1.1 DISTRIBUTION OF INFORMATION

The City posts and distributes information pertaining to its procurement solicitations on DemandStar (www.demandstar.com). **The City has transitioned from accepting hard (paper) copy submittals to accepting submittals through “E-Bidding” on DemandStar.com.** In order to submit a bid response to this solicitation the bidder must be registered with DemandStar.

It is the responsibility of the bidder to monitor DemandStar. Properly registered bidders can expect to receive automatic notification of solicitations for bids and proposals, by participating purchasing entities. Bidder failure to retrieve available, required procurement information from DemandStar and include the appropriate documentation and information in solicitation responses may result in disqualification.

1.2 PRE-BID MEETING/QUESTIONS/CLARIFICATIONS AND BID OPENING

If scheduled (refer to Bid Cover Page), attending a pre-bid meeting is strongly recommended as the project’s scope of work, procedures, and specifications will be discussed at this time. It is the only time during the bid process that bidders may ask questions directly of the end user.

NOTE: For a bidder’s attendance of a mandatory pre-bid meeting to count, the bidder must sign-in before the Procurement Specialist calls the end of that meeting. If the bidder is not signed in by that time, they will be disqualified from bidding on the project. If the mandatory pre-bid meeting also includes a required site visit, then bidder must sign in, both at the pre-bid meeting, and again at the end of the site visit, in order to have their attendance count and not be disqualified from submitting a proposal.

NOTE: Failure to attend a mandatory pre-bid meeting will result in disqualification of your proposal.

If special accommodations are needed in order to attend a pre-bid meeting or a bid opening, please contact the Procurement Division at least 72 hours in advance.

All questions that occur outside of the pre-proposal meeting must be submitted to Procurement only, and must be received by the date indicated on the Bid Cover Page to be considered. Technical and/or specification questions will not be answered over the phone; they must be submitted by email directed to the Procurement Specialist conducting the solicitation (refer to Bid Cover Page). All questions will be answered via Addendum which will be posted on DemandStar.com for vendor access. All addenda must be acknowledged by the bidder on the Bid Cover Page.

*****IMPORTANT NOTICE REGARDING BID OPENING*****

For all bid openings occurring after July 31, 2022, except construction, online viewings will no longer be held. Either the DemandStar Tabulation and/or the City's Bid Record document, listing bidder names, will continue to be posted for interested parties.

All meetings and submittal deadlines are Eastern Time (ET).

1.3 PROHIBITION OF LOBBYING

To ensure fair consideration, consistent and accurate dissemination of information for all bidders, the City prohibits communication to or with any department, employee, or agent evaluating or considering proposals during the submission process, except as authorized by the Procurement Division representative. **Additionally, the City prohibits communication initiated by a bidder to any city official or employee evaluating or considering the proposals (up to and including the City Commissioners) before the time an award decision has been made.** Any communication between bidder and the City required to obtain information or clarification for preparing a bid or to enable a proper, accurate evaluation of a proposal will be handled solely through the Procurement Division staff. **Any communications initiated between the bidder and the City outside these parameters may be grounds for disqualifying the offending bidder from consideration for award of the bid and/or any future bid.**

1.4 CONE OF SILENCE

During the Cone of Silence (formerly called Blackout period) as defined in the next paragraph, except as pursuant to an authorized appeal, no person may lobby (as defined in section 1.3) on behalf of a competing party in a particular procurement process, City officials or employees except the Procurement designated staff contact in the Procurement Division. Violation of this provision shall result in disqualification of the party on whose behalf the lobbying occurred.

The Cone of Silence is the period between the issue date of the ITB, which allows for immediate submittals to the City of Gainesville Procurement Division for an Invitation for Bid and the time the City Officials and Employee awards the contract.

1.5 MINIMUM QUALIFICATIONS

a) Qualifications

The response to the minimum qualification requirements should address each of the qualifications set out in the section below. **Bidders must provide documentation which demonstrates their ability to satisfy all of the minimum qualification requirements.** Bidders who do not meet the minimum qualification requirements or who fail to provide supporting documentation will not be further considered. If a prescribed format, or required documentation for the response to minimum qualification requirements is stated below, bidders must use said format and supply said documentation.

- **Supervisor must have a minimum of 5 years' experience in commercial landscaping; labor force must have at least one year of experience in commercial landscaping. All mowing equipment to be used on this project must be commercial grade and less than 10 years old.**

1.6 DETERMINATION OF RESPONSIBILITY OF BIDDERS

The specific qualifications of bidders for this specific Invitation to Bid are included above. Bidder must also demonstrate that it is responsible as defined in the City of Gainesville's [Financial Services Procedures Manual](#), Section 41-522, as may be amended. As a part of the bid evaluation process, City reserves the right to conduct a background investigation of bidder, including a record check by the Gainesville Police Department if the qualifications require it. Bidder's submission of a response constitutes acknowledgment of the process and consent to such investigation.

No contract will be awarded to any bidder who is in arrears to City upon any debt, fee, tax or contract, or who is a defaulter, as surety or otherwise, upon any obligation to City, or who is otherwise determined to be not responsible by City pursuant to Section 41-522, [Financial Services Procedures Manual](#), following:

These criteria consider the bidder's capability to perform:

- c) Current litigation pending between the bidder and the City.

If it is determined that the bidder is not responsible, City will notify bidder of its finding, including evidence used, and allow bidder the opportunity to come into compliance within three (3) business days of notification.

Successful Bidder must either update or complete City's supplier application, pay business tax (if applicable), and register with the State of Florida (www.sunbiz.com) (if required by law).

1.7 RESPONSIVENESS OF BID

Each bid response will be reviewed to determine if the bid response is responsive to the submission requirements outlined in the ITB. A responsive bid is one which follows the requirements of the ITB, includes all required documentation, is submitted in the format outlined in the ITB, is of timely submission (via upload to DemandStar.com), and has the appropriate signatures as required on each document. Failure to comply with these requirements may deem the proposal non-responsive (see Section 41-444 of the [Financial Services Procedures Manual](#)).

3: Depot Rail Trail & Helyx Plaza Mowing and Landscape Services

THE WORK

Proper maintenance of these sites requires a high level of knowledge, professional judgement and quality services. The results of these maintenance activities will be highly visible to the community and are essential to the look and vitality of each project.

The Depot Avenue Rail Trail extends from SW 13th Street to SW 11th Street. The Helyx Plaza is situated at the western end of the Depot Rail Trail, adjacent to SW 13th Street. The beds leading from the Helyx Bridge on the East side of 13th Street are in the project area, as are the beds along the trail from PK Yonge to the Bridge.

The two projects create public value through targeted improvements and enhancements in transportation and neighborhood infrastructure. This site includes low maintenance plantings, lighting, irrigation and site furnishings including benches, bike racks, and a rail cart for visitors to interact with.

Weed Removal: The preferred method for weed removal is by hand. Weeds taller than 3” in height shall be removed by hand. Weeds shorter than 3” may be treated with herbicides. All herbicides shall be fast- dissipating and applied only per manufacturer’s label. Dead weeds shall be removed from the site within seven (7) days. Herbicides used in bio-ponds and bio swales (wet areas) must be specifically labeled for use in surface waters.

The following areas shall be maintained as weed free:

- a. Planting beds
- b. Sidewalks
- c. Masonry structures, walls adjacent to sidewalks

Pest Control: Contractor shall practice Integrated Pest Management (IPM) to control insects, diseases and weeds on and around perennials, ground covers, shrubs and trees. This approach will include frequent monitoring and spot treatment as necessary using the least toxic methods. All applications will be performed when temperatures are below 90°F and when wind drift is negligible. First choice will be insecticidal soaps, horticultural oils and biological controls such as *Bacillus thuringiensis* (Bt) formulations.

Litter Removal: Contractor shall pick-up trash and other debris in the service area including on paved surfaces, in planters, in landscaped beds, in tree wells with and without grates, and on benches during each weekly service visit. Contractor shall dispose of all trash and debris off-site. Contractor duties do not include emptying waste receptacles.

Sweeping/Blowing: Sweep/blow paved surfaces, planter walls, adjacent streets, and benches. Dispose of collected sweepings offsite. Keep a clean, defined edge between mulched planting beds and paved surfaces. If motorized leaf blowers are used, Contractor shall not begin prior to 8:00 a.m. – NO EXCEPTIONS.

Mulching: All mulched areas will be replenished once a year in November.

- a. Mulch all planting areas with 3” of pine straw mulch.
- b. Mulch will not be placed against the trunks of trees/plants.
- c. All bed edges will be trenched to help contain the applied mulch.
- d. Contractor is responsible for supplying adequate pine straw mulch for this task.

Annual and Perennial Flowers Care: Certain landscapes contain annual and perennial plant materials that require care above and beyond what is needed for basic shrubbery.

Contractor shall provide these services at least twice per month:

- a. Deadhead (spent blossoms and dead foliage) in season to ensure flowering vigor and dispose of material offsite.
- b. Provide fertilization services as described in Fertilization section.

Park Operations reserves the right to change planting materials requirements at any time during the term of the contract.

Tree and Shrub Pruning: Tree and shrub pruning should occur twice a year, in January and July unless otherwise noted or approved by Park Operations. Pruning shall be performed for public safety, strong growth habits such as central leaders, thinning or opening to promote spread tree spread and shading potential, and to remove dead limbs and branches. No more than one fourth of the branch area shall be removed at any pruning. Seed pods and falling boots of palm trees shall be removed during pruning activities. Pruning methods shall meet all ANSI A300 Standards https://www.tcia.org/TCIA/BUSINESS/ANSI_A300_Standards_/Part-1. Any tree improperly pruned thus causing substantial damage to the structural habit of the tree shall be replaced at the Contractors expense to a size and specification of the tree that was damaged. All trimmings are to be removed and disposed offsite. It is recommended that an ISA Certified Arborist be consulted and/or utilized for tree work needed for limbs that exceed two (2) inches in diameter.

Shrub Trimming:

- a. Shrubs will be pruned with sharp hand shears as needed to provide a manicured, formal shape, fullness and blooms.
- b. Trim all shrubbery using proper horticultural techniques so that shrubbery is healthy and well-maintained. Remove all dead, diseased or unsightly branches from shrubs. Remove all runners and vines that start to climb buildings, masonry walls, shrubs and trees.
- c. No pruning will be done during or immediately following growth flushes.
- d. Ornamental grasses are to be cut back in March.
- e. Sucker growth will be removed by hand from the base of trees. No herbicides will be used for this purpose.
- f. The Contractor will remove all trimmings and dispose offsite.
- g. The Contractor will remove all dead shrubs and dispose offsite.

Fertilization: Fertilizer shall be slow release. Fertilize plants three (3) times per year in March, July and October with the following materials:

- a. Azaleas and camellias: special azalea and camellia fertilizers.
- b. Ornamental shrubs, trees and ground covers: Rate is to be 1 pound of nitrogen per 1,000 square feet of application.
- c. Annuals: Slow release fertilizer such as Osmocote or Nutricote incorporated into the bed at planting and applied thereafter according to label instructions.
- d. Fertilizer should also contain magnesium and micronutrient amendment. Contractor shall punch fertilizer shallowly into soil where slopes may encourage runoff.
- e. Nutrient deficiencies shall be treated with supplemental applications of the deficient nutrient.
- f. Contractor shall provide documentation of fertilizer application upon completion.

All fertilization applications must maintain compliance with Alachua County's ordinance for fertilization on public property.

Mowing: All grass areas shall be mowed to maintain a neat and clean appearance. Grass shall be cut with sharp blades to a height of no less than 3". Contractor shall not leave cut grass in piles or rows. Litter, rocks and debris must be removed from grass areas so mower decks will not cut this material. No clippings shall be left on paved surfaces including sidewalks, street gutters and travel lanes. If motorized leaf blowers are used, Contractor shall not begin prior to 8:00 a.m. – NO EXCEPTIONS.

Mowing Frequency: Mowing shall occur once each month in February and March and twice each month in April through October and once in November.

Edging: Grass areas shall be edged to establish a clean line between walkways, planting beds, buildings, or other structures located within grass areas. Edging shall be done with each mowing visit. Contractor shall remove all clippings from paved surfaces.

Irrigation: The City will be responsible for the upkeep and maintenance of the irrigation system. Contractor will be responsible for any damages caused by its operators or equipment. **Contractor must notify Park Operations of any damage caused by the contractor on the day damage occurred.**

Limits of Work Area: Depot Rail Trail (1100-1300 BLK) & Helyx Plaza – located between SW 13th Street and SW 11th Street, Gainesville, FL. The eastern limits of the work begin at the 2 stainless bollards near SW 11th St. and the western limits include the terraced planters, stairs, plaza, and sidewalk below the bridge.

COMPLETION AND INSPECTION:

The contractor shall notify the City's designee upon completion of each maintenance cycle to allow for inspection. Notification should occur within 24 hrs. of completion or payment may be delayed.

The City's representative shall inspect the contractors completed work following notification by the contractor. Payment may be delayed or withheld if the maintenance services have not been completed in accordance with the contract or in their entirety. The City's representative will notify the contractor if there is a deficiency that requires correction before payment will be made. Services that are not performed according to the schedule may result in liquidated damages at the discretion of the City of Gainesville.

A ten percent reduction in the monthly payment may be made for each day work is late or not completed in its entirety past the scheduled service date if prior approval for delay is not secured from the City's contract designee.

2.3 ELIGIBILITY OF EQUIPMENT OR MATERIALS

When a particular manufacturer's name and catalog number "or equivalent" is specified, consideration will be given to other manufacturers. The term "or equivalent" shall be defined to mean of similar design and performance characteristics. If a product is being bid as an equivalent, complete technical data necessary to properly evaluate such product shall be submitted with the bid.

The City reserves the right to request additional data after the bid is opened and prior to the award. Failure to supply data necessary to properly evaluate a product will constitute sufficient reason for rejection of the bid.

All information specifically requested by this Solicitation shall be furnished attached to the bid. Failure to do so may invalidate the bid.

3.3 DISCLOSURE AND CONFIDENTIALITY

Florida's Public Records Law, Chapter 119, Florida Statutes, includes numerous exemptions to the general requirement to disclose information to the public in response to a public record's request. Exemptions are found in various provisions of the Florida Statutes, including but not limited to Section 119.071, Florida Statutes (General exemptions from inspection or copying of public records), and Section 119.0713, Florida Statutes (Local government agency exemptions from inspection or copying of public records). Section 815.045, Florida Statutes (Trade secret information), provides that trade secret information as defined in Section 812.081, Florida Statutes (Trade secrets; theft, embezzlement; unlawful copying; definitions; penalty) is confidential and exempt from disclosure because it is a felony to disclose such records. The Parties understand and agree that Florida's Public Records Law is very broad and that documents claimed by a Party to be confidential and exempt from public disclosure pursuant to the Public Records Law may in fact not be deemed such by a court of law. Accordingly, the following provisions shall apply:

- (i) Identifying Trade Secret or Otherwise Confidential and Exempt Information. For any records or portions thereof that bidder claims to be Trade Secret or otherwise confidential and exempt from public disclosure under the Public Records Law, bidder shall:
- a. Specifically identify the records or specific portions thereof that are confidential and exempt and reference the particular Florida Statute that grants such status. Provide one redacted copy of the record and one copy of the record with the confidential and exempt information highlighted as outlined in 1 and 2 on the following page. Bidder shall take care to redact only the confidential and exempt information within a record.
 - b. Provide an affidavit or similar type of evidence that describes and supports the basis for Contractor's claim that the information is confidential and exempt from public disclosure.
- (ii) Request for Trade Secret or Otherwise Confidential and Exempt Information.
- a. In the event City receives a public records request for a record with information labeled by bidder as Trade Secret or otherwise as confidential and exempt, City will provide the public record requester with the redacted copy of the record and will notify bidder of the public records request.
 - b. However and notwithstanding the above, in the event that City in its sole discretion finds no basis for bidder's claim that certain information is Trade Secret or otherwise confidential and exempt under Florida's Public Records Law, then City shall notify bidder in writing of such conclusion and provide bidder a reasonable amount of time to file for declaratory action requesting a court of law to deem the requested information as Trade Secret or otherwise as confidential and exempt under Florida's Public Records Law. If bidder fails to file for declaratory action within the reasonable amount of time provided, then City will disclose the information requested.
 - c. If a public records lawsuit is filed against CITY requesting public disclosure of the information labeled by bidder as Trade Secret or otherwise as confidential and exempt, CITY shall notify bidder and bidder shall intervene in the lawsuit to defend the nondisclosure of such information under Florida's Public Records Law.
 - d. Bidder hereby indemnifies and holds CITY, its officers and employees harmless from any and all liabilities, damages, losses, and costs of any kind and nature, including but not limited to attorney's fees, that arise from or are in any way connected with bidder's claim that any information it provided to CITY is Trade Secret or otherwise confidential and exempt from public disclosure under Florida's Public Records Law.

How to Designate Trade Secret or Otherwise Confidential and Exempt Information

If a bidder believes that its response contains trade secret or otherwise confidential and exempt information (as defined by Florida or Federal law) and should be withheld from disclosure to the public, in such cases the bidder must provide a redacted copy of the proposal for public access.

- Redacted means that the confidential/proprietary information in the proposal has been obscured so that it cannot be read.
 - Unredacted means that the entire document, including the confidential/proprietary information, has not be obscured and is visible for the evaluation team to use in their evaluation process.
1. Upload a pdf version response of the complete UNREDACTED proposal. Include "UNREDACTED, CONFIDENTIAL" in document title. This is the version that will be used by the evaluators when they are reviewing your proposal. It is essential that the items that will be redacted are highlighted in yellow to prevent the evaluation team from discussing these items after the award. The first page of the document for the **unredacted** document should provide a general description of the information bidder has designated as confidential and/or exempt, and provide a reference to the appropriate Florida or Federal statute supporting the confidential and/or exempt classification.
 2. Upload a pdf version response of the REDACTED copy of the proposal. Include "REDACTED" in the document title. This copy will be used to support any public records requests that may arise from this solicitation.

How the City will Handle Material Identified as Trade Secret or Otherwise Confidential and Exempt Information

The City's evaluators will be provided with the complete proposal, including any trade secret or otherwise confidential and exempt information. The City evaluators will maintain the confidentiality of the information through the evaluation process, including any recorded evaluation team meetings.

In the event a public record request is made to view the information which bidder claims is confidential and/or exempt, the City will notify the bidder and give the bidder a reasonable opportunity (generally 2 business days) to institute appropriate legal action to prevent the disclosure of the information claimed as confidential and/or exempt.

All public records submitted to the City, including those claimed as confidential and/or exempt, will be retained by the City and will not be returned to a bidder at the conclusion of the bidding process.

3.4 ONLY ONE BID
