient Prior Authorization - required for selected outpatient procedures and diagnostic testing

In-Network: Coordinated by your physician

Out-of-Network: Customer is responsible for contacting Cigna Healthcare. Subject to penalty/reduction or denial for non-compliance.

- \$750 penalty applied to outpatient procedures/diagnostic testing charges for failure to contact Cigna Healthcare and to precertify admission.
- Benefits are denied for any outpatient procedures/diagnostic testing reviewed by Cigna Healthcare and not certified.

Pre-Existing Condition Limitation (PCL) does not apply.

Treatment Decision Support

Treatment decision support for common health conditions. Cigna health advocates provide unbiased information and education on treatment options for common health conditions, including: back pain, coronary artery disease, osteoarthritis of the hip and knee, benign uterine conditions, breast cancer and prostate cancer.

Included

Well-Being Solution: Core Plus

- Health assessment
- Device/app integration
- Personalized online content and data-driven actions
- Social connections/challenges
- Incentive administration

01/01/2025

Additional Information

Your Health First - 200

Individuals with one or more of the chronic conditions, identified on the right, may be eligible to receive the following type of support:

- Condition Management
- Medication adherence
- Risk factor management
- Lifestyle issues
- Health & Wellness issues
- Pre/post-admission
- Treatment decision support
- Gaps in care

Holistic health support for the following chronic health conditions:

- Heart Disease
- Coronary Artery Disease
- Angina
- Congestive Heart Failure
- Acute Myocardial Infarction
- Peripheral Arterial Disease
- Asthma
- Chronic Obstructive Pulmonary Disease (Emphysema and Chronic Bronchitis)
- Diabetes Type 1
- Diabetes Type 2
- Metabolic Syndrome/Weight Complications
- Osteoarthritis
- Low Back Pain
- Anxiety
- Bipolar Disorder
- Depression

Definitions

Coinsurance - After you've reached your deductible, you and your plan share some of your medical costs. The portion of covered expenses you are responsible for is called Coinsurance.

Copay - A flat fee you pay for certain covered services such as doctor's visits or prescriptions.

Deductible - A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

Out-of-Pocket Maximum - Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the "Maximum Reimbursable Charges" or negotiated fees for covered services.

Place of Service - Your plan pays based on where you receive services. For example, for hospital stays, your coverage is paid at the inpatient level.

Prescription Drug List - The list of prescription brand and generic drugs covered by your pharmacy plan.

Professional Services - Services performed by Surgeons, Assistant Surgeons, Hospital Based Physicians, Radiologists, Pathologists and Anesthesiologists

Transition of Care - Provides in-network health coverage to new customers when the customer's doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

Exclusions

What's Not Covered (not all-inclusive):

Your plan provides for most medically necessary services. The complete list of exclusions is provided in your Certificate or Summary Plan Description. To the extent there may be differences, the terms of the Certificate or Summary Plan Description control. Examples of things your plan does not cover, unless required by law or covered under the pharmacy benefit, include (but aren't limited to):

- Care for health conditions that are required by state or local law to be treated in a public facility.
- Care required by state or federal law to be supplied by a public school system or school district.
- Care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.

01/01/2025

ASO

Open Access Plus - Baseline

Exclusions

- Treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- Charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider or Pharmacy is or has waived, reduced, or forgiven any portion of its charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Covered Expense (as shown on The Schedule) without Cigna's express consent, then Cigna in its sole discretion shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.
- Charges arising out of or relating to any violation of a healthcare-related state or federal law or which themselves are a violation of a healthcare-related state or federal law.
- Assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.
- For or in connection with experimental, investigational or unproven services.
- Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance use disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or devices that are determined by the utilization review Physician to be:
 - not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed;
 - not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;
 - the subject of review or approval by an Institutional Review Board for the proposed use except as provided in the "Clinical Trials" sections of this plan; or
 - the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the "Clinical Trials" sections of this plan.

In determining whether any such technologies, supplies, treatments, drug or Biologic therapies or devices are experimental, investigational and/or unproven, the utilization review Physician may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.

- Cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem.
- The following services are excluded from coverage regardless of clinical indications: macromastia or gynecomastia surgeries; surgical treatment of varicose veins; abdominoplasty; panniculectomy; rhinoplasty; blepharoplasty; redundant skin surgery; removal of skin tags; acupressure; craniosacral/cranial therapy; dance therapy; movement therapy; applied kinesiology; rolfing; prolotherapy; and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions.
- Surgical or non-surgical treatment of TMJ disorders.
- Dental treatment of the teeth, gums or structures directly supporting the teeth, including dental X-rays, examinations, repairs, orthodontics, periodontics, casts, splints and services for dental malocclusion, for any condition. Charges made for services or supplies provided for or in connection with an accidental Injury to teeth are covered provided a continuous course of dental treatment is started within six months of an accident.
- For medical and surgical services, initial and repeat, intended for the treatment or control of obesity including clinically severe (morbid) obesity, including:

01/01/2025

ASO

Open Access Plus - Baseline

Exclusions

medical and surgical services to alter appearance or physical changes that are the result of any surgery performed for the management of obesity or clinically severe (morbid) obesity; and weight loss programs or treatments, whether prescribed or recommended by a Physician or under medical supervision.

- Unless otherwise covered in this plan, for reports, evaluations, physical examinations, or hospitalization not required for health reasons including, but not limited to, employment, insurance or government licenses, and court-ordered, forensic or custodial evaluations.
- Court-ordered treatment or hospitalization, unless such treatment is prescribed by a Physician and listed as covered in this plan.
- Infertility services including infertility drugs, surgical or medical treatment programs for infertility, including in vitro fertilization, gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), variations of these procedures, and any costs associated with the collection, washing, preparation or storage of sperm for artificial insemination (including donor fees). Cryopreservation of donor sperm and eggs is also excluded from coverage.
- Reversal of male or female voluntary sterilization procedures.
- Any medications, drugs, services or supplies for the treatment of male or female sexual dysfunction such as, but not limited to, treatment of erectile dysfunction (including penile implants), anorgasm, and premature ejaculation.
- Medical and Hospital care and costs for the infant child of a Dependent, unless this infant child is otherwise eligible under this plan.
- Non-medical counseling and/or ancillary services including, but not limited to, Custodial Services, educational services, vocational counseling, training and rehabilitation services, behavioral training, biofeedback, neurofeedback, hypnosis, sleep therapy, return to work services, work hardening programs and driver safety courses.
- Therapy or treatment intended primarily to improve or maintain general physical condition or for the purpose of enhancing job, school, athletic or recreational performance, including but not limited to routine, long term, or maintenance care which is provided after the resolution of the acute medical problem and when significant therapeutic improvement is not expected.
- Consumable medical supplies other than ostomy supplies and urinary catheters. Excluded supplies include, but are not limited to bandages and other disposable medical supplies, skin preparations and test strips, except as specified in the "Home Health Services" or "Breast Reconstruction and Breast Prostheses" sections of this plan.
- Private Hospital rooms and/or private duty nursing except as provided under the Home Health Services provision.
- Personal or comfort items such as personal care kits provided on admission to a Hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of an Injury or Sickness.
- Artificial aids including, but not limited to, corrective orthopedic shoes, arch supports, elastic stockings, garter belts, corsets, dentures and wigs.
- Hearing aids, including but not limited to semi-implantable hearing devices, audiant bone conductors and Bone Anchored Hearing Aids (BAHAs). A hearing aid is any device that amplifies sound.
- Aids or devices that assist with non-verbal communications, including but not limited to communication boards, pre-recorded speech devices, laptop computers, desktop computers, Personal Digital Assistants (PDAs), Braille typewriters, visual alert systems for the deaf and memory books.
- Eyeglass lenses and frames and contact lenses (except for the first pair of contact lenses for treatment of keratoconus or post cataract surgery).
- Routine refractions, eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.
- Treatment by acupuncture.
- All non-injectable prescription drugs, unless Physician administration or oversight is required, injectable prescription drugs to the extent they do not require Physician supervision and are typically considered self-administered drugs, non-prescription drugs, and investigational and experimental drugs, except as provided in this plan.
- Routine foot care, including the paring and removing of corns and calluses or trimming of nails. However, services associated with foot care for diabetes and peripheral vascular disease are covered when Medically Necessary.
- Membership costs or fees associated with health clubs, weight loss programs and smoking cessation programs.
- Genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.

01/01/2025

ASO

Open Access Plus - Baseline

Exclusions

- Dental implants for any condition.
- Fees associated with the collection or donation of blood or blood products, except for autologous donation in anticipation of scheduled services where in the utilization review Physician's opinion the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
- Blood administration for the purpose of general improvement in physical condition.
- Cost of biologicals that are immunizations or medications for the purpose of travel, or to protect against occupational hazards and risks.
- Cosmetics, dietary supplements and health and beauty aids.
- All nutritional supplements and formulae except for infant formula needed for the treatment of inborn errors of metabolism.
- For or in connection with an Injury or Sickness arising out of, or in the course of, any employment for wage or profit.
- Charges for the delivery of medical and health-related services via telecommunications technologies, including telephone and internet, unless provided as specifically described under Covered Expenses.
- Massage therapy.

These are only the highlights

This summary outlines the highlights of your plan. For a complete list of both covered and not covered services, including benefits required by your state, see your employer's insurance certificate, service agreement or summary plan description -- the official plan documents. If there are any differences between this summary and the plan documents, the information in the plan documents takes precedence.

Cigna Healthcare products and services are provided exclusively by or through operating subsidiaries of The Cigna Group, including Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, Evernorth Behavioral Health, Inc., Evernorth Care Solutions, Inc. and HMO or service company subsidiaries of Cigna Health Corporation.

BENEFIT SUMMARY

Administered by - Cigna Health and Life Insurance Co.
For - City of Gainesville
Open Access Plus Plan
Baseline
Effective - 01/01/2025

Selection of a Primary Care Provider - your plan may require or allow the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. If your plan requires designation of a primary care provider, Cigna may designate one for you until you make this designation. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card. For children, you may designate a pediatrician as the primary care provider.

Direct Access to Obstetricians and Gynecologists - You do not need prior authorization from the plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit www.mycigna.com or contact customer service at the phone number listed on the back of your ID card.

Plan Highlights	In-Network	Out-of-Network
Lifetime Maximum	Unlimited	Unlimited
Plan Year Accumulation	Your Plan's Deductibles, Out-of-Pockets and benefit level limits accumulate on a calendar year basis unless otherwise stated. In addition, all plan maximums and service-specific maximums (dollar and occurrence) cross-accumulate between In- and Out-of-Network unless otherwise noted.	
Plan Coinsurance	Plan pays 80%	Plan pays 60%
Maximum Reimbursable Charge	Not Applicable	110%
Plan Deductible	Individual: \$600 Family: \$1,200	Individual: \$600 Family: \$1,200
<ul style="list-style-type: none"> The amount you pay for all covered expenses counts toward both your in-network and out-of-network deductibles. Benefit copays/deductibles always apply before plan deductible and coinsurance. Family members meet only their individual deductible and then their claims will be covered under the plan coinsurance; if the family deductible has been met prior to their individual deductible being met, their claims will be paid at the plan coinsurance. <p>Note: Services where plan deductible applies are noted with a caret (^).</p>

Plan Highlights	In-Network	Out-of-Network
Plan Out-of-Pocket Maximum	Individual: \$4,500 Family: \$7,500	Individual: \$5,000 Family: \$10,000
<ul style="list-style-type: none"> The amount you pay for all covered expenses counts towards both your in-network and out-of-network out-of-pocket maximums. Plan deductible contributes towards your out-of-pocket maximum. All benefit copays/deductibles contribute towards your out-of-pocket maximum. Covered expenses that count towards your out-of-pocket maximum include customer paid coinsurance and charges for Mental Health and Substance Use Disorder. Out-of-network non-compliance penalties or charges in excess of Maximum Reimbursable Charge do not contribute towards the out-of-pocket maximum. After each eligible family member meets his or her individual out-of-pocket maximum, the plan will pay 100% of their covered expenses. Or, after the family out-of-pocket maximum has been met, the plan will pay 100% of each eligible family member's covered expenses. This plan includes a combined Medical/Pharmacy out-of-pocket maximum.

Note: Services where plan deductible applies are noted with a caret (^). Benefit copays/deductibles always apply before plan deductible.

Annual Limits:

- Unlimited maximum

Notes:

- Inpatient includes Acute Inpatient and Residential Treatment.
- Outpatient - Physician's Office and MDLIVE Behavioral Services - may include Individual, family and group therapy, psychotherapy, medication management, etc.
- Outpatient - All Other Services - may include Partial Hospitalization, Intensive Outpatient Services, Applied Behavior Analysis (ABA Therapy), etc.
- Services are paid at 100% after you reach your out-of-pocket maximum.

Important Note on Mental Health and Substance Use Disorder Coverage: Covered medical services listed above, which are received to diagnose or treat a Mental Health or Substance Use Disorder condition will be payable according to this section titled "Mental Health and Substance Use Disorder."

Mental Health/Substance Use Disorder Utilization Review, Case Management and Programs**Cigna Total Behavioral Health - Inpatient and Outpatient Management**

- Inpatient utilization review and case management
- Outpatient utilization review and case management
- Partial Hospitalization
- Intensive outpatient programs
- Changing Lives by Integrating Mind and Body Program
- Lifestyle Management Programs: Stress Management, Tobacco Cessation and Weight Management.
- Narcotic Therapy Management
- inMyndSM program - a comprehensive, holistic solution to help recognize and find resources to treat behavioral health conditions.

Pharmacy**In-Network****Cost Share and Supply****Cigna Pharmacy Cost Share**

- Retail – up to 90-day supply (except Specialty up to 30-day supply)
- Home Delivery – up to 90-day supply (except Specialty up to 30-day supply)
- Generic specialty medications are covered at Generic cost share

Retail (per 30-day supply):

Generic: You pay \$10
 Preferred Brand: You pay \$50
 Non-Preferred Brand: You pay \$80

Retail and Home Delivery (per 30-day supply):

Specialty: You pay \$160

Retail and Home Delivery (per 90-day supply):

Generic: You pay \$20
 Preferred Brand: You pay \$100
 Non-Preferred Brand: You pay \$160

Pharmacy

In-Network

- Retail drugs may be obtained In-Network at a wide range of pharmacies across the nation.
- You can choose to fill your medications in a 30- or 90-day supply at any network pharmacy.
- This plan will not cover out-of-network pharmacy benefits.
- Specialty medications are used to treat an underlying disease which is considered to be rare and chronic including, but not limited to, multiple sclerosis, hepatitis C or rheumatoid arthritis. Specialty Drugs may include high cost medications as well as medications that may require special handling and close supervision when being administered.
- When patient requests brand drug, patient pays the brand cost share plus the cost difference between the brand and generic drugs up to the cost of the brand drug (unless the physician indicates "Dispense As Written" DAW).
- Pharmacist will dispense the brand medication, and the patient will pay the generic cost share, when the medication is part of the Brand-for-Generic Substitution Program (DAW9).
- Exclusive specialty home delivery: Specialty medications must be filled through home delivery; otherwise you pay the entire cost of the prescription upon your first fill. Some exceptions may apply.
- **SaveOn Specialty Program:** Certain specialty pharmacy drugs may be considered non-essential health benefits and may fall outside of the deductible and out of pocket limits. All drugs in this program are potentially subject to a higher cost share than amounts set forth above. If you participate in the program, cost share may be paid through a manufacturer copay assistance program and your out of pocket cost may be reduced to \$0. If you do not participate in the program, then you will be responsible for the payment of the cost share for these medications and payment will not be applied towards your deductible and out of pocket maximums. See your plan documents for more specific information.
- Your pharmacy benefits share an out-of-pocket maximum with the medical/behavioral benefits.
- If you receive a supply of 34 days or less at home delivery, the home delivery pharmacy cost share will be adjusted to reflect a 30-day supply.

Pharmacy Deductible

- The Pharmacy plan deductible does not apply to the following:
Retail Generic, Home Delivery Generic

Individual: \$300
Family: \$300

Drugs Covered

Prescription Drug List: Your National Preferred Prescription Drug List includes a full range of drugs including all those required under applicable health care laws. To check which drugs are included in your plan, please log on to myCigna.com. Some highlights:

- Self Administered injectables are covered.
- Contraceptive devices and drugs are covered with federally required products covered at 100%.
- Insulin, glucose test strips, lancets, insulin needles & syringes, insulin pens and cartridges are covered.
- Prescription smoking cessation drugs are covered.

Pharmacy Program Information

Pharmacy Clinical Management: Essential for NPF

Your plan features drug management programs and edits to ensure safe prescribing, and access to medications proven to be the most reliable and cost effective for the medical condition, including:

- Prior authorization requirements
- Step Therapy on select classes of medications and drugs new to the market
- Quantity limits, including maximum daily dose edits, quantity over time edits, duration of therapy edits, and dose optimization edits
- Age edits, and refill-too-soon edits
- Plan exclusion edits
- Your plan includes Specialty Drug Management features, such as prior authorization and quantity limits, to ensure the safe prescribing and access to specialty medications.
- For customers with complex conditions taking a specialty medication, we will offer Accredo Therapeutic Resource Centers (TRCs) to provide specialty medication and condition counseling. For customers taking a specialty medication not dispensed by Accredo, Cigna experts will offer this important specialty medication and condition counseling.

Patient Assurance Program

Your plan includes the Patient Assurance Program, which waives the deductible and reduces the amount you owe for certain medications used to treat chronic conditions included in the program. Additionally:

- Any amount you pay for these medications only count toward meeting your out-of-pocket maximum.
- Any discount provided by a pharmaceutical manufacturer for these medications only count toward meeting your out-of-pocket maximum.

Additional Information

Case Management

Coordinated by Cigna HealthCare. This is a service designated to provide assistance to a patient who is at risk of developing medical complexities or for whom a health incident has precipitated a need for rehabilitation or additional health care support. The program strives to attain a balance between quality and cost effective care while maximizing the patient's quality of life.

Cigna Diabetes Prevention Program in collaboration with Omada

Cigna Diabetes Prevention Program in collaboration with Omada is a program to help you avoid the onset of diabetes, as well as health risks that might lead to heart disease or a stroke. The program is covered by your health plan at the preventive level, just like for your wellness visit. Program participants have access to a professional virtual health coach, an online support group, interactive lessons, and a smart-technology scale. The program will help you make small changes in your eating, activity, sleep, and stress to achieve healthy weight loss through a series of 16 weekly lessons and tools to help you maintain weight loss over time. You will also be offered the opportunity to join a gym for a low monthly fee and no enrollment fee.

Additional Information

Maximum Reimbursable Charge

The allowable covered expense for non-network services is based on the lesser of the health care professional's normal charge for a similar service or a percentage of a fee schedule (110%) developed by Cigna that is based on a methodology similar to one used by Medicare to determine the allowable fee for the same or similar service in a geographic area. In some cases, the Medicare based fee schedule will not be used and the maximum reimbursable charge for covered services is based on the lesser of the health care professional's normal charge for a similar service or a percentile (80th) of charges made by health care professionals of such service or supply in the geographic area where it is received. If sufficient charge data is unavailable in the database for that geographic area to determine the Maximum Reimbursable Charge, then data in the database for similar services may be used. Out-of-network services are subject to a Calendar Year deductible and maximum reimbursable charge limitations.

Out-of-Network Emergency Services Charges

1. Emergency Services are covered at the In-Network cost-sharing level as required by applicable state or federal law if services are received from a non-participating (Out-of-Network) provider.
2. The allowable amount used to determine the Plan's benefit payment for covered Emergency Services rendered in an Out-of-Network Hospital, or by an Out-of-Network provider in an In-Network Hospital, is the amount agreed to by the Out-of-Network provider and Cigna, or as required by applicable state or federal law.

The member is responsible for applicable In-Network cost-sharing amounts (any deductible, copay or coinsurance). The member is not responsible for any charges that may be made in excess of the allowable amount. If the Out-of-Network provider bills you for an amount higher than the amount you owe as indicated on the Explanation of Benefits (EOB), contact Cigna Customer Service at the phone number on your ID card.

Medicare Coordination

In accordance with the Social Security Act of 1965, this plan will pay Secondary to Medicare Part A and B as follows:

- (a) a former Employee such as a retiree, a former Disabled Employee, a former Employee's Dependent Spouse and/or Dependent Child(ren), including a former Employee's Domestic Partner, or a COBRA continuant (whose insurance is continued for any reason), and who is also eligible for Medicare due to age or disability;
- (b) an Employee's Domestic Partner who is also eligible for Medicare due to age;
- (c) an Employee, a former Employee, an Employee's or former Employee's Dependent Spouse and/or Dependent Child(ren), an Employee's Dependent, including a Domestic Partner, who is eligible for Medicare due to End Stage Renal Disease after that person has been eligible for Medicare for 30 months.

When a person is eligible for Medicare A and B as described above, this plan will pay as the Secondary Plan to Medicare Part A and B **regardless if the person is actually enrolled in Medicare Part A and/or Part B and regardless if the person seeks care at a Medicare Provider or not for Medicare covered services.**

Multiple Surgical Reduction

Multiple surgeries performed during one operating session result in payment reduction of 50% to the surgery of lesser charge. The most expensive procedure is paid as any other surgery.

One Guide

Available by phone or through myCigna mobile application. One Guide helps you navigate the health care system and make the most of your health benefits and programs.

Additional Information

Premium Personal Health Team

The Premium Personal Health Team is a designated and integrated service delivery approach using a one health advocate model. Core functions include:

- Case Management - Short term and complex
- Inpatient Advocacy
- Pre Admission Outreach
- Post Discharge Outreach
- 24 hour Health Information Line Outreach

Care Facility - N/A

Team Number - [Input Client Specific number or remove this line if not applicable]

Program Name - [Input Client Specific name or remove this line if not applicable]

Program Title - [Input Client Specific title or remove this line if not applicable]

Pre-Certification - Continued Stay Review - Preferred Care Management Inpatient - required for all inpatient admissions

In-Network: Coordinated by your physician

Out-of-Network: Customer is responsible for contacting Cigna Healthcare. Subject to penalty/reduction or denial for non-compliance.

- \$750 penalty applied to hospital inpatient charges for failure to contact Cigna Healthcare to precertify admission.
- Benefits are denied for any admission reviewed by Cigna Healthcare and not certified.
- Benefits are denied for any additional days not certified by Cigna Healthcare.

Pre-Certification - Preferred Care Management Outpatient Prior Authorization - required for selected outpatient procedures and diagnostic testing

In-Network: Coordinated by your physician

Out-of-Network: Customer is responsible for contacting Cigna Healthcare. Subject to penalty/reduction or denial for non-compliance.

- \$750 penalty applied to outpatient procedures/diagnostic testing charges for failure to contact Cigna Healthcare and to precertify admission.
- Benefits are denied for any outpatient procedures/diagnostic testing reviewed by Cigna Healthcare and not certified.

Pre-Existing Condition Limitation (PCL) does not apply.

Treatment Decision Support

Treatment decision support for common health conditions. Cigna health advocates provide unbiased information and education on treatment options for common health conditions, including: back pain, coronary artery disease, osteoarthritis of the hip and knee, benign uterine conditions, breast cancer and prostate cancer.

Included

Well-Being Solution: Core Plus

- Health assessment
- Device/app integration
- Personalized online content and data-driven actions
- Social connections/challenges
- Incentive administration

Additional Information

Your Health First - 200

Individuals with one or more of the chronic conditions, identified on the right, may be eligible to receive the following type of support:

- Condition Management
- Medication adherence
- Risk factor management
- Lifestyle issues
- Health & Wellness issues
- Pre/post-admission
- Treatment decision support
- Gaps in care

Holistic health support for the following chronic health conditions:

- Heart Disease
- Coronary Artery Disease
- Angina
- Congestive Heart Failure
- Acute Myocardial Infarction
- Peripheral Arterial Disease
- Asthma
- Chronic Obstructive Pulmonary Disease (Emphysema and Chronic Bronchitis)
- Diabetes Type 1
- Diabetes Type 2
- Metabolic Syndrome/Weight Complications
- Osteoarthritis
- Low Back Pain
- Anxiety
- Bipolar Disorder
- Depression

Definitions

Coinsurance - After you've reached your deductible, you and your plan share some of your medical costs. The portion of covered expenses you are responsible for is called Coinsurance.

Copay - A flat fee you pay for certain covered services such as doctor's visits or prescriptions.

Deductible - A flat dollar amount you must pay out of your own pocket before your plan begins to pay for covered services.

Out-of-Pocket Maximum - Specific limits for the total amount you will pay out of your own pocket before your plan coinsurance percentage no longer applies. Once you meet these maximums, your plan then pays 100 percent of the "Maximum Reimbursable Charges" or negotiated fees for covered services.

Place of Service - Your plan pays based on where you receive services. For example, for hospital stays, your coverage is paid at the inpatient level.

Prescription Drug List - The list of prescription brand and generic drugs covered by your pharmacy plan.

Professional Services - Services performed by Surgeons, Assistant Surgeons, Hospital Based Physicians, Radiologists, Pathologists and Anesthesiologists

Transition of Care - Provides in-network health coverage to new customers when the customer's doctor is not part of the Cigna network and there are approved clinical reasons why the customer should continue to see the same doctor.

Exclusions

What's Not Covered (not all-inclusive):

Your plan provides for most medically necessary services. The complete list of exclusions is provided in your Certificate or Summary Plan Description. To the extent there may be differences, the terms of the Certificate or Summary Plan Description control. Examples of things your plan does not cover, unless required by law or covered under the pharmacy benefit, include (but aren't limited to):

- Care for health conditions that are required by state or local law to be treated in a public facility.
- Care required by state or federal law to be supplied by a public school system or school district.
- Care for military service disabilities treatable through governmental services if you are legally entitled to such treatment and facilities are reasonably available.

01/01/2025

ASO

Open Access Plus - Baseline

Exclusions

- Treatment of an Injury or Sickness which is due to war, declared, or undeclared.
- Charges which you are not obligated to pay or for which you are not billed or for which you would not have been billed except that they were covered under this plan. For example, if Cigna determines that a provider or Pharmacy is or has waived, reduced, or forgiven any portion of its charges and/or any portion of Copayment, Deductible, and/or Coinsurance amount(s) you are required to pay for a Covered Expense (as shown on The Schedule) without Cigna's express consent, then Cigna in its sole discretion shall have the right to deny the payment of benefits in connection with the Covered Expense, or reduce the benefits in proportion to the amount of the Copayment, Deductible, and/or Coinsurance amounts waived, forgiven or reduced, regardless of whether the provider or Pharmacy represents that you remain responsible for any amounts that your plan does not cover. In the exercise of that discretion, Cigna shall have the right to require you to provide proof sufficient to Cigna that you have made your required cost share payment(s) prior to the payment of any benefits by Cigna. This exclusion includes, but is not limited to, charges of a non-Participating Provider who has agreed to charge you or charged you at an In-Network benefits level or some other benefits level not otherwise applicable to the services received.
- Charges arising out of or relating to any violation of a healthcare-related state or federal law or which themselves are a violation of a healthcare-related state or federal law.
- Assistance in the activities of daily living, including but not limited to eating, bathing, dressing or other Custodial Services or self-care activities, homemaker services and services primarily for rest, domiciliary or convalescent care.
- For or in connection with experimental, investigational or unproven services.
- Experimental, investigational and unproven services are medical, surgical, diagnostic, psychiatric, substance use disorder or other health care technologies, supplies, treatments, procedures, drug or Biologic therapies or devices that are determined by the utilization review Physician to be:
 - not approved by the U.S. Food and Drug Administration (FDA) or other appropriate regulatory agency to be lawfully marketed;
 - not demonstrated, through existing peer-reviewed, evidence-based, scientific literature to be safe and effective for treating or diagnosing the condition or Sickness for which its use is proposed;
 - the subject of review or approval by an Institutional Review Board for the proposed use except as provided in the "Clinical Trials" sections of this plan; or
 - the subject of an ongoing phase I, II or III clinical trial, except for routine patient care costs related to qualified clinical trials as provided in the "Clinical Trials" sections of this plan.

In determining whether any such technologies, supplies, treatments, drug or Biologic therapies or devices are experimental, investigational and/or unproven, the utilization review Physician may rely on the clinical coverage policies maintained by Cigna or the Review Organization. Clinical coverage policies may incorporate, without limitation and as applicable, criteria relating to U.S. Food and Drug Administration-approved labeling, the standard medical reference compendia and peer-reviewed, evidence-based scientific literature or guidelines.

- Cosmetic surgery and therapies. Cosmetic surgery or therapy is defined as surgery or therapy performed to improve or alter appearance or self-esteem.
- The following services are excluded from coverage regardless of clinical indications: macromastia or gynecomastia surgeries; surgical treatment of varicose veins; abdominoplasty; panniculectomy; rhinoplasty; blepharoplasty; redundant skin surgery; removal of skin tags; acupressure; craniosacral/cranial therapy; dance therapy; movement therapy; applied kinesiology; rolfing; prolotherapy; and extracorporeal shock wave lithotripsy (ESWL) for musculoskeletal and orthopedic conditions.
- Surgical or non-surgical treatment of TMJ disorders.
- Dental treatment of the teeth, gums or structures directly supporting the teeth, including dental X-rays, examinations, repairs, orthodontics, periodontics, casts, splints and services for dental malocclusion, for any condition. Charges made for services or supplies provided for or in connection with an accidental Injury to teeth are covered provided a continuous course of dental treatment is started within six months of an accident.
- For medical and surgical services, initial and repeat, intended for the treatment or control of obesity including clinically severe (morbid) obesity, including:

01/01/2025

ASO

Open Access Plus - Baseline

Exclusions

medical and surgical services to alter appearance or physical changes that are the result of any surgery performed for the management of obesity or clinically severe (morbid) obesity; and weight loss programs or treatments, whether prescribed or recommended by a Physician or under medical supervision.

- Unless otherwise covered in this plan, for reports, evaluations, physical examinations, or hospitalization not required for health reasons including, but not limited to, employment, insurance or government licenses, and court-ordered, forensic or custodial evaluations.
- Court-ordered treatment or hospitalization, unless such treatment is prescribed by a Physician and listed as covered in this plan.
- Infertility services including infertility drugs, surgical or medical treatment programs for infertility, including in vitro fertilization, gamete intrafallopian transfer (GIFT), zygote intrafallopian transfer (ZIFT), variations of these procedures, and any costs associated with the collection, washing, preparation or storage of sperm for artificial insemination (including donor fees). Cryopreservation of donor sperm and eggs is also excluded from coverage.
- Reversal of male or female voluntary sterilization procedures.
- Any medications, drugs, services or supplies for the treatment of male or female sexual dysfunction such as, but not limited to, treatment of erectile dysfunction (including penile implants), anorgasm, and premature ejaculation.
- Medical and Hospital care and costs for the infant child of a Dependent, unless this infant child is otherwise eligible under this plan.
- Non-medical counseling and/or ancillary services including, but not limited to, Custodial Services, educational services, vocational counseling, training and rehabilitation services, behavioral training, biofeedback, neurofeedback, hypnosis, sleep therapy, return to work services, work hardening programs and driver safety courses.
- Therapy or treatment intended primarily to improve or maintain general physical condition or for the purpose of enhancing job, school, athletic or recreational performance, including but not limited to routine, long term, or maintenance care which is provided after the resolution of the acute medical problem and when significant therapeutic improvement is not expected.
- Consumable medical supplies other than ostomy supplies and urinary catheters. Excluded supplies include, but are not limited to bandages and other disposable medical supplies, skin preparations and test strips, except as specified in the "Home Health Services" or "Breast Reconstruction and Breast Prostheses" sections of this plan.
- Private Hospital rooms and/or private duty nursing except as provided under the Home Health Services provision.
- Personal or comfort items such as personal care kits provided on admission to a Hospital, television, telephone, newborn infant photographs, complimentary meals, birth announcements, and other articles which are not for the specific treatment of an Injury or Sickness.
- Artificial aids including, but not limited to, corrective orthopedic shoes, arch supports, elastic stockings, garter belts, corsets, dentures and wigs.
- Hearing aids, including but not limited to semi-implantable hearing devices, audiant bone conductors and Bone Anchored Hearing Aids (BAHAs). A hearing aid is any device that amplifies sound.
- Aids or devices that assist with non-verbal communications, including but not limited to communication boards, pre-recorded speech devices, laptop computers, desktop computers, Personal Digital Assistants (PDAs), Braille typewriters, visual alert systems for the deaf and memory books.
- Eyeglass lenses and frames and contact lenses (except for the first pair of contact lenses for treatment of keratoconus or post cataract surgery).
- Routine refractions, eye exercises and surgical treatment for the correction of a refractive error, including radial keratotomy.
- Treatment by acupuncture.
- All non-injectable prescription drugs, unless Physician administration or oversight is required, injectable prescription drugs to the extent they do not require Physician supervision and are typically considered self-administered drugs, non-prescription drugs, and investigational and experimental drugs, except as provided in this plan.
- Routine foot care, including the paring and removing of corns and calluses or trimming of nails. However, services associated with foot care for diabetes and peripheral vascular disease are covered when Medically Necessary.
- Membership costs or fees associated with health clubs, weight loss programs and smoking cessation programs.
- Genetic screening or pre-implantations genetic screening. General population-based genetic screening is a testing method performed in the absence of any symptoms or any significant, proven risk factors for genetically linked inheritable disease.

01/01/2025

ASO

Open Access Plus - Baseline

Exclusions

- Dental implants for any condition.
- Fees associated with the collection or donation of blood or blood products, except for autologous donation in anticipation of scheduled services where in the utilization review Physician's opinion the likelihood of excess blood loss is such that transfusion is an expected adjunct to surgery.
- Blood administration for the purpose of general improvement in physical condition.
- Cost of biologicals that are immunizations or medications for the purpose of travel, or to protect against occupational hazards and risks.
- Cosmetics, dietary supplements and health and beauty aids.
- All nutritional supplements and formulae except for infant formula needed for the treatment of inborn errors of metabolism.
- For or in connection with an Injury or Sickness arising out of, or in the course of, any employment for wage or profit.
- Charges for the delivery of medical and health-related services via telecommunications technologies, including telephone and internet, unless provided as specifically described under Covered Expenses.
- Massage therapy.

These are only the highlights

This summary outlines the highlights of your plan. For a complete list of both covered and not covered services, including benefits required by your state, see your employer's insurance certificate, service agreement or summary plan description -- the official plan documents. If there are any differences between this summary and the plan documents, the information in the plan documents takes precedence.

Cigna Healthcare products and services are provided exclusively by or through operating subsidiaries of The Cigna Group, including Cigna Health and Life Insurance Company, Connecticut General Life Insurance Company, Evernorth Behavioral Health, Inc., Evernorth Care Solutions, Inc. and HMO or service company subsidiaries of Cigna Health Corporation.

EHB State: FL

Discrimination is against the law.

Medical coverage

Cigna Healthcare complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Cigna Healthcare does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Cigna Healthcare:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact customer service at the toll-free number shown on your ID card, and ask a Customer Service Associate for assistance.

7 FL, PENSACOLA	11,773	67.1%
All Other Sites	38,870	60.8%

Summary

To affirm Cigna's commitment to maintaining competitive market discounts, outlined below is a discount guarantee for 2025.

Cigna is guaranteeing the individual Service Area Discounts with an illustrative weighted average of 63.5% with a 2.0% corridor and a maximum of \$8.00 per employee per month at risk (estimated \$184,800 at risk in 2025).

This proposal document outlines the performance results that Cigna is committed to delivering and associated fees at risk and does not serve as a binding agreement. If selected, Cigna will provide a Performance Guarantee Agreement.

**Illustrative as discounts are weighted based on Current Submitted Charges (\$). Final weighting will be as described in Methodology below.*

Discount Guarantee Terms

Overview:

This guarantee applies only to in-network fee-for-service claims for Covered Services that are provided:

- (i) to Participants in the following Plan(s): Open Access Plus
- (ii) by Cigna's Participating Providers
- (iii) between January 2025 and December 2025 and paid through March 2026

Methodology:

- Following the end of the Guarantee Period, Cigna shall compare a weighted average of the Actual Discounts, in each individual Service Area during the Guarantee Period to a weighted average of the Service Area Discounts Targets.
- The weight assigned to each Service Area Discount Target will be determined by dividing the total of all Covered Charges, for that Service Area during the Guarantee Period, by the total Covered Charges for all Service Areas within the same period.
- The Actual Discounts will be determined using the following formula:
Discount = 1 - (Eligible Charge / Covered Charge)

Where:

- "Covered Charge" means the claim amount charged by a Participating Provider;
- "Eligible Charge" means Covered Charge minus the discount, and
- Claims of \$100,000 or more are excluded.
- Maximum at Risk is \$8.00 PEPM

Other Terms:

- The Service Area Discount Targets are based upon a Covered Charges trend projection from an independent third party. If the projected increase in Covered Charges identified by this third party is more than 1% greater than the actual increase in Covered Charges during the Guarantee Period, Cigna may revise the Service Area Discount Targets
- Cigna reserves the right to revise or withdraw this guarantee if the average monthly enrollment in the Plan(s) to which this Guarantee applies during the Guarantee Period changes by more than 15% from the enrollment reflected in the Expected Discounts chart above.
- Repricing is required to determine if service mix and claim volume vary significantly from our book of business and employee census locations. Guarantee may be revised if repricing warrants.
- The Service Area Discount Targets are based upon Cigna's standard book of business distribution of inpatient and outpatient facility and professional Covered Charges. If the actual distribution of any category of Covered Charges varies from the standard book of business assumptions by more than 10%, Cigna may revise the Service Area Discount Targets.

Payout Schedule

Variance from Guaranteed Discount	Payout Schedule PEPM
0.00% to 2.00%	\$0.00
2.01% to 4.00%	\$4.00
>4%	\$8.00

A Disruption Analysis completed for:

Account Name: City of Gainesville
Date of Completion: 6/27/2024
Reporting Options: Option 2

Data Adequacy Analysis:

Data Elements	Number of Records provided on file(s)	% of total records
Provider Tax ID	5374	97.55%
Provider CPF ID	0	0.00%
Provider NPI	0	0.00%
Provider Name	5402	98.06%
Provider Address	5509	100.00%
Provider City	5504	99.91%
Provider State	5509	100.00%
Provider Zip	5379	97.64%
Provider Specialty	4956	89.96%
Par/Non-Par Indicator	5509	100.00%
Total Records on file	5509	

Incomplete, missing or limited data elements can impact the accuracy and limit match result capabilities.

Best results will be generated when all of the following data elements are provided:

- Cigna CPF ID – for existing Cigna accounts – must be 7 digits
- National Provider Identification (NPI) – must be 10 digits
- Provider Tax Identification Number (TIN) – must be 9 digits
- Provider Name (full first and last name) - initials or abbreviations may limit match capability
- Provider Address (number, street)
- Provider City (optional)
- Provider State
- Provider Zip Code – required for Local Plus network reporting
- Par/Non-Par indicator – indicates whether or not provider participates in the current carrier's network
- Provider Specialty (Cardiology, etc.)
- Measure of utilization (paid claims, submitted claims, number of claims, etc.)

All reasonable efforts have been used to ensure that this report is accurate based on the data and methodology used. However, Cigna does not guarantee accuracy. Results are based on a data element contract status match at the time of the analysis and is not an indication of how claims will be paid and/or processed.

If the address information provided does not reflect the actual physical practice location, it may impact match results. Geography based products depend on service location zip codes. If billing zip codes are provided instead of physical service location, your match may be understated.

Provider contract matches are run against the medical network (including any applicable behavioral network). That match is then followed by comparisons to other Cigna ancillary network arrangements (i.e., national ancillary, dental, vision, and pharmacy networks). Ancillary network matches will be identified in the Match Type column indicating where the contract is held (i.e., NPI - Pharmacy Only). Provider TIN and/or NPI are used for additional ancillary network matches. If those data elements are not provided, the ancillary network matches may be understated.

"Cigna" is a registered service mark, and the "Tree of Life" logo is a service mark, of Cigna Intellectual Property, Inc., licensed for use by Cigna Corporation and its operating subsidiaries.

All products and services are provided by or through such operating subsidiaries, including Connecticut General Life Insurance Company and Cigna Health and Life Insurance Company, and not by Cigna Corporation. © 2024 Cigna.

Medical Claim Repricing Summary

CITY OF GAINESVILLE

Purpose

The following analysis has been completed by Cigna at the request of City of Gainesville, and represents a commonly-requested means of understanding provider discounts that might be achieved by Cigna in a future policy year. We have completed this analysis on the historical medical claims for City of Gainesville. Cigna is pleased to respond to your request for a medical claim repricing analysis.

Cigna's Industry Standard Repricing Methodology

Where possible, a detailed analysis is performed by repricing individual claims against current provider-specific Cigna contracts for the products and networks being considered for that policy year. This is referred to as "Provider-specific" or "Line-by-line" repricing.

When Provider-specific repricing is impossible, usually due to data limitations, we are often able to provide discount projections on a 3 digit zip code basis for each provider in a claims extract, and refer to this as a "Zip3-level" repricing.

For both repricing methodologies, the discount is defined as one minus the ratio of allowed charges to eligible charges, where:

- Eligible charges are amounts submitted by participating providers for health care services, less charges for services not covered by the plan and claim duplicates.
- Allowed charges are the amounts payable to providers after eligible charges are reduced for contractual payment provisions. Reductions in payments due to coordination of benefits and member cost sharing are not applied to reduce the allowed amount.
- Individual claims were matched to our list of providers and the current provider-specific contract/fee schedule. Based on the procedure code and quantity of service provided, the specific allowed amount or discount percentage was applied to the billed charges, and then the discount is computed and summarized to an appropriate reporting level.

To determine if a provider was in Cigna's network, a combination of provider TIN, name, address, and zip were used. An automated algorithm was applied to do this match and any fallout was reviewed to ensure we had the best match possible. A portion of the fallout was driven by the fact that providers bill under multiple TINs.

The discounts by medical service category were determined under the following methodology:

- Inpatient – The specific provider's current contracted average discount for inpatient services was applied to the claim.
- Outpatient – The specific provider's current contracted average discount for outpatient services was applied to the claim.
- Professional – The specific provider's current contracted average discount for professional services was applied to the claim.

We used the combination of Place of Service, Type of Service/Provider, Claim Type, and/or Provider Specialty to separate into the respective service type categories.

In rare situations we are unable to reprice using provider specific discounts/contracted rates, Cigna book of business zip 3 discounts are applied based on the zip code and major service category of the claim line.

Exclusions

We did not reprice the following types of claims:

- Dental, Pharmacy, and Vision – only medical claims were repriced
- Anesthesia and Transportation/Ambulance where the par status of the provider cannot be determined
- Claims where the par status of the provider cannot be determined
- Claims where the geography and/or type of service could not be determined
- Based on the methodology employed, various data limitations can cause a claim line to be excluded

Repricing Limitations

Cigna makes no guarantee of the impact of the actual financial results in this repricing analysis. There are a number of factors, many of which are discussed in this report, which could cause the actual financial results to vary from the results presented in our analysis. However, when appropriate, Cigna is willing to provide a guarantee. Please contact your Sales and Under-writing partners for additional detail.

Also, a Repricing analysis does not constitute, nor replace, a Provider Disruption analysis. Data quality and methodologies employed on a repricing analysis can cause in-network charges as a percent of total charges to vary from actual financial results. Please contact your Sales partners for additional detail to obtain a Disruption Report.

Please let me or your Sales and Underwriting partners know if you have any questions or would like to discuss the analysis further.

Best Regards,

Darren Hamilton

Exclusions	\$1,312,251				
Grand Total	\$86,893,940	\$85,319,157	63.5%	\$54,181,154	\$31,138,003
OON Charges		\$262,532	51.8%	\$136,087	\$126,445

* Healthcare Common Procedure Coding System (HCPCs) claims include transportation, medical supplies/materials, and hearing.

City of Gainesville:

Please answer the below question as part of your proposal:

What are the average network discounts for the area the census covers broken down by County:

Charge Type ⁽¹⁾	Alachua County	Marion County	Levy County	Columbia County	Gilchrist County	Putnam County	Clay County	Union County	Bradford County
Doctors	59.4%	62.0%	62.0%	57.9%	59.4%	59.5%	59.5%	58.1%	58.1%
Outpatient Hospital	64.8%	66.3%	66.3%	63.9%	64.8%	63.7%	63.7%	64.0%	64.0%
Inpatient Hospital	39.6%	53.8%	53.8%	53.0%	39.6%	48.85	48.85	50.5%	50.5%
Urgent Care Centers	64.8%	66.3%	66.3%	63.9%	64.8%	63.7%	63.7%	64.0%	64.0%
Emergency Room	64.8%	66.3%	66.3%	63.9%	64.8%	63.7%	63.7%	64.0%	64.0%

(1) The 2024 Cigna Open Access Plus (OAP) discounts provided represent the 3-digit zip codes in each county. Cigna calculates discounts using a standard definition that captures only savings directly resulting from provider contracting. The standard discount formula is: $discount = 1 - (allowed\ amount / eligible\ amount)$. The eligible amount, also known as the covered amount, is the total amount billed by the provider minus any non-covered expenses (such as duplicate claims, non-medically necessary expenses, etc.). The allowable amount is defined as the eligible amount minus the negotiated provider discount.

Results are based on 2024 Cigna Formularies

Benefit Review

Overview: This document provides information on the benefit request made in your proposal.

Account Name City of Gainesville

Effective Date 1/1/2025

Product Name	Requested Benefit	Result	CIGNA Alternative & Recommendation
Open Access Plus	OUTPATIENT Physician/surgeon fees for hospital has passive benefit INN and OON 20% coinsurance	Clarification/Commentary	Cigna OAP plans require at least a 20% differential between in and out of network services. The steerage to in-network providers with a 20% differential is a major component of OAP, as it allows greater discounts.
Open Access Plus	INN INPATIENT Physician/surgeon fees for hospital has passive benefit INN and OON 20% coinsurance	Clarification/Commentary	Cigna OAP plans require at least a 20% differential between in and out of network services. The steerage to in-network providers with a 20% differential is a major component of OAP, as it allows greater discounts.
Open Access Plus	Most coverage provided outside the United States.	Clarification/Commentary	Cigna covers emergency services out of the country. The customer must pay the charges and send in claims for adjustment. For escalated overseas cases, CHC MM may be contacted for assistance in certain overseas scenarios where the individual is in a foreign hospital and needs case management, discharge planning or repatriation. Hospitals in certain foreign countries require a Guarantee of Payment (GOP) or payment in full prior to admission/discharge. In these instances Cigna Global Health Benefits (CGHB) resources will be leveraged to coordinate services to issue a GOP or pay the claim in local currency.
Open Access Plus	Non-emergency care when traveling outside the U.S.	Clarification/Commentary	Cigna covers emergency services out of the country. The customer must pay the charges and send in claims for adjustment. For escalated overseas cases, CHC MM may be contacted for assistance in certain overseas scenarios where the individual is in a foreign hospital and needs case management, discharge planning or repatriation. Hospitals in certain foreign countries require a Guarantee of Payment (GOP) or payment in full prior to admission/discharge. In these instances Cigna Global Health Benefits (CGHB) resources will be leveraged to coordinate services to issue a GOP or pay the claim in local currency.

IMPORTANT NOTICE: *The stop-loss insurance policy in this PDF (the “Policy”) has been validly issued by Cigna Health and Life Insurance Company in the state identified in the Coverage Information section of the Policy (the “Policy Issuance State”) and shall be governed by its laws. For your convenience, the Policy is hereby transmitted electronically to you, as representative of the policyholder, in lieu of physical delivery of a paper copy of the Policy in the Policy Issuance State. Your receipt of this electronic transmission constitutes official delivery of the Policy in the Policy Issuance State no less than if a paper copy of the Policy were physically delivered at a policyholder address in the Policy Issuance State. If you prefer, a paper copy of the Policy will be delivered to a policyholder address that you identify in the Policy Issuance State.*

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Stop Loss Policy

Based on the application for this policy made by POLICYHOLDER NAME (herein called the Policyholder) and based on the payment of the premium when due, Cigna agrees to reimburse the Policyholder for Covered Expenses under the terms of this policy.

This policy becomes effective at 12:01 a.m. at the Policyholder's address on the Effective Date shown in the Coverage Information section.

All matter printed or written by Cigna on the following pages forms a part of this policy as if recited over the signatures below.

This policy is delivered in and is governed by the laws of the jurisdiction shown in the Coverage Information section.

The Policyholder's self-funded welfare Benefit Plan is not regulated nor approved under the insurance laws of Georgia.

In witness thereof, Cigna has caused this policy to be executed at its home office in Bloomfield, Connecticut.

SCHEDULE OF INSURANCE 22

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Definitions

Actual Attachment Point

Actual Attachment Point means the amount of Actual Claim Payments above which aggregate stop loss benefits are payable.

The Actual Attachment Point is determined at the end of the Policy Year and is the greater of: (1) the sum of all Policy Months in the Policy Year of the number of Covered Persons enrolled during each Lagged Month in each product and plan design in the Benefit Plan multiplied by the Monthly Attachment Factors for that Policy Month; or (2) the sum of the Minimum Attachment Point for each Policy Month.

For those policies with Run-Out coverage, in the year of termination the Actual Attachment Point is the sum of the product as calculated in accordance with the above paragraph plus the Run-Out Period Attachment Point.

Actual Claim Payment

Actual Claim Payment means a payment made on behalf of the Policyholder for a Covered Person under the terms of the Benefit Plan. A payment is deemed to have been made as of the date the payment instrument is issued by the Claim Administrator. An Actual Claim Payment does not include a claim payment made in error on behalf of a Covered Person.

Aggregate Individual Stop Loss Limit

Aggregate Individual Stop Loss Limit means the limit that must be met before benefits are payable for Aggregate Stop Loss coverage.

Aggregate Stop Loss Benefit Percentage Payable

Aggregate Stop Loss Benefit Percentage Payable means the percentage of Covered Expenses payable to the Policyholder once the Actual Attachment Point has been reached.

Become Due

Become Due is the earliest date upon which: (a) the Policyholder or the Claim Administrator has received due proof of loss for which a claim is made under the terms of the Benefit Plan, provided such loss is covered under this policy as a Covered Expense; and (b) an Actual Claim Payment has been made.

Benefit Plan or Plan

Benefit Plan or Plan means the Policyholder's medical benefits and/or other health benefits applicable to either the Individual Stop Loss benefit and/or the Aggregate Stop Loss benefit as uniquely specified for each benefit in the Schedule of Insurance.

Cigna's Maximum Liability

Cigna's Maximum Liability is the largest amount that Cigna will be responsible for according to the terms of the policy.

Claim Administrator

Claim Administrator means Cigna or an entity approved by Cigna, which approval shall not be unreasonably withheld, to provide administrative services and to pay claims for the Policyholder's Benefit Plan.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Corridor Factor

Corridor Factor means the risk retained by the Policyholder on Aggregate Stop Loss coverage. It is expressed as a percentage of Expected Paid Claims and is specified on the Schedule of Insurance.

Covered Expenses

Covered Expenses for a Policy Year are expenses made under the Benefit Plan that are reimbursable under this policy based on the criteria specified in the Schedule of Insurance.

Covered Person

Covered Person means a person who is enrolled for coverage and meets the eligibility requirements set forth in the Benefit Plan.

Effective Date

Effective Date means the date on which coverage begins under this agreement.

Expected Paid Claims

Expected Paid Claims means the projected claims at the time of the presale or renewal quote to be paid for all Covered Persons during the Policy Year.

High Risk Individual

High Risk Individual means a Covered Person whose claims under the Benefit Plan are expected to exceed the Individual Stop Loss Limit. For such person(s), a separate Individual Stop Loss Limit for High Risk Individuals is applicable, or such person may be excluded from coverage under this policy.

Incurred

Incurred means the date on which the supply is obtained or the service is rendered to a Covered Person under the Benefit Plan.

Individual Stop Loss Limit

Individual Stop Loss Limit means the specific dollar amount of Covered Expenses paid by the Policyholder for each Covered Person during each Policy Year, as set forth in the Schedule of Insurance. If coverage is terminated during any Policy Year, the Individual Stop Loss Limit will be the same as if the coverage had remained in effect for the entire Policy Year.

Individual Stop Loss Limit for High Risk Individuals

Individual Stop Loss Limit for High Risk Individuals means the specific dollar amount of Covered Expenses paid by the Policyholder for each High Risk Individual during each Policy Year, as set forth in the Schedule of Insurance. If coverage is terminated during any Policy Year, the Individual Stop Loss Limit for High Risk Individuals will be the same as if the coverage had remained in effect for the entire Policy Year.

Individual Stop Loss Benefit Percentage Payable

Individual Stop Loss Benefit Percentage Payable means the percentage of Covered Expenses payable to the Policyholder once the Individual Stop Loss Limit has been reached.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Lagged Month

Lagged Month is defined on the Schedule of Insurance as either the same as the current Policy Month or as the Policy Month one or more months prior to the corresponding Policy Month. In the event the Lagged Month refers to a month prior to the Effective Date of the policy, the Lagged Month is defined as the first Policy Month.

Minimum Attachment Exposure

Minimum Attachment Exposure is the greater of the number of Covered Persons enrolled during the Minimum Attachment Lagged Month in each product and plan design in the Benefit Plan; or the original estimated number of Covered Persons at the time of underwriting.

Minimum Attachment Lagged Month

Minimum Attachment Lagged Month is defined on the Schedule of Insurance as either the same as the Policy Year's first Policy Month or one or more months prior to the Policy Year's first Policy Month. In the event the Minimum Attachment Lagged Month refers to a month prior to the Effective Date of the policy, the Minimum Attachment Lagged Month is defined as the Policy Year's first Policy Month.

Minimum Attachment Percentage

The Minimum Attachment Percentage is used in computing the Minimum Attachment Point, and if applicable, the Minimum Run-Out Period Attachment Point. This percentage is shown on Schedule of Insurance.

Minimum Attachment Point

The Minimum Attachment Point is either not applicable (in which case it is assumed to have a value of zero in any calculation), or for each Policy Month and for each product and plan design, it is equal to the Minimum Attachment Percentage multiplied by the Minimum Attachment Exposure multiplied by Monthly Attachment Factors for the Policy Month.

Minimum Run-Out Period Attachment Point

The Minimum Run-Out Period Attachment Point is the Minimum Attachment Percentage multiplied by the Minimum Attachment Exposure multiplied by the sum of the Terminal Attachment Factors for each month as shown on the Schedule of Insurance under Terminal Attachment Factors.

Monthly Attachment Factor

Monthly Attachment Factor is a factor assigned to this policy to be used to calculate the Actual Attachment Point and Minimum Attachment Point, as applicable. This factor is shown on the Schedule of Insurance.

Policy Month

Policy Month means a calendar month during a Policy Year.

Policy Quarter

Policy Quarter means a period of three consecutive calendar months during a Policy Year, with the first Policy Quarter beginning on the Effective Date of the policy.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Policy Year

Policy Year means the period beginning on the Effective Date of this policy (or most recent Renewal Date thereof) up to but not including the next renewal date or the date of termination, whichever period is shorter. The Policy Year is specified on the Schedule of Insurance and may differ by coverage as indicated on the Schedule of Insurance.

Renewal Date

Renewal Date is the day on which a new Policy Year begins as specified on the Schedule of Insurance.

Run-In Coverage

Run-In Coverage is the term used for a first year policy in which claims Incurred under a prior Carrier plan but paid on or after the Cigna policy Effective Date are accumulated under the new stop loss policy.

Run-Out Period

Run-Out Period is the length of time following the termination date of this policy during which claims that Become Due for a Covered Person under the Benefit Plan will accumulate toward stop loss coverage under this policy provided that they were Incurred prior to the termination date of this policy.

Run-Out Period Attachment Point

Run-Out Period Attachment Point is the greater of the Minimum Run-Out Period Attachment Point or the sum of each product in the Benefit Plan and each month (as shown on the Schedule of Insurance under Terminal Attachment Factors) of the Terminal Attachment Factor multiplied by the number of Covered Persons enrolled during the respective Lagged Month for that month.

Terminal Attachment Factor

Terminal Attachment Factor is a factor assigned to this policy to be used to calculate the Run-Out Period Attachment Point and the Minimum Run-Out Period Attachment Point. This factor is shown on the Schedule of Insurance.

CIGNA HEALTH AND LIFE INSURANCE COMPANY

(Herein called 'Cigna')

Benefit Provisions

Individual Stop Loss Coverage

In consideration of payment of the Individual Stop Loss premium by the Policyholder, Cigna shall reimburse the Policyholder for the amount by which the total Covered Expenses for the Policy Year for a Covered Person exceed the Individual Stop Loss Limit. The amount of reimbursement will be calculated by multiplying the amount of Covered Expenses in excess of the Individual Stop Loss Limit times the Individual Stop Loss Benefit Percentage Payable, subject to Cigna's Maximum Liability specified on the Schedule of Insurance.

Reimbursement for Covered Expenses will be made after an Actual Claim Payment is made.

Cigna shall not be liable for any expenses that are Incurred or Become Due outside the term of this policy.

Other

If Cigna is not the Claim Administrator, payment for Covered Expenses will be made after receipt and acceptance by Cigna of such information and records as Cigna may reasonably require regarding the Actual Claim Payments.

In the event Cigna is the Claim Administrator paying claims out of the Policyholder's bank account established for the purpose of paying claims and such bank account is still open and available to Cigna, any payments or reimbursements under this benefit will be executed by Cigna debiting or crediting the Policyholder's bank account.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Aggregate Stop Loss Coverage

In consideration of payment of the Aggregate Stop Loss premium by the Policyholder, Cigna shall reimburse the Policyholder for Covered Expenses for the Policy Year that are in excess of the Actual Attachment Point. The amount of reimbursement will be calculated by multiplying the amount of Covered Expenses in excess of the Actual Attachment Point times the Aggregate Stop Loss Benefit Percentage Payable, subject to Cigna's Maximum Liability specified on the Schedule of Insurance.

If there is an amount due to Cigna by the Policyholder, then Cigna may debit the Policyholder's account, or the Policyholder shall pay Cigna said amount within 30 days of receiving a written request therefore.

Covered Expenses paid by the Policyholder in excess of the Aggregate Individual Stop Loss Limit are excluded prior to determining if the Actual Attachment Point is reached.

For the purpose of this calculation, amounts between the Aggregate Individual Stop Loss Limit and the Individual Stop Loss Limit for High Risk Individuals are also excluded.

The above payments, reimbursements and credits made by Cigna to the Policyholder are subject to Cigna's Maximum Liability specified on the Schedule of Insurance.

Cigna shall not be liable for any expenses that are Incurred or Become Due outside the term of this policy.

Other

If Cigna is not the Claim Administrator, payment for Covered Expenses will be made after receipt and acceptance by Cigna of such information and records as Cigna may reasonably require regarding the Actual Claim Payments.

In the event Cigna is the Claim Administrator paying claims out of the Policyholder's bank account established for the purpose of paying claims and such bank account is still open and available to Cigna, any payments or reimbursements under this benefit will be executed by Cigna debiting or crediting the Policyholder's bank account.

CIGNA HEALTH AND LIFE INSURANCE COMPANY

(Herein called 'Cigna')

Policyholder Duties

- A. The Policyholder will submit to Cigna a complete copy of the Benefit Plan unless Cigna already has such copy in its possession; such Benefit Plan or its complete copy is incorporated herein by reference.
- B. Any changes to the Benefit Plan will be submitted to Cigna for approval 60 days prior to their Effective Date.
- C. If Cigna is not the Claim Administrator, the parties agree that the Policyholder or the Claim Administrator approved by Cigna, which approval shall not be unreasonably withheld, will have the following duties and obligations:
 1. to investigate, audit, calculate and pay all claims in accordance with the provisions of the Benefit Plan and any applicable provider contracts.
 2. to provide Cigna such information and records that Cigna may reasonably require for:
 - a. payment of any claim under this policy; and
 - b. projection of future expected claims of the Benefit Plan.
 3. to prepare and submit to Cigna on a monthly basis:
 - a. a report of the Actual Claim Payments paid pursuant to the Benefit Plan for that month;
 - b. a report of the total number of Covered Persons covered by the Benefit Plan for that month; and
 - c. a report listing claimants with Covered Expenses during the Policy Year greater than 50% of the Individual Stop Loss Limit. The listing is to include cumulative paid claims and the respective ICD codes.
 4. for Individual Stop Loss, the preparation and submission to Cigna on a monthly basis, within 15 days of the previous month's end, of a report showing Covered Expenses during the month for those Covered Persons for whom the total Covered Expenses for the stop loss Policy Year meet or exceed 50% of the Individual Stop Loss Limit.
 5. for any and all Covered Persons whose Covered Expenses meet or exceed the Individual Stop Loss Limit during the Policy Year, the following information must be supplied for claim adjudication under this policy. This information must be presented to Cigna within 60 days of the end of the month in which the Covered Person exceeded the Individual Stop Loss Limit:
 - a. claim copies and all documentation relating to outside bill reviews/negotiations for hospital and provider bills greater than 50% of the Individual Stop Loss Limit;
 - b. copies of any and all documentation relating to the Benefit Plan's subrogation interests, if applicable;
 - c. detailed claim reports and check information if explanation of benefits (EOBs) are not available;
 - d. itemized bills for any claims or charges equal to or greater than 50% of the Individual Stop Loss Limit;

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

- e. an enrollment form or eligibility screen; and
 - f. coordination of benefits (COB) information.
- D. The Policyholder will reimburse Cigna for any Actual Claim Payments subsequently repaid, refunded, rebated or owed to the Policyholder by any party.
- E. The Policyholder will furnish additional information or documentation as reasonably requested by Cigna.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Exclusions

Covered Expenses under this policy do not include the following:

1. Actual Claim Payments for which (a) there is other group insurance (including costs recoverable through the application of the coordination of benefits provision in the Benefit Plan); (b) third-party liability has been established; (c) there is coverage pursuant to any plan established by federal, state or local law (to the extent permitted); or (d) there is coverage under workers compensation insurance.
2. Expenses to the extent the Policyholder or Plan receives any payment(s), refund(s) or rebate(s), however denominated, or any reduction in charges including but not limited to reductions as a result of a PPO, EPO, or other managed care arrangement, claim reduction negotiation, or the application of any provider discount arrangement.
3. Expenses which Become Due after the date coverage under this policy ceases.
4. Administrative expenses of the Policyholder or Claim Administrator.
5. Extra contractual damages, expenses or reimbursements of any kind or nature.
6. Investigative or legal expenses including, but not limited to, attorney fees and court costs.
7. Expenses Incurred by a person not eligible under the terms of the Benefit Plan.
8. Expenses paid because of an amendment to the Benefit Plan which is not agreed to by Cigna, which agreement shall not be unreasonably withheld.
9. Unless indicated on the Schedule of Insurance, expenses for taxes, fees and surcharges that may be imposed on the Benefit Plan or Policyholder by federal, state or local governments.
10. Expenses Incurred as a result of war, whether declared or not, or acts of war or service in any military force of any country while such country is engaged in war, whether declared or not.
11. Expenses which are not considered Covered Expenses under the Benefit Plan.
12. Expenses for which the Policyholder or Claim Administrator has failed to provide the required information set forth under the Policyholder Duties section.
13. With respect to Individual Stop Loss, and with respect to Aggregate Stop Loss if indicated on the Schedule of Insurance, expenses resulting from fixed per person charges (fixed charges), if any (i.e. contractually determined periodic payments to certain providers based on the number of Plan participants entitled to receive services from the provider, in return for which, such providers furnish certain agreed-upon services to eligible plan participants).
14. For liabilities which are non-pecuniary in nature (not having a monetary value).

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Omission, Concealment or Misrepresentation of Fact

The Policyholder understands that the completeness, inclusiveness and accuracy of all underwriting information provided to Cigna by the Policyholder was relied upon in the decision to issue and/or renew this policy. This includes any information volunteered by the Policyholder at initial quote or prior to a renewal, any information provided in response to a request by Cigna, and any personal health statements filled out by the Covered Persons. Cigna reserves the right to terminate this policy or re-underwrite this coverage and its terms (including but not limited to resetting the premium rates, Individual Stop Loss Limit, coverage maximums, Monthly Attachment Factors and/or the Minimum Attachment Point) if: 1) Cigna determines that any relevant information has been omitted and/or concealed; 2) Cigna determines that any fact(s) have been misrepresented, thus, impacting the assessment of the risk. Any such action by Cigna may be retroactive to the beginning of the Policy Year and will be reasonable in relation to the nature of the omission, concealment, or misrepresentation.

Subrogation and Acts of Third Parties

Applicability

Where allowed by law, this section will apply:

1. to Policyholders who receive payments for Covered Expenses under this policy; and
2. where Actual Claim Payments have been made under the Benefit Plan to a Covered Person who has a lawful claim against, or who has received compensation, damages or other payment from another party or parties for expenses resulting in the payment by Cigna of such Covered Expenses; and
3. to the Policy Year in which the corresponding payment was made. The expense of subrogation will be shared proportional according to the Benefit Plan.

Right of Recovery

If any Covered Person has a claim for damages or a right to recover damages from a third party or parties for any illness or injury for which Covered Expenses are payable under this policy, Cigna may have a right of recovery. Cigna's right of recovery shall be limited to the recovery of any Covered Expenses paid for identical covered medical expenses under the Benefit Plan, but shall not include non-medical items. Money received for future medical care or pain and suffering may not be recovered. Cigna's right of recovery may include compromise settlements. The Covered Person's attorney must inform Cigna of any legal action or settlement at least 10 days prior to settlement or trial. Cigna's recovery may be reduced by the pro-rata share of the Covered Person's attorney fees and expenses of litigation.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Policyholder Obligations

To secure the rights of Cigna under this section, the Policyholder must:

1. pursue the rights of subrogation contained in the Benefit Plan; and
2. reimburse Cigna for Covered Expenses Incurred under this policy (but not more than the amount paid by the other party or parties) if payment from the other party or parties has been received by the Policyholder. The Policyholder must reimburse Cigna first, and in full, before retaining any benefit from the recovery; and
3. assign to Cigna the Policyholder's subrogation and/or reimbursement right contained in the Benefit Plan to the extent of Cigna's payments if requested by Cigna and Policyholder shall cooperate fully and do all things as necessary and required to enable Cigna to pursue the recovery right.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Privacy of Information

In connection with the performance of its obligations under this policy, Cigna may disclose to and receive disclosure from the Policyholder or its Claim Administrator of information collected or received in connection with Covered Expenses reimbursable under this policy, provided the information is limited to that which is reasonable and necessary and in accordance with applicable law.

Under no circumstances will Cigna provide the Policyholder with information on Incurred, but not paid claims, projected claims, pre-certifications of coverage, case management notes, and course of treatment information or prognosis information.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Premiums

Premium Payments

The initial premium shall be due and payable on the first day of the month of this policy. Subsequent premiums shall be due on the first day of each calendar month that this policy remains in effect.

Premiums can be paid to Cigna's home office or to an authorized agent of Cigna. Each premium paid continues the policy in force until the date the next premium is due, except as set forth in the Grace Period section.

The total monthly premium is the sum of the premium for all Covered Persons for all coverages as identified on the Schedule of Insurance.

Grace Period

A period of 31 days following the premium due date, without interest, is allowed for paying any premium other than the first premium payment due. The policy will remain in force during the grace period, unless Cigna has been advised in writing that the policy is to cease prior to the end of the grace period. If any premium is not paid before the grace period ends, the policy will cease at the end of the grace period. When this policy ends, the Policyholder will be liable for all premiums past due and unpaid, including a pro-rata premium for any time this policy remains in force during the grace period.

Premium Refund

Any error or correction of any premium paid must be reported to Cigna promptly. The premium will be adjusted retroactively to reflect the correct premium amount. If a correction will result in a decrease in premium, a refund will be given only for the two month period prior to Cigna's receipt of a correction request.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Right to Change Terms of Coverage

Cigna reserves the right to change any of the terms shown on the Schedule of Insurance including but not limited to the Individual Stop Loss Limits, the Monthly Attachment Factors, the Terminal Attachment Factors, Minimum Attachment Point and/or premium rates under the following circumstances:

1. In the event the total number of Covered Persons at the beginning of the Policy Year or at any time during the Policy Year differs more than 10% from the original estimated enrollment, such change to become effective on the first day of any month following the fluctuation subject to advance written notice of at least 60 days.
2. In the event enrollment in any covered Plan at the beginning of the Policy Year or at any time during the Policy Year differs more than 10% from the original estimated enrollment, such change to become effective on the first day of any month following the fluctuation subject to advance written notice of at least 60 days.
3. In the event of material changes in the Benefit Plan or changes in legislation or regulation, Cigna may revise the premium rates with the revision to become effective on the date such changes are effective.
4. In the event of the addition of a subsidiary, operation or class of Covered Persons not previously covered under the Benefit Plan and approved by Cigna, which approval shall not be unreasonably withheld, Cigna may revise the premium rates with the revision to become effective on the date such addition is effective.
5. In the event of the termination of a subsidiary, operation or class of Covered Persons covered under this policy, Cigna may revise the premium rates with the revision to become effective on the date such termination is effective.
6. On any policy anniversary, subject to advance written notice of at least 60 days.
7. In the event of an omission, concealment or misrepresentation of material fact, as described in Omission, Concealment or Misrepresentation of Fact section, such change to become retroactively to the first day of the affected Policy Year.

If Cigna is not the Claim Administrator, Cigna also reserves the right to change any premium rates if Cigna determines that Actual Claim Payments are not being made in accordance with the provisions of the Benefit Plan. Such adjustment may be made retroactive to the beginning of the Policy Year.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Termination

This policy will continue in effect from its Effective Date until terminated on the earliest of the following:

1. At the end of the grace period if the premium is not paid.
2. Upon mutual consent by the parties, on the date the parties agree to terminate.
3. On the premium due date following 60 days after the mailing of written notification of termination by Cigna or the Policyholder.
4. On the date of termination of the Benefit Plan.
5. If any state or other jurisdiction enacts a law which prohibits the continuance of this policy, or the existing law is interpreted to so prohibit the continuance of this policy, as reasonably determined by Cigna, the policy shall terminate automatically as to such time or jurisdiction on the effective date of such law or interpretation.
6. Immediately upon written notice to the Policyholder of the discovery of the Policyholder's failure to comply with any material term of the policy.
7. Immediately upon written notice to the Policyholder if Cigna reasonably determines that the Policyholder has ceased or failed to sufficiently fund its account established to fund benefit payments under the Plan.

This policy may also be terminated by Cigna as follows:

1. Retroactively to the Policy Effective Date or the latest Renewal Date as applicable, upon written notice to the Policyholder, if Cigna determines that any of the information has omitted, concealed or misrepresented any fact which Cigna determines to have had a material effect on Cigna's assessment of the risk.
2. On the next premium due date, at Cigna's option and at least 10 days after the mailing of written notification of termination, if Cigna determines that Actual Claim Payments are not being made in accordance with the provisions of the Benefit Plan.
3. On the effective date of a change in the Benefit Plan which is not approved by Cigna. Cigna will give the Policyholder written notice within 60 days after receipt of a copy of such change, if the Policyholder notifies Cigna within sufficient time to allow compliance with this notice requirement.
4. On the effective date of any change in Claim Administrator which is not approved by Cigna. Cigna will give the Policyholder written notice within 60 days after receipt of notification of such change, if the Policyholder notifies Cigna within sufficient time to allow compliance with this notice requirement.

All coverage ceases upon termination of this policy. The termination of this policy does not excuse the Policyholder from forwarding to Cigna any and all premiums accrued through the date of termination.

If the policy includes Run-Out coverage, Cigna reserves the right not to provide Run-Out coverage in the event of termination prior to the end of the Policy Year.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

General Provisions

Notice

This policy provides benefits when the Policyholder's Benefit Plan incurs expenses in excess of the individual and/or aggregate limits as outlined in this policy. Since this policy insures the Policyholder and not the individuals covered by the Policyholder's Benefit Plan, this policy neither adds to nor subtracts from the terms of the underlying Benefit Plan. Additionally, this policy does not in any way affect the Policyholder's responsibility to comply with employment laws such as the Americans with Disabilities Act, the Age Discrimination in Employment Act, Title VII of the 1964 Civil Rights Act and other applicable state and federal laws.

Parties to the Policy and Responsibility for Claims for Benefits by Covered Persons

The parties to the policy are the Policyholder and Cigna. There are no third party beneficiaries and this policy does not create any rights or legal relation whatsoever between Cigna and a Covered Person under the Policyholder's Benefit Plan. Cigna's sole liability under this policy is to the Policyholder.

The Policyholder shall retain the exclusive obligation for any action, brought for benefits under the Policyholder's Benefit Plan however denominated, including any action purporting to be brought with respect to this policy. Policyholder agrees to assume the tender of any such action and to reimburse Cigna for reasonable costs, costs of whatever kind (including court costs and attorney fees) which Cigna may incur to protect its and Policyholder's rights until Policyholder accepts tender. Provided that nothing herein shall alter Cigna's obligations contained in the parties' administrative services agreement, if any.

Entire Contract

The parties agree that this policy and any endorsement and amendment to the policy constitute the entire contract regarding the stop loss insurance between the parties. Any endorsement or amendment changing this policy must be in writing and must be signed by authorized officers of Cigna and the Policyholder respectively. No person may modify or waive any of the terms of this policy except by a written amendment signed by a duly authorized officer of Cigna.

Enforceability

In the event that one or more provisions in this policy shall, for any reason, be held to be invalid, illegal or unenforceable, the validity, legality or enforceability of the other provisions of this policy shall not be affected.

Clerical Error

A clerical error is defined as a mistake made in the policy that changes its meaning from what the parties originally intended, such as a typographical error or the unintentional addition or omission of a word, phrase or figure.

Upon learning of a clerical error in this policy, the policy will be revised and reissued by Cigna to correct the error and if premium or reimbursement is impacted, an adjustment will be made accordingly. A clerical error will not invalidate coverage otherwise validly in force or continue otherwise terminated coverage.

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

Examination and Maintenance of Records

If Cigna is not the Claim Administrator:

1. The Policyholder will furnish to Cigna such data as may be required for the administration of this policy.
2. The Policyholder's and the Claim Administrator's books and records pertaining to the policy will be available to Cigna for inspection during the usual business hours. Such books and records will be maintained for a period of not less than 6 years following termination of the policy.
3. Cigna will have the right at all reasonable times to inspect all records relating to Actual Claim Payments paid under the Benefit Plan whether maintained by the Policyholder or the Claim Administrator. Cigna will treat as confidential all such records and information obtained.

Dispute Resolution

It is understood and agreed that any dispute, controversy or question arising from or relating to the performance or interpretation of this policy, the breach thereof, or the subject matter thereof (controversy) shall be resolved exclusively pursuant to the following mandatory Dispute Resolution procedures, provided however that the Policyholder may not initiate any dispute resolution relating to a claim under this policy fewer than 60 calendar days or more than three years after due proof of such claim is furnished to Cigna:

1. Any controversy between the parties arising shall first be referred for executive review. The disputing party shall initiate executive review by giving the other party written notice of the controversy, and shall specifically request executive review of said controversy in such notice. Within 20 calendar days of any party's written request for executive review, the receiving party shall submit a written response. Both the notice and response shall include a statement of each party's position and a summary of the evidence and arguments supporting its position. Within 30 calendar days of any party's request for executive review, an executive level employee of each party shall be designated by the party to meet and confer with his/her counterpart to attempt to resolve the controversy.
2. In the event that a controversy has not been resolved within 35 calendar days of the request of executive review under Section 1 above, the disputing party shall initiate mediation by providing written notice to the other party, which shall be conducted in such location or locations determined by the mediator in accordance with the American Health Lawyers Association Alternative Dispute Resolution Service Rules of Procedure for Mediation. Each party shall assume its own costs and attorney fees, and the compensation and expenses of the mediator and any administrative fees or costs shall be borne equally by the parties.
3. In the event that a controversy has not been resolved within 60 calendar days of the request for mediation under Section 2 above, the controversy shall be settled exclusively by binding arbitration. The arbitration shall be conducted in such location or locations determined by the arbitrator in accordance with the American Health Lawyers Association Alternative Dispute Resolution Service Rules of Procedure for Arbitration, and which to the extent of the subject matter of the arbitration, shall be binding not only on all parties to the agreement, but on any other entity controlled by, in control of or under common control with the party to the extent that such affiliate joins in the arbitration, and judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. Each party shall assume its

CIGNA HEALTH AND LIFE INSURANCE COMPANY
(Herein called 'Cigna')

own costs and attorney fees, and the compensation and expenses of the mediator and any administrative fees or costs shall be borne equally by the parties. The decision of the arbitrator shall be final, conclusive and binding, and no action at law or in equity may be instituted by either party other than to enforce the award of the arbitrator.

This provision shall survive the termination of this policy.

Plan Changes

Cigna must approve a change in the Benefit Plan if the change impacts the Covered Expense under this policy. The Policyholder must promptly furnish Cigna with a copy of each change in the Benefit Plan prior to its effective date. If such copy is not received, Cigna will only be liable for the reimbursement of Covered Expenses under this policy as if the Plan was not changed.

Subcontracting

The work to be performed by Cigna under this policy may be performed wholly or in part through an authorized representative, subsidiary, affiliate, or parent of Cigna. Such subcontracting will not increase or diminish the rights or obligations of either party to this policy.

Assignment

Except as otherwise provided herein, assignment of this policy by the Policyholder will not be binding upon Cigna.

Notwithstanding the foregoing, the Policyholder may assign this policy, including all of its rights and obligations hereunder, to its affiliates or an entity controlling, controlled by, or under common control with the Policyholder, subject to notice and written consent by Cigna of the assignment. Cigna, in its discretion may reissue the policy in the name of the new assignee.

Offset

Cigna shall be entitled to offset payments due to the Policyholder under this policy against premiums due and unpaid by the Policyholder to Cigna.

Generic drugs are listed in all lowercase letters and brand-name drugs are listed in all capital letters.

* This is a specialty drug.

+ This preventive drug is available to members at no cost-share under the Patient Protection and Affordable Care Act (PPACA).

1. These non-covered drugs can be reviewed by Cigna HealthcareSM through the medical necessity review process. If the member's doctor feels a different medication isn't right for them, he or she can ask Cigna Healthcare to consider approving coverage of the non-covered drug. If the member doesn't get approval and continues to fill their prescription on or after January 1st, it won't be covered. They'll pay the full cost of the medication out-of-pocket directly to the pharmacy. Also, the cost can't be applied to their annual deductible or out-of-pocket maximum.

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, review your plan documents or contact a Cigna Healthcare representative.

Health benefit plans vary, but in general to be eligible for coverage a drug must be approved by the U.S. Food and Drug Administration (FDA), prescribed by a health care professional, purchased from a licensed pharmacy and medically necessary. If your plan provides coverage for certain prescription drugs with no cost-share, you may be required to use an in-network pharmacy to fill the prescription. If you use a pharmacy that does not participate in your plan's network, your prescription may not be covered, or reimbursement may be limited by your plan's copayment, coinsurance or deductible requirements. Certain features described in this document may not be applicable to your specific health plan, and plan features may vary by location and plan type. Refer to your plan documents for costs and complete details of your plan's prescription drug coverage.

Cigna Healthcare products and services are provided exclusively by or through operating subsidiaries of The Cigna Group.

TURNING YOUR HEALTH PLAN INTO A GROWTH PLAN THROUGH INTEGRATED BENEFITS

Healthcare is complex, continues to evolve, and can be challenging for you and your employees to navigate. At Cigna, we work to help our clients understand the trends, the potential impacts on their business and deliver solutions that create meaningful value as they manage the complexity of the healthcare ecosystem. And according to a study performed independently by Aon and supplemented with Cigna research, the greatest value is achieved by **integrating Cigna medical, pharmacy and behavioral benefits.**

By leveraging over 30 years of experience designing and building benefits to work together as one, we are able to see every step of our customers' health journey — anticipating needs, engaging early and providing individualized ongoing support. This drives better engagement and participation in health improvement plans, such as wellness coaching, resulting in significant lower total medical costs for our clients.

Cigna can contribute to your business's growing strategy by:

ENGAGING YOUR EMPLOYEES

NURTURING A HEALTHY WORK CULTURE

ENSURING FINANCIAL HEALTH

PREPARING YOU FOR THE FUTURE

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, contact your Cigna representative. All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance Company (CHLIC), Cigna Behavioral Health, Inc., Express Scripts, Inc., or their affiliates. 2022

VALUE OF INTEGRATION STUDY

Quantifying the importance of integrated benefits with Cigna

For the 6th year, Cigna has conducted a Value of Integration Study, which evaluates the impact of medical, pharmacy and comprehensive behavioral benefit integration on annual total medical costs.

AON

This year, Aon was engaged to design and perform a 2-year analysis of over **2 million Cigna customers** to compare total medical costs of employers who integrate their Cigna Medical, Pharmacy, and Total Behavioral Health coverage versus those who carve out their pharmacy and comprehensive behavioral coverage to another vendor.¹

The study results show, once again, that our clients realize significant savings by integrating their benefits with Cigna:

\$148 PMPY

total medical cost savings across the Cigna book of business.¹

\$1,407 PMPY

Total medical cost savings when identified for a health improvement opportunity like coaching or case management and has improved their health by closing a gap in care or received counseling.²

Integrated benefits drive **greater savings and health improvement opportunities** that can't be achieved when benefits are fragmented.

1. Aon was independently engaged to design and perform Cigna's 2022 Value of Integration study. This book of business study leveraged a proprietary match case-control methodology, comparing those customers who share certain characteristics (age, gender, health status and benefits) but differ in terms of their medical, pharmacy and behavioral coverage.

2. Cigna supplemented the Aon study with its own 2022 book of business study of medical customers who have integrated Cigna pharmacy and total behavioral health coverage. Average annual per member per year (PMPY) – client/customer results will vary and are not guaranteed. Cigna used a match case-control methodology developed at Harvard University to produce these statistics on different subsets of its customer population (those with particular comorbidities, those who engaged in health improvement activities, etc.).

Savings are even higher across complex conditions or therapies.²

SPECIALTY MEDICATIONS:

\$8,907 PMPY

savings with taking specialty medications

\$11,397 PMPY

savings with taking specialty medications for an inflammatory diagnosis

\$17,476 PMPY

savings when taking specialty drugs and also have a depression diagnosis

Complex Conditions:

MUSCULOSKELETAL (MSK)

\$368 PMPY

savings with an MSK diagnosis

\$1,425 PMPY

when also engaged in a health improvement opportunity

DIABETES

\$2,489 PMPY

savings with a diabetes diagnosis

DEPRESSION

\$357 PMPY

savings with a depression diagnosis

EMPOWERING CUSTOMERS TO MAKE INFORMED CHOICES

Cigna's transparency tools help lower cost and improve quality

Nobody likes surprises – especially when it comes to health care. That's why Cigna offers cost and quality transparency tools to help empower customers to choose the quality, affordable care that can lead to improved outcomes and lower total medical costs. At Cigna, we're committed to transparency for the results it can achieve.

A commitment to transparency that runs broad and deep

Cigna offers a variety of digital tools and resources to help people make the decisions that will work best for them.

- > **Quality designations** are assigned to select doctors and hospitals in the Cigna network. Our **Cigna Care Designation** recognizes doctors who meet specific volume, quality care and cost-efficiency standards. In addition, **Centers of Excellence** are hospitals recognized for achieving the highest scores for patient outcomes and cost efficiency.
- > **Patient experience ratings** for hospitals provide an overall patient experience rating for things like doctor-patient communication, pain control, help from hospital staff, room cleanliness and communication about discharge.
- > **Verified patient reviews** help customers make informed choices on which high-performing provider to select. We have more than 4.5 million reviews based on visits to providers,¹ 95% of which indicate a willingness to recommend the provider to family and friends.²

Making health care affordable

- > Cost estimates are available for common medical and dental procedures – from office visits to complex services like MRIs, colonoscopies and outpatient surgeries.
- > Cost estimates are also personalized to reflect out-of-pocket costs for any customer using the real-time status of any deductible, coinsurance and available funds.

Making health care predictable

- > We are dedicated to providing accurate information. Cigna cost estimates are within 10% of actual claims more than 90% of the time.³
- > Confidence in decisions leads to better and more predictable experiences and outcomes when based on recommendations for high-performing providers. The first step when choosing a provider for 72% of people begins with patient reviews providing that confidence.⁴

Making health care simple

- > Cost and quality information is available on myCigna anytime, anywhere via desktop and mobile devices. Finding information is simple and intuitive, requiring just a few clicks to make informed decisions.
- > Claim information is displayed in an easy-to-read format, detailing in-network vs. out-of-network services, amounts covered by insurance and what customers will owe. For out-of-network claims, the system will offer highly ranked providers to consider in the future to save money.

Cigna cost and quality tools feature:

- **Provider profiles:** Multiple data points including photos, reviews, cost and quality designations, etc. in each provider's profile to provide greater transparency into costs, quality and demographics of the provider and their patients.
- **"Show Math" feature:** Breakdown of costs for doctor, facility and ancillary costs, and a clear breakout of what plans pay and what customers pay including plan coverage and out-of-pocket costs.
- **Provider search:** Brighter MatchSM uses customer-specific data along with provider data to match customers to high quality, lower cost Primary Care Providers.
- **Price-a-medication tool:** Allows customers to compare prescription costs of generic vs. brand, and 30- vs. 90-day supply at retail in-network pharmacies, and through Express Scripts Pharmacy[®] home delivery.^{5,6}
- **Cost estimates for virtual care:** Provides estimates for medical and behavioral virtual care options.

Ask your Cigna representative for more details on how our cost and quality information is helping our customers improve their health and become more informed health care consumers.

Together, all the way.[®]

1. Cigna, Internal Analysis as of January 31, 2020: Cigna Digital Provider Review Response Initiative. Claims-based survey of patients who visited a Cigna dentist (3.9M reviews since 2016) or medical provider (600k reviews since 2019). 2. "How Patients Use Online Reviews", Lisa Hedges, 2019. <https://www.softwareadvice.com/resources/how-patients-use-online-reviews/> 3. Castlight Health analysis of claims data May 2020. Subject to change. 4. Cigna, Internal Analysis: Cigna Digital Provider Review Response Initiative. Claims-based survey of patients who visited a Cigna dentist or primary care provider as of January 31, 2021. 5. Prices shown on myCigna are not guaranteed and coverage is subject to your plan terms and conditions. Visit myCigna for more information. 6. Not all plans offer home delivery as a covered pharmacy option. Please log in to the myCigna App or website, or check your plan materials, to learn more about the pharmacies in your plan's network.

All Cigna products and services are provided exclusively by or through operating subsidiaries of Cigna Corporation, including Cigna Health and Life Insurance (CHLIC) or its affiliates.

The Cigna Center of Excellence designation is a partial assessment of quality and cost-efficiency and should not be the only basis for decision-making (as such measures have a risk of error). Individuals are encouraged to consider all relevant factors and talk with their physician about selecting a health care facility. Quality designations and ratings found in Cigna's online provider directories are not a guarantee of the quality of care that will be provided to individual patients. Providers are solely responsible for any treatment provided and are not agents of Cigna.

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage, review your plan documents or contact a Cigna representative.

Cigna Total Behavioral Health

<Client ABC>

The Cigna Total Behavioral Health® program helps you manage health issues in your workforce before they become more serious.

We do this through a combination of behavioral, medical, wellness and pharmacy components. We identify and engage individuals with behavioral health issues, as well as those with undiagnosed and untreated needs. This is key in light of a study¹ that showed one third of individuals with medical conditions also have a behavioral health condition, which may never be appropriately treated. Our comprehensive approach is designed to improve whole health and your bottom line.

The Cigna Total Behavioral Health program includes the following:

- > **Crisis and emergency support** available 24/7/365
- > **myCigna.com includes guided navigation** which provides customers with real-time, customized options based on their acuity level and available digital, virtual and in-person programs and services
- > **Protection against costly claims:** We fund all claims submitted by our network providers for medically necessary services rendered for the treatment of mental health and substance use disorders including costly Applied Behavior Analysis (ABA) rendered for the treatment of autism²
- > **Predictive analytics** help get ahead of customer needs before they become acute by navigating to affordable, convenient digital, coaching and virtual care options
- > **Inpatient and Outpatient Specialty Coaching and Support** for autism, eating disorders, substance use disorder and more
- > **Changing Lives by Integrating Mind & Body®** cognitive behavioral modification program helps customers with physical ailments feel better emotionally and physically
- > **Lifestyle Management programs:** Tobacco Cessation, Weight Management, Stress Management
- > **Emotional well-being capabilities, including:**
 - Three face-to-face visits with a licensed mental health professional in our employee assistance program network³
 - Digital tools designed to build resilience and reduce stress, including on-demand peer coaching and support
- > **Clinical Pharmacy programs** that identify customers receiving multiple psychiatric medications and narcotics therapy
- > **Enhanced ways to Access Care** including provider search and match support, in the moment appointment scheduling, and new online scheduling options⁴
- > **Unlimited in-the-moment** Consultations lasting 45-60 minutes⁴
- > **Clinical Navigator** assigned to each individual with more intense needs⁴
- > **100% follow up** with care navigator digitally or telephonically to ensure customer needs are met⁴
- > **Fast growing network of behavioral providers:** Inclusive of virtual providers, our Fast Access network⁵ and Centers of Excellence

Potential claims risk

While behavioral issues can make medical conditions more costly to treat, direct behavioral claims exposure can vary widely from year to year. The presence of certain conditions or needs in your population can have an impact on your bottom line.

With our Cigna Total Behavioral Health approach, we provide protection against costly claims.² The list to the right highlights the average and potential costs of these conditions.

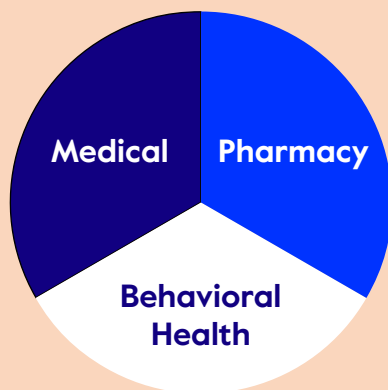

High-cost conditions ⁶	Average annual cost per customer ⁶	Potential annual cost per customer ⁶
ABA treatment for autism	\$61,000	\$621,000
Alcohol use disorders	\$12,000	\$369,000
Bipolar disorders	\$4,000	\$204,000
Depressive disorders	\$4,000	\$427,000
Eating disorders	\$22,000	\$400,000
Opioid use disorders	\$8,000	\$155,000
Other drug use disorders	\$9,000	\$130,000
Psychotic disorders	\$11,000	\$664,000

Value of connected benefits, proven

For the 6th year, Cigna has conducted a Value of Integration Study, which evaluates the impact of medical, pharmacy and comprehensive behavioral benefit integration on annual total medical costs.

This year, Aon was engaged to design and perform a 2-year analysis of over 2 million Cigna customers to compare total medical costs of employers who integrate their Cigna Medical, Pharmacy and Cigna Total Behavioral Health coverage versus those who carve out their pharmacy and comprehensive behavioral coverage to another vendor.

The study results show, once again, that our clients realize significant savings by integrating their benefits with Cigna.⁷

2022 Cigna Value of Integration Study

- > Whole person coaching and support
- > Comprehensive **complex case management**
- > Total view for effective **specialty drug management**

\$148 PMPY

medical cost savings⁸

\$357 PMPY

medical cost savings for those with a depression diagnosis⁷

1. Cigna Behavioral Insights, Cigna Book of Business claims data 1/1/22 through 12/31/22 for customers/clients who purchased behavioral and medical through Cigna. Adults only.
2. The following services are generally not covered: Services determined to be experimental, investigational and unproven unless determined to be medically necessary for the treatment of severe mental illnesses and serious emotional disturbances of children; and nonmedical ancillary services including, but not limited to educational services; custodial services; vocational rehabilitation and counseling services; religious counseling; work hardening programs; and driver safety programs. This is not a complete list of plan terms and plans may vary. See your plan documents for details of your specific health plan.
3. Employee assistance program services are in addition to, not instead of, your health plan benefits. These services are separate from your health plan benefits and do not provide reimbursement for financial losses. Program availability may vary by plan type and location, and are not available where prohibited by law.
4. Available 1/1/24.
5. Per our agreement with contracted providers. Within 5 business days for first time appointment with non-prescriber, 15 business days for prescriber.
6. 2021 Cigna Behavioral Book of Business Claims Study.
7. Aon was independently engaged to design and perform Cigna's 2022 Value of Integration study. This book of business study leveraged a proprietary match case-control methodology, comparing those customers who share certain characteristics (age, gender, health status and benefits) but differ in terms of their medical, pharmacy and behavioral coverage. Cigna supplemented the Aon study with its own 2022 book of business study of medical customers who have integrated Cigna pharmacy and Cigna Total Behavioral Health coverage. Average annual per member per year (PMPY) – client/customer results will vary and are not guaranteed. Cigna used a match case-control methodology developed at Harvard University to produce these statistics on different subsets of its customer population (those with particular comorbidities, those who engaged in health improvement activities, etc.).
8. \$148 per member per year costs savings when you connect Medical, Behavioral and Pharmacy benefits. Cigna 2022 National Book of Business study of medical customers who have Cigna integrated medical, pharmacy and Cigna Total Behavioral Health benefits vs. those with Cigna medical, basic behavioral, and carved-out pharmacy. Individual results will vary; not guaranteed. Average annual per member per year (PMPY).

Product availability may vary by location and plan type and is subject to change. All group health insurance policies and health benefit plans contain exclusions and limitations. For costs and details of coverage contact a Cigna representative.

Network Open Access

The quality care you need at an affordable price

With the Cigna HealthcareSM Network Open Access plan, you have flexible coverage, tools and resources. So, you choose what works for you to keep you healthier.

Here's how it works.

- **Primary care provider (PCP)** – You may choose a PCP as your personal doctor to help coordinate care and act as a personal health advocate. It's recommended, but not required.
- **In-network** – To receive coverage under your plan, you must see doctors or other health professionals who are in the Cigna Healthcare network.
- **No-referral specialist care** – If you need to see a specialist, you don't need a referral.

Prior authorization may be required for hospital stays and some types of outpatient care, but there is no paperwork for you to fill out when you see an in-network doctor.

- **Out-of-network** – If you see a provider who is not in the network, you will not receive coverage except in emergencies.¹
- **Emergency and urgent care** – You will have in-network coverage in emergencies.¹

Added convenience and support.

- **24/7/365 service** – Customer service representatives are here for you where and when you need us – over the phone, via chat at [myCigna.com](https://mycigna.com)[®] or on the myCigna[®] App.² Translation services are also available in more than 200 languages.
- **Health Information Line** – Clinicians are just a phone call away – 24/7 and at no extra cost. They can help you understand health issues you might be experiencing and help you make informed decisions – whether it's reviewing home treatment options, following up on a provider's appointment, or choosing and finding the right care in the right setting.
- **Virtual care** – Connect 24/7 with board-certified providers and pediatricians for minor medical conditions. You can also schedule online appointments for licensed counselors or psychiatrists for behavioral or mental health conditions. You and your covered family members can get care from anywhere via video or phone.³

- **Healthy Rewards^{®4}** – Discounts on weight management and fitness programs, along with a host of alternative wellness and preventive products and services.
- **Access to myCigna.com** – Learn more about your plan and the coverage and programs that come with it. Find information for medical procedures and treatments, and estimate costs. Compare hospitals by number of procedures performed, patients' average length of stay and cost.

Do I have to choose a primary care physician (PCP)?

No, but it is recommended. A PCP gives you a valuable resource and can be a personal health advocate.

Do I need a referral to see a specialist?

You do not need a referral to see an in-network specialist. If you choose an out-of-network specialist, you will not receive coverage under your plan.

How does my plan cover my care?

When you receive care through your PCP, a provider who is in the Cigna Healthcare network, you receive in-network coverage with lower out-of-pocket costs. That's because our in-network health care providers have agreed to charge lower fees, and your plan pays a portion of covered charges. If you choose to visit a provider who is not in the network, your care will not be covered by your plan.

What if I am in the middle of treatment and my provider isn't in the network?

You should select an in-network PCP who will review your medical history and work with you to complete your treatment. You can also ask Cigna Healthcare for a review by a medical director. If Cigna Healthcare finds that it is in your best interest to continue seeing your current provider to complete your treatment, you can still receive coverage under your plan.

What if a dependent moves out of the area?

Dependents living outside the service area may be eligible for "guesting" if they are away from the local area for at least 60 days, but not longer than two years. For more information, call customer services at the toll-free number on your ID card.

Want to check if your provider is in the Cigna Healthcare Network Open Access plan before you enroll?

Just go to **myCigna.com[®]** and click on "Find a Doctor" and then click on "Employer or school" to search the provider directory.

1. For Emergency Services as defined by your plan documents.
2. App/online store terms and mobile phone carrier/data charges apply.
3. Cigna Healthcare provides access to virtual care through national telehealth providers as part of your plan. This service is separate from your health plan's network and may not be available in all areas or under all plans. Referrals are not required. Video may not be available in all areas or with all providers. Refer to plan documents for complete description of virtual care services and costs.
4. **Healthy Rewards programs are NOT insurance.** Rather, these programs give a discount on the cost of certain goods and services. The customer must pay the entire discounted cost. Some Healthy Rewards programs are not available in all states and programs may be discontinued at any time. Participating providers are solely responsible for their goods and services.

These are only the highlights. This summary outlines the highlights of your plan. For a complete list of both covered and not-covered services, including benefits required by your state, see your employer's insurance certificate, summary plan description, or group service agreement – the official plan documents. If there are any differences between this summary and the plan documents, the information in the plan documents will apply.

All Cigna Healthcare products and services are provided exclusively by or through operating subsidiaries of The Cigna Group.

Delivering the value of truly integrated benefits

As our new leading Integrated benefits means whole person care. Because we have complete, real-time health data – across benefits, conditions, everything. We can see the whole story, we can identify and support when it matters most – disconnected benefits simply cannot.

We will dig deeper into each of these elements, but when you have integrated pharmacy benefits with Cigna:

- you are at the forefront of trends with advanced solutions that proactively **manage total medical costs**
- your workforce is **empowered and engaged** in their health through technology and integrated care
- and you are **protecting your investment** in your people and driving better health outcomes

Essentially, you're optimizing ALL your benefits. Integration means you have in Cigna a collaborative partner who has access to all your benefits data. The claims, the utilization, the engagement, and the trends. And knows how to use it – to keep employees healthy and engaged, to keep costs down, and to prepare you for what's to come.

Delivering on Affordability, Predictability and Simplicity

Program Name	Description	Benefits
Narcotic Therapy Management Program	A clinically-based program that uses medical + Rx claims to identify individuals with utilization patterns that may be indicative of fraud and/or substance abuse. Letters are sent direct to providers when there is potential misuse/overuse triggers.	Total cost of care decreased \$6.6 million (17.8%) and total claims decreased by 7,469 (8%) for \$2,042 PMPY savings (pre-post study period Jan-Mar 2021) ¹
Price Assure - GoodRx	Offers GoodRx's discount pricing alongside the prescription benefit, providing members with greater affordability at the pharmacy counter whenever applicable. This minimizes the need for members to price shop externally, which helps prevent claim erosion to discount cards outside of the benefit.	Members get lowest price available on generic medications
Patient Assurance Program	Helps make costs more affordable and predictable for insulin and certain other products to improve adherence for better health outcomes. The customer's out-of-pocket costs are capped at no more than \$25 for a 30-day supply.	Reduces members out-of-pocket costs by up to 50% ²
Cigna 90 Now Pharmacy networks - Voluntary and Exclusive programs	The Cigna 90 Now program combines the savings of a 90-day fill benefit with improved adherence on maintenance medications. Voluntary: Customers have option to fill a 30-day supply or a 90-day supply of their maintenance medication at a participating pharmacy. Exclusive: Customers filling maintenance medications must fill a 90-day supply choosing between the 32,000+ retail pharmacies or home delivery.	Voluntary estimated savings of up to \$1.75 PMPM and Exclusive up to \$2.75 PMPM ³
SafeguardRx for Cigna (Self-funded clients)	Holding pharma accountable for medication performance. Designed to help offset client costs when specific drugs are either discontinued prematurely or go over a certain dollar threshold within a calendar year. Includes a new proactive coaching program aimed at improving medication adherence for customers taking select high-cost medications.	Payments and reporting will be available annually in Q1; meaningful two-way coaching and communication
SafeguardRx for Cigna (Insured clients)	SafeGuardRx for Cigna includes a new proactive coaching program aimed at improving medication adherence for customers taking select high-cost medications.	Meaningful two-way coaching and communication
Gaps in Care programs	Complete view across medical, laboratory, & pharmacy data to identify critical errors and close gaps in care.	On average over 22% gaps closed with potential savings \$2.10 per member per month ⁴
Enhanced RX Savings Messenger	Generates personalized communications by informing Prescribers and Customers about ways to save money on maintenance medications by switching from retail to home delivery or to a lower cost alternative medication.	6% prescriber approval of drug switch to a lower cost drug ^{5A} 3.5% conversion rate of retail to home deliver ^{5B}
Drug Utilization Management	All medication management strategies offered at no additional cost including prior authorization, step therapy, quantity limits and more. Rx Claim Connect uses medical and pharmacy data to provide automatic approvals at the point of sale.	Delivering an estimated 2.5%–3% annual savings ⁶

Program Name	Description	Benefits
Embarc Benefit Protection	The industry's first solution to address the high cost of certain potentially curative gene therapy medicines. Program that is pathway to pay for these very expensive gene therapies that are now hitting the market.	Creating financial protection. PMPM fee
National Preferred Formulary	The National Preferred Formulary (NPF) helps clients optimize pharmacy trend management, while preserving individual choice with access to a number of clinically effective generic and brand-name drugs within a drug class. The formulary includes nearly 100% of generics and more than 4,000 unique products. Overall, the NPF covers 92% of available drugs.	Broad brand-name drug options and grants rebates that give increased savings back to the plan sponsor.
Formulary Management (Standard/Performance and Value/Advantage Formularies)	A true low net cost formulary strategy with a focus on medication value, not rebates. Removes egregiously priced low value drugs in favor of lowest-cost clinically effective options. Actively managed formularies provide coverage for a broad range of generic, brand, and specialty drugs. - Standard balances choice and affordability, with a wide range of brand-name and generic drugs and a limited list of non-formulary drugs - Value delivers the greatest affordability with the fewest brand drug choices and a focus on net cost savings.	Standard/Performance: 8-10% savings compared to a less managed formulary Value/Advantage: 4-6% savings compared to Standard ⁷
Generic Optimization (Member Pay Difference)	With this program, customer is responsible for the copay plus the difference in cost between the brand and generic medication. Generic medications are just as safe and effective as the brand name versions. They work in the same way and provide the same clinical benefits as their brand name equivalents. Generics have the same active ingredients, strength/dosage form, effectiveness, quality, and safety.	Promotes use of lower cost generic alternatives
Out of Pocket Adjuster	The Out of Pocket Adjuster saves clients money by removing manufacturer-paid copay assistance from applying to member deductibles and out-of-pocket max. Client specialty costs are reduced	Estimated Savings is \$2.00 PMPM ⁸
Clinical Days Supply	Clinical Day Supply is all about management of specialty drugs and putting the right amount of medication in customers' hands, based on clinical and financial guidelines. Through smart logic, limits on specialty drugs vary based on each unique specialty medication. Days supply quantities are generally limited to 15, 30, or 90 days depending on the specialty medication.	Controls waste and improves adherence in chronic therapies leading to better outcomes Estimated Savings is \$0.30 PMPM ⁹
SaveOnSP	Maximizes copay assistance amounts from manufacturers for certain specialty medications and qualifying plans to help both customers and clients save.	Estimated claims saving are \$2.00-\$4.00 PMPM ¹⁰
